The City and County are likely to get into a wrangle over Mr. Colter's Bill now before the Legislature, to convert the lower flat of the County Court House into County Offices. The deceased was a native of Aberdeen, Scotland, and had resided in this city for fifty years. His remains were interred on Tuesday afternoon.

The Parlor Concert at the residence of Stephen Glasier, Esq., of Lincoln, on Tuesday evening, was a very pleasant affair. A large number were present from this city, including Mr. Elder, M. P. P., Editor of the *Telegraph*. Mr. and Mrs. Glasier used their guests with the greatest kindness, and the popular young pastor of the Methodist Church at Lincoln, Rev. Mr. Wadman, did all in his power to make the occasion agreeable. The character of the entertainment is very highly spoken of by those present.

Simmons a roll of leather, which were subsequently recovered. Sheep thieves have been operating in Kingsclear. An amount of money was lately stolen from Mr. Wm. Wilson, and carried.

The City Treasurer reported to the Council, Tuesday evening, as follows:—"I beg leave to report that Mr. Isaac Burden, appointed to collect taxes has not attended to that duty. I have not seen him for the last three weeks. I would also state that in my opinion he is not adapted for the duty. Farrell, Burchill and Macpherson were appointed a committee to investigate the first part of the report, regarding the tax collector, with power to act. The Royal *Gazette* contains the following:

Militia changes in New Brunswick:—71st York Battalion of Infantry: The companies of this Battalion are hereby renumerated as follows: No. 2 Company, St. Mary's, to be No. 1 Company; No. 3 Company, McKeen's Corner, to be No. 2 Company; No. 4 Company, Stanley, to be No. 3 Comaany; No. 5 Company, Fredericton, to be No. 4 Company; No. 6 Company, Blissville, to be No. 5 Company. The St. Stephen Company of Infantry hereby ceases to be an independent company, and is attached to this battalion as No. 6 Company.

The St. Stephen Company was attached to the 71st Battalion during the camp at Woodstock, in 1880, for the purposes of drill, and the desirability of having the attachment permanent was discussed by the members of both corps, and the idea met with general favor. We feel quite sure then that the action of the Department of Militia in making the order, will be very warmly endorsed.

LEGISLATIVE OBSERVATIONS.

The News and Gossip of both Branches.

The Legislature has been in session twenty-two days,

The Ladies' Christian Temperance Union of Portland, have applied to the Legislature, through Mr. Elder, for an Act of Incorporation.

The Budget Debate is continued this afternoon by Mr. Willis. Yesterday Mr. Black, and Hon. Mr. Landry addressed the House at length.

Mr. Beveridge, M, P. P., for Victoria proposes removing to Winnipeg in the Spring, and several gentlemen are announced as aspirants for his seat in the Legislature, including Hon. Mr. Tibbitts and Mr. Kenny, M. P. P. for Restigouche, but now residing at Andover. The *Herald* Editor is also said to have an ambition to try his luck in Victoria again.

Hon. Mr. Hamilton, M. L. C., took his seat in the Council on Saturday, having arrived the previous evening from a pleasant trip to New York and Washington. During his stay in the American Capital, Mr. Hamilton called on President Arthur, whom he had met in Restigouche, during a fishing tour of the latter there, and by whom he was very kindly received.

Sir Leonard Tilley has conveyed to the Government the gratifying intelligence that the Dominion Government, will co-operate with the Provincial Government and the Agricultural authorities, in holding the proposed exhibition in St. John, in 1883. The announcement, when made to the House, on Thursday, by Hon. Mr, Wedderburn, was received with warm applause.

The Toronto *World* has a telegram from St. John, stating that the Hon. P. A. Landry will oppose Sir Albert J. Smith, in the coming Dominion elections in Westmorland. A rumor has also been in circulation to the effect that Mr. Landry will be offered a seat in the Senate. Now will somebody start the report that he proposes to remain in his present position, and then the honorable gentleman might be consulted himself and the truth learned. It is quite true that Mr. Landry has not given expression to anything that might give rise to such reports, and it is also true that he would adorn any of the positions with which his name has been connected.

The *Sun* gives currency to a rumor that Dr. Brown will be a candidate for election to the Assembly next summer. The next three months will be prolific with such rumors, and they should be taken with a large grain of allowance. This year the local elections will be held simultaneously throughout the Province, an Act to that effect having passed the Legislature during the first session of the present House.

The *Globe* contains a rumour that the vacancies in the Legislative Council will be filled by the appointment of A. D. Richard, Dorchester, A. A. Davidson, M. P. P., Newcastle, Walter S. Butler, M. P. P., Queen's and Hon. Robert Marshall, St. John. There seems no well founded grounds for the report at present, although it seems highly probable that two of the gentlemen mentioned will be elevated to the Upper Chamber.

On Monday the Hon. Attorney General committed a bill to amend chap. 59 Consolidated Statutes of Parish Courts, Dr. Vail in the chair. The mover explained the bill was intended to create in York County an additional parish court in each parish. In York some of the parishes are so large that the court serves but little purpose to many of the people. He instanced Stanley, a large parish, portions of which are thirty-five miles away from the parish court. There were large settlements so remote as to reap but little benefit. Dumfries and Southampton were similarly situated. The same rights had been extended to other counties

Mr. Blair opposed the bill. A multiplication of parish courts will bring on the very evil the parish court's Act sought to remedy. The bill would create a rivalry which would increase litigation. There is only a small amount of business done now in the parish courts, and it does seem unnecessary to establish additional ones.

