Local News.

Mrs. J. Billop Mauger has resigned the Presidency of the Odd Fellow's Bazaar Committee.

The ladies of the C. T. Union of this city will organze a branch of their society at Gibson on Saturday.

It is definitely decided that the corner stone of the new Parliament Buildings will be laid with fitting ceremonies on Dominion Day.

Our citizens will not forget the Encaenial exercises at the University next Thursday, the 24th inst., at 3 p. m. They will be unusually interesting.

Mr. F. H. Risteen of this city, has secured a position on the local staff of the St. John *Daily News*. We wish our young friend success in the journalistic field.

There is lively work at the Fredericton Boom Company's works now, nearly one hundred men being employed. Last week 1100 logs were rafted; a fine weeks work.

AGRICULTURAL IMPLEMENTS.—Messrs. McFarlane Thompson & Anderson of the New Brunswick Foundry, have manufactured this season, 100 Wood's Improved Mowers, 100 Ithaca and 40 Bay State Rakes.

Rev. Frederick Crawley, a preacher of great repute, has assumed the pastoral charge of the Calvinist Baptist Church of this city, made vacant by the much lamented death of Rev. A. J. Stevens.

Drs. Rand and Harrison have been appointed examiners for the Gilchirst Scholarship, the examination for which, begins next Monday. Mr. Pickard of this city is the only New Brunswick applicant.

We are requested to announce that the ladies of the Church of England Sewing Circle, will hold an "Apron Sale" in the Madras School Room on Tuesday the 22nd inst. A more particular notification will be made hereafter.

PICNIC AND EXCURSION.—The people of St. Mary's, Gibson and vicinity had a most agreeable picnic on the pleasant grounds of Sunny bank last Saturday, many also from the city attending. In the evening the picnicers engaged the "Forest Queen," and had an enjoyable excursion on the river.

The following gentlemen having possed satisfactory examinations were sworn in Attorneys-at Law this forenoon: George A. Davis, L. L. B., St. John; Fenwick Travis, St. John,; Authur J. Trueman, A. M., St. John; Richard B. Adams, B. L., Newcastle; Allan A. Davidson, A. B., Newcastle.

At the annual meeting of the Fredericton Gaslight Company held last week, the following gentlemen were elected office bearers for the ensuing year. Directors, E. H. Wilmot, Esq., Ald. Richey, G. E. Fenety, Esq., F. P. Robinson and John Edwards. Esqs. Subsequentl Mr. Wilmot was elected Treasurer. The Company have declared a dividend of 6 per cent. on their preferential stock.

MILITARY.—A camp is to be formed at Woodstock, on the 2nd prox., to be composed of five companies of the 67th Batt., Nos. 3 and 5 companies of the 71st, the St. Stephen Infantry Co., 1 Company of Engineers and the Woodstock Field Battery. The 71st will leave here on the afternoon train of Friday, 2nd July. Owing to only two Companies going to camp the fine band of the Battalion has to be excused from attending.

The Ladies of the Baptist Sewing Circle of Keswick, will hold a Bazaar and Festival near their Church on the 29th inst., which will no doubt be well attended. For the convenience of parties from this City and vicinity who desire to attend, arrangements have been made with the N. B. Railway authorities to carry passengers to Keswick by the regular afternoon train and return by special at 8 30 o'clock, for the small fare of 30 cents. The occasion promises to be an extremely pleasant one.

The tank in Phœnix Square is being reopened and cleaned out, on the recommendation of the Chief Engineer in his last Annual Report. It is found to be in good order and with trifling expense will be put in first-class condition for the use of the hand engines. The "Alexandra" is employed pumping the water out, while a crew of men are removing the debris from the bottom.. Property owners in the vicinity of the tank are congratulating themselves that their protection will be made much more secure by the re-opening of the tank.

THE POSTMASTERSHIP.—We understand that the question of the Postmastership has at last been settled, and that Patrick McPeake, Esq., will shortly be gazetted to that position vice H. J. Thorne to be superanuated. While many may regret Mr. Thorne's retirement, they will congratulate the Postal Department on securing a gentlemen of Mr. McPeake's well known business capacity and intelligence to succeed him.

This matter being disposed of, it would be interesting to know when the New Post Office is to be completed, the grant of $6,000 for finishing it, having been made at the last session of the Dominion Parliament.

CRICKET.—Our cricketers have been formally challenged by the St John Club for a match here on Dominion Day. A meeting was held last night at the "Queen Hotel," at which the advisability of accepting the challenge was discussed, and it was decided to ask the St. John Club to play on the 30th inst., as one or two of our players will be engaged otherwise Dominion Day. The following committee were appointed to select an eleven to play in the proposed match A. F. Street Esq., H. C. Rutter and Harry G. Botsford. We hope the committee will use the greatest discretion in choosing the team so as to get the best eleven Fredericton can produce a representative eleven; and that there will be no jealousies attending the matter but that all true cricketers will unite in making the visit of our St. John brethern a pleasant one taking good care however to send them home defeated and thus wipe out the defeats sustained at their hands last year.

