Communications.

To the Editor of the Maritime Farmer :

SIR,—A few days since I received the following communication :—

FREDERICTON, July 7th, 1882

TO JOHN WOODWARD,

SIR,—Your position as Marshall in this city is at stake, if you canvas against the Canada Temperance Act. We will look after your case in due time.

A TEMPERANCE WORKER.

I did not think, Mr. Editor, that there was any member of the temperance party in Fredericton mean enough to write the above, and I am sure that the temperance people cannot feel proud of a "worker," whose work consists of writing anonymous letters, for a man who writes threatening letters over an anonymous signature, is as mean and contemptable a creature as draws the breath of life. The attempt which certain people have lately made to hound me should not be allowed to pass unnoticed. At the beginning of the year, I was promised that I would be appointed Collector of Taxes as well as of Miscellaneous Licenses if I resigned my position on the police force. I did so, accordingly, but instead of appointing me the Council appointed Mr. W. T. Wheeler, as Tax Collector, at a salary of $100 a year additional, whereas I was willing to do the work for what there was in the levying of executions and the per centage of serving notices. Perhaps the Council acted wisely, but it is a fact that since his appointment Mr. Wheeler has paid into the city revenues less than $75, and has not got his tax notices out yet.

Now, sir, I am accused of carrying around a petition against the Scott Act, and my enemies say, I have no business to do so, because I occupy the position of City Marshall, for which I receive $60 per annum. I would ask them to point out an instance where I have ever neglected my duty as such official. They cannot do so, they prefer no charge, but make nasty insinuations behind my back. I was employed to obtain signatures for the Anti-Scott petition, and was paid for my services, and as I depend on the public for my living, I may say that I am prepared to carry around a petition for any side, provided I am paid for so doing. The collectorship of Miscellaneous Licenses is not worth as much as formerly for land leagues are being formed continually, and this causes a large loss of revenue to the city, and decreases my salary. There are three of these leagues at present in existence.

Let me say, in conclusion, Mr. Editor, that I have always endeavored to perform faithfully, and in the interest of the city, the duties of any office that I have ever held, and I think that the City Treasurer will say that I have succeeded in doing so. The attempt that is being made by a certain clique in Fredericton to oust me from the position I now hold, will not, I am sure, meet with approval from the right thinking people of the city.

Yours respectfully,
JOHN WOODWARD.

Fredericton, July 11th, 1882.

Town and Country.

Prof. Fletcher and lady are here on a vacation.

The new Organ for the Methodist Church has arrived.

Mr. John Macpherson displays new potatoes for sale—the first of the season.

Mr. Chas. F. Byrne, has been transferred to the Cable Station at Canso, N. S.

Notice is given elsewhere relative to the petition in the Scott Act matter.

Attention is called to the advertisement of Secy-Treas. Rainsford, in another column.

To-day the "glorious twelfth" is being celebrated at Lakeville Corner, Carleton Co.

The official report of the York Municipal Council proceedings will be found on our first Page.

Willie Chestnut, eldest son of Henry Chestnut Esq., has gone to Dakota to try his fortunes.

A lamp-post has been erected in front of R. Chestnut & Sons hardware establishment by that enterprising firm.

His Excellency the Governot General and the Princess are fishing in the tributaries of the lower St. Lawrence.

Judge Wedderburn's appointment to the County Court district of Albert and Kings, was gazetted on Saturday.

The Massachusetts State Board of Education has dismissed Prof. Walter Smith from the normal art school, Boston.

A strawberry festival and fancy sale is to be held in St. Paul's Church to-morrow evening. There will no doubt be a pleasant time.

The Catholics of Tay Creek will hold a pic-nic on the 18th inst., to raise funds to pay off the debt on their church. Mr. Bryson's Band will be in attendance.

The Provincial Teacher's Institute opened in the Normal School Building at 2.30 P. M. yesterday, Dr. Rand in the chair. There is a good attendance, and the session promise to be more than usually interesting.

Mr. W. H. Smithson, of the P. O. Service, Ottawa, lady and daughter, have been here since Saturday, and were greeted by many old friends. They left this afternoon for St. John *en route* to Digby for a vacation.

On Saturday, Mr. Justice Weldon's order prohibiting a recount of the votes cast in the St. John Scott Act Election, was set aside by the Supreme Court, and the recount will be proceeded with before Judge Watters, St. John, on the 7th of August.

