Jordan for the defendant.

The *Courier* says that the Orangemen of Charlotte county are making great preparations for the celebration of the 12th in Fredericton. This being the jubilee year, they intend to make the ceremonies particularly applicable as well as interesting. It is expected that not less than 1000 men will walk in the procession here, four hundred alone coming from St. John. The local Orangemen have engaged the 71st Batt. Band.

Rev. Father Bradley, formerly of Fredericton, and who recently left St. Andrews for the west, has obtained a position in Jersey city. A late number of the *Evening Journal* of that place contains the following:—"Rev. Father Bradley, the new assistant of Rev. S. P. Smyth of the Church of St. Paul's of the Cross, is a Nova Scotian of powerful physique. He is an eloquent speaker, and has already become popular in the parish." The only error in the above, is that Father Bradley is a New Brunswicker, a native of Milltown, Charlotte Co.

St. Dunstan's church was crowded with ladies and gentlemen Thursday morning, to witness the marriage of Mr. Wm. J. Graham of Milltown, St. Stephen, to Miss Alice Meagher, daughter of Jeremiah Meagher. The groom was supported by Mr. Fred. B. Meagher, brother of the bride, and the bridesmaids were Miss Aggie Owens, Bessie Doherty and Maggie Sweeney. The ceremony was performed by Rev. J. C. McDevitt. The bride was the recipient of many handsome and costly presents. Mr. and Mrs. Graham, after the ceremony, took the boat for St. John, *en route* to their home at Milltown.

The new buildings of the Maritime Chemical Pulp Company at Chatham, will form one of the largest manufacturing establishment in the province, covering an area of fifty-four thousand square feet. The buildings are arranged in shape of a letter H, are eight in number, and will require about three thousand tons of stone, and two millions of brick. The floors are supported on rolled iron beams, imported from England, and the engines, boilers and machinery, are in course of construction in England, Scotland and Germany. It is expected that all the buildings will be completed this season.

Here is another grit conspiracy (Madawaska) from which great things were expected, all gone to pieces. Twas ever thus, with the grits, from childhood's hour. They got up a conspiracy to ruin Mr. Temple, M. P., but so far from ruining Mr. Temple, it rebounded on themselves, increasing his majority at the election, and * * Then they tried their hand at trying to fasten a charge on Hon. John Costigan. And now that has miscarried. Perhaps in time they will learn that, in politics as in everything else, honesty is the best policy.—*Halifax Mail.*

Thos. L. Powers, why moved from Fredericton, N. B., to Illinois, in 1851, and moved to Kansas in 1879, is one of the proprietors of the Stirling *Daily Bulletin*. On the 3rd ult., more than 50 of his friends gathered at his residence to celebrate his semi-centennial birth-day. They presented him with an elegant easy chair, a gold watch and chain, a gold headed cane, silk umbrella, study chair, etc. He is immensely popular among his acquaintance, and is recognized on all sides as a man of much ability and worth.—*Boston Provincialist,*

The first marriage solemnized in new St. Paul's church, occurred at 6 o'clock this morning, when Dr. I. Z. Sharp of Marysville, led to the altar Miss Helen McLeod, for the past few years a popular teacher in the Model School. The ceremony was performed by Rev. Geo. Bruce of St. John, assisted by Rev. Dr. Fiske of Kincardine, Rev. Mr. Mowatt not having returned from his western trip. The bride wore a neat travelling suit was attended by her sister, and Dr. Crocket supported the bride-groom. Miss Bridges, organist, played the wedding march as the happy couple retired from the church, to take the early train for St. John, on their bridal tour.

Monday afternoon the remains of a man, decomposed beyond recognition, were found floating among some logs below Morrison's Mill by Edward Corbet. Detective Roberts was notified, and after failing to get a city Coroner to hold an inquest, Drs. Coburn, Currie and Coulthard all being in St. John attending the Board of Health meeting, Coroner Rowley of Marysville was summoned. He swore in Richardson Boone, James Dunlap, Abram Thompson, Alfred Turner, Dow Vandine, J. T. Clarke and James H. Smith, as jurymen, and after viewing the body, ordered its burial in the Methodist cemetery and adjourned the inquest till last night. In the meantime various stories got around town regarding the identity of the body; some thought it was not McGinnis, others who believed it to be his scented foul play, and hence the *Telegraph's* fiction of murder. The inquest last night, however, established the fact that the unfortunate was McGinnis and that his death was accidental. Edward Corbet testified to finding the body, and said that Michael Cooney, the night watchman at Morrison's Mill, heard a voice, a splash, and a struggle in the water on the night of the 19th inst., when McGinnis was first missed, and afterwards saw his boat. It would seem as if the man came down in the boat, struck against a ceder raft, and, having taken out an oar to shove off, fell into the river. Detective Roberts testified to being called to take charge of the body. He found on the body a silver watch and chain, some change, a knife and some other trinkets. Did not think the description of the body answered to that of McGinnis, whom he saw in Fredericton on the night of June 21st. William Fisher of New Maryland testified that he lent McGinnis his silver watch and chain, which witness minutely described. On the watch found on McGinnis being produced, it was identified as the one given to McGinnis by the witness and answered its description. After some further evidence the jury returned a verdict that "Phillip McGinnis came to his death by being accidentally drowned in the St. John river on the morning of June 19th 1887." The deceased was an Irishman by birth, but for the past twenty years has worked for the Glasiers. He was unmarried, about forty years of age, and made his home at Doak Settlement.

