Town and Country.

City Council meeting Tuesday evening.

Sheriff Temple, is on a trip to the States.

The city horses are out again and able to go to work.

No more appeals after this from the decisions of the Police Magistrate on the Scott Act.

Ald Burchill, Chairman of the Road Committee has men to work opening up the sewers.

Mr. E. F. Couch, whose connection with the Dorchester Copper Mines is well known is dead.

Rev. D. D. Currie, of St. John is to lecture in the Methodist Church at Marysville, this evening.

A young lad named John Case was sent to jail for two months for robbing Mr. Jacob Barker's hen roost.

Mr. Minard Staples, son of Major Staples, St. Mary's left here Monday, to try his fortune in Winnipeg.

Mr. F. Robideux, Editor of *Le Moniteur Acadien* and Mr. R. E. Armstrong of the *Globe* are in town.

Rowell is leading in the six days go-as-you-please match, which commenced last Monday, at New York.

A parlor concert will take place at the residence of Mrs. Stephen Glasier, Lincoln, on Tuesday evening next.

Mr. Livingston, Editor of the *Sun* was at the "Barker House" Tuesday evening. He returned to St. John yesterday.

The Scott Act election in St, John, cost the Dominion Government under whose authority it is held, the sum of $450.

A subscriber wishes to know if White Russian Seed Wheat can be procured in the Province. Will some of our farmers answer?

We are glad to learn from Dr. Brown that Mr. Thomas Armstrong, who has been very ill from the bite of a dog, is likely to recover.

Mr. E. H. Wilmot, will retain his position as Registrar of the University, till the Senate appoints his successor at their meeting in June.

Members of the I. O. G. T. Dramatic Club gave an entertainment in their rooms Fishers Building, Monday Evening to a large audience.

The Moulding Shop in connection with the foundry of Mr. Gillespie, M. P. P. Chatham, was slightly injured by fire Monday night.

A Bill is to be presented to the Legislature, at its present session, for the closing up of the old Burial Ground after a certain date.

The ladies of the Methodist Church intend holding a Sociable this evening in the lecture room of the Methodist Church. All are invited.

Mr. Geo. Hatt reached his destination, San Francisco, on the 20th ult. He had, we are pleased to learn, entirely recovered from his recent illness.

Policeman Christie and Boone have sent in their resignations to the Police Magistrate, the former's to take effect May 1st, and the latter's ten days from date.

The Ontario Judges have decided that it is unlawful for a barber to pursue his vocation on Sunday. Why should barbers be allowed or compelled to work on Sunday any more than other tradesmen?

Mr. W. Vanwart yesterday received a telegram from his brother, Mr. J. A. Vanwart, who with Mr. James Dever is in Winnipeg, announcing that the hotel at which they are stopping, the "Knappen House," was destroyed by fire, and what effects they had, perished with it.

We regret to hear of the death at the General Public Hospital, St. John, of William Duncan, aged nineteen years, son of the late Andrew B. Duncan, of this city, which occurred on Monday, after a brief illness from consumption. The deceased had been working in St. John for some time at his trade, that of a plumber. His remains were brought home Monday evening, and interred Tuesday.

The Divorce Court, Mr. Justice Wetmore presiding, sat on Tuesday in the new Supreme Court rooms. The case of Robt. O'Shaughnessy *vs.* Anna J. O'Shaughnessy, St. John, was called, and the Plaintiff and another witness were examined on behalf of the prosecution, when the matter was adjourned till Wednesday. The grounds on which the divorce is sought are those of adultery on the part of Defendant. J. G. Forbes appears for the Plaintiff, and Geo. A. Davis for Defendant.

G. Thickens, Esq., has removed his business from St. George to St. Stephen, where he and his family have recently taken up their abode, and has formed a partnership with Mr. Hatfield. Miss Thickens, who has presided over the organ in the Catholic church in St. George for four years, and has been most faithful and attentive to her voluntary duties, was presented by the congregation with a well deserved and handsome testimonial, prior to her departure for her present place of abode.

The Free Baptist Church here was reopened to public service. last Sabbath, after having undergone important changes and repairs which have already been described in our columns. The pastor, Rev. Jos. McLeod, preached at the morning service, from the text "And he thanked God and took courage," Acts XXVIII, 15. An historical sketch of the church and congregation was incorporated in the Rev. gentlemans discourse. In the evening, Rev. Mr. MacDonald, officiated, preaching from Luke II, 27th. "He came by the spirit into the temple." Large and interested congregations attended both services.

