MELANCHOLY DEATH.—We learn with much regret that Mr. Frederick James, Car-builder, met with an accident in his work-shop on Tuesday afternoon which resulted in his death about 5 o'clock that evening. Mr. James had been assisting in laying a foundation for a steam-boiler, and one of the logs rolling from under him, he fell and the steam-chest fell on his head, crushing it in such a manner that, from the first, there was no hope of his recovery. Drs. Bayard and Humphrey were in attendance, but their assistance was of no avail. Mr. James leaves a widow and three children. No man in this community had earned a higher reputation as an enterprising and honourable man, and his loss will be much felt.—*News.*

CURIOUS DISCOVERY.—A Correspondent to the Miramichi "Colonial Times," writing from Youngal, gives an account of a discovery by himself of a giant human frame, in a place called Tinker Point. It appears that Mr. Armstrong, the correspondent referred to dreamed one night of digging money in this place, and the next day set out with spade and pick-ax to try the ground. After digging for a while, he struck a coffin in which were the remains of a human being of uncommonly large size, measuring 8 feet 6 inches. There were neither clothes nor flesh in the coffin, but there were some old rusted implements of warfare, also, in a sealed earthenware vessel, there was an old manuscript written on parchment in some foreign language that he could not decipher.—*Intelligencer.*

WE understand, upon reliable authority, that Dr. Tupper, of Nova Scotia, has consented to deliver a lecture in the Mechanic's Institute in this City, on Monday evening, 19th inst., and that his subject will be, "The political condition of the British North American Provinces;" also, that he will lecture on the following evening in Portland, upon the Union of Nova Scotia New Brunswick, and Prince Edward Island." Judging from the marked ability displayed by this gentleman during his as yet brief political career in the sister Province, and from his uncommon powers both as a thinker and speaker, we are warranted in looking for some valuable ideas connected with a subject most interesting to us all, ideas clothed in language vigorous, lucid and elequent.—*New Brunswicker.*

United States.

The Result of the Presidential Election is now fully ascertained. The number of electors of President, equal to the members of both Houses of Congress, is 302; 152 would therefore be a majority. Mr. Lincoln has already 169 votes. The following is a list of the number of votes cast by the several States:—

For Lincoln and Hamlin.

The South is becoming very violent in its expression of a determination to dissolve the Union. Mass meetings are being held in all parts of the Southern States affording fine opportunities for a display of proslavery eloquence. The threats are supposed by some to be mere ebullitions of temper from the disappointed ones, but steps are being taken by way of organising for a secession which appears somewhat alarming to the nervous.

The ultimate results will doubtless be influenced considerably by the steps Mr. Buchanan may take in repressing or encouraging southerners between this and the 4th of March next; when his reign will cease, and Mr. Lincoln will take the reins of government.

Salt lake is probably the saltest body of water on the globe. Three barrels of this water are said to yield a barrel of salt. The water is of a light green color for about ten or twenty rods, and then a dark blue. No fish can live in it, no frogs abide in it, and but a few birds are seen dipping in it.

NOTICES.

Female Education.

Dear Sir,—I beg to call the attention of your readers to the Advertisement of a public meeting to be held at Wolfville on the 28th inst. The Executive Committee of the Education Society have, for some time past, had under consideration the desirableness of establishing a Female Seminary, in connection with Horton Academy. They are of opinion that an effort for that purpose should be immediately made, and they have therefore called the public meeting, in order to elicit the views of their friends, and obtain, as they hope, the concurrence of the denomination generally in this important undertaking.

A large attendance at the meeting is exceedingly desirable. Let there be a grand muster of the friends of female education.

I am, &c.,

A MEMBER OF THE EXECUTIVE COMMITTEE.

Nov. 17, 1860.

QUARTERLY MEETING IN ANNAPOLIS CO.

The next Quarterly Meeting for Annapolis Co. will be held in the Baptist Meeting House in *Clarence*, on Tuesday the 18th of December, at 6½ o'clock, P. M. Rev. Dr. Tupper is appointed to preach the opening sermon, and Rev. W. G. Parker to be his alternate. Ministering and other brethren and friends are invited to attend. The *Ministerial Conference* will meet in the same locality on Wednesday the 19th, at 10 o'clock, A. M. Brethren of the Conference are hereby notified that at the last meeting it was decided that each member be requested to present at the next meeting an ESSAY on some subject selected by himself, or furnish an EXEGESIS of some passage of *Scripture.*

GEO. ARMSTRONG, Secretary.