POLICE COURT.—The Police Court this week has been crowded, the attraction being the trial of two individuals, a young man belonging to this city, and a St. John Lawyer, for being intoxicated on the street last Sunday afternoon. A great number of witnesses were called on both sides to prove and disprove the information, and the evidence disclosed some strange facts. It showed among other things that the liquor trade which used to be carried on licensed by the law, and which was in a measure respectably conducted, has now taken channels of the most degrading sort, and flourishes in all its debasing horror, in dens of which authorities seem to have no cognizance. The fines imposed on the offenders of Sunday last, by Police Magistrate Marsh, it is hoped will have a salutary effect on those who are disposed to flaunt their debauches in the face of a christian people, and during the Sabbath day.

DISREPUTABLE.— Tuesday night about 6.30 o'clock, Mr. Geo, I. Gunter was the victim of a most ruffianly and uncalled for assault at the hands of Fred, Charles and Edward Russel. He was standing in the door of his livery stable at the time, when he was knocked down by one of the trio before he had time to put himself on the defensive, and while he lay struggling, was brutally kicked about the head and body. He sustained, among other injuries, a bad eye, a severe flesh wound in the temple, and severe bruises in the side. The police succeeded in capturing one of the assailants—Charles Russel—but the others, as yet, are at liberty. It is to be hoped that no effort will be spared to bring them to justice and that such punishment as they deserve will be meted out to them.

Since writing the above Fred and Ed Russell have been captured by the Police, quietly sleeping in the latter's barn. They were arraigned before the Police Magistrate this forenoon, but upon a Doctor's certificate being produced, stating that Mr. Gunter would be unable to attend the examination, the prisoners were remanded till to-morrow at half-past ten. The Police Magistrate stated that Mr. Gunter's injuries were so severe that he could not admit the prisoners to bail. He then proceeded with the trial of Fred and Edward Russell, on a charge of having assaulted one Andrew Hughey on Tuesday night, and as we go to press, this case is being heard. Mr. Lugrin appears for the prisoners.

OPEN AIR CONCERT.—The Reform Club Band changed location temporarily on Tuesday night, and gave an open air concert in Cathedral Avenue, to an immense throng of people. A better position could hardly have been selected by the Band, both for beauty and convenience. A fine selection was played, including the popular "Air," "The Skids are out to-night," which took immensely. The Band will have their walk around next week. We hear of a large crowd who will take advantage of the excursion to St. Stephen and Calais on the 3rd 4th and 5th of July, and from what can be gathered of the dimensions of the celebration at the latter town we should judge the occasion will be very pleasing. It is not often our citizens have an opportunity of visiting these towns so cheaply as can be done by taking advantage of the Reform Club Band arrangement, and therefore we doubt not that the number that goes over will be exceedingly large.

HYMENEAL.—The bells of the Cathedral rang yesterday morning a joyous peal, the prelude to the ceremony which has a perennial interest for "the fair" and "the brave" everywhere. Even if the hour had been earlier than it was, the throng in the sacred building, drawn by the irresistible occasion, would have been as large. And never finer morning gladdened the heart, or brighter sun shone on a bride. The chief figure in the scene, "the cynosure of neighboring eyes," was a lady widely known in this city for her amiability—Miss Beek, daughter of James Beek, Esq., Auditor General of the Province, and the fortunate Swain was Augustus Dole, Esq., of Bangor. The marriage service was read and the blessing pronounced by His Lordship the Bishop, Metropolitan of Canada. After the ceremony, the "happy, happy pair" took their departure by the Western train for Bangor, wafted on their wedding tour by the hearty good wishes of their numerous friends. We have to acknowledge the receipt of two ample slices of the Bride's cake.

IRELAND.—The distress in Ireland is still great, and aid is urgently needed. The Mayor of Dublin telegraphed as follows last week to the Mayors of all the cities on this continent:—

"I regret to say funds are still needed for relief of the distress in Ireland. In many districts the pinch is now equal to any previous time. The distress is much felt by small farmers, who dread workhouse relief, but can get nothing else until the crops come in."

THE BREWERS' ASSOCIATION.—In his annual address as president of the American Brewers' Association, which met in Buffalo, N. Y., June 2, Mr. Henry H. Rueter said that the revenue collected from brewers and dealers in malt liquors during the last fiscal year amounted to $10,729,320, or nearly $800,000 more than for the year preceding. Since 1863 the internal revenue tax on malt liquors has amounted to $120,446,863.67 A committee report was read showing that the decrease of importation of foreign beer for the year 1870, as compared with 1875, was over 1,260,000 gallons, while the exportation of American beer for 1879 exceeded that of 1875 by over $216,000 in value; also that the brewing establishments of the country now number over 3,000, and annually consume 35,000,000 bushels of barley and 35,000,000 pounds of hops.—*Scientific American.*

