THE COUNTRY SAFE.

Important Military Announcement.

MR. EDITOR:—In looking over my daily paper Monday, I was pleased to observe the following important military news extracted from the *Canada Gazette* of the last issue, and lest the MARITIME FARMER should overlook it, I concluded to draw your attention thereto.

Here it is, and I take the opportunity of expressing my genuine pleasure below:—

In active militia, the headquarters of the Deer Island infantry company are changed to Fredericton, and the company is attached to the 71st Battalion as No. 6 Company, with the following officers:—Captain Henry Adams Cropley, from the retired list of captains *vice* Archibald Lloyd, who is placed on the retired list retaining rank. To be Lieutenant—Wm. Elder Russel, *vice* Fountain, deceased. To be Second Lieut.—Staff-Sergeant James Daniel Perkins, *vice* John Henry out of limits.

The Dominion Government have certainly displayed great foresight, (and the public should feel correspondingly thankful,) in attending to the complete armament and protection of so important a military station as Deer Island, commanding as it does Passamaquoddy Bay, and forming the key to a most material military position.

It is perhaps superfluous to add that the superior ability and skill in military tactics possessed by the commanding officer selected; a skill and ability that have called him into distinguished positions in the service of his country from his youth up, will awaken the warmest feelings of approval from the entire population of Deer Island, while the citizens of Fredericton, proud as they always are of their military heroes, will feel additional security when they have learned, that around their pillows are the protecting arms of the blood stained and gallant warriors of Deer Island, led by even more gallant Captain. "God Save the Queen."

Yours, etc., A "71STER."

Fredericton, Nov. 28, 1882.

FIRE BUGS JAILED.

Arrest of Smith and Schleyer on a charge of Incendiarism.

Last Thursday morning about one o'clock, a fire alarm was sounded when a shed on the Exhibition grounds was discovered in flames. It was beyond saving and was burned to the ground. Suspicion of setting the fire resting on two young men named Andrese Schleyer and Wm. Smith they were apprehended on the spot, and conveyed to the lockup. The remainder of the facts in connection with the matter are fully set forth in the testimony taken before the Police Magistrate Marsh in the preliminary examination of the prisoners which commenced at 11 A. M., Friday, and continued Monday. Mr. W. Wilson appeared as Counsel for the prisoners, and the first witness.

JOHN RICHARDS, ESQ.,

who testified: I was not at the fire yesterday morning. I am Secretary-Treasurer of the York County Agricultural Society. I know where the fire took place. It was in what was formerly called Agricultural Hall. It belonged to our society. The original value of it was $600. It was probably worth $200 when burned.

To Mr. Wilson—The York County Agricultural Society at the present time has an existence.

ANDREW LIPSETT,

Chief Engineer of the Fire Department, testified: As nearly as I can determine, the fire Thursday morning broke out about 1 o'clock. When I heard the alarm I ran to the Exhibition grounds and found a building there in flames. It was so far gone and no other buildings being in danger, I ordered the engine not to throw water, and we allowed the fire to burn out. The building was what was known as the old Agricultural Hall. In my opinion the fire was of incendiary origin. Policemen Phillips and Wright were there, and also the prisoners, Andrese Schleyer and Wm. Smith. I had a conversation with Schleyer previous to his arrest, which aroused my suspicions. Having heard that the alarm was first given by him, I asked him how he first discovered the fire. He told me that he had been working at a sewing machine till after midnight. He also told me that he had brought his brother Jack home intoxicated earlier in the evening, and that after quitting his work he went up stairs and in looking out of the window he observed the fire on the back side of the building. I asked him how it was he did not give a more general alarm, as is usual. He said he had shouted "fire" once at Long's corner and afterward stated that he shouted twice—once coming out of his own gate. When I had finished talking to the prisoner, he was arrested by policeman Phillips, who subsequently arrested the other prisoner (Smith,) who appeared to be under the influence of liquor. I saw the prisoners afterwards that morning in the cells of the police station.

To Mr. Wilson—Policeman Phillips told me before I spoke to Schleyer that he intended to arrest the prisoner. From his giving the alarm, and surrounding circumstances, Phillips decided to arrest the prisoner.

