The Opening of the Legislature.

Projected Grand Military Display.

To the Editor of the Maritime Farmer:

SIR.—I see by the *Capital* that Capt. Cropley is anxious that the whole volunteer force of Fredericton, and part of St. Mary's, shall form the Guard of Honor at the opening of the Legislature. Why not dispense with the whole business? It may do well enough to humor Capt. Cropley and his Deer Island Zouaves, but it costs money, and the country cannot afford to spend [illegible] revenues just to start Capt. Cropley's blood "coursing wildly through his veins," *a la* Wellington and Napoleon. It is understood that "Charley," his A. D. C., will turn out too! It is to be hoped that the men will be steady and soldier like, as "the eyes of the public will be on them," and that, if they have guns, they will be careful in their use, remembering the incident at the range, where the gallant Captain came near meeting a tragic end, and was forced to exclaim, "My G—, men, are you going to shoot your Captain," words which have since become historical. Men! remember they must work harmonious! *harmonious!!* HARMONIOUSLY!!! together. The Band of the Battalion, it is understood, are already practising music for the occasion, the *repertoire* including the ever popular "Kathleen Mavourneen," "Gentle Annie," and "Good Bye, Sweetheart, Good Bye."

Yours,

A 71STER.

Fredericton, Jan. 24, 1883.

Town and Country.

Mr. J. D. Hazen is shortly to deliver a lecture at Bear Island, Queensbury, and also at Lincoln.

The Ladies of the Church of England Sewing Circle, are to hold a Bazaar on the 6th of February.

Coun. White, Gibson, extended his usual hospitality to the Municipal Council during its session last week.

Mr. Alexander Thompson's condition is considered alarming by his friends. He had a relapse Sunday.

Lieut. Col. Macdonald, of Guelph, who was assistant Brigade Major at Camp Sussex in 1881, will command the Canadian artillery team at Shoeburyness this year.

The members of the Municipal Council, and a large number of other gentlemen were entertained at dinner by the Warden and Secy-Treas., Thursday evening.

It acts directly upon the stomach, liver and kidneys in a remarkable manner. ZOPESA is only appreciated by those who have tried it. Every bottle warranted to cure Dyspepsia.

Rev. A. J. Mowatt, pastor of St. Paul's Church, suffered from illness last Sunday, and at the evening service had to request Mr. L. W. Johnston, to assist him in the service.

The New Brunswick friends of Hon. C. P. Brown, Minister of Public Works, Manitoba, will be pleased to learn that he has been re-elected to Parliament without opposition.

Remember $1 will secure the MARITIME FARMER for one year, and also a copy of Dr. Kendall's celebrated book on the "Horse and his Diseases."

Alex. McLeod, a retired wholesale grocer and wine merchant of Halifax, N. S., died the other day worth half a million dollars. He was considered the wealthiest man in Nova Scotia.

Mr. C. W. C. Tabor, son of Capt. Tabor, Kingsclear, has been appointed to a position in the Finance Department, Ottawa, after having successfully passed the admittance and qualifying Civil Service examinations.

AHA!—Dentists who have tried "TEABERRY," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

Warden Colter and his brother James Colter, are operating in lumber this season on the Tobique, for Hon, A. F. Randolph. They employ 55 men and 22 horses and will get out 2,000,000.

AN OASIS in the desert is no brighter light to the wandering Arab than a bottle of DR. VAN BUREN'S KIDNEY CURE is to the unfortunate sufferer from Kidney Disease. It is a perfect, positive and permanent cure.

At the Free Baptist Social Friday night, over $300 were subscribed towards the fund to be donated to Rev. Joseph McLeod. We are glad to learn that at last accounts Mr. McLeod was recovering.

Geo. G. Corey, the President, Secretary, directors, etc., etc., of the North Star swindling Company, has been caught in the act of uttering counterfeit money at St. John, and committed for trial in the Supreme Court.

It is understood that Mr. Livingston of the *Sun* has resigned, that he is succeeded by Mr. Hannay of the *Telegraph*, and that Mr. C. H. Lugrin of this city has accepted Mr. Hannay's late position on the *Telegraph* staff.

Mr. Herbert Radcliffe, Commercial Editor of the Boston *Daily Advertiser* is in the city, and is the guest of his brother-in-law, John Black, Esq., Waterloo Row. Mr. Radcliffe is seeking recovery from an indifferent state of health.

