When Mr. and Mrs. David Hatt went to church Sunday night, a lamp was left burning in their kitchen, which was closed. The density of smoke and the want of ventilation, was that prevented a conflagration.

Mr. William Hayward who died at his home at Rockland, Carleton County, on the 1st inst., was a native of Lincoln, Sunbury County. At the age of fifteen or sixteen years, he engaged as clerk with the late Mr. Nevers who was doing a large business in the lumbering and shipping trade in St. John. After continuing with him for some time he returned to his old home in Lincoln, and engaged in school teaching, and was a successful and efficient teacher. Fifty years ago he removed to Rockland, where he succeeded in reclaiming a fine farm from the wilderness. The deceased was 75 years old.

The widespread value of the FARMER in many ways is in all hands acknowledged, but its power recently was shown in a novel way, by a note received the other day from an esteemed gentleman who writes to the Editor, as follows;—"Please accept my thanks for your kind expression of sympathy regarding my loss of health contained in the FARMER a few weeks ago. It will doubtless be some satisfaction for you to know, that one result of that notice is the fact that a person who owed me $5.00, read that notice in a distant State, and promptly remitted that amount, supposing that a time of sickness would be a time of need,"

C. Rutter, 7; A. F. Street, 8; A. H. F. Randolph, 9. This gives an average per man of 8¾ points. The average score of the Newcastle eight was 6¾, of Chatham 9⅞ and of Pictou 12⅞ the highest yet reported. When all the clubs in the Maritime Provinces have competed, the two clubs scoring the highest average, are to meet at some central point and play a match, two rinks a side, for the possession of the cup which has been kindly presented by the Hon. Provincial Secretary. The scores already announced put Fredericton out of the competition.

The Truro post office was burglarized and the safe blown open at half-past one o'clock Monday morning. The burglars drilled the face-plate off the safe and loaded the lock-chamber with powder. The noise of the explosion was heard by several parties living in the vicinity, but no attention was paid to it. The force of the concussion was sufficient to drive the safe door against the wall, shattering the wooden partition and doing other damage. The burglars secured from the safe nine registered letters containing nearly four hundred dollars, also a package of registered letters for the eastward mail clerks, contents unknown, and a small amount of cash. They evidently understood their business, as they left behind the checks, money orders, etc., not easily negotiated.

After a lengthy illness, Mr. William Hawthorn, a well-known and respected citizen of Fredericton, passed away on Wednesday last. She was supported by her sister, Miss Lucy Vanwart and Mr. J. R. Vanwart, supported the groom. Music suitable to the occasion was rendered by Mrs. Mott, in her usual excellent manner. Rev. J. E. Reud, the officiating clergyman, having performed the ceremony, the happy couple and guests sat down to a sumptuous repast, to which ample justice was done. Mr. Allen McBurney Howard, of Boston, U. S., the local manager of Colonial Copper Mine, in prospecting in Dorchester some time ago for precious minerals, made a highly promising "find" in the vicinity of the Maritime Penitentiary, and, following it up with business like assiduity, he finally located a fine claim. On Saturday last, he brought his witnesses to Sackville and proved ownership before Rev. C. F. Wiggins, at S. Paul's Church. While the Company will not be able to declare a dividend as the results of their manager's discovery, we don't doubt its members will join the *Post* in wishing him as well as the "claim" aforesaid, abundance of happiness and prosperity. [The above paragraph which is headed "A successful mining venture," is from the Sackville *Post*, and refers to the marriage of a young American gentleman to Miss Maud Botsford, daughter of the Warden of the Dorchester Penitentiary, and sister of Mr. W. M. Botsford, of the Maritime Bank.]

A correspondent writing to the *Telegraph* from North Lake, York County, Feb. 11th says:

"This parish and the townships bordering on it, in the neighboring republic, have been much annoyed during the winter by a series of daring robberies. About a month ago in one night, different places on the high road from North Lake to Canterbury station were robbed of a set of single harness, two horse blankets, several robes and some oats. The robber or robbers could not be apprehended and so went unpunished. A short time afterwards, a store in this place was broken open and the tills robbed. Before the excitement following the robberies has died away, the inhabitants were startled on hearing that in one night three safes were blown open in the village of Danforth, Maine and their contents carried away. The town of Lee, Maine, was the next to suffer to the extent of $200 or $300. The people are in hopes that steps will be taken to apprehend these villains and to have them severely punished.