To the Court—At the fire a bottle, which evidently had contained paraffine, was handed to me by a member of the fire department. [The bottle was here produced and identified.]

GEO. HATT, JR.,

Assistant Engineer of the Fire Department, testified:—I was at the fire Thursday morning, where my attention was called to a young man that was drunk, and was pointed out to me as a suspicious character. It was the prisoner Smith, and at my instance he was arrested by Policeman Phillips. Jack Virtue attempted to take the prisoner away, and was leading him across the field. I accompanied the policeman and the prisoners to the lockup. During our walk to the lockup I heard the prisoner Schleyer accounting to Phillip how he had spent the night. He said he was going to bed when he discovered the fire, and afterwards said he had a sewing machine to finish that night before retiring. He afterwards said he did not finish the job, and still further said that he was sitting up with his brother Jack, who was drunk. He also said he went to take a look at Jack before going to bed. I cannot remember all he said, but he would make one statement and immediately contradict it with another. The prisoner Smith, at the lockup, said he left Schleyer's company at nine o'clock and that it was 11.20 p. m. when the fire broke out. He said he was in bed and was alarmed by a young man named Gibson who slept with him. Afterwards he said he awakened Gibson. Later he stated he got up himself and discovered the fire, then came straight down to where it was, talking on the way with Mrs. Eatman.

To Mr. Wilson—I have known Schleyer since he grew up—a number of years. He is in the habit of getting drunk. He was not drunk the night of the fire. He might have been drinking some. He talked all the time coming from the fire to the lockup. Andrew Macpherson was with us on the way to the lockup, and at the lockup besides us were Andrew Lipsett, Henry Grace and some others. The Chief Engineer was talking with the prisoners, and others also were conversing with them. The prisoners would call parties to speak to them.

SERGEANT VANDINE

testified:—I visited the jail last night in company with the prisoner Smith's father and a young man named Gibson, who is in Harris, the bricklayers, employ, and lives in the house with Smith. We had a conversation with the prisoner, Smith, who made a confession. Officer Long was also present. There were no inducements held out to the prisoner by any of the party. None could have been made without my hearing it. He told us that he was at the Free Baptist festival Wednesday night, and after coming out he met Schleyer, the other prisoner, who wanted him to go and have some fun. He wanted him to go and assist him in setting fire to the building that was burned Thursday morning in the Agricultural grounds. He told Schleyer he did not want to go, but was persuaded. Schleyer then went to his house and got a bottle of paraffine, came back and saturated the back part of the building with it and set fire to it. The building being damp, it burned very slowly and Schleyer took a stick and stirred the fire up, and then he (Schleyer) started to ring the fire bells, while he (Smith) went home. He (Smith) had just got home when he heard the alarm and saw the fire, for which he started after waking up Gibson. On the way he called at Eatman's and told Mrs. Eatman where the fire was. That is about all he told us last night about the recent fire. He told me also that Schleyer had told him that he (Schleyer) had set the late Exhibition building on fire and that no person was with him. On his way to Court, this morning, I had another conversation with Smith, during which he repeated last night's conversation and also told me that Schleyer wanted to also assist him to set fire to Thos. W. Smith & Son's clothing store, Queen Street, Wednesday night, but that he (Smith) would not go. I was at the lock-up at 5 o'clock Thursday morning after the fire. I then heard a conversation between the prisoners. I heard Schleyer say to Smith, "Keep up your courage. Do as I tell you. You know I was taking Jack home when we saw a little blaze. I said to Jack let us two get out of this." Schlever then said to Smith, "Anybody outside there?" to which Smith replied, "I think there is. Hold your tongue." Their conversation then dropped.