Mr. G. R. Parkin, delivered his lecture on "Civilization as influenced by Geographical Conditions." in the Church of England Hall, Monday evening, to an intelligent and appreciative audience, illustrating it by the aid of wall maps.

The Curlers are making preparation for their Ball, which is to be held in the County Court Room on Tuesday evening Feb. 1st. Mr. A. F. Street is chairman, and Mr. J. D Hazen, Sec'y of the Committee in charge. It will be the grandest social event of the season.

The *Maple Leaf* has been enlarged to a twenty-eight column newspaper, and otherwise bears evidence of a gratifying improvement. From small beginnings Mr. Wood, the editor and proprietor, has achieved success and are glad to know his labor and enterprise is warmly appreciated in Albert.

The Fredericton Curlers were beaten at Chatham by two points, and they won at Newcastle by 14 points. Regarding the former match the Chatham *World* says:—"Skip Loggie, against whom Skip Wilson was pitted, is the best skip in the Fredericton club, and was chosen unanimously as one of the skips to be sent here. Skip Wilson's playing was brilliant from first to last, and his tactics Napoleonic. He beat the best Fredericton ship, and beat him badly."

Ten years ago all our fine manufactured tobacco came from the United States. But month after month and year after year the superior vuality of the "Myrtle Navy" brand has been driving the American article out of the Canadian market. The "Myrtle Navy" is now known in every village in the Dominion, and is as familiar to the smokers upon the Atlantic and Pacific coasts as to those of the city in which it is manufactured.

The annual meeting of the Provincial Farmer's League is to be held at the Barton, Sunbury County Court House, next week, opening at 2 P. M., Tuesday. We understand the leading gentlemen of Maugerville, Lincoln and Oromocto, including Sheriff Mitchell, C. B. Harrison, and R. D. Wilmot, Jr., are making the necessary arrangements for the reception of delegates, of whom there will probably be a large number. A dinner is to be given to the members of the League at the Public Hall, Oromocto on the close of the session. We have no doubt our friends in Sunbury will give their visiting fellow-agriculturists a warm and hospitable reception. The MARITIME FARMER as usual will be represented at the League.

Rev. C. O'Brien, D. D., was consecrated Archbishop of Halifax last Monday with, elaborate ceremony. St. Marys's Cathedral during the service was thronged with 2000 people, and many were denied admittance for want of room. After the consecration the laity of Halifax presented His Lordship with an address of welcome, accompanied by a purse of $1000, and they also added a handsome sum. The music at the consecration was made a special feature, and must have been grand. A report says:—

On no previous occasion at the Cathedral has so much attention been paid to the rendering of the music incidental to the service as at the Consecration. The full choir was present and besides the organ, which was admirably played by Miss Page, a portion of the band of the Princess of Wales Own Regiment accompanied the singers. The effect of the combined efforts of vocalists and instrumentalists was magnificent. While the celebrant was being vested for mass, Prof. Currie sang *Veni Sancti Spiritus* with flute obligato. The *Kyrie Flieson* and *Credo* of Havden's Second Mass were also sung in splendid style. As a Recessional, the "Silver Trumpets" (march) was played by the full band assisted by the organ, the effect being grand.

The Local Government is to meet to-morrow.

Mr. Levite Theriault, ex-M. P. P., has been re-elected Warden of Madawaska Co.

Pheeney, *vs.* Aiken, is still before the Circuit Court, the Chief Justice presiding.

Dr. Dow is steadily improving in health, and is able to walk about the house.

Hon. Robert Young is mentioned as an aspirant to the presidency of the Legislative Council.

Mr. Justice Steadman is presiding at the Queen's County Court, which opened at Gagetown yesterday.

Ayer's Hair Vigor prevents the hair from turning gray, and restores gray hair to its original color. Try it!

Wm. Peters, tanner, St. John, has suspended, liabilities $100,000. It is said he will compromise by paying 25 cts. on the dollar.

DYSPEPSIA OF LONG STANDING.—Don't allow prejudice to prevent a *trial* of ZOPESA for health—that argues want of judgment. A few doses will surprise you.

This evening, at Marysville, Mr. John Gibson, brother of Alex. Gibson, Esq., and Miss Clayton, are to be united in marriage. *A vostra salute.*

The Toronto *World* of yesterday says:—"We have good authority for stating that the British Government has decided to appoint Lord Garnet Wolseley, Governor General of Canada for next term."

