# Town and Country.

Mayor's election Monday next.

Dr. Moore has returned to Stanley.

Aldermanic elections Monday fortnight.

The County Court opens next Tuesday.

The York County Council opens Tuesday week.

A Fisher-y a-Phair—the election on Monday.

The University lectures will be resumed to-morrow.

Mr. F. B. Hazen, St. John, is at the "Barker."

Inspector W. G. Gaunce is off to Manitoba for a brief period.

A man that is ill-bred, must show it even in the social circle.

The Normal School was re-opened after the holidays, yesterday,

Mr. Geo. Hatt, Senr., has gone to California to visit his friends.

The Equity Court, Mr. Justice Palmer presiding, sat on Tuesday.

The associated Alumni of the University of N. B. meets to-day at St. John.

Mr. H. Fowler has returned from Texas for a short visit to his friends.

"There's no doubt about it, my brother Fred makes an excellent Mayor." That settles it.

Week of Prayer Service in St. Paul's Church this evening, Rev. F. D. Crawley presiding.

The materials necessary for the repairs to the "Alexandra" Steam Engine have arrived.

It must have been a happy family that dined together Tuesday night after the City Council meeting.

Mr. J. Hazelhurst, of St. John, is placing in position, a new turntable for the Fredericton Railway.

Let men be elected to the Council this year who will be above serving their own spiteful personal ends.

Mr. J. R. Mace, Principal of the York Street School, preached in the Centenary Church, St. John, last Sunday.

Mayor Fisher and Mr. J. Henry Phair are the candidates for the Mayoralty. The election takes place next Monday.

The following was the vote in the Mayoralty contest last year :—Mr. Fisher, 350; Mr. Smith, 183; Mr. Everitt, 92.

The New Brunswick Legislature, it is understood, will meet about the middle of February—probably on Thursday, the 16th.

Over one hundred newsboys were entertained to dinner on Saturday, at St. John, by the Ladies' Christian Temperance Union.

Rev. Messrs. Evans and Brewer preached at the Dedicatory Services of the new Methodist Church at Bloomfield last Sunday.

When Ald. Hall was asked by Ald. Farrel to explain his guilty connection with the printing scandal, he did not dare open his mouth.

We are told that Ald. Hall is soliciting votes for re-election to the City Council. The nerve of some people is beyond comprehension.

Mr. Wm. Crocket has been chosen Superintendent of the St. Paul's Presbyterian Church Sunday School, vice Mr. H. Matheson, resigned.

Grand Master Richards and other members of Victoria Lodge, I. O. O. F., will instal the officers of a new lodge at Woodstock this week.

Rev. A. J. Mowatt preached a very able sermon to a crowded congregation at the Watch Night Services in the Methodist Church, Saturday night.

James Mitchell, Esq., Barrister, of St. Stepen, has been visiting his former home at Keswick Ridge. His father, we regret to hear, has been quite ill.

Euclid flourished about the year 300 B. C., and experts in flourishing steel pens can be suited among the numerous styles of the Esterbrook Steel Pen Co.

Tuesday morning, Miss Currie, sister of Dr. Currie of this city, was united in marriage at her father's residence, by Rev. F. D. Crawley, to Mr. Leek of Boston.

Mr. Eben Miller has completely transformed the Barker House train coach, into a handsome affair with plate glass and all the other modern conveniences.

Mr. C. H. Thomas is spoken of as a candidate for civic honors in St. Ann's Ward. He will probably run with Ald. Simmons, and there is little prospect, at present, of opposition.

Capt. Mumford, of the 63th Rifles, Halifax, and well known to our riflemen; as an excellent "shot," dropped dead in his business place, Monday morning. The cause of his sudden death was apoplexy.

The steamship "Moravian," of the Allan Line, ran ashore fifteen miles south-west of Yarmouth, N. S., on Friday last, and is a total loss. She was uninsured, and the cargo as well, both being valued at $650,000.

The children of St. Dunstan's Sunday School were regaled on New Year's from two very handsome New Years trees, kindly furnished by the young ladies of the Church. The affair was held during the afternoon in St. Dunstan's Hall, Regent Street.

Ald. Wheeler used to boast that he could be elected to the Council from any ward in the city. We should like to see him try this year. He never had the courage to run in his own ward, and was only elected in King's by a fluke. Very appropriate to the man.

