It is a jubilee painting and frame donated to the Victoria Hospital Bazaar, Fredericton, and will be shown at the table of Mrs. Capt. Tabor and Mrs. Geo. Bliss. The painting, which is very daintily executed, is by a young lady of St. John, and the design and work of the frame are by H. Kinnear of the London House.

A former resident of this city, but now of St. John, writes us: "I can hardly realize that it is nearly thirteen years since I left Fredericton, and I never had much desire to return until Thursday morning last, when driving to the station. The morning was beautiful, everything looking bright with the freshness of spring, and the birds singing, sights and sounds we seldom get here, and I felt that life could be made more enjoyable in Fredericton than any other place I know."

The amount of taxes owing the Chamberlain of Portland, St. John, says the *Sun*, on the 31st December last was over $90,000. Of this amount a very small proportion has been collected, and it is estimated that close on $60.000 of the amount given above is not worth over $5,000. This $90,000 has been accumulating over a period of ten or twelve years and now the citizens are beginning to wake up to the fact that unless some prompt action is taken to collect the arrearages for 1886 (some $30,000), the city will be unable to meet its liabilities.

"Uncle Tom's Cabin" was given at the Leland, says the Albany *Argus*, in the presence of a good audience, that seemed to enjoy the unfolding of the play as well as if it was the occasion of an original production. It does seem rather strange that this time-worn drama should retain such a firm hold on the theatrically inclined public, but such is the fact and there is no gainsaying it. The production last evening was above the average, and was heartily applauded. The jubilee singers, in particular, being singled out for especial marks of approval." The company is spoken of as a really good one. See advt.

At St. Luke's Church, Halifax, Sunday evening, Rev. Dr. Kingdon, Coadjutor Bishop of Fredericton, administered the rite of confirmation to twenty-two persons. The bishop's earnest addresses, says the *Mail*, were very much appreciated, and contained much suitable advice, both with regard to the life of the church in general and the life of the individual soul in particular. The duties of prayer, self-examination, reading the Bible, frequent use of the church services, and of the blessed sacrament, were most earnestly dwelt upon. His Lordship will visit Kentville, and Windsor before returning home.

A fatal accident took place early Saturday afternoon, on the New Brunswick Railway near Magaguadavic. Wm. Embleton, about 21 years of age was working with Mr. Scott's crew loading logs on to the cars at Magaguadavic lake, and was in the act of coupling the cars when the accident took place. He was standing between two cars to couple them, but failed to make the connection properly, and the cars clashed together, catching his head between the ends of some projecting logs and smashed it in a frightful manner, death being almost instantaneous. The unfortunate man resided within two miles of Harvey station, whither his lifeless, mangled corpse was taken soon after the accident.

Dr. Frank M. Brown, who has just recently returned from the conclusion of his medical studies in the old country, has opened an office on the corner of Queen and Regent streets, opposite Davis' drug store. Dr. Brown spent thirteen months abroad, receiving licentrate qualifications from the Royal College of Physicians at London, from the Royal College of Surgeons, Edinburgh, and from the College of Physicians and Surgeons, Glasgow. He had special facilities in clinical practice at St. Bartholemew's Hospital, London, and with his thorough training in all branches of his profession, Dr. Brown is excellently qualified to re-enter upon its practice. The FARMER wishes him success.

Rev. Calvin Currie writes to the FARMER from Jemseg, Queens Co., as follows:—"In your issue of the FARMER for May the 25th, appears a communication, headed Tom Gardener, in which an error occurs as follows, 'Tom Gardener married a Miss Wright by whom he had no issue.' There is living today within forty rods of where this is written, a women by the name of Elizabeth Colwell, wife of Charles B. Colwell, Esq., of Jemseg, who is the daughter of Thomas Gardener, the very man of whom your correspondent has written. Miss Gardener's (Mrs. Colwell) mother died when she was scarcely more than an infant, consequently the daughter saw but little of her father, as she lived with her mother's people and the father as your correspondent states, removed to Canada. The writer's is very intimate with Mrs. Colwell and her family, and finds them very respectable and hospitalable people indeed, and he sincerely hopes that you, in justice to the lady and her friends, will publish the above, as a correction of the error named."

ANDOVER PRESBYTERIANS

Propose Erecting a Church.

(Special Correspondence of Farmer.)

ANDOVER, June 3rd.

A meeting of the adherents of the Presbyterian church in Andover, was held on the evening of the 2nd June in Beveridges' Hall, for the purpose of considering the erection of a church edifice on the lot of land granted by Messrs. William and Benjamin Beveridge, for that purpose, and the organization of a congregation, and holding regular divine service in Andover. The attendance was good but not so large as it would have been, had more general notice of the meeting been given. A. J. Beveridge Esq, was choosen chairman of the meeting, and Thos. Lawson, Secretary. The chairman explained the purpose for which the meeting had been called. Judge Stevens of St. Stephen, who was present, said that had long been a matter of regret to him and others whom he had conversed, that in a place where there existed so much of the Presbyterian element, so little energy had been shown in the matter of organization. He had represented the matter to the Presbtery at its last meeting, and the members of that body seemed satisfied that the time had fully arived when this important field should be opened. It was resolved that Presbyterian service should be held each Sabbath during the coming summer, and Messrs. A. J. Beveridge, T. R. Cameron, and S. P. Waite, were appointed a committee to arrange for such service, and to secure a suitable place for holding the same. These gentlemen were also, as the Trustees to whom the land was conveyed, directed to obtain plans and specifications and estimates of the probable cost of a suitable church building. Arrangements were also made with a view to raising funds to commence the work of building at an early date. After passing a vote of thanks to Messrs. Beveridge for their generous gift of a building site, the meeting adjourned to meet again on the 21st of June.

WONDERFUL!

BETWEEN eight and ten years ago, a medicine was introduced to the public, and suffering humanity was invited to try the same.

The proprietor knew from experience, that success was certain, but the human breast so imbued with prejudice that it forms one of the strongest barriers to break down and the greatest enemy to overcome before any headway can be made towards the mansion of success. Truth has often proved itself to be "stranger than fiction," and it is a fact as solid as truth that

SMITH'S CHAMOMILE PILLS

have now become one of the leading Patent Medicines of the present day, from north to south, and from east to west, they are to be found in the homes of the rich and poor. All classes of society use them, and they are by thousands declared to be *Worth their Weight in Gold*

For a Weak Stomach, Impaired Digestion, and all disorders of the Liver, they act like "MAGIC," and a few doses will be found to work wonders on the most important organs in the human machine They strengthen the whole muscular system, restore the long-lost complexion, bring back the keen edge of appetite, and arouse into action, with the rose-bud of health, the whole physical energy of the human frame. These are "facts" admitted by thousands, embracing all classes of society; and one of the best guarantees to the nervous and debilitated is, **Smith's Chamomile Pills** have the largest sale of any Patent Medicine in the Dominion.