We are glad to learn that Mr. McFarlane has made arrangements for the rebuilding of his Haims Factory at St. Mary's, and as preparatory he has already contracted for a thirty horse power engine at the New Brunswick Foundry. The new erection will be of brick.

The other day Mr. T. S. Adams St. John was the recipient of a Snider rifle from Mr. Archibald Rogers. This rifle had played a part in one of the principal battles between Peru and Chili and was found in the grasp of a dead soldier outside the city of Lima. Mr. Rogers brought it to New York in the bark "Mark Twain," and from thence it was forwarded to Mr. Adams.

We have heard the warmest commendations of the very satisfactory manner in which the duties of returning officer, in the recont Dominion and Local Elections, were discharged by Sheriff Temple, who fulfilled his difficult task so as not to give the smallest reason for complaint from either party. The deputy returning officers, we believe, also acquitted themselves well, showing the excellent judgment displayed by the Sheriff in their selection. Not a single error of consequence occurred in either Election, which is indeed satisfactory in comparison to the gross errors that have been committed in other constituencies.

There always seems to be a hum around the establishment of F. B. Edgecombe, whose wholesale trade has now become such, that, every day, cases and parcels of Dry Goods may be seen waiting on the platform before the Albion House to be transferred to different parts of the country. This is as it should be, and merchants from the river counties and elsewhere are realizing that Fredericton is their true commercial centre, and the best market not only for their produce, but to purchase their Dry Goods, Groceries, Hardware, Stationery, Drugs and Patent Medicines, etc. Our business men in their different lines are becoming alive to their interests and that is just what we want,—"live men in the community."

A sad death occurred Sunday afternoon, when John Barker, aged nine years, son of John Barker, laborer, corner of Brunswick and Northumberland streets, was drowned in the river just below Government House. With a number of other boys he was playing on the bank and in attempting to push off some logs, a pole which he had in his hands slipped, precipitating him into the water where it was about five feet in depth. His comrades made attempts to rescue him and a woodboat man came to their assistance, but too late to save the little fellow's life. His body was recovered at once and at 4 p. m. Coroner T. Clowes, Brown, M. D., held an inquest on the remains, the jury consisting of Geo. A. Cliff, John Palmer, Joseph Vandine, Jos. C. Histeen, Wm. Boone, Matthew Tenant and John Harvey. After viewing the body and hearing the evidence of two of the boys who witnessed the affair, the jury returned a verdict of "accidental drowning."

THE EXHIBITION BUILDING DESTROYED BY FIRE.

The City of Fredericton suffered a severe and much lamented loss by the complete destruction by fire of the Exhibition Building and the sheds and stables adjoining, at an early hour yesterday morning—a loss, we fear, that will not be made good for many years to come.

The fire which undoubtedly originated from incendiarism broke out at at a quarter past one and before a general alarm could be sounded, the entire building was wrapped in flames and the adjoining sheds were catching. The progress of the flames was most appalling, and there was no hope of saving the building from the first. The firemen responded to the alarm promptly, and gave their attention to the sheds and houses in the vicinity. The former were, however, reduced to ashes, but the latter suffered very slightly. Many families hundreds of yards from the conflagration were in readiness to move out, but fortunately there was a perfect calm at the time, and the fire was confined to its original limits.

The Exhibition Building and sheds were erected during the summer of 1878 by the joint action of the Citizens, City Council and Local Government, and cost $13,000 $4,000 of which was given by the city, $9,000 by the Government, while the citizens contributed some $3,000 towards the erection of the sheds. It was admirably suited to the purposes of Exhibitions, has been utilized in many ways, and its destruction is to be very deeply regretted apart from the financial loss. While we are quite willing to accede to Mr. Reid much credit for the erection of the building, we feel that he is censurable for not having looked with greater care after its safety, in view of the fact that only a few years ago, we had to mourn the loss of the former splendid Exhibition Building, which met its fate also at the hand of an incendiary. It was only a short time since we called attention to acts of vandalism in connection with building, including the wanton destruction of Sheriff Temple's barouche in a shed adjoining, and the breakage of upwards of one hundred panes of glass in the main structure. It is a false economy indeed that will erect a handsome building, and leave it to fire fiends.

