**New Year's Gifts.**—Ladies, Gentlemen, young Masters, Misses and Children, will find the most extensive, elegant, and varied assortment of articles for New Year's gifts at Wm. Mason's rooms, Prince Wm. Street, ever offered to this public. TOYS in great variety, at both wholesale and retail.

☞ The English Mail Steamer, arrived at Halifax this day at 1 o'clock. Louis Napoleon has succeeded, through the instrumentality of the army, to place himself head of the French nation. The nation is represented to be on the eve of a fearful revolution.

BRUTAL PUNISHMENT.—On Saturday morning last, says yesterday's Herald, one of the soldiers stationed on Governor's Island was tied for some hours with his back against a tree, and his hands fastened over his head, which was uncovered, amidst all the rain, and "the pelting of the pitiless storm." He was thus exposed to the gaze of the passengers in the ferry boats of Hamilton avenue ferry, who expressed their indignation at such treatment of a human being. We know not what the alleged misconduct of the soldier is, but such a mode of punishment seems very extraordinary in a civilized age, and a free country like this.

TOP COATS.—J. Garrett & Co solicit an early inspection of their Fall and Winter Clothing—particularly a lot of Over Coats, finished in better style than any we have heretofore. A few Vests on hand, same as those so much admired at the Exhibition.

☞ NEW GOODS.—The latest fashionable London and Paris Vestings, for Fall and Winter wear, are now exhibited in the magnificent windows of J. Garrett & Co., Merchant Tailors—they even surpass in design the Exhibition Vests, so much admired. Wiggins' Brick Building, opposite H. Chubb & Co.

☞ IMPORTANT TO SHIP MASTERS:—GEORGE HUTCHINSON, JR., of this City, having procured a superior Astronomical Clock, and suitable Apparatus for correcting, is now prepared to ascertain accurately the error and rate of Chronometers at the old stand of William Hutchinson, Coffee House corner, where all kinds of TIME pieces and Nautical Instruments are carefully repaired.

DR. WISTAR'S BALSAM OF WILD CHERRY.

It was known many years ago that the wild cherry tree of this climate possessed valuable medical properties. Indeed, this fact was known to the aborigines, and a decoction of the leaves or bark of this tree has ever been regarded by their physicians as one of the most effectual remedies in many diseases. This fact, several years since, arrested the attention of Dr. Wistar, a highly respectable practitioner of Virginia. He investigated with care the healing properties of the wild cherry—tested its effects when administered alone, and when in combination with other remedial agents. He found that its natural virtues might be greatly improved, and by combining it with ingredients, whose properties were well proved and generally recognized, a medicine was produced which constitutes a remedy of great value in pulmonary affections and diseases of the chest and throat—diseases which are proverbially prevalent in our cities and large towns, and often prove fatal, swelling the bills of mortality to a much greater extent than is the case with most others, we had almost said all other classes of diseases.

EXAMINE CAREFULLY BEFORE PURCHASING.

The genuine Balsam is put up in bottles, with the words "DR WISTAR'S BASAM OF WILD CHERRY," Phila. blown in the glass,—each bottle bearing a label on the front, with the signature of I. WISTAR, M. D.

This will be enveloped hereafter with a wrapper copywright secured 1844, on which will always appear the written signature of "I. BUTTS,"—Any one counterfeiting the label or wrapper, or forging the signature of the General Agent, will be punished with the utmost rigor of the law.

None genuine unless the signature of I. BUTTS on the wrapper.