Regina, the new capital of the N. W. Territories, which in August last had only half a dozen tents to accommodate the entire population, now has over 200 permanent buildings and a population of about 1,700.

Alds. Thomas and Cooper, entertained a large number of their friends to an oyster supper at "Kate's," last night, and there was the usual speech making and music. The Aldermen elect made excellent speeches, and almost every imaginable interest was toasted. Among the guests were Alds. Burchill, Macpherson and Scully. The evening passed very pleasantly indeed.

The Band will positively play at the Skating Rink this evening. The ice is in first class condition, and the managers have arranged every comfort for their patrons the circumstances permit. Mr. Fenety assures us that the disappointment, on account of the absence of the Band last Wednesday evening, was not the fault of the rink management. We are glad to know that the rink is being liberally patronized, on Band nights especially, a large crowd attending.

The city authorities have been served with a writ calling upon them to appear before His Honor the Chief Justice, for impeding Queen Street, as mentioned last week. Yesterday was the time fixed for hearing the parties, but the Mayor, City Clerk, and Ald. Wilson pointed out to His Honor the necessity of putting the matter before the newly elected City Council, before pleading to the indictment, and His Honor granted a postponement till to-morrow morning.

The Presbyterian congregation of St. Paul's Church met Monday evening and arranged preliminaries for their Bazaar and Tea, which is to be held in the Temperance Hall on Thursday, the 29th of March. Subcription and other Committees were appointed, and the meeting evinced a warm desire to assist the Building Committee in the erection of the new Church. We believe the Presbyterians of Fredericton have never before solicited assistance by means of Bazaars and the like, and they feel, no doubt, their maiden effort should be liberally patronized.

We presume the citizens are entirely in accord with the feeling that the Water Commission, Alds. Burchill, Wilson, and Macpherson, have done their work to the best of their judgment, as all three gentlemen have been returned to the City Council,—Ald. Burchill by acclaimation, Ald. Wilson at the head of the poll, and Ald. Macpherson only three votes behind the leading man in his Ward, while Ald. Hall who hampered in every way possible, the progress of the work has been "stood aside."

Our Premium.

Every farmer is interested in the welfare of his stock and should have on hand for ready reference a book describing the ailments his stock is subject to and the remedies therefor. In consideration of this fact we have procured for the benefit of our subscribers a large number of copies of "Kendall's Treatise on the Horse," one of which we propose to give to every subscriber who pays for his paper in advance. The book is one of great value as it is an index of diseases which give the symptoms, cause and the best treatment of each; it contains a table giving all the principal drugs used for the horse with the ordinary dose, effects, and antidote when a poison; also a table with an engraving of the horse's teeth at different ages of the horse; a valuable collection of recipes, and much more valuable information.

Remember we give this valuable work to all who pay their subscription in advance.

A Fashionable Wedding.

Last Thursday evening there was a festive gathering at the residence of Alex. Gibson, Esq., Marysville, a large number of connections being present to witness the marriage of Mr. Chas. H. Hatt of this city, and Miss Annie, second daughter of Mr. Gibson. The connubial knot was tied by Rev. E. Evans, assisted by Rev. W. W. Brewer, Miss M. Hatt, sister of the groom, and Miss Alice Gibson niece of the bride, acting bridesmaids, and Mr. Fred. S. Williams of St. John, groomsman. The ceremony was performed at 6 P. M., and immediately afterwards a sumptuous supper was served to the guests. The young couple were very warmly congratulated, and the bride was the recipient of a large humber of elegant presents, mostly in silver. The bride was attired in a beautiful dress of pink, brocaded satin with crimson and pink rosebuds, English point lace and orange blossoms, and wore a magnificent net bridal veil, and diamonds.

The pleasant company had scarcely concluded discussing the supper, when two fours in hand with the Fredericton Brass Band, and a large number of Mr. Hatt's friends from the city, drew up in front of Mr. Gibson's residence; the band proceeded to a serenade, and the party set off sky rockets, etc., which brought out the bride and groom, and their friends, and in a moment Mr. Gibson, who invited the whole party to lunch, which was accepted. More music by the band, and a couple of songs by Mr. A. Parker followed in the broad hall of Mr. Gibson's palatial residence, and for nearly two hours the party were hospitably entertained. It was rather an unexpected invasion and at a seeming inopportune time, but Mr. Gibson and his family were untiring in attention. Mr. Hatt presented his charming bride to a number of his friends, congratulations followed, and the party left for home at midnight, with cheers for the young couple and their entertainers. We have to add our best wishes for the future happiness of Mr. and Mrs. Hatt.

