Are now prepared to furnish their

Best Quality Selected Lime

By the Car Load at all STATIONS on the ALBERT and INTERCOLONIAL RAILWAYS.

This Lime differs from all other Brands in the market—having peculiar cement qualities, which hardens it like stone, and makes it imprevious to the action of water. It requires no cement to improve it, and is the CHEAPEST in the market for all purposes.

For Agricultural purposes it can be furnished by the car load in bulk, CHEAP, and is the best as well as the cheapest fertilizer known.

Golden Ball, Shoe Store

FURNITURE EMPORIUM.

The Golden Ball Boot and Shoe Store is the oldest established in Miramichi. It is now fifteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to hosts of patrons, who have invariably, purchased from us, during that length of time. The reason is plain. We buy entirely from the best manufacturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

Infant's, Children's Misses', Youth's, Boy's Women's and Men's Boots Shoes, Slippers. etc.,

at the lowest possible price compatible with good quality.
Also a large assortment of

Trunks, Valises, and Hand Bags, Sole Leather and Shoe Findings.

SARSAPARILLA

DOUBLE IODIDES.

Space forbids the giving more testimony in this place, in favor of this great medicine. Is not one certificate, however, from an eminent and well-known Physician like Dr Bessey, of Montreal, sufficient to establish its superiority over the numerous mixtures called Blood Purifiers offered by Druggists and others?

T. C. STRATTON, Esq.

Montreal, Feb. 1st, 1877.

I cannot but regard the formula from which Dr. Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy, for the cure of *Blood Impurities*. So far as my experience leads me with this remedy, I can testify to its great value in the treatment of all Strumous and Cachectic affections, as Glandular Enlargements, and a wide range of skin affections; as a reliable preparation for general use as a *blood purifier*, I know of none equal to it, combining as it does, all the imputed virtues of Sarsaparilla, and several other valuable remedies, with the extraordinary alterative properties of the "*Double Iodides*," and of none that can be more highly recommended as safe, certain and reliable, and I have every confidence that such a remedy for general use, taking the place of the many worthless nostrums of the day, will be a great boon to suffering humanity, and its use will be attended with the most satisfactory results. It should be invaluable to persons beyond the reach of medical advice, and will, no doubt, become popular with Medical men throughout the country.

Respectfully yours,
W. E. BESSEY, M D
Beaver Hall Square.

NOTE.—Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the Glass, and retails at $1.00 per bottle, or Six Bottles for Five Dollars. Sold by Druggists generally, and most Country Stores. Be sure, and ask for Dr. Channing's Sarsaparilla and take no other. If not readily obtained in your locality, address the General Agent.

CHATHAM, - - - AUGUST 3, 1882.

Money Isn't Everything.

The eight gentlemen who publish the *World* make a business of giving the public constant assurances that the ADVANCE isn't a good paper, that it is untruthful, "nasty," etc. Now, this Corporation—these eight gentlemen—represent wealth; that is,—they can put up any reasonable amount of money in their newspaper enterprise and, no doubt, they imagine their money and influence will cause their paper's statements to be accepted by the local public. They are, however, reminded by the *Journal* published by the society for the Prevention of Cruelty to Animals that money is not everything in life. The *Journal* says,—

"It was meant for good, and it is a good thing to have, but all this depends upon how it is used. If used wrongly, it is an injury rather than a benefit. Beyond all doubt, however, there are many things better than it is, and which it cannot purchase no matter how much we have of it.

"If a man has not a good education, all his money will never buy it for him. He can scarcely ever make up for his early waste of opportunities. He may say, as I have heard of men saying, "I would give all I have if I had only a good education and well trained mind"; but he will say it in vain. His money alone can't obtain it.

"Neither will wealth itself give a man or a woman good manners. Nothing, next to good morals and good health, is of more importance than easy, graceful, self possessed manners. But they can't be had for mere money.

"A man who is what is called "shoddy," who has not taste and correct manners, will never buy them, thongh he would, no doubt, like it. They are not to be had in the market. They are nowhere for sale. You might as well try to buy sky, or cloud, or sunbeams.

"Money can't purchase a good conscience. If a poor man has a clear conscience that gives off a tone like a bell when touched by the hammer, then be sure he is vastly richer than the millionaire who does not possess such a conscience. Good principles are better than gold. All the gold of Golconda couldn't buy them for a man who hasn't them already."

Jos. Beaudin, M. D., Hull, P. Q., writes: Dr. Thomas' Eclectric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful; I use it in all cases of rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved of the pain."

A SIMPLE herb found on the sunny plains of a southern clime has, under the skillful manipulation of Dr. VAN BUREN, been made a blessing to mankind. The Law Defense Association.

