Lord Lorne on Canada.

The London correspondent of the Toronto *Globe*, writing under date of 6th inst. says:—"Lord Lorne's visit to Birmingham this week has proved a great success. His reception throughout has been most hearty, and there was a remarkably strong demand for tickets admitting to his address upon the Dominion. At one time, indeed, I am told it was seriously thought that some arrangements would have to be made for an overflow meeting. The lecture itself was extremely well received and well reported in all the leading papers throughout the country. There was perhaps nothing strikigly original or novel about it, but no one could have been more enthsiastic than was His Lordship in describing the attractions of the country, and coming from him, such statements were readily accepted. I may mention that in London during the first day or two I have heard on two or three occasions references to the address which show how much more attention it has received than any other lecture on a similar subject of late years. One point is perhaps worthy of notice. In speaking upon emigration from, as he termed it, "an English point of view," the Marquis was very cautious in his tone. As far as the rural districts in Scotland and in some portion of England were concerned, he considered that emigration had gone quite far enough. There is no doubt that this feeling is slowly spreading among the employers of labour in the country, and it is here, I think, that the most serious difficulty which the advocates] of emigration will have to encounter will spring up. One or two references in the *Times* a few weeks ago to this point, have not passed unnoticed, and I think we shall hear more on the question before long."

Home Items.

—"All your own fault
If you remain sick when you can
Get hop bitters that never—*Fail.*

The weakest woman, smallest child, and sickest invalid can use hop bitters with safety and great good.

—Old men tottering around from Rheumatism, kidney trouble or any weakness will be almost new by using hop bitters.

—My wife and daughter were made healthy by the use of hop bitters and I recommend them to my people—Methodist Clergyman.

Bitters are not the best family medicine
On earth.

—Malarial fever, Ague and Biliousness, will leave every neighborhood as soon as hop bitters arrive.

"—My mother drove the paralysis and neuralgia all out of her system with hop bitters."—*Ed. Oswego Sun.*

—Keep the kidneys healthy with hop bitters and you need not fear sickness.

—Ice water is rendered harmless and more refreshing with hop bitters in each draught.

—The vigor of youth for the aged and infirm in hop bitters.

Do not sweep hard and get tired and swallow dust. Brush lightly all specks, scraps and dust into dustpan pushing it with your foot as you go over carpet; it will look and be clean, and sweeping takes off nap.

The Best Proof.—THE GLOBE.

"I sell more Burdock Blood Bitters than I do of any other preparation in stock," says B. Jackes, druggist, Toronto. If the reader will ask any druggist in the city he will get a similar answer to his query—a proof that it is the most popular medicine for the blood, liver and kidneys known.

Suet pudding.—One cup each of sugar and milk, suet freed from skin, chopped fine and raisins seeded and chopped, three cups of flour rounding full sifted with two teaspoonfuls of baking powder (Royal). Flavor with cinnamon and nutmeg. Stir all well together and steam about two hours. Serve with sour sauce.

If you want fast colors and brilliant shades use the popular package Star Dyes.

Holloway's Corn Cure destroys all kinds of corns and warts, root and branch.

Wool comforters are lighter and warmer than cotton ones. One five-pound comfort, with one pair of blankets are sufficient for ordinary cold weather, and repays well the expenses in health. How often I rose in morning tired and unrefreshed, when sleeping under cotton comforters, but not since I made wool ones.

How to Treat Weak Lungs.

Always breathe through the nose, keeping the mouth closed as much as possible. Walk and sit erect, exercise in the open air, keep the skin scrupulously clean, and take Hagyard's Pectoral Balsam for coughs, colds, and bronchial troubles.

A nice loaf of brown bread.—Four cups graham flour sifted with three teaspoonsful of baking powder (Royal), one-half cup of molasses, two cups of sweet milk and a little salt.

KADOKA, Mo., Feb. 9, 1880.

I purchased five bottles of your Hop Bitters of Bishop & Co. last fall, for my daughter, and am well pleased with the Bitters. They did her more good than all the medicine she has taken for six years.

WM. T. McCLURE.

The above is from a very reliable farmer, whose daughter was in poor health for seven or eight years, and could obtain no relief until she used Hop Bitters. She is now in as good health as any person in the country. We have a large sale, and they are making remarkable cures.

W. H. BISHOP & CO.

Newport cake.—Two tablespoonsful of sugar, piece of butter the size of an egg, two egg, one and one-half cups of milk, three cups flour, two rounding teaspoonsful baking powder (Royal). Stir all together and bake in a quick oven. This is very nice to be eut warm and eaten like biscuits.

THE SORT OF BLOOD from which the constituents of vigorous bone, brain and muscle are derived is not manufactured by a stomach which is bilious or weak. Uninterrupted, thorsugh digestion may be insured, the secretive activity of the liver restored, and the system efficiently nourished by the aid of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. It is the greatest blood purifier ever introduced into Canada.

Here is an imitation cider apple sauce.—Pare, quarter and core the apples you wish to cook, strew the sugar you would use to season them, and let it stand over night. Then stew in their own juice, and they will have a nice flavor and color. Don't stew in tin or brass.

