Town and Country.

Regular monthly meeting of the City Council next Tuesday evening.

Mr. Weeks, Inspector of the American Express Co., has our thanks for late issues of Bangor papers.

By actual count there are 110 broken panes of glass in the Exhibition Building. Is there no way of stopping such vandalism?

The vote in the Dominion Election stood. Mr. Pickard, 2359, Hon. Mr. Fraser, 1442. Majority for Mr. Pickard, 917. Total votes cast, 3851.

Mr. J. M. McLennan, formerly book keeper for Mr. F. B. Edgecombe, has gone to Chatham, to act in the capacity for A. J. Loggie & Co.

We congratulate Henry B. Rainsford, Esq, on his appointment as Deputy Clerk of the Crown *vice* E. L. Wetmore, Esq., Q. C., M. P. P., resigned.

Hon. Messrs. Hanington, Landry, McLeod, Perley, Crawford and Colter are in the city, and Hon. Messrs. Adams and Young are expected this evening.

The Fredericton Brass Band gave an entertaining open air concert last night, on Phœnix Square. The excellent music and beautiful night brought hundreds of citizens out.

Rev. F. D. Crawley, Pastor of the Baptist Church, returned on Saturday from a very pleasant mission to Canning, N. S., where he was married to Miss Witter, of that place.

The July session of York Muncipal Council, will open at 10 A. M. on Tuesday next. The official notice of the meeting which was unavoidably crowded out last week, appears elsewhere.

Mr. Alex. Lawson, of Lake George, whose decease is recorded elsewhere, was a most estimable young man and his bereaved family have the sincere sympathy of the whole community.

Mr. Dumaresque's plans for the Presbyterian Church have been approved of by the Building Committee, and tenders for the erection of the new edifice will be asked immediately.

Work on the new sidewalks has been commenced at the corner of Queen and Carleton Streets. Ald. Burchill, Chairman of the Road Committee, is giving particular attention to the matter.

He stepped up before the Sheriff, Thursday last, ballot in hand. "Your name, sir?" "A. G. Manderson." "It is not on the list." "Why not," asked the would-be elector, "*is he dead?*"—*World.*

The St. John *Globe* has the temerity to announce that no Local Government can stand that has the opposition of that constituency. St John concluded that the capital must be removed from Fredericton but it was not.

University Encœnia to-morrow afternoon. Dr. Jack, the President, will deliver an Oration on behalf of the Faculty. I. Allen Jack, Esq., on behalf of the Alumni Society, and Mr. W. Bliss Carman, the valedictory for the class of '81.

The Fredericton Railway, will issue Excursion tickets from Fredericton to St. John and return for one fare on Saturday, July 1st., good to return Monday, July 3rd., to enable excursionists, among other things, to witness the celebrated drama of "Michael Strogoff."

The Northumberland members are well divided. There are two from the North side of the river, and two from the South; two Irishmen and two Englishmen; two lawyers and two following other pursuits; two old members and two to be initiated.—*World.*

The new Baptist house of worship in Cardigan, will be dedicated to the service of God, D. V., July 9th. A collection will be taken at the close of the services, to assist in paying the debt on the edifice.

P. O. Rees,
June 28th. *Pastor.*

The meat we get:—"Yes, wife, the old cow has served us faithfully for twenty years, and that yoke of oxen have worked hard for nigh unto forty years, but they will have to go now. We can't afford to say 'no' to the butchers when beef is selling in the city at fifteen cents a pound."

We would direct the attention of Mr. Casey, the Roadmaster, to the condition of Phœnix Square landing, which requires immediate attention to make it passable for the large number of teams traversing it hourly. This spot seems to have been entirely neglected, and its condition is positively disgraceful.

The Summer Arrangement of the Fredericton Railway took place on Monday. Trains now arrive and depart as follows: Leave for St. John at 7.00 A. M. and 1.40 P. M., arrive there at 9.50 A. M, and 4.55 P. M. For the West at 10.00 A. M. Arrive at Fredericton from St. John at 12.25 P. M. and 7.10 P. M. From the West 4 P. M.

Mr. Edward Waycott, of the N. B, Railway Office, and Miss Josephine Rivers of Gibson, were united in marriage by Rev. Mr. Jaffrey, in the Episcopal Church, Gibson yesterday. The seconds were Mr. Richard Waycott, brother of the groom, and the brides sister, Miss Rivers. The young couple have gone on a wedding tour.