A young Swede who was brought to the Alms House, over a week ago, with both his feet badly frozen, had them amputated on Monday by Drs. Patterson, Currie, and Jacob. He cannot speak a word of English, and his name and antecedents are unknown. It is a sad case.

Alds. Farrrell and Simmons were the only members of the City Council who had the manliness to condemn the printing scandal, although on the street corners all condemn it as a most scandalous transaction. One Alderman remarked in our presence "thank God I had nothing to do with it!"

Mr. W. H. Friel has been appointed Returning officer for the Mayor's Election, and in his absence Mr. Geo. H. Parker. We hope that Mr. Friel will see that better order than last year is preserved while the ballots are being counted. The Market Committee have been authorized to assist to this end.

As Mr. Frank Bryson's engagement as leader of the 71st Battalion Band ended last week, and as a portion of the instruments are his property, the Battalion is now without a Band. There should be some arrangement made before the Legislature opening, as the Battalion will be required to furnish a Guard of Honor and a band then.

The Curling Rink on Officer's Square has been flooded, and the first game was played there yesterday afternoon. The home club has accepted the "Thistles'" challenge to play in St. John on the 24th inst.; has challenged the Chatham Club to a game the day after the "Thistle's" play; and will invite St. Andrew's Club to play here for the Royal Caledonian Medal, Feb. 8th.

James McGrath, one of the oldest settlers of Jacksonville, Carleton Co., died on Friday morning, in the eighty fourth year of his age, after a long and severe illness. Mr. McGrath has resided in this country for nearly half a century and was one of our most thrifty farmers. He leaves a widow and a large family of sons and daughters to lament the loss of an affectionate husband and a father.

Hon. Mr. Fraser, Mr. Edward Jack, Mr. A. G. Beckwith, Mr. A. W. Smith, and Mr. J. A. McCallum of this city were among the excursionists over the Grand Southern Railway, yesterday. Several other gentlemen, including Col. Marsh, Police Magistrate, had invitations for the occasion, but were unable to accept them. The excursion train was in charge of Conductor Frank McPeake.

Friends of ex-Ald. Richey are endeavoring to persuade him to return to civic life, and it is not improbable that he will yield to their solicitations, and run for his Ward on the 23rd inst., with Capt. Leigh, who has made an excellent representative, King's Ward does not propose to again bear the odium of sending to the Council a man like Ald. Wheeler. He will not have the presumption to seek re-election.

The City Accounts are being printed in St. John, the concern to which the contract was given by Alds. Wheeler and Hall, not having the necessary facilities. What do our citizens think of that? Up to the present time only eight pages of proof, or about *one thirteenth* of the work have been presented to the City Treasurer for revision. There is no prospect, notwithstanding the assurances that have been made, that the accounts will be out before the election on Monday. What do the electors say to it at. Perhaps the Mayor will give some information on the subject, when he electrifies the citizens Monday morning.

Sympathy will often gain an end for a man when his own ability would never succeed.

The *Reporter*, owned and edited by Mr. G. Fred Fisher, who is aspiring again to the Mayoralty, and who knows all about the printing scandal, is the only newspaper in the city that has not condemned it.

Mr. Alfred G. Edgecombe has been solicited by a number of influential parties to allow himself to be nominated for Carleton Ward, in the aldermanic elections. There will be no doubt of his return if he consents to run. Ald. Farrell, we presume, will meet with no opposition.

Monday was cold, snowy and blustery. So there was no chance for outdoor amusements. The curlers had arranged for a game on the river between members claiming Scotch descent and all-comers, but the snow put an end to that. The day was very quietly observed.

Ald. Wheeler said that he had done all he could do; they are in the printer's hands. "I am not printing them," he said with a snap like a jack-knife shutting up, and sat down.—*Herald.*

Our contemporary neglected to state that he *elevated his jaw.*

A flag flung to the breeze from Mr. F. B. Edgecombe's Dry Goods Establishment—the "Albion House" yesterday, was in honor of the marriage of Mr. J. M. McLennan, the popular book keeper, to Miss Etta Johnston, daughter of Mr. John Johnston, King street. The young couple were made one by Rev. A. J. Mowatt at an early hour, and they left immediately by the St. John train on a short bridal trip. We extend our congratulations.

