☞CAUTION.

THE great popularity the COMPOUND *HONESET CANDY* has obtained since its introduction to the Public about two years ago, has induced several persons (three of whom are known to the Proprietors) to issue a Candy made to look like and called by the same name as the true article, but in quality and compotition differing from it in both.

The Subscribers would caution the public against such fraud as no person makes, or can make, the genuine except them, and further, the composition which they give the Confectioner to form into Candy is so prepared as to defy any attempt of Chemical analysis.

In future, as heretofore, each package of the Original will be accompanied by a circular with the signature of the Proprietors, FELLOWS & CO, without which none can be genuine.
