Smith, *vs.* W. F. Glidden—an action of assumpsit and account. J. A. & W. Vanwart for plff's, Fisher & Connell Woodstock, for deft. The Court adjourned *sine die*.

Mr. William Segee, of the Spring Hill Hotel, has a wonderful cow. Although only seven years old, she has given birth to eight calves, and during the best grazing time this summer, she gave daily, thirty-four quarts of milk, it being necessary to milk her three times in twenty-four hours. Her milk was sufficient for the family and boarders, in all twenty two persons, besides transient guests and a surplus produced ten pounds of butter weekly. If all the milk had been churned, Mr. Segee says he would have had twenty pounds of butter per week. If there is another bovine in the country with a record approaching this, Mr. Segee would like to hear of her. The cow in question, is an ordinary grade.

An exchange gives a brief account of the murder of Thomas Hartt, at Liverpool, Q. B., July 12th, who is said to belong to this city. From what transpired at the inquest, it appears that Hartt, who was a seaman, was stabbed in the abdomen by a man named McNeill, who had been in a quarrel with a shipmate of Hartt's, named McCarthy. McNeill drew a knife at McCarthy, the latter ran away from him, and McNeill then want up to Hartt, so the account says, while the latter was talking with another party on the street, and with a paofane remark, plunged his knife into the unfortunate man. Hartt was carried into a house near by, but died in a few minutes after receiving the wound. McNeill was afterwards arrested and committed for trial on a charge of wilful murder.

City Marshal Woodward returned Saturday from a brief holiday trip to Nova Scotia, during which he spent a few days in Halifax, with which he was much charmed. He went via the Annapolis Valley, and having letters of introduction to Conductor Joe Edwards, Detective Power of Halifax and other celebrities, he spent a very pleasant time. Mr. Woodward says that just now, the people of Halifax are very much agitated over the military bands playing the troops to church on Sunday, and that the bitterness of feeling, can only be compared to a Scott Act election in Fredericton. He says General Russell threatens to refuse permission to the Bands to play in the Gardens or other public resorts, and to do this would be to deprive the average Haligonian of half the pleasures of life. The City Marshal brought back with him two Guinea pigs which will be put in training to scent the wary "drummer," who was administered to in his absence by Sergt. Vaudine.

In the Rifle Competitions at Sussex yesterday, Sergt. Weyman, 8th Cav., won the Prince of Wales' Cup, and in that match the following 71st Batt., men came in for prizes: Capt. Loggie, Sergt. E. A. Smith and Pt. McLean, $4 each; Sergt. Perkins, $2; Qm. Sergt. Winter, $1. James Hunter, St. John, led in the Allcomers match, and 71st men won prizes as follows:—Qm.-Sergt. Winter, $5; Lieut. McMurray, St. Stephen, $2.

At four o'clock on the morning of the 14th inst., a violent thunder storm with heavy rain burst upon Sackville, and a few minutes later, the inmates of the Brunswick House, owned by Mr. Thomas Estabrooks, was struck by lightning, which entered the chimney and burst through the house with a terrible crash. The whole house was soon in flames, and in a short time it was levelled to the ground. Most of the furniture and the barns adjoining were saved. It is stated that Mr. Estabrooks, and those who hear of his misfortune, will deeply sympathize with him, will lose nearly $7000. He had $3,500 insurance in the N. B. and Mercantile. The Brunswick House was the principal hotel at Sackville, and its destruction will be greatly felt by visitors to that town. We are glad to hear that Mr. Estabrooks will rebuild at once.

A very sad case indeed, was that of a young man named George Logan, who died suddenly at the Queen Hotel on Thursday last. He belonged to Australia, and had not a near relative living, so far as he knew. Father, mother, brothers and sisters, all were dead, and in a strange land, attacked by a fatal disease, he lay down to die. Dr. Atherton, with his singular skill, performed a delicate surgical operation at the patient's own request, but it was of no avail. Mr. and Mrs. Edwards of the "Queen" did all they could for the bodily comfort of the unfortunate young man, and the Bishop-Coadjutor, ministered to his spiritual needs, but there was something inexpressibly sad in his breathing out his life among strangers, without the loving hand of friend or relative, to watch over his dying hours. He was sober, intelligent and industrious, and in his last moments, expressed his firm conviction and faith in the existence and goodness of a Higher Power, and One whose offices were immeasurably better in his dying hour, than mere earthly connections. His remains were interred under Mr. Edward's direction, in the old cemetery, and if these lines should come to the notice of any former friend of the deceased, they will have the satisfaction of knowing, that though young Logan died in a land of strangers, kindly hands smoothed the pillow of his last hours on earth.