Guiteau, the assassin of President Garfield, will be hanged next Friday, the 30th inst., all legal methods to secure a stay of proceedings or reversal of the verdict having been exhausted. The Attorney General has instructed the Marshal of the District and the Warden of the jail to keep their prisoner in strict confinement and allow no one to see him except his spiritual adviser, the physician, and the officers of the jail.

The Alumni Society of the University of N. B., will give a dinner in the University to-morrow evening. There will be a large gathering of graduates, undergraduates and others having official connection with that Institution, and a very pleasant evening is anticipated. Friends of the University are proud of the fact that in the recent elections, three of its old graduates, Hon. Attorney General McLeod, E. L. Wetmore, Esq., Q. C., and Prof. Foster, have been triumphantly returned to Parliament.

A pleasant event, no doubt, will be the Moonlight Excursion down River Friday evening on the "David Weston," to be given by the St. Ann's Rowing Club. The Fredericton Brass Band will be in attendance, and the boat will leave the Union Line Wharf at 8 o'clock. During the evening fire works will be sent off from the boat by the Committee in charge, who will provide means for maintaining the best of order. All who appreciate an enjoyable sail on the River, and the pleasures accompanying it, will attend the Moonlight Excursion.

St. Paul's Presbyterian Congregation had distinguished clergymen visitors last Sabbath. Rev. Mr. MacDonnell, of Toronto, officiated at the morning service; Rev. Dr. Elliott, of Chicago, in the evening, and at the Sabbath School exercises, both these gentlemen, and Rev. Mr. Cruchet, of Montreal, a brother-in-law of Prof. Rivet, delivered addresses. Rev. Dr. Elliott is a native of Keswick and lived here during his earlier years. He gave some interesting reminiscence of St. Paul's Church and Sabbath School, extending back half a century. Dr. Elliott is a splendid specimen of vigorous cheerful old age, and his visit was a welcome one. Rev. Mr. McDonnell, a very eloquent young preacher, is also a native New Brunswicker.

Of the late House of Assembly, Hon. Messrs. Hanington, Landry, Perley, Crawford, Adams, and Colter, Messrs. Barbarie, Ryan, MacManus, Gillespie, Lewis, Turner, Vail, Morton, Elder, Ritchie, McLellan, Lynott, Blair, Thompson, Leighton, and White, (Carleton,)—twenty-two gentleman have been reelected. Hon. Mr. Marshall, and Messrs. Willis, Cottrell, White, (Sunbury,) Theriault, Sayre, Johnson, Hutchinson, Killam, and Kenny, sought reelection and were defeated.

Messrs, Woods, Hill, Beveridge, and Davidson were appointed to the Legislative Council. Hon. Messrs. Fraser and Stevenson, who retired from the Local to run for the Dominion, have been defeated, and Hon. Mr. Wedderburn, Mr. Black, and Mr. Butler, for political and other reasons, did not offer.

The new members elect are Hon. E. McLeod, and Messrs. LaBillois, Park, Burchill, White, (Kent,) Wheeten, Humphrey, Dr. Black, Quinton, Ellis, McAdam, Mitchell, Hetherington, Palmer, Sterling, Wetmore, Tibbits, and Lynott, (Madawaska.) Of these eighteen, two, Mr. Humphrey and Mr. McAdam, sat in the House previous to 1878

DESTRUCTIVE FIRE AT SAINT MARY'S.

The Losses and Insurance.

Yesterday shortly before noon a large one story tenement house belonging to Messrs. Jaffrey and Leslie, situate on Douglas Street, St. Mary's, was discovered on fire which soon communicated to adjoining buildings. There was a fierce wind blowing, and the rapidity with which everything was threatened in the way of the fire, led many to believe that the whole village would succumb.

The first boat from the city took over No. 4 hand engine and the Messrs. Edgecombe's engine, but there was a scarcity of water and their efforts availed but little to stay the progress of the flames which spread to Crouse's two story tenement, to R. H. Rainsford's tenement immediately to the rear, and it was but a few minutes till Vanwart's residence, outbuildings and store, were wrapped in flames, and across the street McFarlane's Hame Factory and some smaller buildings were reduced to ashes.

At this point it seemed as if nothing could save the entire place, but happily the steamer "Silsby" had come over from the city, and beyond the destruction of Tilley's Drug Store, and two or three other smaller buildings mentioned below the fire was stopped.

The scene at this time was almost indescribable. Nearly every family in the village had packed up their goods prepared to vacate. The "Silsby" was the salvation of the village and the fire was speedily controlled.

We regret to say that an unusual amount of pillage, drunkenness, and rowdyism was seen at the fire.

