Local News.

PERSONAL.—G. A. Girouard Esq., M. P. for Kent, was at the Queen's yesterday.

ST. ANNS CHURCH.—St. Anns Church is at present undergoing extensive repairs interiorly, and is closed to services.

We shall always be glad to receive weekly news notes, from friends in the country who are anxious to see the MARITIME FARMER, increasing in interest and influence.

APPLES AT AUCTION.—Mr. W. H. Frieb sold a quantity of American Apples of fair quality at auction on Phoenix square yesterday at prices ranging from 65cts to $1.40 per bbl.

☞ Mr. J. H. Bates, Newspaper Advertising Agent, 41 Park Row, (Times Building), New York, is authorized to contract for advertisements in the MARITIME FARMER at our best rates.

STREET IMPROVEMENTS.—The Roadmaster is moking extensive and much needed improvements in Brunswick Street, between Regent and St. John. The gutters are being cleaned, out the side walks newly graded, and the sewers renovated.

THE MUNICIPAL ELECTIONS.—The York County Municipal Elections occur on the last Tuesday in October. With regard to probable candidates, we have no advices except from Douglas, where we understand no opposition will be offered to Councillors Johnston and Colter.

THE RIVER SERVICE.—The opening of the fall traffic on the river has obliged the proprietor of the boats plying between this city and St. John, to increase the service by running a boat every night till the close of navigation. The new arrangement began on Monday, the night boats being the "May Queen" and "Star."

A PHENOMENON.—Councillor Jewett, of Keswick Ridge, owns a fine three year old heifer, that dropped a fully developed calf July 25th, but up to the present time, has not yielded any milk, the calf having been sustained by artificial means. We should like to know if any other of our farmers have met with a similar experience.

ACCIDENT.—Many of our readers will regret to hear that quite a serious accident happened to Mrs. Gardner the popular landlady of the American House, Calais, while driving one day last week. Her carriage came in contact with another, throwing her violently to the ground, breaking her collar bone and otherwise severely injuring her.

MR. THOMAS' NECKTIE BUSINESS.—Mr. W. F. Currie, travelling agent for Mr. Chas. Thomas, manufacturer of gents' furnishing goods, has returned from his summer tour of the Maritime Provinces, and reports a good business. We are glad to learn that Mr. Thomas is meeting with continued success in his enterprise, and that his efforts in originating a new industry, fostered as it is, by the N. P., are being fully rewarded by an increasing patronage.

THE NEW POST OFFICE.—It is quite evident, from the present state of the work, that the new Post Office will not be completed at the time specified in the contract, Oct. 1st, and we should not be surprised if the old Post Office will have to be occupied until next spring. The lease for the same expires the 1st of November, and its renewal for six months, can only be obtained at an amount triple its value. This fact and the inconvenience of the old building to the officials and to the public alike, should be sufficient reason for the Government to see that the new Post Office is rapidly pushed to completion. We by no means lay the blame for the delay on Mr. Limerick, the contracter, as he was kept waiting for plans, several weeks after the contract was signed.

THE CROPS.—We had a call from Councillor Jewett, of Keswick Ridge, this week, and that gentleman gives us cheering accounts of this season's crops in his locality, and his information applies also to all parts of York County, and to this portion of the Province generally. The hay crop he says, is a medium yeild and was secured in good order. Wheat has never been so extensively sown as during the present season, and it has given an excellent yield. Oats furnish a good return, and the potato crops though suffering from the early marauding of the potato bug, and the later attack of rust, promises fairly. Buckwheat is quite extensively sown in York, and the farmers will be well rewarded in its production this season. The root crop is particularly fine, turnips especially, yielding above the average. We shall be pleased to hear from other districts.

TROTTING STOCK.—Mr. D. J. Stockford, who has a large number of horses in training at the Trotting Park, during the present season, will enter two, and possibly three of his fastest trotters for the Fall Meetings at Woodstock, Calais, and Moosepath, on the 25th and 29th insts, and Oct. 6th and 7th respectively.

"Tom Hacket" ch. gld., six years old will enter in the 2.55 class at Woodstock, and in the three minute class at Calais and Moosepath.

