THE 18th Annual General Meeting of this Company was held at Liverpool on the 8th February last, when the following Report of the business of the Company during the past year was submitted:—

"The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as shewing the rapid and safe progress which the Company is making. The receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

Losses,	39,051	41,546
Profits,	£89,553	£70,766

These results show, notwithstanding the very numerous and destructive fires that have occurred both in this country and especially in America, that great caution has been exercised in taking risks, on the part of those on whose judgment the Directors must necessarily in a great measure rely. The reserved surplus fund now amounts to £143,712.

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF A CASE
ABANDONED BY
Guy's, the Metropolitan, King's College, and Charing Cross Hospitals.

SUMMARY OF AFFIDAVIT.

WM. BROOKE, Messenger, of 2, Union street, Southwark, London, maketh oath and saith that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted as an out-patient at the Metropolitan Hospital, in April, 1851, where he continued for nearly four weeks. Unable to remain a time here, the deponent sought relief at the three following Hospitals:—King's College Hospital, in May, for five weeks; at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital at the end of August, for nine weeks more; which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BARNEBY COOPER, and other medical officers to the establishment, had told deponent he MUST CHOOSE of saving his left leg to LOSE HIS ARM. The deponent thereupon called upon Dr. Bright, physician of Guy's, who, on viewing deponent's condition, kindly and liberally said, "I am utterly at a loss what to do for you! but here is half a sovereign, go to Mr. HOLLOWAY, and try what effect his Pills and Ointment can have, as I have frequently witnessed the wonderful effects they have in desperate cases. I can tell no one go a worse." This unprecedented advice was followed by the deponent, and a perfect cure effected in three weeks, by the sole aid of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed!!! When Dr. Bright was shown the deponent, the result of his advice and charity, he said, "I am both astonished and delighted for I honestly thought I never saw poor man alive, whose leg was worse than yours. I can only consider this cure little short of a miracle!!!"

Sworn at the Mansion house of the city of London, this 8th day of March, 1852. WM. BROOKE.
Before me, JOHN PARIS, Mayor.