The Aldermanic Elections.

The Aldermanic Elections have come and gone, and there are but few changes in the Council. There were even fewer candidates than we anticipated, but the result is in one case particularly gratifying.

In Wellington Ward the candidates were Alderman Vandine, nominated by George O'Neill; Alderman Macpherson, by J. C. Risteen; and George H. Parker, by W. S. Hooper. The vote at the close of the poll stood:

Vandine,	58
Macpherson,	55
Parker,	43

St. Ann's Ward also had three candidates, Alderman Thomas, was nominated by John M. Wiley; William Cooper, by Geo. Todd; and John B. Gunter, by W. H. Vanwart. The two former were elected on the following vote:

Cooper,	127
Thomas,	107
Gunter,	100

Carleton Ward, did well in assigning Mr. M. S. Hall to his former oblivion. The candidates there were; Alderman Hall, nominated by Michael Colter; Ald. Farrell, by William Edgecombe; and Charles Scully, by Geo. H. Davis. The vote was:

Farrell,	130
Scully,	104
Hall,	99

'Twas the cordwood that did it in Carleton. Queen's did as we anticipated, returned its old representatives, Alds. Moore and Burchill, by acclamation.

In King's Ward Ald. Wilson was re-elected, and brought with him Mr. McKay. The nominations were, Ald. Wilson, by Jas. A. Rogers; William McKay, by E. L. Dunn; Michael Neville, by J. S. Withrow. The result was.

Wilson,	46
McKay,	44
Neville,	30

The elections were conducted quietly, and the vote polled was small.

Get Rich.

When Hops are $1.25 per lb. as now, an acre will yield $1,000 profit, and yet the best family Medicine on earth, Hop Bitters, contain the same quantity of Hops and are sold at the same prices fixed years ago, although Hops now are twenty times higher than then. Raise Hops, get rich in pocket; use Hop Bitters and get rich in health.

The local workmen at Tralee, Ireland, having refused to erect a scaffold there for the execution of the Castle Island murderers. Marwood, the hangman, has been obliged to take carpenters from Dublin with him to perform the work. On the arrival of the party at Limerick a disturbance occurred, and the police had great difficulty in protecting the executioner from the mob.

Mr. Gatling, inventor, of the famous gun which bears his name, has added a new method of supplying the cartridges to the weapon, and at a recent trial made at Boston 816 rounds were fired in 42 seconds. This improvement also enables it to deliver "high angle" fire at the rate of 1,200 shots per minute, the bullets falling with remarkable precision at all ranges from 200 to 3,500 yards. Ten bullets so discharged strike the ground in their descent with sufficient force to penetrate from two to three inches of pine board.

Thomas Robinson, Farnham Centre, P. Q., writes: "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief. I got a bottle of Dr. Thomas' Eclectric Oil, and found it gave instant relief, and since then have had no attack. I would recommend it to all."

Honest and Liberal.

When the hops in each bottle of Hop Bitters (at the present price, $1.25 per lb.) cost more than a bottle is sold for, besides the other costly medicines, and the quality and price are kept the same, we think it is honest and liberal in the proprietors, and no one should complain, or buy or use worthless stuff, or cheating bogus imitations because the price is less.

While Edison's promise that household electric lighting should be made at least as safe and effective as gas has been measurably fulfilled, the dangers that are being developed in the use of electric lights in the streets and public building are neither few nor light. Telegraph and telephone wires, along which only a feeble current runs, are not dangerous, except that, now and then, a man is killed by the snapping of a wire, or the reticulation of wires prevents the hoisting of firemen's ladders against a burning building. But let one of these comparatively harmless wires be crossed by an electric light wire, and the danger is truly frightful. Any one turning on a fire alarm may struck dead instantly if an electric light wire be in momentary contact with the fire alarm wire. A person talking at a telephone may be killed in the twinkling of an eye. A telegraph operator is in constant danger of death. Firemen raising a ladder against wires, especially a wet ladder, may be struck down as soon as the article they are handling has formed a convenient "short circuit" for the electric fluid. The fact that these excessive dangers exist should lead every municipality to compel electric lighting companies to put their wires underground. It is not at all pleasant to think that the electric light should have added another to the many summry methods in which civilized man may come to his death.