Mr. Justice Hugh MacDonald of the Nova Scotia Supreme Court Bench, has resigned, and among his probable successors are named Attorney General Thompson, Recorder Ritchie of Halifax, and M. H. Richey, M P for the same constituency. Judge MacDonald is yet in the strength of manhood, and the cause of his resignation is not stated. He is a gentleman of splendid educational attainments, possesses a fine presence, and made a good judge. He represented the County of Antigonish in the Commons from the Confederation of the Provinces, until his appointment to the Bench a few years afterwards. He was a staunch anti-confederate, but followed Howe and McLellan when they accepted at the hands of the Dominion Government the better terms arrangement. The gentlemen named as aspirants to his late position are prominent members of the Bar of Nova Scotia, and would adorn the judiciary of their native Province.

We direct the attention of our readers to the illustrated advertisement of C. W. Williams Manufacturing Co's. Sewing Machines, in another column. This company is Canadian, and its President, Sir Hugh Allan, has made Canadian enterprise known and respected throughout the world. Within the last ten years its manufacturing facilities have been greatly enlarged; and its family and manufacturing machines are in use by tens of thousands throughout the Dominion, and in great numbers in foreign countries. Last year the Williams' Machines carried off first class medals and diplomas at the exhibitions in Toronto, Montreal, Kingston and Halifax; these machines, in short, are unsurpassed in all points, and in the opinion of many the best in the world. Agencies in all the cities and principal towns in the Maritime Provinces have been established for their sale. When an article is of very superior merit it should be an additional recommendation in its favor that it is of native manufacture. If you want a machine purchase a Williams'.

The Annual Missionary services in connection with the Methodist Church, were held on Sunday last. The Missionary Sermon was preached in the forenoon by Rev. Mr. Brewer of Marysville, from the text, "For I will turn to the people a pure language that they may call upon the house of the Lord to serve him with one consent," Zep. 111, 9. In the evening there was a large attendance of the congregation, and many strangers. Jos. L. Black, Esq., M. P. P. Sackville presided. The opening address was delivered by Rev. Mr. Wadman followed by Rev. Mr, Evans who read the report of the Missionary Society for the past year. He stated the income of the Society for 1881 had been $135,009 or $8,000 in excess of last year. Of this amount New Brunswick and P. E. Island contributed $5,362, divided as follows: St. John district, $975; Miramichi, $305; Sackville, $787; St. Stephen, $334; Prince Edward Island, $2,076; Fredericton district, $885. Of the last, Fredericton city gave $136.91 and Marysville $275 In the Fredericton district, which is included in the valley of the St. John, from Sheffield and Gagetown to the boundary line, $2,514 had been expended by the Society in payment of missionaries salaries, or $1,625 in excess of what was collected.

Rev. Mr. Shenton of Sackville, spoke at some length and with much fervour. A collection in aid of the Society's funds was taken up at the close of the meeting.

NEW ST. PAUL'S.

A $15,000 Stone Church decided on.

A second congregational meeting wes held in St. Paul's Presbyterian Church, last night, Mr. J. L. Inches, in the chair, when the erection of the proposed new church was fully decided on. Mr. Inches as Chairman of the Building Committee, appointed at the former meeting, submitted a lengthy report by which it appeared that nearly $13,000 have already been subscribed towards the work. The recommendations of the committee were embodied in resolutions, subsequently moved by Mr. L. W. Johnston, and seconded by Dr. J A. McAllister, and carried without a desenting voice, and which summarized are as follows:—

Hon. J. J. Fraser, Hon. Senator Wark, Messrs. J. L. Inches, Alexander Calder, John Edwards, James S. Neill, Dr. J. A. McAllister, Edward Jack and Walter McFarlane, with the Board of Trustees in power from year to year, constitute the Building Committee.

The above committee are authorized to proceed at once with the work of building a new Church of stone, capable of seating 800 persons, exclusive of the choir, with such interior design, that additional accommodation for 200 persons may be had at any time without exterior enlargement, the Church to cost a sum not exceeding $15,000, unless plans for a more expensive building are hereafter authorized by the congregation. The said committee are instructed to remove the present church to the rear of the lot upon which it stands, facing York Street, to be used for congregational purposes during the erection of the new Church, and afterwards to be utilized as the congregation may decide upon.

