ALBERT LIME

THE A. B. LIME AND CEMENT CO'Y

Are now prepared to furnish their

Best Quality Selected Lime

By the Car Load at all STATIONS on the ALBERT and INTERCOLONIAL RAILWAYS.

This Lime differs from all other Brands in the market—having peculiar cement qualities, which hardens it like stone, and makes it impervious to the action of water. It requires no cement to improve it, and is the CHEAPEST in the market for all purposes.

For Agricultural purposes it can be furnished by the car load in bulk, CHEAP, and is the best as well as the cheapest fertilizer known.

All orders should be addressed

CHAMPION PORTABLE SAW MILLS.

Brook valley, St. Anns, Ontario, June 17 1879, regarding his 16-horse power Champion portable: "Last week, on Monday morning three men of us commenced to tear up mill to move it. We tore up, moved three miles, set it up and on Tuesday at three o'clock sawed a log with it. Not quite two days. In one week we moved and set it up as mentioned, and sawed twenty thousand feet. I will write full particulars soon. We sawed six hundred feet in twenty-nine minutes—inch lumber." 8 saws built—12 H. P. using 4-inch saw. Capacity 3 to 4,000 per day. 16 H. P. using 48-in. saw. Capacity, 4 to 5,000 per day. 20 H. P. using 56 in. saw. No. 3 saw irons. Capacity, 5 to 8,000 per day.

Most simple, efficient and portable mill of its size in the world.

ON THE DEATH OF MRS. R. FLANAGAN.

Dear sister you have left us
In sorrow, grief and woe,
Your husband kind and faithful,
Your child so dear to you.

Too good to stay, He took thee,
Who loved thee for the best
To thy angel babes in heaven,
And to thy eternal rest.

Brothers and sisters, scattered far
Did hear the news with grief,
The youngest—best-beloved of all
On earth no more we'll meet.

Dear companion of my youth,
Of all who loved thee well,
There's one who'll mourn the longest,
Far more than tongue can tell.

Whose lot was far from friends
And childhood's happy home,
Who has no hope left now on earth
But live and die alone.

Our heavenly Father sends us
Those Crosses in our lives,
To teach us to remember
That death comes by surprise.

Oh! Father, in thy eternal mercy,
May grace to us be given
To do Thy holy will on earth,
And thereby merit heaven.

The Shorter Tariff Catechism.

[Louisville Courier-Journal.]

Question 1.—What is the chief end of our tariff?

Answer—To put money into the pockets of the manufacturers.

2. What is a tariff?

It is a tax.

3. Who pay this tax?

Consumers.

4. Who are the consumers?

All the people, but chiefly the poor.

5. For whose benefit is this tax laid?

For the benefit of the manufacturers.

6. Who are the manufacturers?

Moneyed men and capitalists.

7. Are they a large or a small part of the population?

A very small part of the people.

8. Are they the rich, or the poor?

Most generally the rich.

9. How is it that so few persons can get a tax put on so many?

Because, as a general thing, they form corporations.

10. Of whom are corporations generally made up?

Corporations are, for the most part, made up of the rich, for the purpose of making themselves richer.

11. What do such corporations tend to become?

Monoplists.

12. What are monopolies?

Monopolies, or rings, are men who combine to fix the price of goods, the rate of wages, and to forestall the market.

13. Isn't forestalling wrong, unlawful?

Yes; forestalling is unlawful.

14. Why don't the law punish such men and abolish rings, etc.?

Because most persons don't understand that a tariff may become, in our country, a series of monopolies and rings.

15. Why don't the people believe that our tariff is mainly a huge ring?

The people don't believe it, because their prejudices are excited by such catch words as "Free Trade," "British gold," "American industries," "Home productions," and that the tariff raises wages, and helps to pay the public debt.

16. Does the tariff protect the labourer, and help to pay off the national debt?

Yes; a tariff, by making foreign goods higher, keeps them out of the country, and gives our manufacturers a chance to sell their goods at a higher price.

17. Isn't it an advantage to get a higher price for our goods?

Yes; it is an advantage to the manufacturer, but it is no advantage to the poor laboring man. The money is taken out of the poor man's pocket and is put into the rich man's pocketbook. In this way the rich become richer and the poor become poorer.

18. But doesn't the tariff go into the United States Treasury, and help to carry on the Government and pay the debt?

Yes; some of it goes into the National Treasury.

19. Doesn't the whole tariff go into the Treasury.

No; only that which is paid on foreign goods. If the tariff is so high as to shut out all foreign goods, then no tariff money goes into the United States Treasury. The higher the tariff, the less money the United States gets and the more the manufacturers get.

20. Where does the tariff money go that don't go into the Treasury?

All the money that doesn't go into the Treasury goes into the pockets of the manufacturers.

21. But if the manufacturer gets all this money doesn't he divide it with his employees?

Yes; sometimes he does. The law obliges me to pay the tariff, but it doesn't oblige the manufacturer to divide his profits with the workmen—and he doesn't do it, or the employees would not so often go on a strike.

22. Don't the manufacturers say that they don't want the tariff for themselves but for their workmen?

Yes; this is what they say, but at the same time they are always talking about reducing the workmen's wages; how is this? And while always talking about "the pauper labour of Europe," why are they using every chance to introduce this foreign pauper into the place of the American workman?