"Music in the air" blk mare, 7 years old, enters in the free for all race at Woodstock, in the 2.40 class at Calais, and the 2.38 and 2.45 class classes at Moosepath. Both horses will be driven by Mr. Stockford.

He will also take with him, the fine Ch. St. Donald, 4 years old, which can closely shave a 2.40 gait, and will trot him if a horse of the same age can be had to compete.

CRICKET.—We regret that the recent cricket match between St. John and Fredericton, should form the subject of a large amount of newspaper scribbling, annonymous and otherwise, which is likely to raise an ill-feeling between the two clubs, and injure the noble game of cricket. We hasten to inform our St. John friends that the introduction of the matter into the press here, is not defended by our cricketers, neither do they wish to be held responsible for the statements that have been made, presumably on their behalf. They acknowledge the courtsey they have received at the hands of the St. John team, and any little misunderstandings that have arisen they are willing to forget, and unite in securing the sympathy of a respectable public, in a game which has never had attached to it, the undesirable practices of horseracing, or the unseemly disputes of the baseball field. In these remarks we claim to represent the cricket sentiment of this city, and we feel assured that our St. John brethern of the "willow" will receive them in the same spirit in which they are made.

A Cricket Match will be played on the Square Saturday afternoon, between elevens of N. B. University graduates, and All-comers.

TEA MEETING.—The members of Rev. L. S. Johnsons Church and congregation, (Methodist) are making extensive preparations for a Tea Meeting in their new church, fast approaching completion near the covered Bridge Miramichi Road, Nashwaak, on the afternoon of the 15th inst, in aid of the funds of the Church. The usual festivities will be indulged in during the afternoon, and the ladies of the church will do all in their power to please the patrons of the affair. In the evening the residents of the locality and others visiting will have the pleasure of a rich literary treat, Rev. W. W. Brewer, the popular preacher and lecturer of Marysville having been engaged to deliver his interesting lecture, "Tetrachymagogan," to be followed by addresses from F. P. Thompson, Esq., M. P. P., Ald. Wilson, Councillor Johnston of Douglas, and other prominent gentlemen. Appropriate music will be furnished by ladies and gentlemen connected with the church, assisted by city friends. The church is situated twenty miles from here, and the drive through such a fine country as the Nashwaak Valley, not to mention the pleasure of attending the Tea Meeting, should be sufficient inducement for many from this city to attend.

The Methodists of Nashwaak deserve liberal encouragement in their efforts to build a church that will be in keeping with the growth of their congregation, and any assistance rendered by those outside, will be thankfully received. The erection of the church was commenced about the middle of June last, and the congregation will occupy it before Christmas. Its diminsions are 38 feet x26 feet. The carpenter work is being done by Mr. Isaac Brown, and the masonry by Alex. Fraser. The building committee consists of Rev. L. S. Johnson, (Chairman), Wm. McBean, John McLaggan, Donald Fraser, Daniel Mrqurhardt and John McNab.

OBITUARY.—Robert Watson, Esq., Cashier of the St. Stephen Bank and a highly respected gentleman, died on Sunday last.

Y. C. R. COMPETITION.—The Annual Competition of the York County Rifle Association, takes place on Tuesday, the 21st inst., commencing at 8.30 A. M.

Capt. W. O. Gregory arrived home on Monday night, after an absence of nearly a twelve month, during which time he made voyages from New York to Liverpool, and from Liverpool to Antwept, and home by Philidelphia.

PARLOR CONCERT.—A parlor concert, a species of entertainment entirely new to this City but often conducted in St. John with pleasure to these participating is to be given at Dr. Rand's residence King Street to-night. Among the singers are Miss Richards, Miss Hartt, of St. John and Ald. Wilson.

FIRE.—Two unoccupied houses, the property of Mr. Henry Gill, were burned at Gibson last night, by an incendiary. The hand engines of the City Fire Brigade were at the lower ferry during the fire, ready to render assistance in case the fire should spread, but they were not required.