Mr. L. W. Johnston's name was subsequently added to the Building Committee on motion of Mr. Geo. F. Gregory, seconded by Mr. Wm. Crockett.

The Building Committee are requested to meet with the Board of Trustees in the Sunday School room to-morrow evening for organization, to appoint sub-committees and select an architect to draw plans for the new church.

By the above proceedings it will be observed that our Presbyterian friends are thoroughly in earnest, and intend having a new church worthy in every way, their standing and liberality in the city.

There was another large temperance meeting in the City Hall Tuesday night, Mr. Justice Steadman presiding. Quite a number of gentlemen, including G. W. White, M. P. P. for Carleton, Revs. Messrs. McLeod, Evans, and Beckwith, occupied seats on the platform. A resolution urging the city authorities to greater activity in enforcing the C. T. Act, and to secure legislation to authorize a stronger Police force, was moved by Mr. C. H. Lugrin and seconded by Mr. Geo. J. Bliss, and another urging the cooperation of every citizen in upholding the law, was moved by Rev. Jos. McLeod, seconded by Auditor-General Beek. Music was furnished by a choir of ladies and gentlemen from the city churches.

LEGISLATIVE OBSERVATIONS.

The News and Gossip of both Branches.

The House will go into Supply, and the Hon. Provincial Secretary will deliver his budget speech Monday afternoon.

The press reporters found such difficulty in hearing the proceedings of the Assembly from the gallery set apart for them that positions have been assigned them on the floor of the House.

Mr. Colter has introduced a Bill respecting elections to the General Assembly in York County, which provides that the Sheriff shall appoint as presiding officers and poll clerks, only residents of the district in which they are to act.

In reply to Mr. Gillespie, Tuesday, the Hon. Provincial Secretary said it is not the intention of the Government to make any change in the educational management reducing its cost, or any change in the Board of Education.

Mr. Johnson's resolution, seeking an additional representative in the Assembly for Carleton, Kent, and Gloucester was lost on Tuesday, and an amendment by Mr. Elder, bringing the whole subject of representation under the consideration of the Executive was carried.

In reply to Mr. Elder, the Government announce that a Provincial Exhibition will be held at St. John, in the autumn of 1883. Correspondence is in progress with the Dominion Government with reference to the latter cooperating and making the exhibition a Dominion one.

Mr. Sayre's Bill to transfer the power of trying contested elections to Municipal Councils, from the Councils themselves to the Clerk of the Peace, was exhaustively discussed in the Assembly on Saturday. There was much objection to the Bill on the ground that the machinery of the plan proposed, would be costly to the parties interested and would entail much more delay than is experienced under the law as it now stands.

The following is a statement of Municipal indebtedness of York County for 1881, as furnished for the information of the Legislature, under provision of Act of Assembly 44 Vic., Chap. XX:—

"The only debenture indebtedness is on account of the Fredericton railway, in all $21,800; $8,000 of this matures in February 1884; $6,000 in December 1884; $1,400 on August 1st, 1882; $1,200 on August 1st, 1883; $1,200 on August 1st, 1884; $2,800 on February 1st, 1886; and $1,290 on February 1st, 1887. The assessed value on real and personal estate is $3,888,691.

The various York County Bills proposed by the Municipal Council have been introduced in the Assembly by the Hon. Attorney General and Mr. Colter.

Yesterday, the Hon. Provincial Secretary laid on the table of the House, the estimated expenditure for the current year, as follows:

Administration of Justice, ..	$560 00
Agriculture, including importation of Stock Account, Halifax Exhibition and Stock Farm, ...	8,988 50
Blind Asylum, Halifax, ...	720 00
Contingencies, ...	10,000 00
Deaf & Dumb Asylum, Halifax,	1,500 00
Education, School Houses, Poor Districts, re-vote.	2,067 50
Judges' Chambers, St. John, ..	300 00
Legislative, ...	4,600 00
Public Hospital, St. John, ..	1,500 00
Public Printing, ...	8,000 00
Great Roads and Bridges, ...	95,000 00
Bye Roads, ...	70,000 00
Steam Navigation, ...	7,700 00
Public Buildings, ...	4,000 00
New wing, Lunatic Asylum, ..	16,000 00
Over-expenditure, 31st Oct. '81,	2,856 57
Rifle Association, ...	300 00
Surveys, Railway Inspection, Crown Lands, Reports, etc.,	2,000 00
Unforseen expenses, ...	2,000 00
Total estimated expenditure,	$238,092 57