23. Don't the manufacturers want a high tariff for the good of the country?

Yes; we suppose some of them do, but we don't think the manufacturers love the country so much more than the rest of us do.

24. If protectionists don't want a tariff for the good of their workmen, nor because of their greater love of the country, nor for revenue purposes, what do they want it for?

They want it for themselves.

What kind of a tax, then, is the present protectionists' tariff?

It is the old war tax in time of peace; it is a tax on the many for the benefit of the few; it is a tax on the poor for the benefit of the rich; it is a partnership between the manufacturer and the Government for the benefit of the manufacturer.

26. Would you have no tariff?

Yes; I would have a constitutional tariff.

27. What is a constitutional tariff?

A constitutional tariff is a tariff for revenue.

28. On what should we lay such a tariff?

We should lay our tariff on luxuries, wines, silks, jewels, etc.; on what everybody wants, but nobody *must* have.

Vital Questions!!

Ask the most eminent physician
Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly
Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women"—"And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.," and they will tell you:

Mandrake! or Dandelion!"

Hence, when these remedies are combined with others equally valuable

And compounded into Hop Bitters, such as

Wherever we have sown clover alone we have seldom failed to find some bare spots, while a mixture with timothy made a perfect sod.

Pleasant as syrup; nothing equals it as a worm medicine; the name is Mother Graves' Worm Exterminator.

Turnips are not so good before as after a frost; but a very light frost is sufficient to impart a finer flavor. The growth, however, is made during the moist weather that follows the first light frosts.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain.

A lady says: By sealing seed beans and peas in glass jars or bottles, the bugs can be kept from them. I have tried several ways to save my beans from weevil, and always failed until I tried this plan, and now I have no trouble.

PITTSFORD, Mass., Sept. 28, 1878.

Sirs—I have taken Hop Bitters and recomend them to others, as I found them very beneficial. MRS. J. W. TULLER,
Sec. *Women's Christian Temperance Union.*

To Fry Salt Pork.—Put the slices of pork into the frying-pan and cover with cold water. Let it come to a boil—pour off the water and fry the pork slowly—turning it often until it is crisp; then dip the slices in batter made of eggs, flour and a little milk,—fry again till brown.

Mrs. E. H. Perkins. Creek Centre, Warren Co. N. Y., writes: She has been troubled with asthma for four years, had to sit up night after night with it. She has taken two bottles of Dr. Thomas' Eclectric Oil, and is perfectly cured. She strongly recommends it, and wishes to act as agent among her neighbors.

One of the great advantages of stewing is that it affords a means of obtaining a savory and very wholesome dish at a minimum cost. A small piece of meat may be stewed with a large quantity of vegetables, the juice of the meat savoring the whole. Besides this it costs far less fuel than roasting.

Indulgent parents who allow their children to eat heartily of high-seasoned food, rich pies, cake, &c., will have to use Hop Bitters to prevent indigestion, sleepless nights, sickness, pain, and, perhaps, death. No family is safe without them in the house.

Baked Eels.—After they are skinned, pour boiling water and let them stand about twenty minutes. Cut in pieces about four inches long, dredge with flour and put them into a pan with a little water; salt and butter. Make a gravy by adding flour, butter and water.

A HOST OF BODILY TROUBLES are engendered by chronic indigestion. These, however, as well as their cause, disappear when the highly accredited invigorant and alterative, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, is the agent employed for their removal. A regular habit of body, and a due secretion and flow of bile, invariably result from its persistent use. It cleanses the system from all irregularities, and restores the weak and broken down constitution to health and strength.

The London *Spectator*, refering to Arctic explorations, cogently asks: "What of the mothers, the sisters and the wives who are left behind and who have to wait with patient anxiety for years without a word from those whom they love? It seems that the only way by which a minimum of sorrow could be insured would be to pass a law that none but orphan widowers without children should be allowed to start for the Arctic or Antarctic Pole."

The Black Flags of Tonquin massacred a number of French prisoners captured before Sontay last week.

Every Spring.

HOW AN AFFLICTING ANNUAL VISITOR WAS DRIVEN FROM A WEARY WOMAN.

Plain and simple mechanics are not liable to get out of order. Complicated watches, intended not only to keep the time of day, but to mark the movements of the moon and stars, are certain to need frequent repairs. Husbands and fathers often fail to see that their wives and daughters are more delicately organized than themselves, requiring corresponding care when they are well and assistance when they are ill. Yet much better for woman's fine system is a trustworthy medicine, ready at all times for use, than a deal of tinkering by semi-educated local practitioners.

"Every spring," said the wife a well known employee of the Grand Trunk Railway, Montreal, "I have been for some years past troubled with nervous debility and weakness. It was the burden which so many women are called upon to bear, although none the lighter for that.

"Advice and dosing, to be sure, I had in plenty; still, on each returning spring my sickness came as regularly as the buds and blossoms.

"You seem better now."

"Oh yes; I consider myself almost or quite well, and it came about in this way: A lady living on St. Catherine street this city, commended to my attention *Sulphur and Iron Bitters.* It gave me strength and life. My sister, living in Brockville, whose disease was nearly the same as mine, was equally benefitted by the same thing."

Sulphur and Iron Bitters, prepared by the Climax Chemical Co., Montreal, is for sale by all druggists. Price, 50 cents.