A. M. Hamilton, Warkworth, writes: 'For weeks I was troubled with a swelled aukle, which caused me much pain and annoyance. Mr. Maybee, of this place, recommended Dr. Thomas' Eclectric Oil for it. I tried it, and before one bottle was used I was cured. It is an article of great value.'

FIRST RELIEF ULTIMATELY A CURE. These are the successive effects of one of the most deservedly popular remedies in the Dominion, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which reforms an irregular condition of the bowels and liver, invigorates the stomach, renews digestion, and changes the current of the blood from a sluggish and turpid into a pure, rapid, and fertilizing stream.

To the Patrons of Lemont's House Furnishing Store:
LADIES AND GENTLEMEN,—Mr. Martin Lemont's store was burned out in the big fire of 1850, on the site of Sharkey's Block; again burned out 1854, on Phœnix Square Block. He then moved down into Coy's Block, next above our present store. There we were burned out in 1859, re-occupying the same stand again in 1860. From that time to 1871, we remained there. On May 1, 1871, we addressed you with a circular, stating we would move into our present place of business on that date. We again desire to inform you that our Warerooms are nowfixtures, and after so many years, again we thank you for your patronage in the past, and desire a continuance of the same.
With the largest Store and Warerooms in the City, we have facilities for carrying on a wholesale and Retail Trade second to none in the Province. There are three Showrooms eigty-three feet deep by twenty-three feet wide, and a cellar under all, giving a floor space of 7,636 feet. Besides this we have other warehouses and back stores, with a workshop to have Furniture Made to Order, and an Upholsterer to finish.
Our store is situated between the Queen Hotel and the Barker House, and is but four minutes easy walk from the City Hall. If you look up high, you will see our big sign, "Lemont's Furniture Warerooms."
We have gone out of the Second-Hand Goods Department.
We buy our Goods direct from the manufacturers in England, France, Germany, United States and Canada for CASH, and sell lower than any other house in the trade.
Parties going into housekeeping, and others wanting House Furnishing Goods, will find this the most reliable store to buy them in Fredericton. The especial attention of the ladies is desired.
We shall in the future, as in the past, keep the largest stock of goods, in New Household Furniture, Parlor Suits in all kinds of coverings being a specialty, and a magnificent stock of furniture for every room in the house; White and Colored Stoneware; China; Cut and Pressed Table Glassware; Cutlery; Kitchen Wares; Lamps for Churches and Private Residences; Fancy Goods; Christmas Goods: Wooden Ware; Household Hardware; Bohemian Vases; Cabinet Organs, of Celebrated Makers, on the instalment plan; Vases, &c, Goods delivered.
Respectfully yours,
Wm. LEMONT, M. LEMONT.

AYER'S Sarsaparilla
cures **Rheumatism, Neuralgia, Rheumatic Gout, General Debility, Catarrh,** and all disorders caused by a thin and impoverished, or corrupted, condition of the blood; expelling the blood-poisons from the system, enriching and renewing the blood, and restoring its vitalizing power.
During a long period of unparalleled usefulness, AYER'S SARSAPARILLA has proven its perfect adaptation to the cure of all diseases originating in poor blood and weakened vitality. It is **a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodide of Potassium and Iron,** and is the safest, most reliable, and most economical blood-purifier and blood-food that can be used.
Inflammatory Rheumatism Cured.
"AYER'S SARSAPARILLA has cured me of the Inflammatory Rheumatism, with which I have suffered for many years.
W. H. MOORE."
Durham, Ia., March 2, 1882.
"**Eight years ago I had an attack of Rheumatism** so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. I have not been troubled with the Rheumatism since. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public.
E. F. HARRIS."
River St., Buckland, Mass., May 13, 1882.
"Last March I was so weak from **general debility** that I could not walk without help. Following the advice of a friend, I commenced taking AYER'S SARSAPARILLA, and before I had used three bottles I felt as well as I ever did in my life. I have been at work now for two months, and think your SARSAPARILLA the greatest blood medicine in the world.
JAMES MAYNARD."
520 West 42d St., New York, July 19, 1882.
AYER'S SARSAPARILLA cures **Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin.** It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

See Manufacturers of Miller's Patent Shifting Rail.
These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.
These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880
Particular attention given to orders. Repairing done in the best manner, and at the shortest notice
