CHURCH COSTUME.—We find the following timely remarks in Henry Ward Beecher's paper, the "Christian Union:"—

"There was a time when good taste demanded the use of the plainest clothes in the sanctuary, when the wealthiest were distinguished for their conspicuous absence of personal adornment, and sartorial display was a mark of vulgarity, at such times and places. But now-a-days, in the congregations, on the Sabbath, rich and poor alike seem on a desperate strain, the one to make some faint approximation to the other, in point of extravagant display, and the other to demonstrate to the one the utter hopelessness of the attempt. It would almost appear as if, whatever might be thought of the propriety of a modest grab in other places, the proper costume for the house of God, where, theoretically, we all go to be reminded of our common origin and destiny, were an agglomeration of all the jewelry, and all the chignons, and all the panniers, and all the feathers and furbelows in one's wardrobe. The wearer is to carry all this piled agony to the sanctuary as to a fair—as if her errand were not so much to praise as to to be appraised—and there employ the sacred time in envious comparison of her own mountain of millinery with the Himalayan triumphs of her neighbor.

Shall we ever get back to the standards of good taste and unobtrusive piety in this? Will not all good Christian people, especially those whose wealth and refinement, make them the proper and only efficient leaders in such a reform, will not the pulpit in every church, and of every sect, unite in the effort to effect it?

"Bob, Brown did you say that my father had not as much sense as Billy Smith's little yellow dog?" "No; I never said any such thing. I never said that your father had not as much sense as Billy Smith's little yellow dog. All I said was that Billy Smith's little yellow dog had more sense than your father; that's all I ever said." "Well, its well you didn't say the other, I tell you."

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

THE GREAT REMEDY FOR

and acknowledged by many prominent physicians to be far the most Reliable Preparation ever Introduced for the RELIEF and CURE of all

LUNG COMPLAINTS.

This well known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure of

Coughs, Colds, Croup, Bronchitis, Influenza, Whooping Cough, Hoarseness, Pains or Soreness in the Chest and Side, Bleeding at the Lungs, Liver Complaint, &c.

The unequalled success that has attended the application of this medicine in all cases of

PULMONARY COMPLAINTS

has induced many physicians of high standing to employ it in their practice, some of whom advise its use of the fact over their own signatures. We have space only for the names of a few of these:—

CANNOT BE DISCREDITED.

From the mass of evidence in our possession we select the following:—

From L. J. RACINE, Esq.,

of *La Minerve*, Montreal. "Having experienced the most gratifying results from the use of *Dr. Wistar's Balsam of Wild Cherry*, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found *immediate relief*, and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy *par excellence.*"

A CURE FOR WHOOPING COUGH.

ST. HYACINTHE, C.E., Aug. 21, 1856.

MESSRS. SETH W. FOWLE & SON.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with *Whooping Cough* in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of *Dr. Wistar's Balsam of Wild Cherry.* In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.

Yours,
P. GUITTE,
Proprietor of the *Courrier de St. Hyacinthe.*

NEW JOINT CORN!

FOR FARM and GARDEN. A splendid and rare quality of Corn is offered to the Farmers, a specimen of which, as a common average stock, can be seen at our store. It is taken from the Egyptian corn, grafted with our Canadian corn, which has taken five years to perfect; it is warranted to mature twenty days sooner than any other, and yield from four to five times as much, there being from 4 to 8 ears on each stalk. Also, Improved Sweet and Pop Corn. Branching Field and Sweet Corn of the first named variety, tracing its ancestry to Yellow Canada Corn, an ear is produced at the axils of the leaves, averaging from 3 to 5 well formed ears on a stalk; stalks with eight well formed ears averaging from eight to ten inches in length have been grown. It is ready to harvest ninety days from planting. The earliness beauty, and extraordinary productiveness claimed for it, cannot but recommend it to the notice of every farmer.—The Sugar Sweet Corn, of like habits, ears 8 inches in length, averaging from 3 to 5 well formed ears to a stalk, early, tender, sweet and delicious. Let farmers and gardeners make a note of this.

Mr. Judson has demonstrated what can be done by care and skill in the cultivation of Corn; and no one, as it seems to us, can fail to see that by planting this variety, the yield of the Indian Corn crop must be greatly increased. Let farmers try it.

This Corn is put up in neat packages and is for sale by

THE DIAMOND GLASSES,

Manufactured by

J. E. SPENCER & CO., N. Y.,

Which are now offered to the public are pronounced by all the celebrated Opticians of the World to be the MOST PERFECT, Natural, artificial help to the human eye ever known. They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name, "Diamond," on account of their hardness and brilliancy. The Scientific Principle on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

They are Mounted in the Finest Manner, in frames of the best quality, of all materials used for that purpose. Their Finish and Durability cannot be surpassed.

CAUTION.—None genuine unless bearing their trade mark <> stamped on every frame.

R. D. BAKER, Jeweler and Optician, Sole Agent for Woodstock, N. B., From whom they can only be obtained. These goods are not supplied to Pedlers, at any price.

GRAND DIET OF WORMS!

DISSOLVED BY

WATSON'S SCHOLEDION!

(WORM CANDY.)

WHICH is offered to the public as a perfectly safe, pleasant and efficacious EXPELLER OF WORMS from the human system.

As this preparation contains no mineral ingredient, the administration of it to young children is not followed by the dangerous, and in many cases—fatal consequences resulting from the use of many of the Vermifuges at present before the public.

A compliance with the directions accompanying this, will prove that it deserves the character claimed for it above; while the promptness and painless character of its action render it the cheapest and safest remedy for worms discovered.
