FACTS FOR THE PEOPLE!

Now is the Time.

Come and see what ready Money will do!

UNPRECEDENTED BARGAINS IN

BOOTS AND SHOES.

Prices to Accomodate Everybody! Examine our Goods and be convinced! Our prices are based upon Cash payment. We have but one price! Judges or not all buy alike. All goods sold as advertised! No deception practised! Our boast: Workmanship, durability and cheapness. Nothing like the stock was ever before shown in this city. We positively pay CASH for everything, both at home and abroad. We keep those goods best suited to the purpose intended, and not those on which we can make the most money.

We have made Extroordinary Preparations for an Immense

SPRING BUSINESS,

and our shelves are literally groaning with the great quantities of goods they contain. Those who do not visit our establishment, who do not examine our Goods, who do not ask our prices, and who are not posted on the inducements which we offer will certainly miss

The Greatest Opportunity

ever offered the people of Fredericton and vicinity to secure substantial bargains in elegant and perfect fitting

BOOTS and SHOES.

One call will convince all. The old custom is to reduce the price at the "tail end" of the season, when most all wants are supplied. We will however *break the rule* and give our patrons and everybody else a chance to get bargains when really wanted.

We have a great many other kinds and styles which our limited space forbids us enumerating.

Bring this List With You,

it will enable us the more readily to give you the goods you call for and will further avoid all possible misunderstanding.

We do not try to bait an intelligent community with prices on a few cheap and shoddy articles as is customary, but give you prices on leading lines of Staple Goods, goods with which you are all more or less familar.

REMEMBER—Our entire stock is paid for. We most emphatically assert, that we do not owe *a single dollar on the same.*

We do business to suit ourselves and our customers. We can (should we feel disposed), *give our goods away and it would concern no one but ourselves.*

Each and every article above enumerated is the actual wholesale price, by the case lot, less the discount for CASH which is our profit. In view of the closeness of our margin—*we cannot and we will not give credit.*

But CASH CUSTOMERS

Who do not believe in paying two or three prices for goods—who want the worth of their money, and not help pay bills of delinquents, nor have their neighbors buy an article 25 to 40 per cent. less than themselves, or those who buy one thing cheap and pay double the value for the next purchase.

Customers who look at the value of goods and buy where they can buy the cheapest will always go to
