The water was not deep, but the bottom of the pond is clayey, and as he was sailing the raft of the pole by which he was propelling it, stuck in the mud and he was pulled off and the raft upset, A boy on shore succeeded in rescuing the girl, but the man was drowned before help could reach him.

The Grand Jury in the County Court, and the City Council yesterday, both took action for the suppression of houses of ill fame in Fredericton, the former by calling the attention of His Honor Judge Steadman to the increase of this evil in the city, and the latter by resolution, which expressed the opinion, that "the apparently unchecked existence in this city of numerous and notorious houses of ill-fame or bawdy houses, is most disgraceful, and does not reflect credit upon the parties whose duty it is to see that the laws which fully provide for the punishment of offences against public morals and decency are enforced." The resolution was moved by Ald. Black, who spoke vigorously in its support, as did also Ald. Gunter, was seconded by Ald. Farrel, and carried unanimously.

Free Baptist Conference.

A Concise Summary of the Proceedings.

The Free Christian Baptist Conference opened in the F. B. Church in this city, on Saturday last, the moderator, Rev. Joseph McLeod, in the chair. The forenoon was occupied by a social meeting of the delegates and visitors, at which over one hundred persons made brief addresses in relation to their religious experience. In the afternoon the Conference was constituted, and the first business was the reading of reports on the condition of the Churches by Rev. G. W. MacDonald, from which it appeared that in the third district, sixteen of the twenty-seven churches comprising the district reported at the yearly meeting. Rev. J. E. Reud has been pastor of Douglas, Lower Queensbury, Bear Island, Marysville and Peniac churches. Two were baptized at Douglas, 4 at Lower Queensbury, and 2 at Bear Island. Central Southampton and Campbell settlement churches have had the earnest and vigilant care of Rev. J. Noble. Rev. A. H. Trafton has had the pastoral care of Mapleton, Millville, Caverhill and Dumfries churches, and has also preached regularly at the Barony. In a revival interest at Millville, in which most excellent work was done, he was ably assisted by licentiate W. B. Wiggins 31 were added, 28 by baptism, and 3 by letter. At Caverhill 12 were added by baptism. Rev. W. Kingborn has spent one third of his time with Kingsley church, 5 were added, 3 by baptism and 2 by letter. He has also given timely assistance to a number of other churches as opportunity offered. Lower Southampton enjoyed a good revival under the labor of Bro. J. N. Noble, church licentiate, 11 were added by baptism and 5 by letter. Bro. Noble is also pastor of this church. Lower Prince William has no pastor, but has paid for church improvements which indicate existence. Upper Queensbury reports no pastor or improvements. Rev. B. Colpitts has been pastor of Canterbury church a part of the year. Two were added by letter. Rev. J. McLeod is still pastor of Fredericton church, 21 have been added, 18 by baptism and 3 by letter. There has been no report from the church at Lower Canterbury, but I learn that a good interest is maintained and a number have been baptized. Bro. Sharp Baker a licentiate from Woodstock church has been laboring with them. Rev. G. B. Trafton and others were blest with a revival at McElroy ridge near Hartton, a number professed faith in Christ and a church was organized. Why it was not reported this year I cannot say. Licentiate W. B. Wiggins has given help to several of the churches of this district. Eighty have been added by baptism and 17 by letter. Total 97—less by decrease, 34, total increase, 63.

