SWEEPING REDUCTIONS
In every Department!

In order to reduce their extensive stock of
DRY GOODS & CLOTHING,
prior to preparing their orders for the
FALL & WINTER TRADE OF 1877.

Before commencing to enumerate the inducements which we will extend in the way of such an extreme reduction from general quotations, we take the liberty here of asking our many friends who have running accounts and also those who have petty accounts, knowing that all have been rendered, to please call or send and have the same satisfactorily arranged about.

Feeling pleased with the extensive patronage we have enjoyed during the season we have decided on an average reduction of

20 PER CENT.

in order to effect a clearance of

SUMMER GOODS!

For Example:—Prints formerly sold at 12 cents, now for 9, at 15, now for 12, and all other lines in proportion.

DRESS GOODS

reduced in the same proportion, also all other Goods which we keep in Stock with the exception of

READY-MADE CLOTHING,

all of which we have cut down to NEARLY HALF PRICE, thereby making a great sacrifice in that Department in order to facilitate the trade of such

DURING THE COMING SEASON,

The reduced quotations of CLOTHING, will astonish gentlemen on inspection.

Sale now on, and to continue until

SEPTEMBER 1st,

after which time, any stuff left will be re-marked back to the

OLD QUOTATIONS,

but would recommend an early call, in order to secure the choice of the different Lots.

Five Years' Sickness Cured by Four Bottles of Constitutional Catarrh Remedy. Pain in Shoulders, Back and Lungs, and Droppings in Throat Disappear.
ST. ARMAND, P. Q., Sept. 12, 1876.
MR. T. J. B. HARDING.
DEAR SIR,—Being desirous that others may know something of the merits of your CONSTITUTIONAL CATARRH REMEDY, I wish to inform you what it has done for me. I am 35 years old; had been out of health for about five years, had employed three or four different doctors, and tried various medicines, without receiving any permanent benefit, but continued rather to grow worse, until lastfall, when I had become so bad as to be unable to do an hour's work at a time. Had severe soreness and pain under the shoulder blades and through the shoulders, with very lame back, and a feeling in my right lung as though there was a weight bearing it down, with continual dropping in the throat and down upon the lungs. Such was my condition when I commenced to take your Catarrh Remedy, one bottle of which eased my pains and gave me an improved appetite, and after taking four bottles I was restored to health, so as to be able to endure hard and continued labor, such as chopping and clearing land, at which I have been engaged the past season. My recovery I attribute solely, with God's blessing, to the use of your Catarrh Remedy. Yours truly,
Price $1 per bottle. HENRY SNIDER.

Our Iron Frame
WOO MOWER
Universally acknowledged a wonderful success.
Over 200,000 of the Walter A. Wood in use!
Over 20,000 Manufactured and sold in 1876!
Universally adapted by the whole world.

500 of our manufacture sold and in use; in every instance (no exception) attesting to their grand superiority over all other Mowers, in their simplicity of mechanical principle, great durability, ease of draught, wonderful adaption to all surfaces and manner of leaving cut grass.

Read the following, to which could be added a multiplicity of others in our possession:

PRINCE WILLIAM, May 10, 1876.
Messrs. McFarlane, Thompson & Anderson
GENTLEMEN,—In reply to your enquiry about your Mowing Machines in this place, we would say that last year when we received your Mowers we gave them a fair trial with others, before we offered them for sale, We, and others who where present, were convinced that your Mower would do as good work and was not so liable to get out of order as other Machines that are running here. We have had some experience in repairing Mowers for the last five years; we have always found that the Wood Mower runs with the least expense; there are not so many bolts and nuts to get out of order. Your machine has got the best boxing—ALL BRASS; the journals are well fitted and run very smooth; the strains are met with straight lines, and these are features worthy of notice in machinery. In fact we think you have the plainest, simplest, and most substantial Mower running. They are not only the best but the lowest in price of any of the same quality. We do not hesitate in saying to parties wanting to buy a good machine to try one before purchasing, and be convinced that you make at home in our own country as good a Mower as can be got in the market. They are not surpassed by any, and should you accidentally break a piece you have no difficulty in getting it repaired at the Foundry; you are not humbugged by agents, and lose the use of the machine nearly all haying time hunting them up and then not find them. The Machines we sold last year gave good satisfaction, and the farmers wish you every success so long as you put up first-class machinery.

Yours Respectfully,
THOS. W. HOYT.
GEO. L. HOYT.

Remember if you want a Buckeye we can supply you with the latest and most approved pattern of this Mower, in fact the best Buckeye Mower in the Dominion.

We have in stock a large number of the most approved styles of Horse Rakes with superior Steel teeth "fully warranted." Also, Steel Plows of the celebrated Parker pattern, highly recommended by the Provincial Agricultural Report of last season.

All of the above articles are manufactured by us, and fully warranted in every instance, and will be sold at prices that will defy competition.

PRINCE WILLIAM, May 10, 1876.
Messrs. McFarlane, Thompson & Anderson
GENTLEMEN,—In reply to your enquiry about your Mowing Machines in this place, we would say that last year when we received your Mowers we gave them a fair trial with others, before we offered them for sale, We, and others who where present, were convinced that your Mower would do as good work and was not so liable to get out of order as other Machines that are running here. We have had some experience in repairing Mowers for the last five years; we have always found that the Wood Mower runs with the least expense; there are not so many bolts and nuts to get out of order. Your machine has got the best boxing—ALL BRASS; the journals are well fitted and run very smooth; the strains are met with straight lines, and these are features worthy of notice in machinery. In fact we think you have the plainest, simplest, and most substantial Mower running. They are not only the best but the lowest in price of any of the same quality. We do not hesitate in saying to parties wanting to buy a good machine to try one before purchasing, and be convinced that you make at home in our own country as good a Mower as can be got in the market. They are not surpassed by any, and should you accidentally break a piece you have no difficulty in getting it repaired at the Foundry; you are not humbugged by agents, and lose the use of the machine nearly all haying time hunting them up and then not find them. The Machines we sold last year gave good satisfaction, and the farmers wish you every success so long as you put up first-class machinery.

Yours Respectfully,
THOS. W. HOYT.
GEO. L. HOYT.