We think also, that the York Co. Agricultural Society, which we believe is controlled by Mr. Reid, was direlict in its duty in not insuring the building to a greater extent. The city's stock was insured for $3,000—$1000 in the Western, $1000 in the Citizens, Richards & Son agents, and $1000 in the North British and Mercantile, J. L. Inches agent, and this is the only margin left to commence the erection of a new building if such a movement should be suggested. But there would be little hope, we fear, for such a course with our past experience. Two splendid Exhibition Buildings destroyed within five years by the torch of the incendiary, is a serious reflection on the morality of our city. With Tuesday morning's fire, we fear our hope for an Exhibition in the near future would seem destroyed.

The Council of the Fredericton Historical Society met on Saturday, and decided to postpone the next meeting to the second Thursday in October, when Professor Bailey will read a paper "on the Aboriginal Races of New Brunswick."

Mr. Justice Steadman presided at the Victoria Co. Court last week in Judge Stevens' absence, and before being discharged the Grand Jury presented to His Honor a carefully prepared and flattering address, which also contained pleasing and eulogistic reference to Judge Stevens who is now visiting his native country, Scotland. The address was replied to at some length in the amiable, happy and unassuming manner peculiar to Judge Steadman, in the course of his speech he paid a high tribute to the excellent qualities and sterling probity of the absent Judge.

On Monday Mr. John O'Toole began the erection of a foundry on the vacant lot fronting on Queen street, above Westmorland, and known as the Tower property. The foundry building will be of wood, 40x45 feet and one storey, and will be completed ready for operations in about a month. Mr. O'Toole contemplates building a machine shop and wareroom in connection, extending from the foundry to Queen street. He has the reputation of being one of the best moulders in the Province, and has been employed for a long time in the New Brunswick Foundry.

On Thursday afternoon was held the annual examination of the Collegiate School, and among the visitors were, Dr. Harrison, Dr. Bailey, and Prof. Rivet of the University Mr. Sampson, Secretary of the School Board, and a number of former pupils of the school. A very efficient examination of the classes was made by Principal Parkin and his staff, and the work done was thorough and interesting. The prizes were presented as follows:—

Wm. Anderson, Fredericton, Douglas Silver Medal;

Frank Jarvis, St. John, Lorne Silver Medal and Mathematical Prize.

Edward McAfee a workman engaged in the blacklead mine near Murray's Mills Indiantown, St. John, met with a horrible death on Thursday last. He took a fit fell into the mine a distance of thirty feet, and in his descent striking a hoisting tub which was being brought up out of the mine, he doubled up inside of it. With the force of his fall in it the tub "dumped," or turned over, and threw him out. At the time he struck it the tub was about five feet from a small plank staging on the first bottom of the mine. McAfee landed on this platform, which was about two feet under water, when ejected from the tub and after floundering about in the water for a few moments, in a useless attempt to save himself, he slipped into another hole or extension of the mine. This excavation is about as broad across the top as a molasses puncheon and fifteen deep, and in it he perished. His body was afterwards recovered. The unfortunate young man had only been working in the mine during that day.

The Methodist Conference closed its session here on Thursday last. The following is the list of clergymen now stationed in the Fredericton district :—

The marriage of a Fredericton young lady, Miss Hattie Barker, daughter of Capt. Jas. McD. Barker, is thus noticed in the New York *Andrew's American Queen* newspaper :

On Thursday, June 22d, at the "Bristol," No. 55, West Eleventh street, the marriage of Mr. N. H. Brinton and Miss H. H. Barker was solemnized. The Rev. Mr. Kranz officiated. The bridesmaids were Miss A. M. Gibson, Miss Clara Este, and Miss Ida Este. Mr. L. Este, a cousin of the bride, gave her away. The ushers were Mr. Curry and Mr. Ozier, who discharged their duties in a very creditable maner.

The bride looked charming in her beautiful wedding robe, composed of white moire, cut *en princess* with court train, with a box-plaited ruche and trimmings of point Duchesse lace with pearls, and floral ornamentations of pond lilies and lilies of the valley. The bridesmaids were becomingly dressed, and the floral decorations of the house were exceedingly handsome and unique.