The Boston *Post's* Lynn correspondent says of the alleged Fredericton Bigamist :—"Oliver formerly worked at shoe-making in this city, but cleared out some two or three years ago, leaving his wife and three small children, the youngest a babe but a few days old, in destitute circumstances. The family now reside at No. 3 Jackson Street court. The mother has worked hard to maintain the family, although in poor health her only assistance being that quite recently furnished by her 12 year old son."

The following parties have been appointed to take the popular vote at the Aldermanic Elections on the Water Works question. Wellington Ward, Henry Pollock; St. Ann's, Charles L. Richards; Carleton, John E. Perks; Queen's, Wm. Lockhart; King's, Jas. Burchill. The returning officers in the Aldermanic Elections are the same as last year except in Carleton Ward, where Mr. Moses Hall successfully opposed Mr. J. F. McManus' reappointment, and had Mr. A. P. Miller, his own nominee appointed.

Mr. Andrew Dunlap, of Caverhill, met with a very serious loss on Saturday. He was coming to the city with quite a large quantity of butter—about 150 lbs.—for sale, and when off Sugar Island, near what is known as Burpee's Bar, his horse, carriage and all broke through the ice and were lost to him. The current is swift at that point and the water about ten feet deep, so Mr. Dunlap has no chance of rescuing his carriage, which was a new one. The horse was a valuable animal, and with carriage, harness and butter is a most serious loss. Mr. Dunlap, himself, escaped with a cold wetting.

For fifty posters, published by the City Marshall on Nov. 21st, 1881, the contractor for the printing, charged and received from the Council the sum of *two dollars*, when his tender, as accepted, only allowed him *sixty cents.* We may add to this, that the posters in question were "set up" and struck off at the *Reporter* office, owned by Mr. G. Fred Fisher, a candidate for re-election to the Mayoralty. This is independence with a vengeance; Ald. Hall giving the printing contract to his own establishment, and "farming out" to the Mayor, what is not being done in St. John.

At the regular meeting of Victoria Lodge, I. O. O. F., Tuesday evening the following officers were installed for the ensuing term by D. D. G. M., N. A. Cliff :—

Wm. A. Quinn, *A. G.*;
John Palmer, *V. G.*;
J. S. Withrow, *P. S.*;
W. P. Flewelling, *Tr.*;
H. C. Creed, *C.*;
Geo. H. Simmons, *O. G.*;
John B. Hawthorn, *R. S. V. G.*;
Harry Burden, *L. S. V. G.*;
C. Fred Morehouse, *J. P. G.*

The remainder of officers were not ready for installation.

Capt. Allan McLean, Shipping Master of St. John, died on Monday morning at the ripe old age of almost 82 years. For over thirty years he had filled this office. Prior to that he had been an active Captain in the merchant service for a long time, and on giving up the sea connected himself with the Woodstock Iron Works. He was born at Quaco, January 25th, 1800. Capt. McLean leaves a wife and four daughters, two of whom are unmarried and one a widow. He was a man who had many warm friends in his day and generation, not only in St. John but in the principal seaports of the British empire.

A sad accident occurred at Mill Settlement, Sunbury Co., about ten days ago, resulting in the death of a young man named Gilbert Biers, who is a resident of that place. He was out gunning and in order to prevent snow and rain from injuring the contents of his gun, he placed in its muzzle a wooden plug. He saw some game and took aim at it, but just then thought of the plug, which with his left hand he reached to remove, still keeping his right hand on the lock. The gun discharged, sending the plug and lead through the palm of his hand, making a fearful wound especially on the back part of the hand. Before medical aid could be procured it was too late to save his life and he died on Friday last. The funeral service was conducted by the Rev. Mr. Gray in a very impressive manner. Mr. Biers was only married about three months ago and leaves a young and sorrowing wife.

Regarding the recent flight of Mr. C. R. Ray, the St. John correspondent of the Halifax *Herald* says :—

"When the departure of the ex-Mayor of St. John was first made public, it was quietly whispered by knowing ones that there was a woman in the case. It is now the common talk that on previous visits to Boston he was accompanied by a charming young widow, and that she left for that city a few days previous to his final departure. It is also said that the indebtedness which harrassed him was not the result of unprofitable business transactions, nor losses by the fire as first supposed, but rather of personal expenditures not shared by his wife and family. The first burst of sympathy has subsided and his friends now see him in a new light."

