There are many others, that are used only for "freight."—The table on which the Versailles peace preliminaries were signed has been presented to Prince Bismarck as a souvenir. It has been placed in the reception room of the Princess—a small silver plate telling its historic significance.—A hurricane has destroyed the cotton crop of the country around the town of Bauda, near Bombay. Loss estimated at half a million sterling.—The State of South Carolina shows an increase in population, since 1860, of but 1,952.—The grain crops of the West are generally reported to have turned out very well.—The Denver newspapers, away up in the Rocky Mountains, contain curious paragraphs about their people "going into the country for the summer." THE ASSIMILATION OF THE CURRENCY.—To-day, July 1st, the currency of Nova Scotia is by law assimilated to that of the other Provinces. Some, we find, imagine that the Nova Scotian notes now in circulation become of their full nominal value in Canadian currency. The old notes are neither more or less valuable to-day than they were a year ago. The Dominion Government has now undertaken to redeem them at the rate of 73 cents Canadian currency for every 75 cents Nova Scotia currency, and probably Mr. Jordon, the appointed commissioner for the Savings' bank and for the redemption of Dominion notes will redeem the Nova Scotian notes at this rate in St. John; but no notice has been published as yet to let the public know where these notes are to be redeemed, or how the notes of the new issue are to be distinguished from notes of the old issues. The mere change of date will not be sufficient.—*Freeman.*

IF YOU DOUBT, WRITE MR. GALER.

WILLIAMSBURG, L. I., 258 Grand St., June 11, 1866.

Messrs. B. L. JUDSON & Co.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks, and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, KING'S COUNTY, } ss.

David Galer being duly sworn, deposes and says, that he is the same person described in the above certificate, and that the statement therein made by him is in every respect correct.

DAVID GALER. [L. S.]

Sworn before me on this 12th day of June, 1866. WILLIAM HUGHES, Com. of Deeds. { Int. Revenue Stamp.

M'KENZIE'S DEAD SHOT WORM CANDY

for sale by all Medicine dealers, at 15 cents per package.

HOW TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicians of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills.

The cathartics used and approved by the physicians comprising the various medical associates of this State are now compounded and sold under the name of *Parsons' Purgative Pills.*

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Biliousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c.

MR. FELLOWS is daily in receipt of letters of enquiry, from various parts, respecting his Syrup of Hypophosphites. One recently received, leads to the belief that the public mistake his meaning in reference to its effect in imparting superior energy to the mind. Where the intellect has been impaired by overwork or by kindred causes, the use of the Syrup, together with proper precautions in the use of food, clothing, exercise and rest, will restore full power to the brain and nerves. Superiority of genius consists in great capacity of brain for assimilating material from every quarter, and of developing in proportion, but as by far the greater number are not well endowed by nature, consequently lacking this capacity, it would be quite impossible to find canium space for material necessary to constitute the brilliant genius. Hence, although the Syrup will assist in restoring the mind which is lost, it cannot change a natural born idiot into an intelligent man.

We copy the following from an exchange, which is important if true:—Chronic diarrhœa of long standing, also dysentery, and all similar complaints common at this season of the year, can be cured by the use (internally) of *Johnson's Anodyne Liniment.* We know whereof we affirm.

At all seasons of the year the rate of mortality from diseases of the lungs is very great. Dr. Wilson's Pulmonary Cherry Balsam will arrest all such mischief. This remarkable curative Balsam exercises the salutary effect over the entire contents of the most pectoral cavity. Air tubercles, blood-vessels, and all other tissues feel its potent power, more particularly by relieving the overcharged lungs, and thereby promoting the free circulation of air. It soothes the weary chest and kindly subdues the inflammatory cough, till all is well once more.

Dr. Wilson's Anti-Bilious and Preserving Pills are adapted to all ages and conditions, in all climates. Containing neither calomel or any deleterious drug, they may be taken with safety by anybody. They remove obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

If you require to use any Liniment or counter-irritant, Dr. Dow's Sturgeon Oil Liniment should be applied, as it contains the best ingredients of all other kinds in combination with healing medicines peculiar to itself, and it is without doubt the safest, surest, and best remedy that ever has been invented for external use. It is equally beneficial for man or beast.

Farmers, lumbermen, and others who have used them, say the inventor of Clark's Derby Condition Powders is a true benefactor. Try them and you will say they are right.

She professed faith in the Redeemer when she was very young, under the ministry of the late Rev. S. Robinson. As a kinsfolk wife, a kind and affectionate mother, patient in sickness, triumphant in death. A sorrowing husband, three children, and brothers and sisters mourn their loss. Her funeral sermon was preached by Rev. Thos. Todd, from Heb. iv. 9.

At Wickham, Queen's County, on the 21st inst., after many years of bodily infirmity, Mr. Jacob Vanwart, in the 75th year of his age. Bro V. professed religion some 36 years since and was baptized by Elder S. Hartt, and united with the first Regular Baptist church of Hampstead, where he then resided. He enjoyed the fellowship and confidence of all Christians. He was always at the sanctuary at the time of worship when health would permit, and he invariably had something to say for Christ. He lived in the enjoyment of the Christian religion and died trusting in the merits of a crucified Redeemer. S. S.

At Bliss'ville, Sunbury County, in sure hope of a blessed resurrection, Matilda A., wife of Henry J. Dibblee, aged 3 years, bearing four small children.

The sorrows which she waded through
Seemed but to strengthen her to view,
The strength of Jesus' dying love,
And lift her soul to heaven above.

Strong was her faith, she feared not death,
But cheerfully resigned her breath,
And peacefully she passed away,
To sing God's praise in endless day.