In the fourth district at the annual meeting 14 out of 17 churches reported viz: South Branch, Patterson Settlement, Mill Settlement, Fredericton Junction, Rusagornish, Wassis, Lincoln, Oromocto, Waterville, Geary, Victoria, Greenfield, Upper Gagetown and Upper Hampstead. Of these all except [illegible] and Upper Hampstead have had pastoral care. Rev. Wm. Kinghorn has frequently visited Lincoln and Upper Hampstead has repeated visits from Rev. J. Noble and others. Rev. J. Gunter, though feeling severely the infirmities of age has cared for Fredericton Junction and South Branch. These churches have good Sabbath Schools and are in fair condition. Upper Gagetown, Patterson and Mill Settlement churches are cared for by Rev. J. G. McKenzie. Upper Gagetown, has become very low, but has been greatly helped, four were added by baptism. Rusagonish and Oromocto had the labors of licentiate Currie and the former was very much helped. A revival last fall gathered in some sixteen souls. Bro. Currie was assisted by Bros. Porter and Scribner and Elder Kinghorn, who baptized the converts. Oromocto, for years almost a blank, not reporting at all, has also been very much encouraged. They join with Rusagornish in speaking highly of the pastor and his work. Bro. Zopher B. Grass has had the care of Wassis, Waterville, Geary, Victoria and Greenfield with a preaching station at French Lake, which is now no longer on the district roll, having united with the Geary church. Wassis is now in a little difficulty, but does not speak of it as very serious. Waterville has not reported for 14 years until now. For years they were considered as extinct and some advised that the name be struck off the list. This year Bro. Grass, assisted at times by Bro. Scribner, has proved that amputation is not always the best treatment for a faint and exhausted member. Geary has almost been built over new during the last year, For two years their conference meetings had been entirely neglected. Bro. Grass, assisted be Brother Scribner, has led them on to a glorious victory. Last winter 15 were baptized by Rev. Kinghorn, and with 5 others united with the church, This church dates its present strength from the pastorate of Brother Grass, who, with his co-workers, showed them the beauties and glories of *full salvation*. Victoria has been reorganizing as an independent church. They also had some ingatherings, four having been baptized by Rev. Wm. Kinghorn. Upper Hampstead is buildings a church, estimated to cost $1,200. This church by its own request was granted liberty to transfer its membership to the fifth division. The non-reporting churches are Douglas Valley, Tracey and Otnabog (colored). Tracey, though not reporting, has had some care from Rev. E. Garrity. The other two have only a nominal existence. There have been added by baptism 40, by letter 29—total 69. Less by decrease 16. Total increase 53.

The whole number added to the churches in the Province, by baptism 540, by letter total 720. Less decrease 220—net gain 500. There are 147 churches, 114 of these have reported, 87 have pastors, 58 maintain weekly prayer meetings.

Moneys paid during the year:—

For support of the ministry	$10,179 68
Current expenses	1,165 87
Buildings and improvements	10,120 77

Rev. J. F. Porter, corresponding delegate, from Nova Scotia, stated his pleasure at being present, and expressed the salutations of his conference. His conference did not represent such a large body as this, but his brethren stand in the spirit of unity. The Nova Scotia Conference had thirty-three churches, and 3,557 chruch communicants. During the year there had been considerable revival and an increase of about 215 members.

Rev. Mr. Kinney, delegate from the Penobscot, Maine, conference, gave a Christian greeting. The Penobscot church has 73 ministers and 8 licentiates, 112 churches and about five thousand communicants.

Dr. Bachelor, who had been forty years engaged in missionary work in India, then spoke. He congratulated the conference on the progress made during the twenty-five years, and he was able to bring them cheering words from India. He gave an interesting description of the characteristics of the people there. The church had three millions of people under their care, and the time had arrived when the church must decide if they would increase their work or give over part of the country to some other missionary body.

Rev. J. W. Clark, delegate to the Nova Scotia conference made his report of business done at that conference.

The nominating committee was appointed as follows: F. Bloodworth, J. A. Owens, J. A. Vanwart, F. B. Scribner, A. Palmer, G. W. Sharp and W. Peters, and the conference adjourned till Monday.

On Saturday evening the annual Sunday School Anniversary was held. Rev. E. B. Gray in the chair. The Treasurer, D. W. Clarke, reported $650 on hand, and the Agent E. C. Freeze said the cause of the denomination was in a tolerably healthy condition. Throughout the Province the number of schools not counting the first district which had sent no report, was 79, teachers 448, and scholars 5,037. Mr. Freeze's report was followed by a model Sunday School lesson given by Prof. Foster, M. P. which was reviewed by Inspector Gaunce, and addresses delivered thereon by J. A. Vanwart, Mr. Minar and S. J. Parsons, President of the Maritime Sunday School Convention.

On Sunday, the Baptist, Free Baptist, Presbyterian and Methodist church pulpits in this city, and many in the surrounding country, were occupied by members of the conference. In the Free Baptist church, the annual conference sermon was preached by Rev. C. T. Phillips of Sussex, and the church was crowded to its utmost capacity. Rev. J. Porter of the Nova Scotia conference, preached in the afternoon, and the evening service was conducted by Rev. Dr. Bacheler. The conference reassembled Monday morning, and the Rev. J. E. Reud of Keswick, was elected Moderator, and Rev. Jos. McLeod, Assistant Moderator. Delegates to the Free Baptist convention of the Maritime Provinces, were appointed as follows:—Revs. G. A. Hartley and J. McLeod, Prof. Foster, M. P., Major Vince, Revs. G. W. McDonald, J. T. Parsons and J. Perry.