YORK MUNICIPAL COUNCIL.

Proceedings of the July Session.

The July session of the York Municipal Council Council opened at 10 a. m. yesterday, all the members being present except Warden Howe, who is absent at St. Andrews Camp, in command of his Company of the 71st Batt.

The Secretary Treasurer read a letter from Warden Howe, dated at St. Andrew's Military Camp, asking the Council to excuse his absence, it being unavoidable. Mr. Wilson said the Council could appoint a chairman to preside at this meeting.

Coun. Lawson was nominated by Coun. Colter, seconded by Coun. Murphy, and there being no other nomination, Coun. Lawson was declared elected and took the chair, remarking in doing so, that the Council no doubt were glad that no bodily ailment or family affliction prevented Warden Howe's attendance, but that he was absent at the call of his country. He thanked the Council for electing him chairman, and he hoped for the support of the members.

The minutes of the January session were read and approved.

Mr. Wilson reported that all the bills sent by the Council to the Legislature had been defeated. He also read the following letters regarding the enquiries of the Council as to the transfer of the Fredericton Branch Railway.

Fredericton, 9th June, 1887.

W. WILSON, ESQ.,
Sec.-Treas. Municipality of York.

DEAR SIR,—I am in receipt of your favor of 8th inst., making certain enquiries *in re* the Fredericton Railway Company. If there has been a transfer of the Fredericton Railway to the New Brunswick Railway, I am not aware of it, and I do not think a transfer could possibly be made without my knowlede. The books, papers and seal of the Company are in my possession, and have been since the formation of the Company, and the annual meeting of the Company will be held at my office the first week in August next. Should you require any further information I will be pleased to communicate it to you.

Your obedient servant,
JOHN RICHARDS.
Sec'y. F. R. Co.

Ottawa, June 16, 1887.

WILLIAM WILSON, Esq.

DEAR SIR,—You will excuse me for not answering your letter before this time, but I really had not time. With reference to your enquiries into the Fredericton Railway, I may say to you, that there has been no transfer of the Railway to the New Brunswick Company. Mr. John Richards, the Secretary to the Company, I have no doubt will give you any information you may require, as he has all the books since the formation of the Company. I may say, however, for the information of the Council, that the Fredericton Railway stock is like other stock transferrable; that a portion, in fact the larger portion, of the stock is held by the New Brunswick Railway Company, therefore, the road is now managed by them, I trust, in the interest of the public. Any further information you may require, I shall be very glad to give you at any time.

Yours truly,
THOMAS TEMPLE,
Pres. F. R. Co.

In answer to Coun. Cliff, Mr. Wilson said he had received $100 in Scott Act fines since the January meeting.

On motion of Coun. Cliff, Couns. Colter, Cliff and Murphy were appointed a committee to wait on the Police Magistrate to procure information regarding the administration of the Scott Act in the County.

Coun. Colter presented the accounts for the improvement of the County jail, and Court House. He said there were other improvements suggested as necessary in the Court Room, by His Honor the Chief Justice, such as blinds for the windows, and carpeting for outside the railings, but he and the other members of the committee did not feel warranted in going to further expense without consulting the Council, which they proposed doing before adjournment.

Adjourned till 2 p. m.

AFTERNOON SESSION.

On the Council resuming at 2 P. M, Coun. Cliff in the chair, Coun. Fisher moved that Nehemiah Smith, collector of rates and taxes, New Maryland, having failed to make a return of the monies collected by him, he be summoned before the Council to answer therefor.

Mr. Wilson explained that Smith was a collector in 1884, and there was a discrepancy of $29 in his returns. He claims that the amount has been paid, but cannot find the receipt therefor, but he has promised that the matter shall be arranged.

Coun. McElroy moved in amendment that the matter be laid over till the January session, Coun. Fisher having stated that it would be impossible to have Smith here before the Council adjourns, but claiming that the Council should sit until the matter was settled, it being one of long standing. He however, subsequently withdrew his resolution, and the matter dropped.

On motion of Coun. Scott, it was ordered that Committees of the Council having work to be done exceeding $20, the same be let by tender.

