GRAY'S SYRUP OF RED SPRUCE GUM.

Trade Mark Registered.

Price 25 cents.

Every one has heard of the wonderful effects of the Spruces and the Pines in cases of Lung Diseases. The Rev. Mr. Murray, in his book on the Adirondacks, lately published, relates the case of a consumptive young man who was entirely cured by a three months' camping out among the pines. In France the physicians regularly send their consumptive patients to the pine woods, and order them to drink a tea made from the spruce tops.

GRAY'S SYRUP is a scientific combination of the gum which exudes from the Red Spruce tree. In this preparation the gum never separates, and all its antispasmodic expectorant, tonic and balsamic properties are preserved.

For coughs, colds, Hoarseness, Throat Affections, &c., it acts like a charm.