POLICEMAN PHILLIPS

testified that the first alarm was given at 1.15 a. m. He was then at the corner of Queen and York streets. He rushed to the engine house, King street, and found Schleyer the prisoner, ringing the bell. He asked the prisoner where the fire was. He answered, back of Torrence's. Witness could then see no signs of fire. A few minutes later he saw the reflection and went to the scene. His suspicions were aroused against Schleyer from his conversation at the engine house and also from the fact that the prisoner was fully dressed although he said he had just got out of bed. Witness told the Chief Engineer his suspicions and then arrested Schleyer and subsequently Smith for drunkenness. When the witness walked up to arrest Schleyer and before he had spoken to him the prisoner said: "I did not set that fire." He found on Schleyer's person a brace of revolvers, one loaded, and a flask part full of liquor. Schleyer was sober apparently.

To Mr. Wilson—Schleyer when questioned as to having collar and tie on, told him (witness) he always slept with them on.

The witness corroborated the Chief Engineer regarding the paraffine bottle.

Other witnesses were examined to show the prisoners were together Wednesday night, and one Conroy gave evidence convicting Mrs. Linforth of selling him liquor for them.

The examination will be continued at 11 A. M. to-morrow.

FATAL RAILWAY ACCIDENT!

ON THE INTERCOLONIAL.

Three Men Killed.

A terrible accident occurred on the Intercolonial Railway, near Beaver Brook Station, a few miles north of Newcastle, shortly after midnight, Friday, by which three men lost their lives. The particulars briefly are as follows:—

The Quebec Express coming south was somewhat delayed by a defective engine, and when within half a mile of Beaver Brook, it became necessary to stop about twenty-minutes to get up steam. The Express had just started again and gained a speed of about five miles an hour when a special dashed up without any apparent slackening of speed. The train hands on the express shouted warning, and in another instant the special dashed into the rear of the Pullman car. It was a working train and the tender was ahead. There was a great crash, and the hiss of escaping steam, mingled with the cries of startled passengers and the shrieks of the victims of the collison. The tender was driven into the Pullman and smashed into atoms, and the engine wrecked. Buried in the ruins, with escaping steam blistering their flesh, were John Brown, of Moncton, driver, Amos Crossman, of Canaan, fireman, and Jas. Fraser, of Campbellton, brakeman, and their shrieks for help were horrifying. Trainmen and passengers set to work vigorously to extricate the poor fellows. Brown was got out quickly, but it was not until some time that the axemen succeeded in cutting the other two out. Drs. McLearn and Smith of Newcastle, soon arrived at the scene, but their efforts were unavailing to save the lives of the injured men. They were taken to Newcastle, and all three died within a few hours.

The passengers in the Pullman car nine in number, and the officers of the Express had a narrow escape. None of them were much injured. Among the passengers were Judge Wilkinson, Hon. A. A. Davidson, L. J. Tweedie, Esq., and John Young, Esq. It is the opinion of all that, if the train had not been moving when the collision occurred, all the passengers in the Pullman would have been killed or injured.

The cause of the accident is assigned to carelessness on the part of the officials of the special train. An inquest on the remains of the unfortunate men is now in progress at Newcastle before Hon. A. A. Davidson, Coroner.

Town and Country.

The River closed Sunday.

City Council next Tuesday evening.

Water Works pipe laying is suspended till spring.

Read Mr. S. F. Shute's holiday advertisement elsewhere. He has a magnificient stock and his prices are quite reasonable.

ITS CERTAINTY—To cure Dyspepsia and Biliousness is not speculation, but is proved with letters from persons of high respectability constantly coming in. ZOPESA is an absolute cure.

Fredericton has a whole lot of incendiaries; they had better borrow Detective Power.—*Halifax Recorder.*

The *Recorder* is not posted on our "detective power."

His Honor Judge King, has made an order appointing Monday, the eighteenth day of December next, as the day for the trial of the Election Petition in the matter of the Westmorland County contested Local election.

The head quarters of the Deer Island military company have been transferred to this city, and the company is attached to the 71st Batt. Its officers are H. A. Cropley, Captain; Wm. Russell and J. D. Perkins, subalterns.

Mr. Benj. Godkin, formerly merchant tailor of Halifax, died at Vineland, New Jersey, about the first of this month. Deceased was father of Mr. C. N. Godkin of this city, who left for New Jersey, this morning, to settle up the business of the Estate.