The schools in this parish were visited by Inspector Oakes during the last week in January. He expressed himself as being well pleased with the work being done in them."

A Remarkable Story.

A MARRIAGE CONTRACT THAT DID NOT WORK WELL—A WIFE'S CRIME.

LONDON, February 9.—An inquest was held to-day in the case of the death of Ameer Bartlett, a merchant of Pimlico, who, it is alleged, was killed by chloroform administered by his wife, who wished to marry Rev. Mr. Dyson, a Wesleyan minister. A statement of Mrs. Bartlett was read at the inquest by her physician. She was sixteen years of age when she was married to Bartlett. They made a contract to live together merely as loving friends. This agreement was adhered to for six years, when the husband began to encourage her affection for the Rev. Mr. Dyson. Recently Bartlett began to manifest renewed affection for his wife, but she, feeling it to be her duty to the minister to resist her husband's advances, appealed to him to desist as he had affianced her to Dyson. This it appears had only a temporary effect, so she resolved to protect herself from her husband by waving chloroform in front of his face. On the night before his death as her husband was retiring she produced a bottle of chloroform which her husband took from her. On awakening in the night she found him lying dead by her side. The affair has created an intense sensation and is regarded as likely to culminate in one of the most prominent *causes celebres* in the criminal history of this country.

Of Vital Importance.

It is just as essential than the human body should have pure blood, as that a tree or plant should have sap to nourish and invigorate its growth. MURDER AND SUICIDE.

A Terrible Tragedy near Grand Falls.

A Grand Falls despatch of yesterday says: "Information has just been received that a murder was committed early this morning, at a place on the American side of the river, about four miles above here. An old man named Hilaire Martin had an altercation with his aged wife and took her to the door of his dwelling and there struck her on the head with an axe, the blow from which caused instant death. It appears that the aged couple have not, for several years past, lived very agreeably together, and that the deceased has several times left the home of her murderous husband. Jealousy is the cause assigned for the awful deed. It is said that Martin is now in the garret of his house, armed with a shot gun and axe, and dares any one to arrest him."

A later despatch says that Martin committed suicide by shooting himself with a shot gun. Thus ends one of the most horrible tragedies ever committed in that section of the country.

A MATRIMONIAL ALLIANCE.

A very Pretty Wedding at the Methodist Church this Morning.

There was a large gathering of people at the Methodist Church at 10.45 A. M. to-day, to witness the celebration of the nuptials of Mr. Thomas Harrison Bullock of St. John, and Miss Janet Amelia Chestnut, only daughter of Mr. Enoch W. Chestnut of this city, and grand daughter of Mr. Stephen Whittaker. The fair young bride was a great favorite in social circles and many of those present were her personal friends. The ceremony was performed by Rev. W. Tippitt. The bride, attired in a very pretty costume of bronze green, was attended by Miss Katie Hall of St. John, Miss Annie Gregory and Miss Gertie Gregory of Fredericton, Miss Hall and Miss Annie Gregory wore golden brown, and Miss Gertie Gregory bronze green. WEDDING BELLS.

Mr. Charles S. Everett of Fredericton weds a St. Andrews Lady.

(From the Bay Pilot Feb., 11th.)

A very pretty wedding was celebrated in Greenock church yesterday morning in presence of a large number of spectators. The contracting parties were Mr. Charles S. Everett of Fredericton, and Miss Emily O. fourth daughter of A. W. Smith, Esq., of this town. The bride entered the church leaning upon the arm of her father, the groom with his groomsman, Mr. Brodie, principal of the Grammar school, was in waiting to receive them; Miss Bessie Keay was bridesmaid. The bride was attired in a dress of brown satin de-leon, trimmed with brocade same shade, with hat to match. She looked charming. The ceremony concluded, the newly made husband and wife together with the wedding guests proceeded to the residence of the bride's parents, where breakfast was served. As the bridal party emerged from the church the bell rang a merry peal. The bride and groom were escorted to the railway depot by the wedding guests, whence the happy pair took their departure for Boston, U. S., on their wedding tour. They carry with them the best wishes of the numerous friends of the bride in this town. "Happy is the bride that the sun shines on," is an old adage, which if true, gives assurance of happiness in store for Mr. and Mrs. Everett.