Mr. Lynott's Bill to establish liens in certain cases so vigorously but unsuccessfully pressed by that Hon. gentleman since he has occupied a seat in the Assembly, has again been introduced, and Mr. Lynott proposes to push it with increased energy this session, intending, if possible, to have a place for it on the statute book. The bill may summarized as follows: 1st, lien for labor on vessels; 2nd, for labor on stone quarries, &c.; 3rd, for labor on lumber, logs, &c.; 4th, for labor in mines, coal. metals, &c.; 5th, to inn keepers, hotel keepers, boarding house keepers, a lien upon luggage. The liens are limited to sums not exceeding $40, and not less than $5. Liens attach only for 30 days after delivery at place of sale or manufacture, except in case of lumber, which is fixed at 60 days after arrival at place of destination in case of logs, and at a place of sale or shipment in the case of manufactured lumber. Liens can be enforced before Parish Court Commissioners, Police Magistrate's Court in St. John, and other small courts in Fredericton, &c. Parties seeking to enforce a lien must make oath to the amount of claim justly due, and that the object is not to harrass or annoy, &c. Property attached under lien can be released on deposit of amount claimed and costs, to be held pending the issue, and then paid to the successful party, or it can be dissolved on payment of claim—the successful party to have costs. The bill as far as it goes, your reporter is informed, is the same in principle as a law existing for many years in Maine, except that the Maine law does not limit the amount of lien, while it gives in some instances a lien for materials and real estate. The latter clause, would, it is thought by many, work better, as a separate bill, as the procedure is entirely deficient. The balance of the bill contains simple machinery for its enforcement, with guards against certain contingencies. The bill differs from previous ones introduced by Mr. Lynott, only in having certain liens eliminated in regard to real estate, materials, etc.

Mr. Blair has made a serious charge against the Government, which will be heard before a committee of the House composed of Messrs. Blair, Willis, Davidson, Lynott, and Beveridge. These charges as stated by Mr. Blair himself are as follows:—

He charged the Government that for years past the fees which should be voted out by the Legislature had not been submitted in the public accounts but had gone out in other ways in the payment of claims which the Legislature would not ratify. He would not insinuate, but for all the House knew the money might have gone into the pockets of the Government itself. He read the statute relating to the office of Clerk of the Pleas to show thet the Legislature had made precaution for paying its officers by warrant from the treasury and explicitly providing that the Clerk shall quarterly render to the Receiver General a true and detailed statement of all fees received by him. The Act further provided that the Clerk shall furnish the Legislature, through the Receiver General, a return of the accounts filed with the Receiver General. He dwelt on the reasons that led the Legislature to make these provisions and went on to charge the Government with a grave dereliction of duty in failing to furnish the House with these accounts. He read from the public accounts estimates of the amounts received, which he pronounced absolutely untrue; following up this statement by charging the Government with wilfully falsifying the public records. He recited the terms of the first address of the present Provincial Secretary respecting the purity of the coming regime, and again reiterated his charge that the disposition of money collected in the office of Clerk of the Pleas was for purposes the Government dared not ask the House to ratify. He read the following returns of receipts from the public accounts: In 1880 the figures were $600; 1879, $800; 1878, $1,000; in 1877, $1,200; 1876, $1,800; 1875, $1,800; 1874, $2,100.

In replying to Mr. Blair the Hon. Provincial Secretary said that hon. gentlemen who had watched the course of the Leader of the Opposition knew that at the time he gesticulated the wildest he was making his weakest efforts. Every dollar had been properly accounted for, and the Government courted the freest inquiry. The remark that the fees had dwindled down and that the office would soon be in debt was unworthy of even the hon. leader of the Opposition. It would be found that when the investigation of his hon. friend ended that his proclamation would be found to be another of those blunders which had distinguished the hon. gentleman and his unfortunate party. When the impartial history of the House was written his hon. friend would be found to be the greatest failure of all.