PROF. ZERA.—The celebrated Ventriloquist and slight of hand performer, Prof. Zera, is to give three entertainments in the City Hall, next week, beginning on Monday evening He visited this city about a year ago, and his performances then, were the best of the kind ever given here.

THE COUNTY JAIL INMATES.—There are at present confined in the County jail, of York two prisoners for assault, each three months one for violating the Canada Temperance Act, one month; one for obstructing the police three months; one for drunkeness two months, and three for debt, each fifty days in all eight.

Mr. J. B. Calkin, A. M., Principal of the Nova Scotia Normal School, and his daughter are stopping at the Queen. Mr. Calkin is widely known not only as a enthusiastic and distinguished educationist, but as the author of the School Geography in use in all the schools of the Maritime Provinces. He leaves tomorrow morning for a short tour of the New England States, accompanied by Miss Calkin.

CONCERT.—A number of city singers gave a concert at the Free Baptist Church, Marysville, last night, in aid of the Church Funds. Among the performers were, Miss Martin, Miss Richards, Mr. Wilson, Mr. Winter, and Mrs. W. Vanwart, Accompanist. During the evening, addresses were delivered by Revs. Messrs. Allen, Reud and Hughes. The Concert was a success financially and otherwise.

THE PROVINCIAL EXHIBITION.—Mr. Inches, Sec'y for Agriculture, has removed to St. John until after the Exhibition, and opened an office in the City Building, Prince Wm. Street, where all information relating to the exhibition can be had. He is assisted by Mr. Hargreaves, of the St. John County Agricultural Society. During Mr. Inches absence, Mr. John H. Reid will furnish intending exhibitors in this section of the Province with necessary information. The Exhibition gives every indication of marked success.

A FINE TEAM.—His Honor the Leiut. Governor is contemplating the purchase of a fine bay gld., 17 hands high, from Mr. McGar of Burton, Sunbury Co., to mate his grey filly. The animal is a splendid specimen of horseflesh, has good style and action, and covers a mile in three minutes. Mr. McGar brought him to town on Monday, and if the weeks trial His Honor is to give him is satisfactory, a sale will no doubt be effected. Both horses are from Robt. R. Morris, and when harnessed together will make a handsome team. No doubt His Honor will take advantage of the exhibition at St John, next month, to show Provincial horsemen the pair.

THE UNIVERSITY.—The University term of 1880-81 will be publicly opened at noon on the 16th inst. There is likely to be a large freshman class this year, twelve young young men, alone, being in preparation at the Collegiate School. There will be two or three from the Northern Counties, three from Kings, and one or two from St. John, which will bring the class above the usual standard of numbers. The senior and junior classes will be constituted as last year, corresponding to the junior and freshmen classes of last term, with the exception of Messrs Blair and Cowie of the latter class, who will not finish their courses here. Mr. Cowie we believe will matriculate at King's College, N. S.

REV. MR. CRAWLEY.—Next Sabbath evening, Rev. Mr. Crawley who has most acceptably filled the the position of pastor of the Baptist Church in this city since the lamented death of Rev. Mr. Stevens, will preach his farewell sermon for the present, and will immediately proceed to Newton Centre Mass., to resume his studies. He will require nine months to complete his course, and at the end of that time will return and resume his pastorship here. During Mr. Crawley's absence the Church will be supplied by different clergymen from the Association District. Mr. Crawley has been eminently successful in his ministrations here, and since his accession to the pastoral charge of the church, many additions have been made to its membership, six having received the rite of Baptism last Sabbath.

MR. J. H. REID'S PROJECTED TRIP TO Boston.—On Thursday the 16th inst., Mr. John H. Reid, the well-known horse fancier, will leave for Boston with a fine herd of horses, which he will offer for sale in the American market. The lot embraces five of Robert R. Morris's colts, raised by Mr. Reid and thoroughly broken, as follows. "Capt. Jack" br. gld., 7 years old, 16 hands high. "Lady Lively" bay mare, 6 years old, 15½ hands, full sister to Capt. Jack. "Loo Morris" blk mare, 6 years, 15¼ hands. "Secret" blk mare, 4 years, 15¼ hands, And "Inky Peggy" blk mare, 3 years, 15¾ hands. The last three are fall sisters. Mr. Reid will probably take with him four or five other horses belonging to gentlemen of this city. Before returning he will visit New York, and the State Fair at Albany, during the latter part of the present month. We wish Mr. Reid a pleasant trip and success in the disposal of his stock.