Another pupil, Frederick Coy, of Madawaska, has entered the Deaf and Dumb school, making the number now receiving instruction seventeen. Mr. Woodbridge wishes to thank Mrs. Hilton Green and Miss Campbell for the donation of illustrated books, and Mr. G. A. Perley for a map of the Province.

Fred. Nicols, son of Mr. John Nicols, aged 14, narrowly escaped drowning in the river, opposite Morrison's Mills, yesterday afternoon, while skating. He went into an open place and after struggling for a few minutes was rescued with much difficulty in an exhausted condition by Thomas Ryan, William Grant and Geo. Fraser.

The death of Mrs. Judge Palmer is recorded elsewhere. The deceased lady was a daughter of Andrew Palmer, Esq., of Dorchester, and niece of the Hon. Mr. Justice Weldon. Her death was the result of an accident, from which she has suffered since April last, when she fell upon some ice, stricking her head.

Hon. Edward Williston of Newcastle, a retired Judge of the County Court, in ordering a renewal of his subscription to the MARITIME FARMER, writes, under date of Saturday last: "I have great pleasure in forwarding the amount of my subscription, and am much pleased and instructed by your paper, and wish it God speed."

The marriage of Hon. M. Adams, Surveyor General, and Miss Agnes Nealis, of this city, is recorded in the proper column. The ceremony was performed at 5.30 A. M., to-day in St. Dunstan's Church, Rev. J. C. McDevitt officiating, Miss Maria Nealis, sister of the bride, and Mr. Thomas Lucy, were bridesmaid and groomsman, and the bride and her maid were attired in handsome travelling suits of bronze green. After breakfast at the bride's residence, King Street, the happy couple left in the morning train for St. John *en route* to their home at Newcastle, followed by the good wishes of their friends.

Harry Beckwith, Esq., Commissioner for the N. B. & N. S. Land Company, at his office York Street, has some splendid specimens of agricultural produce from Stanley, including potatoes, oats, and wheat, which he is to send to members of his Company in England, to show what a splendid heritage they possess here. The potatoes are of three varieties; the Black Christies, Snowflake, and Early Rose, and all are of immense size. One selected from the last named, girts 20 in. x 12 in. The oats are white, and weigh 54 lbs. to the bushel, and the wheat weighs 74 lbs. The potatoes and oats were raised by Councillor Wm. Currie, who exhibited at the recent Stanley Fair, 50 Early Rose potatoes that weighed 86 lbs. The wheat was raised by Mr. Wm. Pringle, and took first prize at the Fair.

Remember $1 will secure the MARITIME FARMER for one year, and also a copy of Dr. Kendall's celebrated book on the "Horse and his Diseases."

Mr. John A. Kirk, M. P. for Guysborough, N. S., is not too proud to sit in the Municipal Council of his County. He was elected by acclamation the other day to represent his own parish.

"KIND WORDS can never die," and there are none but kind words spoken regarding Hagyard's Yellow Oil, that old reliable remedy for external and internal use. It cures rheumatism, deafness, croup, sore throat, and all soreness and wounds of the flesh.

In the parish of Preston, Halifax Co., last week, Croud, a colored candidate was elected to the Municipal Council, defeating his white opponent by six votes. The *Recorder* says this is the first colored candidate elected to office in that County, and that Croud is a very respectable man, and will bring intelligence to the Council.

MRS. J. G. ROBERTSON, of Toronto, was cured of general debility, loss of appetite, etc. She says "that life was burdensome until she used Burdock Blood Bitters." She also states that "she feels better than for years, and cannot praise Burdock Blood Bitters too much." The best medicine known for all diseases of blood, liver and kidneys.

Mr. Parpetus Boileau, Ottawa, says: "I was radically cured of piles, from which I had been suffering for over two months, by the use of Thomas' Eclectric Oil. I used it both internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have had no trouble since. I believe it saved my life."

Mr. George Tolen, Druggist, Gravenhurst, Ont., writes: "My customers who have used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure say that it has done me more good than anything they have ever used." It has indeed a wonderful influence in purifying the blood and curing diseases of the Digestive Organs, the Liver, Kidneys, and all disorders of the system.

