Our Iron Frame WOO MOWER

Universally acknowledged a wonderful success.

Over 200,000 of the Walter A. Wood in use!

Over 20,000 Manufactured and sold in 1876!

Universally adapted by the whole world.

500 of our manufacture sold and in use; in every instance (no exception) attesting to their grand superiority over all other Mowers, in their simplicity of mechanical principle, great durability, ease of draught, wonderful adaption to all surfaces and manner of leaving cut grass.

Read the following, to which could be added a multiplicity of others in our possession:

PRINCE WILLIAM, May 10, 1876.

Messrs. McFarlane, Thompson & Anderson,

GENTLEMEN,—In reply to your enquiry about your Mowing Machines in this place, we would say that last year when we received your Mowers we gave them a fair trial with others, before we offered them for sale. We, and others who were present, were convinced that your Mower would do as good work and was not so liable to get out of order as other Machines that are running here. We have had some experience in repairing Mowers for the last five years; we have always found that the Wood Mower runs with the least expense; there are not so many bolts and nuts to get out of order. Your machine has got the best boxing—ALL BRASS; the journals are well fitted and run very smooth; the strains are met with straight lines, and these are features worthy of notice in machinery. In fact we think you have the plainest, simplest, and most substantial Mower running. They are not only the best but the lowest in price of any of the same quality. We do not hesitate in saying to parties wanting to buy a good machine to try one before purchasing, and be convinced that you make at home in our own country as good a Mower as can be got in the market. They are not surpassed by any, and should you accidentally break a piece you have no difficulty in getting it replaced at the Foundry; you are not humbugged by agents, and lose the use of the machine nearly all haying time hunting them up and then not find them. The Machines we sold last year gave good satisfaction, and the farmers' wish you every success so long as you put up first-class machinery.

Yours Respectfully,
THOS. W. HOYT.
GEO. L. HOYT.

Remember if you want a Buckeye we can supply you with the latest and most approved pattern of this Mower, in fact the best Buckeye Mower in the Dominion.

We have in stock a large number of the most approved styles of Horse Rakes with superior Steel teeth "fully warranted." Also, Steel Plows of the celebrated Hooker pattern, highly recommended by the Provincial Agricultural Report of last season.

All of the above articles are manufactured by us, and fully warranted in every instance, and will be sold at prices that will defy competition.

☞ Be sure and give us a call. ☜

FACTS FOR THE PEOPLE!

Now is the Time.

Come and see what ready Money will do!

UNPRECEDENTED BARGAINS IN

BOOTS AND SHOES.

Prices to Accomodate Everybody! Examine our Goods and be convinced! Our prices are based upon Cash payment. We have but one price! Judges or not all buy alike. All goods sold as advertised! No deception practised! Our boast: Workmanship, durability and cheapness. Nothing like the stock was ever before shown in this city. We positively pay CASH for everything, both at home and abroad. We keep those goods best suited to the purpose intended, and not those on which we can make the most money.

We have made Extraordinary Preparations for an Immense

SPRING BUSINESS,

and our shelves are literally groaning with the great quantities of goods they contain. Those who do not visit our establishment, who do not examine our Goods, who do not ask our prices, and who are not posted on the inducements which we offer will certainly miss

The Greatest Opportunity

ever offered the people of Fredericton and vicinity to secure substantial bargains in elegant and perfect fitting

BOOTS and SHOES.

One call will convince all. The old custom is to reduce the price at the "tail end" of the season, when most all wants are supplied. We will however *break the rule* and give our patrons and everybody else a chance to get bargains when really wanted.

We have a great many other kinds and styles which our limited space forbids us enumerating.

Bring this List With You,

it will enable us the more readily to give you the goods you call for and will further avoid all possible misunderstanding.

We do not try to bait an intelligent community with prices on a few cheap and shoddy articles as is customary, but give you prices on leading lines of Staple Goods, goods with which you are all more or less familar.

REMEMBER—Our entire stock is paid for. We most emphatically assert, that we do not owe *a single dollar on the same.*

We do business to suit ourselves and our customers. We can (should we feel disposed), *give our goods away and it would concern no one but ourselves.*

Each and every article above enumerated is the actual wholesale price, by the case lot, less the discount for CASH which is our profit. In view of the closeness of our margin—*we cannot and we will not give credit.*

But CASH CUSTOMERS

Who do not believe in paying two or three prices for goods—who want the worth of their money, and not help pay bills of delinquents, nor have their neighbors buy an article 25 to 40 per cent. less than themselves, or those who buy one thing cheap and pay double the value for the next purchase.

Customers who look at the value of goods and buy where they can buy the cheapest will always go to