The list of buildings destroyed with the losses and insurance are subjoined:

Jaffrey and Leslie's tenement, known as the "Bee Hive," occupied by Geo. Currie, John Leslie, F. King, R. Conroy, ——— Westle, Ben Moody, Thos. Craft, Jas. Painter, Jas. Jaffrey, and Frank Keenan, as dwellings, and by John Leslie, W. N. Wetmore, and Wm. Melvin, shops. Insured in Western, Richard & Son, Agents, for $800

Louis Crouse's two-storey tenement, occupied by himself, Jas. Cook, Mrs. Parsons, and Wm. Beek. No insurance.

Elisha Vanwart's dwelling, store, and outbuildings, occupying a whole block, loss about $6,000, insured as follows: Dwelling, $1000, furniture, $200, barn, $300, woodshed, $100, in North British and Mercantile. Store, $800, in Commercial Union, J. L. Inches, Agent.

R. H. Rainsford's double tenement and outbuildings, occupied by Hugh Eggar and Wm. Atkinson, insured in North British and Mercantile, J. L. Inches, Agent, for $450

Joseph Hayes' house and barn, occupied by Wm. Donohue. No insurance.

Walter McFarlane, Hame Manufactory, two storeys, 60 ft. x 36 ft. employing ten men; heavy stock and large amount of machinery. Probable loss $10,000. Insured in Central for $1,500

John Hughes' house nearly a quarter of a mile from the scene of the fire, was entirely destroyed. No insurance.

C. L. Estabrooks' store, occupied by Winslow Tilley, Druggist, total loss. Insured in Citizens' for $150. Also, house occupied by Rand Staples, damaged somewhat, covered by insurance in the Citizens'.

Mr. Tilley had his stock much damaged in removal, covered by insurance in Hartford, John Black, Agent. Mr. Estabrooks' furniture, was insured in the Imperial, John Black, Agent. It was considerably damaged.

R. McNaughton's house, occupied by Andrew Henry. No insurance.

Jos. E. Smith's house somewhat damaged. Covered by insurance in the Citizens', Richards & Son, Agents.

Very great sympathy is expressed for Mr. McFarlane, whose enterprise and energy was just beginning to be repaid by a handsome patronage. We have heard it suggested that the Stone Barracks should be proffered Mr. McFarlane to restart his factory.

Many of the families burned out have lost nearly all they possessed. Mr. Crouse was absent from home, and his furniture was nearly all destroyed. Mr. Vanwart and his family feel very much the loss of their beautiful home and a lucrative business. The sufferers by the fire are really deserving of practical marks of sympathy. The citizens of St. Mary's are loud in their praise of the city firemens' exertions to save their property

Saturday next will be the thirteenth anniversary of Confederation. There will be no celebration here of any kind. In Woodstock the sporting men have arranged some races on the Driving Park, and the Methodist and F. C. Baptists of that town will hold Bazaars.

After many years of patient investigation Dr. Van Buren, of Germany, finally succeeded in perfecting a Kidney Cure that would permanently relieve all cases of Kidney Disease. Be sure and ask your Druggist for Dr. Van Buren's Kidney Cure.

An atttempt was made to burglarize Messrs. Whittier & Hooper's store, York Street, on Sunday night, which also contains the American Express Co.'s Office. A pane of glass was broken by which the parties sought to lift the bolt securing the door, but they were unable to carry out their plan.

Since the decision of the English Privy Council sustaining the Scott Act, the Police Magistrate has collected several outstanding fines for violations of the law, and one conviction has been made. It is said a petition for a new election in the city under the Act is to be circutated.

The official count in the York Local Election is as follows:—

Hon. Mr. Colter,	2555
Mr. Wetmore,	1987
Mr. Blair,	1888
Mr. Thompson,	1665
Mr. Wilson,	1479
Mr. Estabrooks,	1158

The ninth annual session of the New Brunswick and P. E. Island Methodist Conference opened in the Methodist Church here at 9 A. M., to-day, and will continue for a week. At the session this forenoon, Rev. John S. Phinney was elected President for the ensuing year, Rev. R. W. Weddall, Secretary, and Rev. Robert Wilson, Journal Secretary. This afternoon the several committees meet and at 4 P. M. the Conference sits in secret session for the examination of character. Very little except routine business has yet been done. To-morrow evening the educational meeting will be held at 7.30 o'clock, and addresses will be delivered by Revs. Messrs. Stewart, Duncan, Currie, and Paisley.