The Resolutions passed at the last meeting of a number of the friends of Temperance—held in Temperance Hall, Chatham, on Monday evening 17th July—and which we were unable to procure in time to publish in the ADVANCE of 20th, were as follows,—

The position in which this locality stands towards the liquor traffic and the duties now resting on the shoulders of Temperance men under the adoption of the Canada Temperance Act by this County, having been fully set forth and discussed—

Resolved, This County of Northumberland did on the 2nd day of September, 1880, adopt the "Canada Temperance Act," and the Act came legally into force in the said County in January last, but owing to the supposed unconstitutionality of the Act its supporters have heretofore not moved in its enforcement, and

Whereas, the Privy Council in England have lately given judgment and declared the said Act to be constitutional. Therefore

Resolved, The time has now arrived when the law can and should be practically put in force in our towns and throughout this County, in order that every family and member in the community may realize and enjoy the great blessings which will assuredly flow from its faithful enforcement.

Resolved, That it is the opinion of this meeting that the law will not be respected unless sustained heartily by all Temperance men and women and all friends of sobriety, morality and good order, in our midst co-operating with each other.

Resolved, That a practical and efficient means of upholding the law, would be to organize a Society composed of all persons who sincerely desire to unite and co-operate in the organization, with that object. That this meeting at once proceed to form and organize such a Society to be called the "Law Defense Association" of Northumberland.

Resolved, That this Society, or meeting earnestly appeals to all heads of families, fathers and mothers and all friends of law and order and sobriety in the town of Chatham, and everywhere throughout the County, who have a desire to advance the happiness of their neighbours and themselves, to join with us and aid in maintaining and defending the law and in redeeming our County from the sin, shame, and misery which the rum traffic has entailed on so many once happy and comfortable homes in our midst.

Resolved. That this appeal is not made especially to members of Temperance Societies, but to every parrent in the County and on whom we now call to give us their sympathy and support in our efforts to uphold the law of our land and remove the temptation of strong drink from our sons and weak friends

Resolved. That the proceedings of this meeting be published in the Local papers of Chatham and Newcastle.

The following is the declaration to be signed by members joining the proposed Society:—

We the undersigned hereby agree to unite with each other in becoming members of the Law Defense Association of Northumberland and to assist, aid and support all legitimate efforts put forth by this Association for the legal enforcement of the "Canada Temperance Act" in our County agreeable to resolutions adopted at this meeting.

To lessen mortality and stop the inroads of disease, use Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. For all diseases arising from impure blood, such as Pimples, Blotches, Biliousness, Indigestion, &c., &c., it has no equal. Mrs. Thomas Smith, Elm, writes: "I am using this medicine for Dyspepsia. I have tried many remedies but this is the nly one that has done me any good."

Until Death.

Make me no vows of constancy, dear friend,
To love me, though I die, thy whole life long,
And love no other till thy day shall end—
Nay, it were rash and wrong.

If thou canst love another, be it so;
I would not reach out of my quiet grave
To bind thy heart, if it should choose to go;
Love should not be a slave.

My placid ghost, I trust, will walk serene
In clearer light than gilds these earthly morns,
Above the jealousies and envies keen
Which sow this life with thorns.

Thou wouldst not feel my shadowy caress,
If after death my soul should linger here;
Men's hearts crave tangible, close tenderness—
Love's presence, warm and near.

It would not make me sleep more peacefully
That thou wert wasting all thy life in woe
For my poor sake; what love thou hast for me
Bestow it ere I go!

Carve not upon a stone when I am dead
The praise which remorseful mourners give
To women's graves—a tardy recompense—
But speak them while I live.

Heap not the heavy marble on my head
To shut away the sunshine and the dew:
Let small blooms grow there, and let grasses wave,
And raindrops filter through.

Thou wilt meet many fairer and more gay
Than I; but trust me thou canst never find
One who will love and serve thee night and day
With a more single mind.

Forget me when I die! The violets
Above my rest will blossom just as blue,
Nor miss thy tears; e'en nature's self forgets;
But while I live be true!

Gilbert Laird, St. Margaret's Hope, Orkney, Scotland, writes: I am requested by several friends to order another parcel of Dr. Thomas' Eclectric Oil. The last lot I got from you having been tested in several cases of rheumatism, has given relief when doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of sufferers throughout the world may benefit by its providential discovery."

Campbell's Steam Tannery.

Referring to Messrs. Campbell's Steam Tannery at Pictou: a correspondent of the Moncton *Times* writes as follows,—"This extensive establishment is situated on the outskirts of the town. The buildings in connection with the concern will probably cover half an acre, 80 hands are employed. Tanning was commenced about 25 years ago on a small scale, since which time it has steadily grown to its present immense proportions. Sole and upper leather is manufactured and having the most improved machinery obtainable the work is first-class in every particular. The principal markets are Newfoundland and Liverpool—the goods being distributed from the latter point to almost every part of England. It is of rather an unique design, tanbark direct from the vats being the only fuel used. The furnace is nothing more nor less than a long oblong hole running out 10 feet in front of and 16 feet under the boiler. By lifting small traps in the front the tanbark drops down into the fire underneath, the intense heat thus generating carrying the flames along under the boiler. By this contrivance an immense amount of money is saved in the cost of fuel. The firm have a branch in tannery here." [illegible] extensive as the

A lady from Syracuse, writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, I suffered from a complaint very prevalent with our sex. I was unable to walk any distance or stand on my feet for more than a few minutes at a time without feeling exhausted, but now I am thankful to say I can walk two miles without feeling the least inconvenience." For Female Complaints it has no equal.