Mr. Colter urged that a large majority of the York Municipal Council, at whose instance the bill was prepared, were strongly in favor of the bill. He considered the bill a necessity from the situation of certain sections of large parishes.

Mr Thompson favored the bill. The plan worked well in Westmorland. He could not understand that any harm would result from having two parish courts, and it would be a great accommodation to a large number of persons.

After some further discussion the Bill was agreed to. The Hon. Attorney General and Messrs. Colter and Thompson, voting yea, and Mr. Blair nay.

On Saturday, Mr. Colter's Bill, relating to the appointment of presiding officers and poll clerks in elections to the General Assembly in the County of York was discussed. The Bill, as we explained last week, provides that such officers shall not be other than residents of the parish in which they reside

Mr. Colter explained the provisions of the Bill, The matter had come before the Municipal Council of York, and the members felt that if there was any favor in such appointments, it should be given to men in the several polling districts. Hitherto it had been the custom of the Sheriff to make the appointments from the Shiretown, while nobody would deny that there were quite competent men in the parishes to discharge the duties.

Mr. Butler thought it was only fair that patronage should be as equally distributed throughtout the county as possible, but a difficulty would arise he thought, as the Sheriff might not know the names of competent parties in remote parishes, and besides the hands of the Sheriff should not be hampered.

Hon. Mr. Fraser considered the Bill would improperly restrict the Sheriff's authority, and he thought generally proper appointments had heretofore been made. He did not feel, therefore, that he could support the Bill, unless, perhaps, it was made general.

Mr. Sayre opposed the Bill. The responsibility of conducting the elections rested with the Sheriff, and if the Bill carries, it would take a share of this off his hands. The Sheriff should be the best judge in the matter of such appointments, and probably selected men who had special training for their duties, which was a justification. He thought the Bill would be a bad precedent, and he agreed with the Hon. Mr. Fraser that if the Bill passed it should be made to apply to the whole Province.

Mr. Thompson was not opposed to the principal of the Bill, and although he did not favor restricting the Sherifi's authority, he felt that officer would have no reason to complain if the Bill passed, from the fact that frequently he had made appointments from the districts where the elections were held. He thought the Sheriff of York was quite well acquainted in the County and would be able to make judicious selections. He would support the Bill.

Mr, Hutchison opposed the Bill. There did not seem any necessity for such a measure in other Counties, and he did not know that York was exceptional in this respect.

Mr. Gillespie was not convinced of the necessity of such a Bill.

Mr. Blair had given the Bill some consideration, and for the reasons given by Hon. Mr. Fraser he was unable to support it.

Mr. Colter said he had been misled by a County Officer promoting the Bill, whom he had understood to say, that the Members for York would all support the measure. He felt he could show the want of such a measure had led to injustice. This he had seen from his own short experience. He was prepared to say that in many parishes not one appointment had been made. At least one-half of the officers are appointed from the city, and although they may have performed their duties satisfactorily, the county being a separate corporation had a right to the appointments. He claimed there were gentlemen in the Parishes quite as competent as those sent from the city, and the Municipal Council having asked it he felt he was doing what was fair to the great body of his constituents to urge the passage of the Bill. He argued that it would not curtail or restrict the Sheriff's authority, or interfere in any way with the proper carrying out of the election. There were men who had held year after year these position, while men in the several districts had a fair right to have such advantages. He would press the Bill to a vote, and if no other good was accomplished it would place certain gentlemen on record on the question.

Mr, Sayre further urged his objections, and Mr. Johnson supported the Bill.

Hon. Mr. Fraser said he remembered in conversation with a Councillor to have remarked, that he thought it would only be fair that the Sheriff should make selections in the parishes, but he had not promised the Bill his support, and he thought what he had said could not be construed into such an intention.

Mr. Blair had not promised to support the Bill, and he assured his hon. colleague, Mr. Colter, that he was not afraid to go on record on this Bill. He had the highest respect for the gentleman composing the Municipal Council, but he was accountable to his constituents, and while he had a seat in this House he would act and vote according to his best judgment, although he would always give his best consideration to any measures proposed by the Council.

The Bill was then put and lost by a large majority. Messrs. Colter, Thompson, Johnson, Barbarie and Lewis being the only gentleman who voted for it.

ENCOURAGING TO DYSPEPTICS.

CHARLOTTETOWN, P. E. I., Nov. 11, 1878.
Mr. James H. Robinson, St. John, N. B.

Dear Sir,—By, I may say, almost an accident, early this spring, being *confined to my room for nearly three months*, and during this time I was under the combined care of *three* of the *most emment* physicians of *Charlottetown*, and by them and my friends given up as *beyond all power* to help me. Dr. Baxter, of Monction, having occasion to call upon me on business, very naturally observed my state of health, and after fully describing my trouble, which by the doctors attending me was pronounced Dyspepsia or Indigestion, in fact I was so bad I could only eat brown bread, and that after being made at least three days, while tea, coffee or milk I dare not touch, and a slice of dry toast would invariably give me the utmost distress. Dr. Baxter recommended "Robinson's Phosphorized Emulsion," and I feel that I owe the public a debt which can only be paid by saying to all similarly afflicted, "Go thou and do likewise;" try "Robinson's Phosphorized Emulson." To-day I am hearty and strong, and can, without fear, indulge in all the luxuries of a first-class hotel.

Yours, etc.,
(Signed) J. McKECHINIE.