The drawing in Mr. S. F. Shute's lottery took place at the Barker House, Monday evening, in presence of quite a number of gentlemen, the inspectors being Ald. Burchill, Mr. Nelson Campbell and Mr. Thos. Stanger. The successful parties were :—

A. Lindon, Woodstock, Gold Watch;
W. K. Allen, Fredericton, Silver Watch;
W. B. Fowler, Fredericton, Neck Chain and Locket;
Fred, McLennan, St. John, Silver Dinner Castors;
Miss Temple, Fredericton, Parlor Clock.
Mrs. Libby, Marysville. Silver Card Basket;
Miss Fleming, Fredericton, Walnut Writing Desk;
Mrs. A, McKeen, Keswick Ridge, Toilet Sett;
Mrs. Judge Allen, Fredericton, Sett Tea Spoons;
A Sett of Table Forks, a Pair of Vases and a Silver Card Basket went to St. John.

The lottery was conducted with the greatest fairness. The second ticket drawn proved to be the gold watch. After the drawing, Mr. Shute invited those present to have oysters with him, a request that was readily accepted. Mr. Shute is very well satisfied with the result of his venture, and will likely repeat it next year.

Mrs. Marion L. Dow, alias Mrs. Marion E. Warren, the female broker, charged with conspiracy in connection with Royal La Touche, was brought before Judge Elcock, Philadelphia, on Friday on a habeas corpus in order to effect the discharge of the accused. After some discussion the Judge said that the parties should go before the magistrate at three o'clock in the afternoon, and that if he did not discharge her he would hear the matter on habeas corpus the next morning. Later in the day Mrs. Dow and La Touche were arraigned before Magistrate Brown upon a charge of conspiracy preferred by W. F. Rollins on behalf of his wife. At the conclusion of the hearing the accused were placed under $600 bail each to answer the charge at court. In default of bail they were committed to jail.

Another later account says :—"The case of Mrs. Marion Dow and Royal Latouche, charged with conspiring to defraud Mrs. Rowland out of $1,000 given to Mrs. Dow to invest in stocks, was heard at Philadelphia on Saturday on *habeas corpus.* The court held that it was a mere case of gambling in stocks, and as the law stood he could not hold them criminally responsible. The prosecutrix had a remedy in the civil courts. He would discharge the relators on this charge, but as he understood Mrs. Dow is detained on *capias* to answer for another offence he would remand her to prison."

A despatch from Victoria, British Columbia, on Saturday, states that Heckman and Tuck, Government railway engineers, were thrown out of a buggy and down an embankment, last Tuesday, on the Thompson River and severely injured about the head. Tuck's wounds are not thought to be dangerous. Heckman was reported dead last night, but is still alive, although his condition is precarious. Tuck is from St. John, N. B., and Heckman from Nova Scotia.

Tuck referred to, is Mr. S. Parker Tuck, C. E., of St. John, brother of Dr. Tuck, Q. C., and well-known in this city. No later news than the above has yet been received.

A Queensbury correspondent, under date of Dec. 30, writes :—

Frederick Manuel, a young man of this place, while walking in the bark factory of Shaw Cros., Millville, fell into an open leech, breaking his leg in two places. Dr. Kilburn was promptly summoned, and set the injured limb. The patient is now doing well.

Owing to the strong current, the river here has only lately frozen and people have been obliged to cross in boats.

At an early hour on the 29th, a number of persons might have been seen wending their way towards the residence of Mr. Abraham Lint, Esq., while at the same time a man was observed to start from the opposite shore of the river and travel towards Mr. Lint's landing, as if life and death depended on his speed. In an incredibly short time he reached the house, and who should it be but Mr. William Gaunce, of Dumfries. These incidents of course could not fail to excite the curiosity of those who did not possess a knowledge of the cause of the meeting. At length the whole mystery was solved by the appearance of Rev. John B. Ingraham, of Day Hill, and it was then surmised that the Reverend gentlemen had been summoned for no other purpose than to solemnize the marriage of Mr. William Gaunce with Miss Marmarie Lint. These conjectures proved to be correct, for the Pastor was conducted to a large drawing room, where the happy pair sat surrounded by their friends and relatives. In almost less time than it takes to write it the ceremony was concluded. Then followed congratulation and speeches prepared for the occasion, after which the conversation became more general and entertaining, and every one present seemed to thoroughly enjoy themselves. After partaking of some refreshment, the party broke up and the newly wedded pair started for home followed by the hearty congratulations of their friends.