PREMONITIONS OF APPROACHING DANGER in the shape of digestive weakness, lassitude, inactivity of the kidneys, pains in the region of the liver and shoulder blades, mental depression coupled with headache, furred tongue, vertigo, should not be disregarded. Use Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and avert the peril to health. It removes all impurities and gives tone to the whole system.

At a special meeting of the Fredericton Royal Arch Chapter F. & A. M., Thursday night, the following officers were installed for the current year by M. E. Comp, P. P. Z., A. F. Street, R. M. Pinder, P. Z.; Geo. H. Sewell, P. J.; Nelson Campbell, P. H.; Geo. C. Hunt, Treas.; A. F. Street, Scribe E.; John A. Morrison, Jr., 1st Sojourner; Arthur Limerick, 2nd Sojourner; Alexander Burchill, 3rd Sojourner; Harry Beckwith, O. of W.; John Lawson, Janitor.

People living on the eastern side of the river who think the new bridge built by John Frost, not quite strong enough yet to venture on, can find all the accommodation they need in the Dry Goods line at F. B. Edgecombe's Branch Store, St. Mary's Ferry, where a large stock has been placed and marked at very low prices, but if they prefer to cross over to town, they will receive every attention at head-quarters, the "Albion House," only a few steps from City Hall and Market, where an extensive assortment of goods awaits their choice.

Capt. Cropley's military services are warmly commended by Mr. Cropley, editor and proprietor of the *Capital*, the last issue of which says:—

"This recognition of his long and faithful military services, on the part of the Government, the Major-General commanding the Militia, and the Deputy Adjutant-General commanding this District, is fully appreciated (under the circumstances) by Captain Cropley, who will in the future, as in the past, endeavor to do his duty, and to elevate the standing of the force to the best of his ability."

At a special meeting of St. Andrews Society held at the "Barker House' last Thursday evening, the following gentlemen were elected office bearers for the current year:—

Geo. F. Gregory, President; Jas. R. Howie, Alex. Mitchell, Vice President; Hon. J. J. Fraser, Treasurer; Thos. Nesbitt, Secretary; Wm. Crockett, Chaplain; Robt. Thorburn, Marshall; Daniel Hossack, Piper.

The society decided to celebrate St. Andrews Day next Friday, by dining at the "Barker" in the evening, and also passed a resolution establishing a $1,000 bursary for the assistance of deserving students of Scotch descent to be governed by conditions to be prepared by a committee consisting of Hon. John J. Fraser, Chairman, Wm. Crockett, Geo. F. Gregory, Dr. Jach and Alexander Mitchell.

The City of Glasgow Bank failed four years ago and liquidation has just been accomplished. Every penny of the bank's vast debt has been paid and the remaining assets havs been handed over to a company for the benefit of the still solvent shareholders. The liquidators paid off $55,000,000, of which nearly half came out of the pockets of the shareholders.

The Jury in the Coroner's Inquest on the bodies of the victims of the Halifax Poors' Asylum disaster, attributes the fire to accident, censures the Commissioners and Superintendent and recommends the appointment of a Special Commission by the Provincial Government to enquire into the general management and efficency of our Public Charities.

A recent visitor to Winnipeg, on the Red river, discovered the ruins of the fort which belonged to a colony founded in 1811 by Lord Selkirk a Scotch philanthropist. He came over with eighty families, but disheartened by adverses in 1825 he returned to Scotland, some of the people accompanying him, and the rest scattering throughout Canada.

Remember $1 will secure the MARITIME FARMER for one year, and also a copy of Dr. Kendall's celebrated book on the "Horse and his Diseases."

CATARRH OF THE BLADDER.

STINGING irritation, inflammation, all Kidney and Urinary Complaints, cured by "Buchupaiba." $1.

BULL FOR SALE.

THE KINGSCLEAR AGRICULTURAL SOCIETY will sell at Auction on Saturday next, December 2nd, at 2 o'clock p. m., on the farm of John Camber, Esq., next above Spring Hill, the young HEREFORD BULL purchased at the Government Sale on the Stock Farm.

