Little Jessie Price, a seven-year-old daughter of Mr. John Price, of Portland, N. B., met a horrible death one day last week. She was eating her breakfast in her night clothes, which caught fire from the stove only a few feet distant, and before it was discovered, her body was charred almost beyond recognition. She lingered in extreme agony for two hours.

Mr. Robert Blair of the Maritime Bank, St. John, while enjoying a holiday at Woodstock last week, was accosted by the Miscellaneous Tax Collector who demanded his fee for doing business. A wag had pointed him out as a commercial traveller, but as Mr. Blair's class of business could not be found in the officer's schedule, he was let go with a caution.

His Excellency the Lieutenant-Governor visited Stanley recently, for the first time. He spent the night at Mr. J. Thorburn's, and next day crossed the Nashwaak and went through the Ward Settlement, returning to Stanley by the way of the Cross Creek road. His Honor expressed himself much pleased with the crops and the state of the farms in general.

There was a destructive fire at Sussex, Friday morning, when Victoria Hall, occupied on the upper flat as a place for entertainments, and on the lower by the Savings Bank; T. T. Stumbles, watchmaker; White & Allison, law office; W. H. White, real estate office; Isaac Hallett, barrister and Clerk of Supreme Court; John Sears, barber; W. W. Sharp, printing office, was entirely consumed, with a large portion of its effects. The building was owned by Mr. W. H. White, who loses above insurance, $2,000.

The members of the City Cornet Band, desire through the MARITIME FARMER, to express their sincere thanks to the committee in charge of the Picnic yesterday, for their efforts to make the occasion a success.

Mr. Clarence B. Esta brooks, a thrifty and respectable farmer living a mile and a half below Grand Falls, was found dead in his bed last Wednesday morning. The deceased was subject to fits. He was about thirty years of age, and leaves a wife and three children.

A drunken man entered Mr. A. G. Edgecombe's residence, Thursday afternoon, and demolished several valuable articles in the drawing-room. He was promptly ejected by Mr. Edgecombe, who happened to arrive just then, and subsequently was arrested by Sergt. Vandine, but dismissed by the Police Magistrate at Mr. Edgecombe's suggestion.

The ladies of the Methodist Church at the Mouth of the Tay, Nashwaak, are to hold a tea-meeting next Wednesday, and a musical and literary entertainment is to be given in the hall there that evening. The Fredericton Brass Band has been engaged for both occasions, and the ladies anticipate a large gathering. Mr. William McBean is secretary of the committee.

Mrs. Senator Wark and Miss Wark, left here yesterday for Quebec, where they will take the steamship "Parisian," for Liverpool, G. B., en route to Buncrana, Province of Ulster, Ireland, to visit relatives. They will be absent a year and before returning, will visit Germany and other European countries. The MARITIME FARMER wishes them a pleasant trip and safe return.

A very successful teameeting was held at Lake George on Wednesday, 29th ult., in connection with the Methodist Church. The ladies who had the matter in charge, deserve the highest credit, having spared no pains to provide bountifully for all who were present. The evening entertainment consisted chiefly of music, provided by Miss Saunders and others, and gave entire satisfaction. The net proceeds amounted to about $110.

The Boston *Advertiser* says that a fellow named Fred Saunders, who is known in Fredericton, came from St. John, N. B., recently, and was greatly assisted by several provincial-bred citizens. He returned their favors by forging the names of his friends, running away without paying his board bills, and by other despicable acts. He was followed in his flight as far as Portland, Me., but managed to get over the border in time to avoid arrest.

The Aroostock *Times* says:—"Thomas Collins and Jacob Sanders of Fredericton, N. B., were brought before Trial Justice Tabor, last Monday morning, on the charge of obstructing Officer Osgood, found guilty and held in the sum of $500 each, and for want of bail were committed to jail to await trial at the next term of the S. J. court. They had just been released from a term of imprisonment for trespass upon the premises of H. E. Storel.

The Annual Convention of the Women's Christian Temperance Union of New Brunswick, opened here to-day. There is quite a large attendance of delegates from St. John, Portland, Carleton, Moncton and Fredericton. To-morrow evening under the auspices of the Union, Prof. Foster M. P., for King's, will deliver an address in the City Hall, when no doubt a large number of our citizens will avail themselves of the opportunity of hearing his matchless oratory.