The question of Provincial claims against the Dominion Government, on account of Eastern Extension has been long before the people, but seems now in a fair way for final settlement. On Tuesday, in the Assembly, there was an extended debate on the matter brought on by Dr. Vail's enquiry for papers on the subject. The remarks made by Mr. Blair and the Attorney General throw much light on the question, and are here produced.

Mr Blair said it was quite time that this matter was brought to the attention of the House. It is a fact that, though this information was called for last session, and promised by the Government. it was not forthcoming. It was only proper that the Government should now explain why this was not done. Much mistiness surrounded these claims. Notwithstanding all the assurances of the Government that the Dominion Government would pay these claims, it was a fact that the claims had not been met. It appeared to him that there were reasons at the bottom, not yet given. why the Dominion Government declined to pay them. He wanted something more than the correspondence between the two Governments. The claims had grown out of the contract made with the International Contract Co. to build the line. A doubt rested on his mind as to whether or not the road, when completed, would be the property of the Government. If it were not the property of the Government we would have no claims now. It has been said that the Province had accepted a certain sum in full for all claims against the Dominion, but whether this were so or not, the question had been raised that if anything were due from the Dominion Government on account of the Eastern Extension claim, it should go, not to the Province, but to the gentlemen who built the road, that is, to the International Contract Co. It was time to know whether or not we had any claim on the Dominion, and he asked the Government for such informatien as would settle the doubts.

The Attorney General in reply stated that the claim was for the building of 37 miles of railway from the Nova Scotia boundary to Painsec Junction. In 1869 a delegation from this Province took up the matter; negotiations were had, and arrangements made with the contractors for a settlement in full, and the road would be part and parcel of the Inter-Colonial, the Government of New Brunswick to be reimbursed therefor. Then the Government of New Brunswick had no option in the matter, but were compelled to take what was offered under protest, they always holding that they were entitled to $150,000 more. He was not aware, and the Government were not aware, of any claim to the balance having been set up by the original contractors. The hon. gentlemen went at some length into a history of the proceedings, to show that a revaluation had been decided on, and that in 1879 or 1880, the Dominion Government did send down a gentleman to investigate the claim. He looked into the matter fully, and made a report to his Government, which is at present under the consideration of the Dominion Government. It was because of this state of affairs that no allusion was made to it in the Speech. The Government hoped to be able to lay further information as to this report before the House at an early day.

A Cure for Small-Pox.

A Paris physician, in a recent letter to the Boston *Herald* says:

"I herewith append a receipt which has been used to my knowledge in hundreds of cases. It will prevent or cure the small-pox though the pittings are filling. When Jenner discovered cow-pox in England, the world of science hurled an avalanche of fame upon his head, but when the most scientific school of medicine in the world—that of Paris—published this receipt as a panacea for small-pox it passed unheeded. It is harmless when taken by a well person. It will also cure scarlet fever. Here is the receipt as I have used it, and cured my children of scarlet fever. Here it is as I have used it to cure the small-pox, when learned physicians in both instances said the patient must die, and it cured:

Sulphate of zinc, ... one grain.
Foxglove (digitalis,) .. .. .. one grain.
Half a teaspoonful of sugar.
Mix with two tablespoonfuls of water.
When thoroughly mixed add four ounces of water.
Take a teaspoonful every hour.
Smaller dose for a child, according to age.
Either disease will disappear in twelve hours."

BOSTON, Jan. 3, 1879.

F. W. KINSMAN, ESQ.—Dear Sir: *Adamson's Botanic Cough Balsam* seems to give universal satisfaction, both as to quality and price. We sell more of it than of all other Cough Medicines put together, and have yet to hear of the first intimation in which it has failed to give satisfaction.

Yours truly.
BRTST BROS. & BIRD.

ISAAC R. DORAN, M. D., of Logan Co., Ohio, says: ALLEN'S LUNG BALSAM not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it, and knowing that it possesses valuable medical properties I freely use it in my daily practice and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known.

Messrs. Parker and Laird, of Hillsdale write:—"Our Mr. Laird having occasion to visit Scotiand, and knowing the excellent qualities of *Dr. Thomas' Eclectric Oil*, concluded to take some with him, and the result has been very astonishing We may say that in several instances it has effected cures when ailments had been pronounced incurable by iminent practitioners,"

AFTER AN ATTACK OF FEVER, MEASLES Diphtheria, or any wasting disease, HANINGTON'S QUININE WINE AND IRON is the best medicine to take. It gives lasting strength.