Customs Seizures.

THREE TRUNKS OF JEWELLERY SEIZED AT HALIFAX.

The Halifax Customs officials have struck a bonanza. They have seized three trunks belonging to Wm. Dearden, containing a general assortment of jewellery, valued at between $10,000 and $15,000. These trunks Dearden brought with him from Montreal, but when he found that the cases sent by express had been seized he did not take the trunks to his hotel, but got them secreted. After ten days' the Customs officers finally discovered and seized them. Dearden claims that this is a portion of the goods upon which he paid $12,000 penalty in Montreal, and that he connot be punished twice for one offence, but the books and documents found in the first two cases show that his smuggling operations have extended over a great many years, and his business connections were from the Rocky mountains to Cape Breton. The Montreal fine was only for what the Montreal officers discovered, and by no means covered the whole of his operations or violations of the law in other parts of Canada. The officials have made several small seizures from jewellers in Halifax and Dartmouth, and all parties indebted to Dearden have been notified by the department not to pay him.

The match between the President and President-elect, 20 rinks a side, was won by the President with 25 shots in his favor, the footing up at its conclusion 269 shots for the President and 244 shots for the President-elect. The rinks were under the able management of Mr. Taylor, of Carsebreck farm, and present on the notable occasion were many distinguished persons, notable among whom were the Duke of Athole, Marquis of Breadalbane, Earl of Mar, Lord Balfour, Hon. E. Majoribanks, M. P., Sir Robert Menzies, Sir J. G. Craig, Sir G. H. Spiers, Cols. D. Moray, Wilson and Stirling, Captain D. N. Smithe, and Messrs. A. B. Stewart and S. Robertson.

"Gift Enterprise."

seem to be all the rage in the Soap Business, owing to the idea of some manufacturers of getting *something* out of *nothing*, if possible. Grocers get 6 boxes for 5 of some kinds, and are offered all sorts of "Nick-Nacks" with others, as an inducement to recommend such soaps to their trade.

It is a well-known fact, however, that a genuine article in this day of competition pays no fancy profits. WELCOME SOAP represents this class of goods, and demonstrates the value of quality in manufacture, which is the only guarantee of a pure and legitimate washing quality.

Shot Herself into Wedlock.

ROMANTIC THOUGH TRAGIC PRELIMINARIES TO A MARRIAGE.

At North Adams, Mass., last Thursday, Miss Lottie Harrison, aged nineteen, was married to Mr. E. H. Atwood, a young man of that town, under most singular circumstances. The two have been devoted to each other for several months, but a few days ago Lottie's foster mother told her she must have nothing more to do with Edward, and the young man was refused admittance to the house. Last evening Lottie procured a small seven-shooter, walked to the cemetery, and sitting down upon her grandfather's grave, fired one shot into the air to see if the weapon was in perfect order, and then placing the muzzle to her forehead fired again. The ball did not penetrate the skull, however, but glancing upward rested under the scalp. Lottie was not even stunned by the injury, and, concluding that she could not kill herself, walked to her home, about a mile distant. When she reached the house her foster mother, greatly shocked, sent for a doctor who extracted the ball. Edward and a minister were summoned, and the young people were made happy as man and wife.

If you require something to build you up from over exertion through physical or mental toil, we would recommend *Bavrd's Beef Iron and Wine* physicians prescribe it freely, because its results from its use, are prompt and satisfactory..

Valuable Farm for Sale

AT LINCOLN,

Five and a half Miles below Fredericton.

THE very excellent Farm occupied by the late E. M. S. Fenety, is offered for sale at a very reasonable price. The Farm contains about 400 acres, 120 of which are now cleared, (40 good pasture land) and 80 under good cultivation. There is a fine Intervale consisting of about 25 acres, part of which is in grass and part has been used for root crops. This Intervale with the upland will cut about 50 Tons of Hay, and in a year or two may be made to cut 75 Tons.

The Farm runs from the River back, and the Railway passes through it in the rear.

There is also a fine Orchard of over 120 best selected Apple trees, set out two years ago, and now beginning to bear, and in a short time will yield splendid crops.

The Buildings consist of a complete and comfortable dwelling house, heated by furnace, and an Ell attached. There are 3 large Barns and outhouses in thorough repair. One of the Barns was put up last Fall.