The citizens of Moncton held a public meeting Monday evening, and decided to offer four acres of land and $5000 as a bonus to have the Military School located there. The former was offered by J. A. Humphrey, M. P. P., J. L. Harris and C. P. Harris. While admiring Moncton's enterprise, we question its discretion in attempting to purchase coax or threaten the Dominion Government out of its decision, which from the first, was to locate the school here by which $100,000 will be saved, it not being necessary to erect new buildings.

Messrs. Osgood & Co., Boston, have published a very pretty little pamphlet, containing Col. George E. Waring's famous horse story, "Vix," which the London *Spectator* characterized as "genuinely pathetic," and of which Col. Higginson said, that "all Col. Waring's horses are like Dr. John Brown's dogs—genuine and half humorous creatures." "Whip and Spur," the book from which "Vix" is taken, is a sparkling group of cavalry sketches, rivalling the best chapters of Hamerton in their vivid life and realism Every admirer of the "noblest friend of man" should own a copy of "Vix," and enjoy its reading month after month. Price 10 cts.

There are signs in the provincial horizon, not a few, which point to the reconstruction of the Local Government and a redistribution of portfolios. Some small men have, by force of circumstances, been assigned to very heavy burdens, and grave disqualifying circumstances operate against the retention of office by others. A consuming office-hunger among a small but very active contingent of supporters is said to be ominous of coming trouble. Mr. Blair found the position of leader of the Opposition no sinecure; he is daily finding out that the marshalling of his heterogeneous elements in the line of steady and successful government is not a whit easier.—*Sun.*

After the regular business of the City Council had been disposed of last night, Ald. Wilson moved the following resolution, which was carried by a vote of seven to two, Ald. Vandine in the chair, and Alds. Farrel and Thomas dissenting, both gentlemen, however, concurring in the spirit of the resolution, but deprecating the principle of the Council in taking notice of such articles as the one referred to below:—

Whereas, in the issue of the newspaper called the *Gleaner* of the 29th August last, there appeared an article concerning City affairs, and more especially the report submitted by the Water Committee at the last session of the Council; and

Whereas, there are statements in the said article calculated to give a false impression to the public in regard to the said report, and most damaging to the members of the Water Committee and this Council; therefore

Resolved, that in the opinion of this Council the statements in the said article, in view of the financial reports made by the Water Committee at the last session of the Council are false and untrue, damaging to the members of this Council and more especially to the members of the Water Committee, and ought not to be countenanced by this Council.

The Benefit Pic-nic to the City Cornet Band, at the Hermitage yesterday, was quite well attended, although the afternoon was rather cool for outdoor enjoyments. The sports were well contested, and following were the prize winners:—100 yards race, Calder 1st, Cliff 2nd; Three-legged Race, Collins and Haines; Hop, Step and Jump, D. Driscoll; Standing Broad Jump, Henry Morecraft; Running High Jump, Cliff; Three Jumps, Morecraft 1st, Calder 2nd; Brace and Bit and Air Gun, Buchanan; Ladies Archery, Miss Gunter 1st, Miss Magee 2nd; Gent's Archery, E. Goodine 1st, Tyler Dunphy 2nd. The City Cornet Band furnished a programme of music, and a marked improvement in their playing, was observable. During the afternoon, the Lieut. Governor visited the grounds and before leaving made a donation to the funds of the Committee, who are also under obligations to Rev. Father Bradley, and Mr. C. L. Richards, for similar favors. The Bonnet Hop in the evening at the Masonic Hall was well attended, and dancing was kept up till a late hour. The net proceeds of the day amounted to $67.52 The Band feel thankful to the Chairman and Secretary, Mr. D. J. Stockford and Mr. J. F. Gallagher, for the interest they manifested in the affair.

The Scott Act.

There is a movement on foot in Westmorland, with its origin at Moncton, to petition for the repeal of the Scott Act in that County, next spring, when the three years term shall have expired.

The *Times*, the editor of which is a strong temperance advocate, says:—

"Taking the utter failure of the Act into consideration, it is the duty of all well-disposed people, whether they be total abstainers or not, to have the Canada Temperance Act repealed. The Act has not lessened the traffic in any locality, and has greatly extended it in many—notably in the town of Moncton. As far as Westmorland is concerned—and we believe from the information we have from Albert—both counties were in an infinitely better position before the Canada Temperance Act was accepted. Under these circumstances, we think it will be well, in the interests of peace, morality, and total abstinence itself, that the "Scott Act," as it is familiarly called, should be done away with in Westmorland at all events."