Certain Provincial journals never fail to record the removal of New Brunswickers to the United States, but they take good care not to mention the return of a very large number of such persons who after a short residence in the Republic conclude that after all New Brunswick is not so bad a place. We have heard of nine young men, mechanics and farmer's sons, who have returned to York County within one week from Michigan, glad to get back and with no pleasant remembrances of the place they left. We are in possession of the names of several of these persons, who are honest and industrious men, and we are glad to welcome them back. One gentleman informs us that he can save more money here at $16 per month than in Michigan at $26, that the climate of our Province is infinitely superior, and that there are hundreds of our countrymen, some of them his own acquaintances, who would gladly return had they the means to do so. At the time our informant returned, twenty-five others came with him to the Provinces, sick and tired of the United States.

Why allow a cough to lacerate your throat and lungs? Why incur the imminent danger of consumption, when in an incredibly short space of time, and for an insignificant sum you may cure yourself? THOMAS' ELECTRIC OIL does the business thoroughly. A single bottle often suffices to relieve the difficulty. This peerless remedy overcomes with equal certainty, swelling of the neck, inflammation of the muscles and stiffness of joints, lameness and crick in the back tumors piles dysentery and a variety of other painful and harrassing disorders outwardly. Colic, whether of man or beast, is cured by it in fifteen or twenty minutes. Sores, excoriations and abrasions of the skin, are healed by it with gratifying rapidity. All medicine dealers sell it. Price, 25 cents.

Tidal Wave on Lake Erie.

A telegram from Cleveland, states, that, on Friday morning, a tidal wave two miles wide and eleven feet high swept the lake front. It came in the wake of a dense, angry-looking black and grey clould, which moved from northward over the city. There was no wind and no rain at the lake shore. Some rain fell in the city. The wind blew fiercely south of the town; vessels parted their lines at the mouth of the river, and the piers and docks were submerged four feet in some places. Hundreds of fish were cast ashore and the fire put out at the Lake Erie Rolling Mill. A scow loaded with sand was landed high on the shore. A short stretch of railway near the Union Depot was ripped up and numerous small buildings overturned. A tramp sleeping near the lake was drowned and a man standing on the bank was washed against the wall of the Union Depot. Another sitting in the switch house was buried under the stove. Iron rails twenty-eight feet long were lifted up and scattered in confusion. Huge logs were washed ashore, the life-saving station was badly wrecked. and various other damage was done. The wave lasted about a minute. Several parties fishing in skiffs report a sudden rise of the water and violent commotion like a whirlpool, The skiffs weathered the storm without accident. The damage to property on this shore is estimated at $30,000

He Stopped His Paper.

Nowadays when a subscriber gets so mad because an editor differs with him on some trivial question that he discontinues his paper, it reminds us of a good anecdote of the late editor of the New York *Tribune*. Passing down Newspaper row in New York city one morning, he met one of his readers, who exclaimed:

"Mr. Greeley, after the article you published this morning, I intend to stop your paper."

"Oh, no," said Mr. Greeley; "don't do that."

"Yes, sir, my mind is made up. I shall stop the paper."

But the angry subscriber was not to be appeased and they separated. Late in the afternoon the two met again, when Mr. Greeley remarked:

"Mr. Thompson, I am very glad you did not carry out your threat this morning."

"What do you mean?"

"Why, you said you were going to stop my paper."

"And so I did. I went to the office and had the paper stopped."

"You are surely mistaken; I have just come from there and the press was running and business was booming."

"Sir," said Thompson, very pompously, "I meant I intended to stop my subscription to your paper."

"Oh! thunder!" rejoined Greeley; "I thought you were going to stop the running of my paper, and knock me out of a living. My friend, let me tell you something: One man is just as one drop of water in the ocean. You didn't see the machinery of this world in motion, and you can't stop it; and when you are underneath the ground things upon the surface will wag on the same as ever."

The Horse—noblest of the brute creation—when suffering from a cut, abrasion, or sore, derives as much benefit as his master in a like predicament, from the healing, soothing action of *Dr. Thomas' Eclectric Oil.* Lameness, swelling of the neck, stiffness of the joints, throat and lungs, are relieved by it.

Extracts from a Letter from C. H. S. Cronkhite, Esq.

Canterbury Station, York Co., N. B.,
October 10th, 1876.

Mr. J. H. Robinson,

Dear Sir.—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

and was ordered by my physician to take it I commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable, in the summer to walk an distance without much fatigue. I can now take my gun and *travel all day and feel firstrate at night and eat as much as any lumber man. Have not bled any* since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them up to full measurement same as before I was sick; have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,
(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite, and do assert that the foregoing statement is correct in every particular.

Soe Manufacturers of Miller's Patent Shifting Rail.

These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880

Particular attention given to orders. Repairing done in the best manner, and at the shortest notice