The law requiring the coinage of $2,000,000 a month in silver dollars, in connection with the public aversion to handling large sums in silver when bills can be obtained, has resulted in making a serious plethora of coin in all our government depositories. Those at San Francisco, Cincinnati, and Chicago were all filled early in March, and those at Washington, Boston, Philadelphia, and St. Louis reached the limits, of their capacity soon after. As a consequence nearly all the newly-coined silver is being piled up in the Sub-Treasury in this city. This inconvenient treasure, weighing over 612 tons, is stored in a huge vault, 47 feet long, 27 feet wide, and 12 feet high. In the same vault are stored 130½ tons of gold, worth over $65,000,000.—*American paper.*

BRITISH FARMERS AND AMERICAN COMPETITION.—Dr. Lyon Playfair, the eminent chemist, publishes an article confirming, from a chemist's point of view, the conclusion recently arrived at by James Caird, the eminent agricultural authority, that British farmers, in view of American competition, must to a great extent abandon the production of wheat and cheese in favour of more perishable products.

The law of the ancients forbidding a statue to be raised to a live man, or to a dead one except after a lapse of a certain number of years, has become quite obsolete. It is the fashion now in Europe to erect monuments to the living rather than the dead; and it has been estimated that two hundred busts and statues are at present being chiselled out in honour of living men, of all sorts and conditions.

Turkish papers announce that, during an earthquake which took place a couple of weeks ago, the village of Heleddi, in the neighbourhood of Sinope, was completely swallowed up by the sea. Not a trace remains of its sixty houses and mosque. The villagers were all able to save themselves, so that not one of them suffered any harm.

Jefferson Davis' plantation at Hurricane, Miss., is leased by Montgomery & Sons. This firm is composed of four negroes who were ormerly owned by a brother of the ex-President of the Confederacy. They own plantations worth $75,000. hire several more, and do a large mercantile business at Vicksburg.

A wealthy manufacturer of Connecticut, having built an elegent mansion and wishing to take a second wife, said to his architect:—"Which agrees best with brick and brown stone, a brunette or a blonde?"

August Flower.

The immense sale and great popularity of Green's August Flower in all towns and villages in the civilized world has caused many imitators to adopt *similar* names, expecting to reap a harvest for themselves at the expense of the afflicted. This Medicine was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness, Sick Stomach, Sick Headache, Indigestion, Palpitation of the Heart, vertigo, etc., etc, *it never has failed to our knowledge.* Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

The Common Expressions, "*I feel so dragged,*" "*My food don't digest,*" "*I do not feel fit for anything,*" which we so often hear during the *Spring and early Summer* months are conclusive evidence that the majority of people require at that season especially a *reliable* medicine that will *strengthen the organs of digestion,* stimulate the *circulation of the Blood,* and "tone up" the debilitated constitution.

Hanington's "Quinine Wine and Iron," taken according to directions, produces *buoyancy of spirits, vigor of mind* and gives *lasting* strength to the whole system. Price 50 cents per bottle–6 bottles for $2.50. All druggist sell it.

Much Sickness,

Undoubtedly with children, attributed to other causes, is occasioned by Worms. BROWN'S VERMIFUGE COMFITS, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

Old Dr. Johnson was a benefactor. Seventy-five years ago he invented what is now called *Johnson's Anodyne Lniment,* the wonderful success of which in the cure of diseases of the head, throat and lungs is truly astonishing. No family should be without it

Thousands of dollars might be annually saved to farmers if they would give freely of *Sheridan's Cavalry Condition Powders* to their horses, cattle, sheep, hogs, and fowl. They prevent disease and promote the growth. We said Sheridan's. Those put up in *large* packs are utterly worthless.

WHAT THEY SAY OF IT? A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgement of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q, writes—"I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it equally as good for horse as for man."—A. Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used:' it has done wonders in healing and relieving pain, sore throats,, etc., and is worthy of the greatest confidence."

— Joseph Rusan, Township Percy, writes, "I was persuaded to try Dr. Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a public benefit."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

NOTE.—*Eclectric*—Selected and Electrized.

Mothers! Mothers!! Mothers!!!

WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Beware of imitations.

A Good Thing.

German Syrup is the special prescription of Dr. A Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Beware of medicines of similar names, lately introduced. Boschees German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Sample bottle, 10 cents.

Brown's Household Panacea

Is the most effective Pain Destroyer in the world. Will most surely quicken the blood whether taken internally or applied externally, and thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation.

A teaspoonful of the Panacea in a tumbler of hot water [sweetened, if preferred], taken at bedtime, will BREAK UP A COLD. 25 cts. a bottle.

Office of S. M. Pettengill & Co., No. 10 State Street Boston.

It gives me great pleasure to say that *Adamson's Botanic Balsam* cured me of a severe cold, to which I have been subject, especially during the winter months, and I have in many instances recommended it to my friends, and all have been benefited by its use. We think it has no equal as cough mixture.

U. L. PETTENGILL.