The *Times* also points out that the License Act passed at Ottawa last winter, contains clauses which if acted upon by the ratepayers, are quite as prohibitory as the Scott Act, and that provision is also made for the enforcement of these clauses, while the weakest point in the Scott Act, is the fact that no provision is made for its enforcement.

This is quite true, but in this city, we fear the weakest point in the administration of the Scott Act, is the want of moral support the law receives even from those who were most clamorous for its adoption in the first instance, and again on its renewal last autumn. We have heard the opinion very freely expressed recently, that a greater quantity of liquor is being sold at the present time in this city, than at any period since the Scott Act came in force. We do not blame the authorities for this, for all the convictions under the law, are from information made by the police officers. It would be only reasonable to expect that the parties who were instrumental in carrying the law here, should make themselves felt in its enforcement. Are they doing it? No. And why not. We fancy, we can imagine some of the reflections this query will originate in the minds of those who read these lines and know the facts.

Says the Charlottetown *Herald*:

The Moncton *Times* is of the opinion that the Scott Act should expire in January next, thereby insinuating that it is of no use. We entirely agree with the *Times*. We think the Act an excellent Act enough if it could be enforced; but that being impossible, we think as it exists at present and is carried out, it is a first-class fraud. No one pretends the Scott Act is in force. Not certainly the Stipendiary Magistrate who sentences drunkards day after day, not the police who arrest them, and not the vendors who sell with cheerful impunity. There is to-day more drunkenness in Charlottetown than in any other city in Canada of like population. The liquor sold is frightfully bad—rank poison. We have now in Canada a good license act; let it be uniform, and let the Island take advantage of it as soon as possible, so that our revenue may be increased, our bill of mortality lessened, and the state of demoralization to which we are rapidly tending, prevented.

In Manitoba the prospect for the adoption of the Scott Act would appear dull. A recent number of the Winnipeg *Sun* says:—

"The agitation for the introduction of the Scot Act so prevalent three or four years ago appears to have subsided, while in several counties in which it has been adopted there are growing indications of an early repeal. The reasons for this change of feeling are not hard to find. In the first place, it is an exceedingly difficult matter to prevent the introduction and sale of liquor in any one county while surrounding counties have open bars. The means provided for enforcing the Act are almost invariably inefficient, and the officers of the law usually receive very little assistance, even from avowed temperance advocates, in the work of suppression. Until public feeling is sufficiently educated to regard liquor selling as great a crime as larceny and like offences, prohibitory legislation is not likely to prove effective. The chances are certainly against any considerable measure of success when its operation is confined to a small extent of territory."

A Life Worth Living.

Emerson says, "the truest test of civilization is not the census, nor the size of cities, nor the crops, but the kind of men the country turns out." Now the kind of men the country turns out depends pretty much upon his physical condition, or what use to the world would a race of invalids prove? Such people have no individual independence, and their usefullness and achievements—if any—are of the most meagre and ordinary character when compared with those of the hale, hearty man who takes the world as he finds it, makes the most of it, and leaves it the better for his having passed through it. I remember asking one such how it was he appeared to enjoy such an imunity from disease during especially sickly seasons. His reply came unhesitatingly: "Because I pay prompt attention to the premonitary symptoms of disease, and thus baffle continued illness." "But" how is this effected so readily," I asked, "when you so rarely have recourse to the physicians? "Well," he replied reflectively, some years ago, I learned that men and women could in no small degree, become their own physician through the medium of a book—Humphreys' Homœpathic Mentor, or Family Advisor—the gift of a friend. After a careful reading I came to the conclusion that it was the most practical volume I had looked into for years, and resolved to test the medicines, or Specifics, it advocated for family use. I ordered a family case, also a Veterinary one for the stables, and since then have become, with splenid results, not only my own physician, but the "friend in need," to many around me—there is so much in Homœpathy.

Extracts from a Letter from C. H. S. Cronkhite, Esq.

Canterbury Station, York Co., N. B., October 10th, 1876.

Mr. J. H. Robinson,

Dear Sir.—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable in the summer to walk any distance without much fatigue I can now take my gun and *travel all day and feel first-rate at night, and eat as much as any lumber man.* Have not bled any since I took your preparation, and can now inflate my lungs, without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick, have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,

(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite, and do aver that the foregoing statement is correct in every particular.

Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 *E. 54th St., New York, May* 16, 1882.

MESSRS. J. C. AYER & CO., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all *Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility*, and all disorders resulting from poor or corrupted blood and a low state of the system.
