At Paradise, after a short illness, on the 12th inst., Capt. Thomas Freeman, in the 67th year of his age, he has left a widow and a number of children to mourn their loss. He was a man of prayer, and expressed his confidence in the divine Redeemer, as his only hope.—(Liverpool *Transcript* please copy.)

At New Ross, Sept. 3rd, 1865, Miss Lorenda Jane Broome, daughter of Mr. David and Ellen Broome, aged 12 years 10 months and 20 days. Death to her had no terror, she could say to a weeping mother, weep not for me, I am going to a land where weeping is unknown.

At Gaspereaux, July 30th, Mr. Stephen Allen, in the 53rd year of his age, deeply regretted by a large circle of relatives and friends. Bro. A., was for many years a most faithful and consistent member of the Baptist Church. His end was peace, "Blessed are the dead which die in the Lord."

Anthony Dimock about 30 years since. He remained a member of the Baptist Church up to his death, his last sickness was protracted and painful, but he bore it with wonderful resignation, his aged widow and three daughters are left to morn their loss.

Also, at Sable River, on the 11th of August, Mr. William McQuhae, aged 78 years. He professed religion some 46 years ago, and was baptised by the Rev. David Nutter. The doctrines of divine sovereignty and salvation by grace were the constant theme of his religious conversation. Ministers who preached them always found a hearty welcome to his home. God took him away very suddenly.

I have been afflicted a long time with a swelling on my neck, and have applied different things to little or no purpose until I used J. B. Fitch's Golden Ointment, which has made a cure, and I take pleasure in recommending it to the public.

MASON & HAMLIN'S

CABINET ORGANS

May be obtained at the Halifax Agency 59 Granville Street, at lower rates than in Boston, exclusive of Duty.

☞ NO CHARGE FOR FREIGHT FROM BOSTON.

As an instrument for smaller churches, Sunday schools, day schools, lodges and similar uses, the Cabinet Organ stands confessedly without a rival. For all sacred music and the accompaniment of voices, its power of sustaining tones gives it great advantages over the piano, while in those general points which constitute excellence in instruments of its class, it has received the almost universal preference of the best judges.

No instrument is more easily played or less likely to get out of order. The bellows are operated more conveniently than that of the melodeon; and the swell is more readily and naturally under the control of the performer, while the manipulation of the keys is exactly similar.

ON HAND,

A Four Stop Cabinet Organ suitable for a Church:

With Two Sets of Reeds, and One Octave of Sub-Bass Reeds, Four stops, Octave Coupler, Automatic Swell, Combination Valves, Double Bellows, Swell Pedal.

This is a new style, just introduced. Novel features are the Octave Coupler (doubling the power of the instrument), and the introduction of an octave of Sub-Bass reeds, which are operated by the manual. Probably this instrument has a greater amount of musical power than any other which can be afforded at its price. It will unquestionably be very popular. It has a good deal of variety, and might appropriately be called "The Little Giant." The stops are Dulciana, Flute, Octave Coupler, and Sub-Bass.