A young lady correspondent sends us the following, in which there is too much truth:

Did you ever observe how admirably the affairs of our delightful city are conducted by our aldermanic board? The platforms are a pattern to all beholders, and are a proof that we have faithful, saving and trustworthy men in our Council. Only fancy, they are so afraid of wasting the funds placed in their hands by a confiding constituency, thtt they will not spend any money if they can help it to repair the sidewalks; but they will pick up any piece of slab or plank they can lay their hands on to repair any glaring damage they find. But when a hole gets a little too large, they invest a few cents in a whole plank, and then send one of their satellites to nail it on, and pay him well for doing it. Their greatest dependence, however, is on old barrel heads. Do advise them to send to Woodstock or St. John for a car load or two of its barrel heads, if they can be found, for I presume they have used up all they could find here. It is pure selfishness makes me so anxious to get the platforms repaired, for to tell you the truth, the other day I was promenading with my young man, and I was looking up in his face, oh, so yearningly, or as the vulgar would say, "casting sheep's eyes," when "kerchunk" I went down into a hole in the planks. Oh, my friends, what a fall was there. As soon as I could extricate my foot, I found the very high heel of my boot was gone. Imagine my feelings—a fascinating young lady like me, having to walk beside her beau and go in that style. It is too funny to contemplate. Please let the Council know that there are a few small holes yet unrepaired.

There was an eclipse this year that astronomers failed to note. It was the eclipse of *Adamson's Botanic Balsam* over all competitors. It curse Coughs, Colds, and all diseases of the Throat, Chest, and Lungs. Price, 10, 25, and 75 cts.

DR. HARRIS, of Middlebury, Vt., says: "I had been troubled with Bronchitis for "two years, so affecting the organs of speech "that I could not speak aloud for six weeks. "I had with it a severe cough and cold night "sweats. I took two bottles of Allen's Lung "Balsam and am entirely cured."

HANINGTON'S QUININE WINE AND IRON, taken according to directions, produces *buoyance of spirits, vigor of mind* and gives *lasting* strength to the work system.

NO LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without Hanington's Food for Flowers. Ordinary packages, 30 cents; sufficient for twenty plants for one year.

☞ IF YOU HAVE to work early and late, and get little or no exercise, take Hanington's Quinine Wine and Iron to give you strength.

*A. B. Des Rochers*, Arthabaskaville, P. Q., writes :—"Thirteen years ago I was seized with a severe attack of Rheumatism in the head, from which I nearly constantly suffered, until after having used *Dr. Thomas' Eclectric Oil* for nine days, bathing the head, etc., when I was completely cured, and have only used half a bottle."

The palm of the hand moistened with *Dr. Thomas' Eclectric Oil*, exerts a wondrous control over pain, speedily and entirely subduing it. The eclectric healing influence of this highly sanctioned medicine is manifested by the rapid disappearance of sores and abrasions of the skin when used.

IT IS SAID that among the Chinese, the Larvæ of Insects are used medically to give strength to feeble children; Caterpillar Syrup they consider a specific for Bronchitis; Dried Toads are taken to give tone to the system, while the horns of the rhinocerous, the bones of tigers, the jaws of tigers, and the wings of bats all have a place in the Chinese Pharmacopœia. A simple remedy containing well-known ingredients is nothing thought of by a patient, and their doctors seem to be quite of the same mind. How different it is with us outside barbarians in this respects, where the elegant preparation, of pleasant taste, composed of well-known and well-tried remedies, such as is embodied in *Robinson's Emulsion of Cod Liver Oil* with *Lacto-Phosphate of Lime* is not only sought after by the patient but is recommended and largely prescribed by the most intelligent physicians.

For sale by Druggists all over the Dominion.