A STRANGE FOWL.—Mr. John A. Edwards of the Queen Hotel, has in his possession a bird which is a prodigy of the rarest sort. It was procured at St. Francis Madawaska County by Mr. H. S. Fellows a well known commercial gentleman from Boston, who in travelling in that district came upon it and was so struck with the strange appearance of the bird that he brought it with him to Fredericton, and left it in charge of Mr. Edwards, who will show it in St. John during the Provincial Exhibition, a request for space having already been forwarded. The fowl is undoubtedly a cross between a hen and a duck, the former being shown in the head neck and croak while the breast, back, wings and tail are undoubtedly those of the duck, the legs and feet are formed like the duck's excepting the web which is only partial. When standing erect it is about 8 inches high and reminds one of an owl, in that position. Indeed a learned Doctor up town is positive in the opinion that the bird is intimately related to the owl. It is only a few weeks old and is strong and smart, but unable to fly, although its wings have never been clipped.

THE POLICE RECORD.—There has been a genuine "hum" in the Police Court this week, and the manner in which His Honor, Mr. Justice Marsh, disposed of the cases that came before him is a fine illustration of his professional ability.

On Monday, Frank Carr was arraigned for assaulting Timothy Murphy, butcher, with intent to do grevious bodily harm, and sent up to the County Court for trial.

James Kinney on a charge of assaulting Officer Roberts was fined $50 or 3 months jail. He chose the latter, and the ticket he had purchased for Boston, whither he intended going after having his fun with the Policeman, was sold at a discount.

Arthur Barker and John Ring were fined $4 and $5 respectivley for drunkenness. On Tuesday, Fred. King, for drunkenness, two offences, was fined $10 or two months, and went to jail.

The same day five cases of breach of the Canada Temperance Act came up. Those charged being Thomas Hackett, Patrick Bradley, Andrew Hilland, Charles Russel, and John Jameson. Hilland, Hackett, and Jameson and Bradley have been convicted and fined $50 each.

City Council Meeting.

The Regular Monthly Meeting of the City Council, Tuesday night, was the quietest held since the advent of the present body, and the business that came up was disposed of quickly, and in a manner quite in accord with the dignity and air that should pervade the deliberations of so august a body.

There was an entire absence of quibbling and hairspliting over unimportant matters that too often take up the time of Council Meetings, and we are pleased to notice this decided improvement in civic deliberations. The full Board of Aldermen was present when his Worship assumed the Chair at 8 P. M., and the business of the evening was opened by the passage of the monthly accounts. The receipts from Miscellaneous License collections which have assumed such increased proportions since Marshal Woodward's accession to the position of Collector were next considered. The amount collected during the month of August was from all sources, $529 $250 of which was paid in by Mr. Lawlor. contractor for the New Parliament Buildings, and the balance of $279, less $69.75 commission was gathered by the collector.

THE POLICE MAGISTRATE'S REPORT

announced the amount of fines, etc., collected for August, $9.00.

A resolution moved by Ald. Wheeler to raise the rent per night of the City Hall to $10 and $15 respectively for local and foreign troupes was voted down, and the old scale of prices $8 and $10 remain.

His Worship the Mayor read a communication from Mr. C. F. Fraser, Superintendent of the Deaf and Dumb Asylum, Halifax, enclosing a bill of $122.56 for board of Charles Cole, an inmate of that Institution from this city. Mr. Fraser explained that the Legislature of New Brunswick gives an annual grant of $120 for the support of Cole, but that said sum merely covers expenses during the ten months term, and that he has supported Cole through the vacations. The first account sent the Council had been promptly paid, but amounts had been accruing since till the total reached the sum named in the account now presented. The Mayor explained that Cole had formerly been an inmate of the Alms House here, but through the efforts of Rev. Mr. Roberts he had been transferred to Halifax to be educated. The bill that the Council had paid was settled on the understanding that it would be the last, and he could not see how Mr. Fraser could expect the present one to be adjusted. On motion the matter was referred to the Alms House Committee.