Coun. Lawson submitted the report of the public accounts committee, which was adopted.

Coun. Colter submitted a bye-law fixing the Common Jail limits at one-half mile in all directions. It was seconded by Coun. Burtt, and adopted.

Mr. Wilson in reply to Coun. Colter, said he had assurances from Mr. Kaye of St. John, that the difficulty in collecting the taxes on the Fleetwood property, Douglas, was in a fair way of settlement.

William Cavender was appointed a game warden for Canterbury, on motion of Coun. Lawson.

Coun. Colter, seconded by Coun. McElroy, moved the following resolution:—

Whereas, it has been stated in the press and elsewhere, that information has been withheld from the public, by the action of this board, in reference to the position of the Fredericton Branch Railway company as to the liability of the said company, to return to the municipality of York, the bonus of thirty thousand dollars granted to them by the County;

Therefore Resolved, that the Sec'y Treas. be and is hereby authorized to file a bill in equity and proceed therein, for the purpose of obtaining the desired information, and of settling the matter in question.

Coun. Colter, in moving the resolution said the County had been told that the Council could get the $30,000 bonus back, and he for one wanted the matter investigated, although he did not believe much would come of it. That was only his opinion, however, but he was here to represent the people, and if they demanded an investigation the Council should grant it.

Coun. Murch favored the resolution. The country would be better satisfied if there was an investigation.

Coun. Pinder had heard nothing since the January session to change his mind, when he had opposed instituting an action in equity. He was surprised at Coun. Colter's course, who while admitting that there was nothing in it, moved this resolution. It was his own opinion also that there was nothing in it but cost to the municipality, and a large amount of politics. The matter had been used in political campaigns already, and would doubtless be used again if opportunity offered. He was opposed to putting the County to the expense of a suit in equity, when the chances for losing $400 or $500 in costs in addition to the bonus paid, seemed so certain.

Coun. Murphy believed the people in the country generally demanded further information in this matter, and he supported the resolution.

Coun. Goodspeed thought to satisfy the country there ought to be an investigation.

Coun. Colter complained that he had been misrepresented by Coun. Pinder. There was a distinction between his own opinion and that of the public. He did not mean there was a general demand for an investigation, but there was a demand from certain quarters, and in moving the resolution he proposed to follow out the course he had indicated in January.

The resolution was then carried on the following division:—

Yeas—Couns, Little, Murphy, Brown, Lawson, Cropley, McElroy, Gilman, Fisher, Horncastle, Goodspeed, Murch, Burtt, Colter, Jewett, Fraser, Henry, Dow.—17.

Nays—Couns. Avery, Pinder, Murray, McNally, Cliff, Scott.—4.

Coun. Colter, chairman of the public buildings, asked for instructions from the Council as to whether the committee shall proceed with further improvements in the county building, including curtaining and carpeting the court room, and putting in a new furnace.

Coun. Goodspeed said that it would be better for the Council to assume the responsibility.

Coun. Murch thought the committee ought to invite tenders for the work from outside parties, with a view to economy.

Coun. Murphy said the furnace if burned out must be replaced, but possibly the other improvements might stand over without serious inconvenience.

Coun. Cliff said to give shape to the discussion, he would move that the committee be authorized to repair or place a new furnace or furnaces in the county building. Carried.

Coun. Cliff moved that the original resolution of this Council granting the $30,000 bonus to the Fredericton Branch Railway, be published in the city press for general information. Carried.

In conformity with the foregoing, the FARMER has procured from the Sec'y-Treas., a copy of the original resolution which was passed by the Council, May 13th, 1867, and is as follows:—

"The committee recommend that the sum of thirty thousand dollars be given as a bonus to the Fredericton Railway Company subject to the same conditions made by the City of Fredericton, on granting a bonus of fifty thousand dollars, to aid the Fredericton Railway Company and with the further condition, namely,—that in case the said company, sell the said Road, to any Government or Railway Company, the balance after paying said Company their subscribed and paid up stock and interest, if any shall be paid to the extent of the capital bonus or subsidy paid by the municipality of York in conjunction with the City of Fredericton.

Coun. Burtt submitted the report of the committee on the Sec'y-Treas. accounts, which had been found correct, and showed a balance in favor of the municipality of $661.56. The report was adopted on motion of Coun. Colter.

Coun. Rowley submitted the report of the audit committee, certifying to the correctness of the Sec'y-Treas. balance, as shown by balance to his credit in the bank and his safe, viz. $661.56.

Coun. Murch moved that the Sec's-Treas. be directed to call upon the Fredericton Brank Railway for arrears in ground rents of lands occupied by their depot, and other buildings.—Carried.

Coun. Jewett moved that Daniel Estey be credited in this year's taxes, for over-assessment of last year.—Carried.