This Bull is from the Cow "Violet 12th," bred by Hugh Aylmor, West Dereham Abbey, England, one of the most celebrated breeders of Hereford cattle, which was imported by the Government last year. The sire and dam are registered in England, and warranted pure bred.

The Hereford cattle are in great demand at present, both in Canada and the States, having proved to be one of the best breeds for crossing with the cattle of the country, producing good milkers and the most thrifty feeders for beef.

The purchaser will require to give a bond to keep the Bull in either the Parish of Kingsclear or Bright for three years from the 18th October last, and that members of the Society can have his services for their cows on paying a fee of not more than 50 cents each.

TAPLEY'S REMEDY

—FOR—

Nervous Headache, Neuralgia, AND SCIATICA.

THIS MEDICINE, which is a Vegetable Compound, acts directly upon the Nervous System, and is unequalled by any other medicine now before the public for the cure of Neuralgia, Nervous Headache and Sciatica.

During the last two years it has been extensively used in various sections of the country with such satisfactory results that the proprietor has been urged to put it before the public as a great alleviator of Nervous Diseases. It is no Quack Medicine, being prepared from the prescription of a Surgeon in the British Army, and the proprietor relies on his own standing in the community as a guarantee of his honesty of purpose in placing it before the public. Wherever it has been used according to directions, it has never failed to produce the most satisfactory results. In ordinary cases three or four doses will remove all pain, and a few additional doses will remove the cause of the pain. Many persons of undoubted veracity, who have used this medicine, have frequently offered testimonials as to its efficacy in the above complaints. In offering it to the public, we do so with the utmost confidence in its medicinal merits for the cure of the troubles named. Full directions accompany each bottle. For sale at the following places:

A. C. Smith and Parker & Nevers, St. John,
G. H. Davis and J. M. Wiley's, Fredericton.
H. R. Baird and Garden Bros., Woodstock.
Dr. H. McLean, Indiantown.

THE EMPIRE HORSE

—AND—

CATTLE FOOD.

THIS CATTLE FOOD is manufactured from the same ingredients and mixed in the same proportion (from the original receipe) as the celebrated

THORLEY'S CATTLE FOOD,

It does not contain Antimony or any ingredient of an injurious character to man or beast. With Horses it coaxes the appetite, imparts bright eyes and a skin like velvet. With Cows it increases the quantity of milk and butter. Will fatten Sheep and Lambs. Will prevent hollow horn in cows. Will check heaves and epizootic in Horses, scour in Calves and Pigs. Gapes and croup in Fowls. For Poultry it is invaluable. It is almost impossible for any animal fed regularly with this Food to be attacked with any of the diseases prevalent among them.

For sale wholesale (in 100 lb. bags) or retail, with full directions for use by

JARDINE & CO.,
Agents, St. John, N. B.

Oct. 18—2m.

NOTICE.

THE undersigned have commenced the manufacture of STOVES of all descriptions, and are prepared to supply parties wishing anything in that line, either wholesale or retail, at the lowest possible prices.

Furnaces and Castings of all descriptions promptly attended to.

Repairing done with neatness and despatch.

☞ We wish also to state that we manufacture the best COOK STOVES now made in the Maritime Provinces from No. 1 Clyde Iron, which we sell at prices which defy competition.

Purchasers will give us a call and be convinced of this fact.

EBEN MILLER & CO.

BUILDERS OF

FINE CARRIAGES,

King Street, - - Fredericton, N. B.

Concord Wagons,	Piano Box Wagons,	Iver's Wagons,
Miller Spar Wagons,	White Chapel Wagons,	Top Phætons,
Brewster Wagons,	Croning Wagons,	Open Phætons.

See Manufacturers of Miller's Patent Shifting Rail.

These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880

Particular attention given to orders. Repairing done in the best manner, and at the shortest notice

Price List.—BUGGY TOPS, $32 to $50; CANOPY, $15 to $25

Patented in Canada, March 31st, 1877, and in the United States, Dec. 10th, 1878

☞ ALL WORK WARRANTED. ☜