Arthur C. Bully's petition asking that an execution issued against him for taxes of 1880 be stayed as he had never received a notice of assessment from the tax collector was dismissed.

Ald. Gunter, Chairman of the Printing Committee, submitted a report, recommending that the tender of the MARITIME FARMER for City printing and advertising be accepted. The report was adopted.

Ald. McPherson, the Chairman of the

ALMS HOUSE COMMITTEE,

submitted a lengthy and interesting report, embodying the result of an inspection of that institution with a view of recommending necessary improvements. The report urged (1) the necessity of a suitable morgue, (2) of a new building for wash house and privy, (3) of the cutting down of shrubs and bushes on the grounds, and (4) of needed repairs to the plaster in the top storey of the main building. There were other improvements the committee might recommend, but the dilapidated state of the entire premises would soon necessitate an entirely new building. The erection proposed for dead house, wash room and privy could be under the same roof, and would serve for such after the construction of a new Alms House. The cost would not exceed $300. He moved the adoption of the report which was carried, after a clause authorizing the committee to call for tenders for the proposed work was added by Ald. Wheeler.

Michael Shannon's petition presented by Ald. Burchill, asking a grant of $15 to open a road between the Maryland and College roads, was referred to the Road Committee to report upon. Ald. Burchill also presented the petitions of Patrick Hurley and John Cassidy asking for payment of account for repairing the road on Maryland Hill, which the Road Master had refused to certify to, because the work had not been performed according to contract. The Council ordered the Road Committee to make a valuation of of the work done and settle the matter.

Ald. McPherson submitted a detailed statement of Alms House expenditures for August, which he wanted read, but the Council voted the proposition down, 8 to 2.

Ald. Wilson called the attention of the Board to the Fredericton Leather Company's desire to unite their tannery with a tank near by, to enable them to protect themselves with their engine in case of fire. Permission was granted the company to lay a pipe, the work to be done under the direction of the Road Committee. The gas committee on resolutions of Alds. Clinton and Gunter, were authorized to erect lamps as the corner of St. John and Charlotte Streets, and at the corner of Charlotte and Northumberland Streets.

James Vroom, Principal of the Model School, presented a petition through Ald. Smith, asking that his name be placed on the assessment roll for 1880, and that the amount of his taxes be received. The Council refused the request, and resolved that Mr. Vroom be asked to pay the sum of $20 in lieu of taxes for the current year, Ald. Gunter moved that the amount be paid directly to the City Treasurer to save commission for collection, but he was outvoted 8 to 2.

Ald. Wheeler presented the petition of Mrs. James Kinney, wife of J. Kinney, who was sent to Jail on Monday, for three months, for assaulting the police, asking support for herself and five small children, during her husband's incarceration.

Ald. Gunter's paternal emotions were at once moved by the appeal of the wife and mother, and he rose to address the Council, but the Mayor rather unceremoniously sat down on him as there was no resolution before the Board.

On motion of Alderman Wilson, the petition was referred to the Alms House Committee, when Ald. McPherson and Clinton made an effort to have the prisoner's fine remitted, but were voted down, 8 to 2.

On motion of Ald. Wilson a cheque for $1030 was ordered to issue for the payment of the new hose bill.

On motion of Ald. Wheeler, Ald. Guiou, Gunter, Clinton, Burchill and Richey were appointed a committee to revise the assessment roll of 1880.

The Hall Committee were ordered to have the heaters of the City Buildings repaired on motion of Ald. Wheeler.

The Mayor next read a communication from Mr. Fenety enclosing his clock and bell account, and requesting payment of interest due.

On motion of Ald. McPherson a cheque for $250 was ordered to issue to him.

On motion of Ald. Smith the Hall Committee were instructed to hunt up the sun dial and other articles charged in the clock account which have never been in use.

The sum of $6 was ordered to be expended on Doak Settlement road on motion of Ald. Wheeler.