The Legion of Honor Excursion to Grand Falls last Friday and Saturday was the success of the season. Nearly one hundred and fifty persons took part, leaving on a special at 7.30 a. m., Friday, in charge of Conductor D. McKendrick, and returning at 8 p. m., Saturday. At the Falls, the visitors found excellent accommodation at the Grand Falls Hotel, kept by Mr. Olive, the American Hotel, run by Mr. R. W. Blair, and owned by Mr. Thomas Temple of this city, at the Forbes House, and at numerous private residences. The Falls were eagerly inspected by day and in the moonlight, and the party were interested in the observation of blasting processes being done by the Dominion Government to assist logs in scaling the Falls. A pier is being built in connection therewith Friday night a dance given by the natives in a Hall adjoining the American House attracted some of the excursionists. They were unanimous in praise of the pleasure of the trip, which is likely to be duplicated this autumn under the auspices of the Fredericton Brass Band. Mr. F. W. Brown, one of the most prominent residents of the Falls and Collector of Customs, was attentive to many of the visitors, and pointed out places of interest. On the way home the roof of the car next to the engine caught fire from a cinder, but was speedily extinguished, this being the only unpleasantness of the trip. The direction of the excursionists were under the immediate control of Mr. H. G. Winter, and Mr. C. A. Sampson, who did their part well. The visitors report abundance of whiskey at the Falls, some of it of a very quality. Our informant could not speak from experience however. All speak in most favorable terms of the N. B. Railway management.

A Life Worth Living.

Emerson says, "the truest test of civilization is not the census, nor the size of cities, nor the crops, but the kind of men the country turns out." Now the kind of men the country turns out depends pretty much upon his physical condition, or what use to the world would a race of invalids prove? Such people have no individual independence, and their usefullness and achievements—if any—are of the most meagre and ordinary character when compared with those of the hale, hearty man who takes the world as he finds it, makes the most of it, and leaves it the better for his having passed through it. I remember asking one such how it was he appeared to enjoy such an imunity from disease during especially sickly seasons. His reply came unhesitatingly: "Because I pay prompt attention to the premonitary symptoms of disease, and thus baffle continued illness." "But" how is this effected so readily," I asked, "when you so rarely have recourse to the physicians? "Well," he replied reflectively, some years ago, I learned that men and women could in no small degree, become their own physician through the medium of a book—Humphreys' Homœpathic Mentor, or Family Advisor—the gift of a friend. After a careful reading I came to the conclusion that it was the most practical volume I had looked into for years, and resolved to test the medicines, or Specifics, it advocated for family use. I ordered a family case, also a Veterinary one for the stables, and since then have become, with splenid results, not only my own physician, but the "friend in need," to many around me—there is so much in Homœpathy.

Extracts from a Letter from C. H. S. Cronkhite, Esq.

Canterbury Station, York Co., N. B., October 10th, 1876.

Mr. J. H. Robinson,

Dear Sir.—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable in the summer to walk any distance without much fatigue. I can now take my gun and *travel all day and feel firstrate at night, and eat as much as any lumber man.* Have not bled any since I took your preparation, and can now inflate my lungs, without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick, have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,
(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite, and do assert that the foregoing statement is correct in every particular.

(Signed) Alexander Bennett, J. P.,

FOR SALE.

THE Dwelling House and Premises on the north side of York Street, between King and Brunswick Streets, having a frontage of 133 feet more or less on York Street, being all the ground lying between the property owned and occupied by Dr. Atherton, and that of Nelson Campbell, is now offered for sale at a reduced price and on easy terms.

The exterior of the buildings require painting, and one or two of the rooms require re-plastering, but in other respects the house and outbuildings are in good repair, with excellent foundations and a good cellar under the whole of the dwelling house. It is well supplied with water, and there is a large yard and garden attached, with a good stable and coach house, besides wood and coal sheds and an ice house.

Also for Sale the Dwelling House and Lot on Regent Street, situate near to "Evelyn Grove," the property recently occupied by Alfred Ray, Esq., being the lot on the north side of Regent Street, next but one to the westerly side line of Needham Street, in the City of Fredericton.

SCROFULA
and all scrofulous diseases, **Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin,** are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me.
Yours respectfully, MRS. ANN O'BRIAN."
148 Sullivan St., New York, June 24, 1882.

☞ **All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only