A reception was tendered by Mr. and Mrs. Davis, of the Bristol, as a compliment to the fair bride. The supper was one of the best. The bridal presents were costly and numerous, consisting of silver-ware, gems of art, diamonds, etc.; in fact, an indescribable assortment of pleasant remembrances in the shape of gifts. Among the guests present were Dr. and Mrs. Strong, Mr. and Mrs. George Lord, Mr. and Mrs. Searles, Mr. and Mrs. West, Mr. and Mrs. T. Lamson, Mr. and Mrs. Elliott, Miss Elliott, Mr. and Mrs. Cohen, Mr. and Mrs. Newberger and family, Mr. and Mrs. N. Willis, Mr. and Mrs. Hardon, and a large number of others. Mr. and Mrs. Brinton have the good wishes of very many friends in this city.

Death of Hon. Mr. Seely.

We regret to record the death of Hon. A. M. L. Seely, President of the Legislative Council of this Province, which occured on Monday, at the residence of his brother Wright Street, Portland, after a long and severe illness, in the 71st year of his age. His death, though not unexpected, will be heard of with deep regret by all classes in the community, of which the deceased has been for many years an active and honored member. He was the son of the late Mr. Seth Seely, of St John, and grandson of Mr. Seth Seely, of Stramford, Connecticut a United Empire Loyalist. He received his education in St. John, and at an early age engaged in the lumber business at Indiantown, first as a clerk in the office of the late Thomas McMackin, a lumber merchant of that place, where he remained from about 1834 to 1837, and in 1838 he opened business in this line at Indiantown on his own behalf. There he continued till somewhere about 1851 or 1852, when he sold his residence there, which was afterwards burned, to John F. Godard, Esq., the present Town Clerk of Portland, and removed to the city, where he engaged in shipbuilding. Prior to this time, however, he had built a couple of vessels across the river from Indiantown. He took a prominent part in banking affairs, and was also closely identified with the educational and missionary societies of the Baptist Church, of which he was a faithful and zealous member. He was a member of the Senate of the University of New Brunswick; vice-President of the New Brunswick Baptist Educational Society, of the New Brunswick Baptist Home Missionary Board, and of the Baptist Convention of Nova Scotia and New Brunswick. He also was President of the St. John Religious Tract Society, and for several years President of the old Commercial Bank of this city.

Mr. Seely was called to the Legislative Council in 1854, and in 1878 was elected to the Presidency of the Council made vacant by the death of the Hon. John Simcoe Saunders.

The Hon. Mr. Seely was twice married, his first wife being Miss Morrell, of St. John, by whom he had three daughters and two sons. The eldest daughter married the late Rev. E. B. DeMill; his second daughter, Capt. Berryman, of London, and the third, Mr. J. H. Robinson, of St. John. His eldest son is at present Assistant Superintendent of the New Brunswick Railway at Gibson, and the sad death of his second son, Capt. Seely, was recorded only a few days ago. His second wife, by whom he had three sons and one daughter, survives him.

The funeral of the deceased will take place to-morrow at 3 o'clock P. M.

The death of Hon. Mr. Seely and the resignation of Hon. Mr. Lindsay leaves two vacancies in the Legislative Council.

A Successful Combination.—The successful combination of the six oils composing *Dr. Thomas' Eclectric Oil* is a genuine triumph of chemistry. Whether applied externally for the relief of pain or to allay inflammation, or taken internally to remedy a cough, it is speedily and entirely effective.

Peter Kieffer, Buffalo, says :—"I was badly bitten by a horse a few days ago, and was induced by a friend who witnessed the occurrence to try *Dr. Thomas' Eclectric Oil.* It relieved the pain almost immediately and in four days the wound was completely healed. Nothing can be better for fresh wounds."

The horrors of war are nothing to the horrors of Neuralgia. Immediate relief may be had by bathing the head with *Johnson's Anodyne Liniment* and snuffing it up the nostrils.

Parsons' Purgative Pills are a priceless boon to the people of the South and Southwest. They effectually prevent fever and ague and all malarious diseases, and cost only 25 cents a box.

PERSONS OF SEDENTARY HABITS are frequently troubled with excessive langour, (especially in the mornings) want of appetite, dimness of vision, confused mind, and imperfect memory. A few doses of Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, speedily remove these manifestations of a debilitated stomach. Beware of imitations. See that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada.
