THUNDER STORM AT SYDNEY C. B.—A severe storm of thunder and lightning occurred at Sydney on Monday night. The Presbyterian Church spire at Cow Bay, was struck and considerably damaged. The lightning ran down the end of the church in four places, and completely stripped one side of the spire.

ICEBERGS.—The captain of a recently arrived barque at Sydney, C. B., reports that east of the Grand Banks his vessel encountered icebergs of immense size—one in particular four miles in length by two in width, and about four hundred feet in height.

A BEAR.—The *Liverpool Advertizer* says: On the night of the 20th ult., a bear came to the barn of Mr. Bowers, in North Brookfield, broke open the door and killed thirteen sheep. The services of the well known sportsman and huntsman, W. S. Crocker, of Brookfield, were secured. A trap was set, and next morning a large bear was found and killed with the trap hanging to him.

THE CABLE STEAMER "FARADAY" visited our harbor last week for a supply of coal. She is said to be the second largest steamer that ever visited Halifax, being an iron ship of 5000 tons register, she is capable of carrying nearly 6,500 tons, and is 360 feet long, 37 feet deep, and has a breadth of beam of 52 feet. Five thousand tons of cable can be stowed away in her hold. Both ends of the ship are alike, and as each is fitted with steering gear, as well as paying-out machinery, the motion of the vessel can be reversed at pleasure.

There still remains on board of her 430 miles of cable. After coaling here and getting a fresh supply of water, she left on Saturday night for the New Hampshire coast to join the Ambassador in laying the shore end of the cable when she will return to Ireland for the purpose of laying the cable thence to Newfoundland—the total length of the cable will be 3100 miles to be completed in August or September.

ANNAPOLIS.—A child, about two years old, son of Mr. Jno M Harding fell into one of the docks on Wednesday evening and was drowned. The body was recovered.

YARMOUTH.—A despatch from Yarmouth says: The anniversary of the natal day passed off pleasantly on Tuesday. The customary amount of bell ringing, salute firing and boat racing took place. Thousands of people were abroad. No serious accident occurred. One boat was swamped, but the crew were saved.

LUNENBURG CO.—On Monday, George Hartling, of Lunenburg, a man about 35 years of age, was found suspended by a rope around his neck to a beam in the Alpine saw mill, LaHave. He was laboring under a fit of temporary insanity.

SPRING HILL MINES.—A correspondent writes to the *Eastern Chronicle*:—"The second slope is going down fast; it has been sunk 200 feet in 20 days—that outstrips anything you can do in Pictou. The coal is the purest I have seen in Nova Scotia, and nothing can beat it for steam.

STEWIACKE.—One day last week, Mr. John Tays and his wife were driving toward Newton Mills in a large wagon, to which was attached a pair of horses. The bridge near the mill, as they were passing over it, fell, precipitating them and their conveyance to the bottom of the stream, a distance of sixteen feet. Mrs. Tays was so severely injured that it is said she cannot live. Mr. Tays was considerably but not dangerously hurt. The wagon was smashed to pieces and the horses were much bruised.

PAUL and CHRIST:

A PORTRAITURE AND AN ARGUMENT.

BY J. M. CRAMP, D. D.

"This small volume is rich in vigorous thought and in devout feeling. In ten short chapters he sketches the early life and the labours of the great Apostle, his views of Christ, of faith, of regeneration, and holiness, his letters and theology. The whole is at once a history and an argument, full of instructive lessons, and decisive as evidence of the truths of Christianity. Dr. Cramp has made himself familiar with modern Biblical criticism, and gives in the text or in notes the result of recent scholarship. The volume will find no small acceptance with teachers, ministers, and intelligent readers generally. We give it a cordial welcome."—*Freeman.*