Several petitions were presented for relief from taxes, some of which were at once disposed of by the Council and others referred to the Assessment Appeal Committee. The last report of the latter committee was submitted by Ald. Wilson, and the Council adjourned its harmonious session shortly after 10 P. M.

Remedy for hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

Milliners, not finding words enough in all the languages of the earth to give vent to their feelings, invent proper terms for themselves. Bonnets are now said to be *garniture*. It is neither French nor English, nor any other known tongue, but they say it means trimmed.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH or Sore Throat requires immediate attention, as neglect oftentimes results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes*.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate COUGHS, SORE THROAT, HOARSENESS and BRONCHIAL AFFECTIONS. For thirty years these Troches have been in use, with annually increasing favor. They are now new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

The Common Expressions, "*I feel so dragged*," "*My food don't digest*," "*I do not feel yet for anything*," which we so often hear during the *Spring and early Summer* months are conclusive evidence that the majority of people require at that season especially a *reliable* medicine that will *strengthen the organs of digestion*, stimulate the *circulation of the Blood*, and "tone up" the debilitated constitution.

Hanington's "Quinine Wine and Iron," taken according to directions, produces *buoyancy of spirits, vigor of mind* and gives *lasting* strength to the whole system. Price 50 cents per bottle-6 bottles for $2.50. All druggist sell it.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS is on the outside wrapper. Sold by all Medicine Dealers. 25 cents a bottle. Beware of imitations.

IT'S THE HEIGHT OF FOLLY to neglect those premonitory symptoms of chronic ill health which develope themselves in the shape of debility, loss of appetite and sleep, in nervous sensations, dyspepsia, and an irregular state of the bowels. Remedy them by timely measures or dread the worst. Deal summarily with the minor ailment before the greater assails you. Among the resources of the pharmacopia there is no surer and safer one in cases of debility, nervousness and dyspepsia, than Quinine, provided the remedy is judiciously used. Decisive cures of the above ailments are constantly produced by small doses frequently repeated. These have the effect of increasing muscular power, improving the appetite, and aiding digestion. Northrop & Lyman's Quinine Wine is an excellent substitute for the ordinary drug, and possesses a flavor which renders it peculiarly acceptable. It contains nothing in the slightest degree injurious to the most delicate invalid. Sherry Wine and certain aromatics are combined with the principal ingredient, the whole forming a chemical preparation, harmonious in composition, pleasant in taste, thorough and prompt in action. Besides invigorating the system, aiding digestion and promoting regularity in the habit of body, it relieves depression of the mind, which is an almost invariable forerunner of dyspepsia and nervous debility. It is extremely beneficial in cases of malarial fever and is a valuable safeguard against those maladies. When buying be particular to ask for the Quinine Wine prepared by Northrop & Lyman. Sold by all druggists.

FOR SALE.

Fredericton, September 2nd, 1880.

University of New Brunswick.

THE first Term of the next Academical year begins on **Thursday, 16th September**, and ends on the 21st of December.

For admission to the full undergraduate course, Students will be examined in the Greek and Latin Grammars, the first book of Cesar's Commentaries, the first two books of the Æneid, the first book of the Odes of Horace, and the first book of the Iliad; in Arithmetic, Algebra to Quadratic Equations, and the first four books of Euclid; in English Grammar and Composition, History and Geography.

Students admitted to a partial course will be examined only in such portions of the above as will test their fitness to pursue the studies upon which they wish to enter.

Students may board in the University building or in the city, in such private houses as are approved by the President.

The Scholarships for the undermentioned Counties are now vacant: *Albert, Carleton, Charlotte, Gloucester, Kent, Northumberland, Restigouche, Sunbury, Victoria.*

These Scholarships are of the annual value of $60, and tenable for two years. The holders are also exempt from the usual tuition fee of $22.50 per annum.

For further particulars regarding the course of study, the admission of Free Scholars, the exemption of School Teachers from payment of tuition fees, etc., see the *Calendar*, copies of which can be had on application to the President or the Registrar of the University.

E. H. WILMOT,
Registrar.