Brother Lawrence Gates, Licentiate, was, at the late meeting of the D. M. Board, appointed a mission of *six weeks* to Brookfield and vicinities.

GEO. ARMSTRONG, Secretary.

FEMALE EDUCATION.

The Executive Committee of the Nova Scotia Baptist Education Society have taken into consideration the desirableness of establishing a Seminary for Female Education in connection with that Society. They have resolved to call a Public Meeting, in order to ascertain the views of their friends and adopt such measures as may be deemed advisable. The Meeting will be held at Wolfville on Wednesday, Nov. 28, at eleven o'clock, A. M. The attendance of the members of the Denomination generally, and especially of Ministers, is earnestly requested.

A. S. HUNT,
Secretary.

Oct. 31 1860.

The Meeting will take place in the Academy Hall. The Executive Committee will meet the same morning, at ten o'clock, in the Library of Acadia College.

A Distressing Cough Cured.

DEAR SIR—A few weeks since I had a distressing cough; my throat was very sore and inflamed, and I procured a bottle of Perry Davis' Pain Killer of you, and it has *entirely* cured me. I have also seen it used in cases of toothache and ague in the face, with the most beneficial effects. I believe it to be an indispensable medicine, and shall recommend it to my acquaintance.

C. W. BANKS, LA PORT, Ind.

This may certify, that my wife was for some time very much afflicted with a violent cough, which reduced her so much that she was unable to enjoy a moment's rest, day or night, and by the use of one bottle of Perry Davis' Pain Killer, she was entirly relieved, and now enjoys good health.—I consider it one of the best family medicines in use.

F. K. BELANGER, PERRYSBURGH, O.

Sold by druggists and all dealers in family medicines.

The Stain in linen from the use of the Pain Killer is easily removed by washing in alcohol.

NEW ORLEANS, 3rd Oct., 8159.

DR. J. C. AYER, Lowell—

Sir: I am urged by my wife to report to you a cure your Sarsaparilla has made in our family, and as it is the only way in which we can make you any acknowledgement of our gratification, I will proceed to state. My little son eleven years old, has had *Scrofula* sores on his ears neck and arms for five years. They were much of the time very distressing, and we feared they would kill him. At first a swelling would appear, then it would break and make a running sore, which would not heal. They became very loathsome and often painful: they stopped his growth and seemed to undermine his health, so that he became feeble and sickly. We tried Physicians and Medicines, but they did no good. A clergyman in our neighbourhood, who had seen some remarkable cures by your Cherry Pectoral, advised us to try your Sarsaparilla, and we did. The smallest sores showed symptoms of healing in about two weeks; in two more they had healed, and in two months the child was as well as any body. He now enjoys perfect health, with no remnant of the disorder about him that we can discover. If you, sir, are a parent, you may well believe that we shall not soon forget you.

Very truly, your humble servant,

JNO. W. BATES.

☞ The skin is formed with thousands of pores whose office is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry and parched—when it is covered with eruptions—when it is cold and clammy—when there is inward fever or inflammation—it is impossible for the skin, to perform its proper functions. Morse's Indian Root Pills remove these obstructions, and produce free and healthy blood, removes eruptions from the skin, and cause it to brighten with the flush of youth and beauty.

NOTICE! NOTICE!!

STRAYED AWAY, from the enclosure of the Subscriber (known by the name of the Fitch property Walbroke, Lower Horton). On the first week of October last, eight head of young cattle. Two of them three year old Steers, two of them, two year old steers, two, one year old do, and one two year old heifer, and one year old do. The *three* year Old Steers, one was colored red and some white in the face and one quite curly haired, and the tail white about half its length, the other red with some shade of brown in the face. The two year old Steers, one is brindled with white spots mixed, and somewhat resemblies a stag in the head, the other a dark brindle. The Year old Steers are both a dark red, one with a small white spot in the face. The two year old Heifer is a light red, with a white spot in the face, and the year old Heifer is mixed white and red. The two Heifers of the year old steers had no earmark on them, the other four the subscriber cannot say whether there was any earmark on them, or not, as he had recently purchased them. Now any person who will give information of all or any of the above named cattle to the subscriber so that he may obtain them shall be rewarded for their trouble.