**Mothers! Mothers!! Mothers!!!**

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Advertising itself wherever it goes by its wondrous and gratifying effects which it produces, that sterling medicinal preparation, THOMAS' ECLECTRIC OIL, is winning "golden opinions" in all parts of the United States. Testimonials constantly pour in demonstrating its superlative efficacy, in a manner as pleasing to its proprietors as it must be convincing to those who read it in public prints, those evidences of its popularity and genuine worth. Never was there a remedy which received ampler or more satisfactory endorsements; never was there one which better deserved it. IT IS A TRIED REMEDY. Experience has demonstrated that it *not only relieves, but eradicates* the most obstinate coughs sore throat of a malignant type, catarrh of long standing, rheumatism, neuralgia, stiffness and lameness of the back, muscles and joints, piles and kidney troubles, external hurts and sores, and other bodily troubles, as well as many of the disorders peculiar to horses and cattle. That it cures *in every instance*, is not pretended, but that, if systematically used, and the malady susceptible of being remedied, *it will remedy it*, is a fact amply established. Sold by all dealers. Price, 25 cents. Prepared only by NORTHROP & LYMAN, Toronto, Ont.

**A Cough, Cold or Sore Throat** should be stopped. Neglect frequently results in an INCURABLE LUNG DISEASE OR CONSUMPTION. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but ACT DIRECTLY ON THE INFLAMED PARTS, allaying irritation, give relief in ASTHMA, BRONCHITIS, COUGHS CATARRH, and the THROAT TROUBLES which SINGERS AND PUBLIC SPEAKERS are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c a box everywhere.

A COLLAPSE OF VITAL ENERGY in lung disease is greatly accellerated by the loss of flesh, strength and appetite which invariably attends it. It is one of the chief recommendations of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, that by reason of the blood-enriching and nourishing properties of the last-named ingredients, it renews failing strength by compensating for losses already sustained, while a healing and soothing influence is at the same time exerted upon the inflamed membraneous lining of the throat, lungs and bronchiæ, by the Cod Liver Oil. Digestion is stimulated and appetite improved; the nervous system acquires tone and vigor, and the secretions undergo a healthy change when it is used. Purchasers should see that the bottles (sold at 50 cents and $1.00) have the firm's name blown in them, and that the wrappers bear a *fac simile* of our signature. Sold by all druggists. Prepared only by NORTHROP & LYMAN, TORONTO.

## Marriages.

In this City, on Jan. 3rd, 1882, by the Rev. F. D. Crawley, Mr. C. Leake of Cambridgeport, Mass., to Miss Isa Currie of Fredericton.

### MAIL CONTRACT.

SEALED Tenders, addressed to the Postmaster General, will be received at Ottawa until noon, on **FRIDAY, 27th January**, for the conveyance of Her Majesty's Mails, on a proposed Contract for four years, six times per week each way, between FREDERICTON and MARYSVILLE, from the 1st April next.

The conveyance to be made in a suitable vehicle drawn by one or more horses, subject to the approval of the Postmaster General.

The Mails to leave Marysville daily, (Sundays excepted) at 11 o'clock, A. M., reaching Fredericton at 1.50 o'clock, A. M.

Returning to leave Fredericton same days, as soon as practicable after arrival of Mail Train from St. John, reaching Marysville in fifty minutes from hour of despatch.

Printed notices containing further information as to conditions of proposed Contract may be seen, and blank forms of Tender may be obtained at the Post Offices of Fredericton, Nashwaak Station and Marysville.

JOHN MCMILLAN, *P. O. Inspector.*

Post Office Inspector's Office, St. John, 16th Dec., 1881

### MAIL CONTRACT.

SEALED Tenders, addressed to the Postmaster General, will be received at Ottawa until noon, on **FRIDAY, 27th January**, for the conveyance of Her Majesty's Mails, on a proposed Contract for four years, once per week each way, between FREDERICTON and STANLEY, from the 1st April next.

The conveyance to be made in a suitable vehicle drawn by one or more horses, subject to the approval of the Postmaster General.

The mails to leave Fredericton on Friday of each week at 8 o'clock, A. M., reaching Stanley same day at 2 o'clock, P. M.

Returning to leave Stanley on Saturday of each week at 8 o'clock