The nominating committee reported as follows:—

Messrs. Foster, Gaunce, Parsons, Downey and Taylor were appointed a committee to prepare a scheme of meetings for future conferences.

After recess Rev. Jos. McLeod drew attention to the presence of Revs. Kempton, Bartlett, McDonald and Hooper of the Baptist church, and of John March and C. P. Baker of their foreign mission board, and the moderator welcomed the delegates.

Dr. Hopper said he would like, personally, to discuss the whole question of union, but he was confined by his instructions to the union of the bodies on foreign mission work. He recited what his church had done in the special missionary field of India and expressed the hope that the union of the two Baptist bodies would gladden his eyes ere he died.

J. A. Vanwart thought it was questionable if the two bodies should unite piecemeal. He moved that a committee consisting of the moderator, G. A. Hartley and J. McLeod be appointed to select a committee of seven, who shall consult with the delegation.

After discussion the motion was carried. The committee met and appointed the moderator, J. McLeod, Hartley, Foster, J. A. Vanwart, A. Taylor and W. Peters.

John March, representative of the foreign mission board of the Baptist convention of the maritime provinces, gave an explanation as to mission work in India by the Baptist body.

The conference then adjourned till Tuesday. The report will be concluded next week.

News from New Brunswick.

[Fredericton Cor. Canadian Gazette.]

Knowing that you take a great interest in every Province of the Dominion of Canada, and are glad to hear of our prosperity, and at all times to give publicity thereof through the columns of your widely circulated paper, I would say that we have not for some years had a better prospect of good crops in New Brunswick, We are now about commencing to harvest the wheat and oats, which bid fair to be above an average yield. The potatoes, turnips, beets, mangels, carrots, parsnips and cabbage never looked better.

The general yield of potatoes is from 200 to 250 bushels per acre; turnips from 400 to 800 or 1000, according to the way the land is handled; oats from 30 up to 60—on an average say 35; wheat from 15 to 20 bushels; as buckwheat depends on whether Jack Frost hits it or not, it is very difficult to get an average of that kind of grain.

The farmers are paying much more attention to their land since the lumber has given out to a great extent, and the improvement in markets—caused, in a great measure, by the communication which we now have with the United States by railways, and the exportation of beef and mutton to the old country. Our farming is now made easier by the use of all kinds of machinery and fertilizers. And another thing which improves us very materially is that we were beginning to see the necessity of educating our young men up to the general principles of farming, and the necessity of keeping up a good breed of horses, and stock of all kind.

Our farmers are well-to-do men; they live well, as a general rule—have meat or fish on their tables three times a day; they drive to their church behind a good horse and wagon, and the most of them have a little spare cash stowed away for a rainy day. Their taxes are low, and no pauperism to speak of, and, as an evidence of that fact, out of the thirteen parishes in the County of York the average assessment for poor purposes is not over one hundred and sixty dollars a year for each parish. No one need want that can and will work.

As it only takes about ten days to come from Liverpool to New Brunswick, and as the rates are very low just now, it would well repay any one desirous of making themselves a new home to come out and see for themselves, for up to the middle of October is a very fair time to see the country and judge of its advantages as well as defects. Any person with ready cash can buy a farm in fee simple at a reasonable figure.

I may add we have free schools, and that children all go to school in winter the same as summer. Our winters are dry and healthy, and we are free from malarial diseases.

FREDERICTON.

FREDERICTON, N. B., Dec. 15, 1882.

I take pleasure in certifying that I have sold DR. WISTAR'S BALSAM OF WILD CHERRY for thirty years, and know it to be one of the oldest as well as the most reliable preparations in the market for the cure of COUGHS, COLDS and THROAT and LUNG COMPLAINTS. I know of no article that gives greater satisfaction to those who use it, and do not hesitate to recommend it.

Having sold PERUVIAN SYRUP since its first introduction, and knowing that its use has been attended with great success in cases of DYSPEPSIA, GENERAL DEBILITY OF THE SYSTEM, and diseases originating in a bad state of the blood, I am satisfied that it is a remedy of great power, and deserves the attention of invalids.

Both articles have given very general satisfaction to my customers and are esteemed as household remedies. Owing to the uniform character of these articles they have maintained their hold upon the public here for very many years without any puffing or extra advertising.