Be Careful What You Eat.

The best medicine authorities declare that worms in the human system are often induced by eating too freely of uncooked fruit and too much meat, cheese, etc. Whatever may be the cause, Freeman's Worm Powders are speedy and safe to cure; they destroy the worms, and contain their own cathartic to expel them.

How to cut a five pointed star. Take a piece of paper in the middle, then fold in three sections one of which shall only be half as large as the other two ends meeting in a point—the center of the star—then fold again to the size of the half section and cut standing well toward the center.

Mr. George Tolen, Druggist, Gravenhurst, Ont., writes: "My customers who have used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, say that it has done them more good than anything they have ever used." It has indeed a wonderful influence in purifying the blood and curing diseases of the Digestive Organs, the Liver, Kidneys, and all disorder of the system.

Do not always keep your piano or organ closed if you want the keys to remain white.

Railway Accident.

Frank Spink, Wilton Avenue, Toronto, some time ago received a bad injury by an accident on the G. T. R. The severe contusions were quickly healed by the use of Hagyard's Yellow Oil.

A little milk in the water in which you are washing your dishes, is much nicer than soap.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause.

The best way to sweep your best carpet is to sprinkle first with dampened corn meal, It lays the dust and brightens the colors.

C. A. Livingstone, Plattsville, Ont., says: I have much pleasure in recommending Dr. Thomas' Eclectric Oil, from having used it myself, and having sold it for some time. In my own case I will say for it that it is the best preparation I have ever tried for rheumatism.

A Bad Business.

Referring to the recent suspension of traffic on the Canada Pacific Railway, owing to the cutting down of employees' pay, the Montreal *Witness* says,—"Railway communication with the North-West of Canada is cut off we are told. One railway company only is allowed a line connecting Winnipeg and the North-West with the outer world, and that Company has had a quarrel with its employees with the result that both parties are willing to see the public put to great inconvenience and loss rather than submit to loss themselves even for a short time. This is the direct result of the monopoly. If there had been more lines than one to do the work, neither Company nor engineers would have tried to force the other's hands so suddenly. The Canadian Pacific Company cannot lose very much, for the traffic will accumulate until they are ready to carry it, and the engineers think that they have only to hold out and that the United Brotherhood of the United States, to which they one and all belong, will see them through. In the meantime the public have to suffer. A despatch to the organ of the Company here, states that at points west of Winnipeg there is a scarcity of provisions and fear of famine if communication is not kept up. The Company in return for great subsidies and great privileges contracted to keep up a regular service over the whole line. This occurrence will make it more abundantly clear than ever to the people of the North-West that a monopoly in transportation upon which their welfare, perhaps their lives, depend should not be allowed to exist and it will hasten the crisis which seems approaching in that part of Canada. All the dangers which were foreseen as a result of this monopoly have been realized."

A Paralytic Stroke.

W. H. Howard, of Geneva, N. Y., suffered with palay and general debility, and spent a small fortune in advertised remedies, without avail, until he tried Burdock Blood Bitters. It purified and revitalized,

If all who make pumpkins pies, knew how much better and easier it is to bake the pumpkin first, they would no longer worry over cutting up and peeling it, but just cut it into halves. take out the seeds, lay it in the oven and bake until soft, when it can be scraped out and used as usual, and is so much better for not having water in it. Winter squash makes a much richer pie when treated in this way.

Pope & Bitlaeu, druggists, Cedar Rapids, Iowa, writes: We have never sold any medicine that gives such satisfaction to the consumer and pleasure to the seller as Dr. Thomas' Eclectric Oil. We can refer you to numbers that have used it for diptheria with entire satisfaction and success.

Every Spring.

HOW AN AFFLICTING ANNUAL VISITOR WAS DRIVEN FROM A WEARY WOMAN.

Plain and simple mechanics are not liable to get out of order. Complicated watches, intended not only to keep the time of day, but to mark the movements of the moon and stars, are certain to need frequent repairs. Husbands and fathers often fail to see that their wives and daughters are more delicately organized than themselves, requiring corresponding care when they are well and assistance when they are ill. Yet much better for woman's fine system is a trustworthy medicine, ready at all times for use, than a deal of tinkering by semi-educated local practitioners.

"Every spring," said the wife a well known employee of the Grand Trunk Railway, Montreal, "I have been for some years past troubled with nervous debility and weakness. It was the burden which so many women are called upon to bear, although none the lighter for that.

"Advice and dosing, to be sure, I had in plenty; still, on each returning spring my sickness came as regularly as the buds and blossoms.

"You seem better now."

"Oh yes; I consider myself almost or quite well, and it came about in thisway: A lady living on St. Catherine street this city, commended to my attention *Sulphur and Iron Bitters.* It gave me strength and life. My sister, living in Brockville, whose disease was nearly the same as mine, was equally benefitted by the same thing."

Sulphur and Iron Bitters, prepared By the Climax Chemical Co., Montreal, is for sale by all druggists. Price, 50 cents.