On motion of Coun. Bird, the Sec'y-Treas. was ordered to notify Collector Christie to hand over all county money in his hands, and to proceed against him if necessary.

On motion of Coun. Pinder, the finance committee was authorized to negotiate a loan at the Peoples' Bank to pay municipal obligations pending the returns of the tax collectors.

The Sec'y-Treas. reported the division of the $3,000 bye-road money by parishes as follows:—Bright, $235.08; Canterbury, $226,88; Douglas, $317.03; Dumfries, $187,97; Kingsclear, $236,23; Manners-Sutton, $198.78; New Maryland, $139.93; North Lake, $166 48; Prince William, $185.48; Queensbury, $214.23; Southampton, $227,38; St. Marys, $375.73; Stanley, $288 80.

On motion of Coun. Pinder, the acceptance of rejection of bondsmen offered by the York County Agricultural Society to indemnify the municipality from any loss or damage on account of the missing debentures, was left with the finance committee, the Sec'y-Treas. and the Auditor.

On motion of Coun. Colter, the press representatives at the Council were ordered to be paid $5 each, and on motion of Coun. Jewett, Robert Rosborough received $1 for his attendance on the Council as messenger.

Coun. Colter asked that the matter of meeting the City Council to agree upon a plan for lighting the Fredericton Bridge be deferred till January. Agreed to.

On motion of Coun. Murch, the bill to date, for fuel against the offices of the Registrar of Deeds and Clerk of the Peace, was ordered to be paid by the county,

On motion of Coun. Murch the public buildings committee were authorized to furnish curtains and carpeting for the County Court Room.

The Sec'y-Treas. called the attention of the Council to the new health law which required the appointment of a Board of Health for the County of York.

Coun. Colter moved the Council proceed to appoint a Board of Health. On the question being put the resolution was defeated on the following division:—

Yeas.—Coun. Henry, Murch, Jewett, Cliff, Rowley, Burtt, Goodspeed, Colter, McElroy, Cropley—10.

Nays.—Coun. Fraser, Bird, McNally, Carr, Pinder, Horncastle, Murrry, Scott, Gilman, Avery, Little—11.

The Council then adjourned *sine dié.*

The mysterious disappearance of a young girl at Margate, Prince Edward Island, has made a sensation about there. On Tuesday evening, the 28th ult., a daughter of John Tuplin, of Margate, left her father's house about 9 o'clock. She had thin slippers on her feet, wore nothing on her head, and was clad in a thin cotton dress. She had told some members of the family that she had an appointment that night with a young man named William Millman, by whom, it is alleged, she has been betrayed. That is the last that was seen of her till Monday noon, when her body was found in the river, with a stone tied around her neck. She was about 17 years of age. Millman is suspected of being concerned with her disappearance, and has been arrested.

R. H. Edwards of the Victoria Hotel, Truro, has a full herd of good Jerseys, and judging from the immense rolls of butter we saw there churning day, they are of the right sort. He sells upwards of eighty pounds of butter each week, and he does not claim to be a farmer at all, but he ought to be one all the same, for he is a true lover of all kinds of stock, and besides being a tip-top fellow, he keeps one of the best hotels in Truro.—*New Glasgow Paper.*

Frank A. Robbins' New Show.

The above show will exhibit in Fredericton on Friday, July 8th, and give two performances in two rings and on an elevated stage. This establishment has always received the most flattering praise and endorsement from the press throughout this country as giving one of the best entertainments ever given under a canvas. This season Mr. Robbins' has very much enlarged his establishment, and added many new and startling features. He has spared no expense, for he believes "what is worth doing at all, is worth doing well," and that to gain the confidence of the people you must not deceive them. It is on that principle that all he advertises, all the promises he makes, are fulfilled. Our space will not permit of us going into details of all the attractions that are offered, the magnitude of which may be seen by referring to the advertisement in another column; but in this we can assure our readers, that they will never regret a visit to Frank A. Robbins' monster show. On the morning of the exhibition there will be a magnificent street pageant starting from the lot at 10 A. M., and passing through the principal streets.

Cossitt's Patent Horse Dump Ithaca Steel Tooth

HAY RAKE,

Is known by nearly every farmer in New Brunswick, and some 5000 have them in this Province alone, and there are over 25,000 in use in the Dominion of Canada. Simplest in construction, having no Gears, Clutches, Chains, Cranks, Springs, Hooks, or other traps to get out of order. This Rake and Cossitt's NEW MODEL BUCKEYE MOWER are for sale by us this year, as usual, on good terms. "Cossitt's Buckeye" has always taken the lead among Mowers, and is greatly improved this year by having on a new TILT, which we would like all intending machine buyers to see. The price is somewhat down this season. We have a big stock.

☞ Many kinds of Mowing Machine sections, Knives and Guards, as well as every part for the Machines we sell, always in stock.