☞ NO LADY WHO DELIGHTS IN FLOWERS, and likes to see them do well and bloom abundantly, should be without Hanington's Food for Flowers. Ordinary packages 30c.,—sufficient for 20 plants for one year.

☞ A SIMPLE CURE FOR INDIGESTION. The worst cases of indigestion can be permanently cured by taking Hanington's Sugar Coated Dinner Pills according to directions. They seldom fail.

Just think of it—you can relieve the twinges of rheumatism, or the most painful attack of neuralgia—you can cheek a cough, and heal bruised or broken skin, with a bottle of *Dr. Thomas' Eclectric Oil*, costing only 25 cts.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A Cough, Cold or Sore Throat

should be stopped. Neglect frequently results in an INCURABLE LUNG DISEASE OR CONSUMPTION. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but ACT DIRECTLY ON THE INFLAMED PARTS, allaying irritation, give relief in ASTHMA, BRONCHITIS, COUGHS CATARRH, and the THROAT TROUBLES which SINGERS AND PUBLIC SPEAKERS are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c a box everywhere.

WHAT THE CONSUMPTIVE NEEDS is a medicine which not only relieves irritation of the lungs, but makes up those losses of strength always entailed by lung disease. Recovery can never be hoped for so long as the vital current remains watery and impoverished, the nervous system weak and unquiet. It is the unison of invigorating elements with a pulmonic of acknowledged potency that gives Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda such a decided preminence over the generality of preparations designed to overcome lung, throat and bronchial affections. The hypophosphites furnish the system with the most important constituents of blood, muscle and nervous tissue, and the highly prepared oil derived from the cod's liver acts as a subjugator of throat and lung irritation. Sold by all druggists. Prepared only by NORTHROP & LYMAN, Toronto.

ENCOURAGING TO DYSPEPTICS.

CHARLOTTETOWN, P. E. I., Nov. 11, 1878.
Mr. James H. Robinson, St. John, N. B.

Dear Sir,—By, I may say, almost an accident, early this spring, being *confined to my room for nearly three months*, and during this time I was under the combined care of *three* of the *most emment* physicians of *Charlottetown*, and by them and my friends given up as *beyond all power* to help me. Dr. Baxter, of Monction, having occasion to call upon me on business, very naturally observed my state of health, and after fully describing my trouble, which by the doctors attending me was pronounced Dyspepsia or Indigestion, in fact I was so bad I could only eat brown bread, and that after being made at least three days, while tea, coffee or milk I dare not touch, and a slice of dry toast would invariably give me the utmost distress. Dr. Baxter recommended "Robinson's Phosphorized Emulsion," and I feel that I owe the public a debt which can only be paid by saying to all similarly afflicted, "Go thou and do likewise;" try "Robinson's Phosphorized Emulson." To-day I am hearty and strong, and can, without fear, indulge in all the luxuries of a first-class hotel.

Yours, etc.,
(Signed) J. MCKECHINIE.

For sale by Druggists and General Dealers. Price $1.00 per bottle; six for $5.00.

Marriages.

ASSESSORS' NOTICE!

PUBLIC Notice is hereby given that the undersigned has been duly sworn into Office as **Principal Assessor of Rates and Taxes** in the City of Fredericton this day. Any person liable to be Assessed in the said city, may, within THIRTY DAYS after the publication of this notice, give to me, the said Principal Assessor, a statement in writing, under oath before the Mayor, City Clerk, or the undersigned, of his or her property and income, according to the form provided in "An Act to consolidate and amend the Law relating to the levying, assessing, and collecting of Rates and Taxes in the City of Fredericton." Forms can be had from the Mayor, City Clerk, or the undersigned

Any person neglecting to make a statement to the Mayor, City Clerk, or the undersigned, according to the above advertisement, previous to the Assessment Roll being made out, if dissatisfied with their Assessment, will be required to appeal to the Assessors by petition, in strict accordance to the instructions on the back of their Tax Notices.

Dated this 23rd day of February, 1882
JAMES FARRELL,
Principal Assessor.
