BUILDING FUND OF THE Y. M. C. A.—The gentlemen who are interesting themselves to provide a suitable Hall for the Young Men's Christian Association are pressing forward the work. It is thought advisable to fix upon a site and to determine with some degree of certainty as to the cost and style of the building to be erected, before making a more general call upon the generosity of the citizens of Saint John. Nearly $10,000 have been already subscribed, and judging from the liberal donations already received there is little doubt that the whole amount required will be made up.

The project should commend itself to all. It is necessary for those whose interest it is to promote morality, and to place every inducement possible in the way of young men, to follow in the ways of virtue—and surely this is the interest of all—to aid this enterprise.—*News.*

A singular fatality surrounds Niagara Falls, as no less than eight persons have this year been swept over to a terrible grave. The latest instance occured last Wednesday, when two men attempting to cross near Navy Island at midnight were carried down by the current and made the awful leap. LOSS OF ANOTHER YARMOUTH VESSEL.—There has been very many disasters at sea this year, and now the loss of another vessel is reported on the Nova Scotia coast. Brigt. Eclipse, Capt. Kinney, from Turk's Island for Yarmouth, struck on Trinity Ledges during a thick fog on Monday morning last. On the flood tide she floated off and made for Brier Island, and in attempting to enter the passage the vessel went ashore on the rocks at Dartmouth Point and became a total wreck. The hull was sold at auction for $175. The Eclipse was 105 tons register, and was owned by Messrs. Young, Kinney & Corning of Yarmouth. She was insured for $4,000; $2,000 each in the Commercial and Marine Insurance offices. The cargo was insured in the Pacific office.—*Globe.*

THE SALT WORKS AT YARMOUTH, are reported to be prospering. The article made there is manufactured from West India salt, which is well known to be very much stronger than either that of Liverpool or Cadiz. The works at Yarmouth are carried on in a three story building formerly used as a grist mill. After going through the several processes, the salt is put in 5, 10, 15 and 20 lb. bags; that for curing fish is ground to the ordinary shot, while that for dairy purposes is reduced to powder.—*Ib.*

THE DISCOVERY of an ancient outlet to Lake Superior is mentioned by Professor Winchell, the Director of the State Geological Survey of Michigan, in his last report. It is a deep valley, bordered with high bluffs, and runs from Lake Superior to Green Bay, in Lake Michigan, suggesting the practicability of a ship-canal along the same route, with a view to shortening the voyage between the ports of the two lakes.

EXTRAORDINARY MACKEREL FISHING.—Rev. Mr. Borden writes from St. Margaret's Bay, N. S., to the *Wesleyan*: "Our people are at present working night and day at the mackerel. No doubt you have heard of the wonderful multitudes of these fish which have visited our shores during the last five days. The like was never known even by the *oldest inhabitant.* The cry is no longer for fish, but for the means and room for curing them, and a market. Every seine has "stopped" as many as possible, in all, perhaps, ten or fifteen thousand barrels: but this quantity does not probably represent a hundredth part of what a kind Providence has sent to our bay."

RIVER DU LOUP RAILWAY.—Definite information in regard to what English Capitalists are prepared to do in the matter of the River du Loup Railway, is expected in a few days from the Hon. John J. Fraser who is now in England. The *Reporter* says, however, that the Company have but slight expectations from that quarter, and that the delay attending Mr. Fraser's reply is rather extended as a matter of courtesy than other. It also says that Mr. Burpee is prepared to undertake the building of the road as soon as the Company feel themselves at liberty to form a new engagement. Neither will he ask any bonus beyond that already granted.—*News.*

Mr. Smith, member of Parliament, Sullivan, editor of the *Nation*, and John Sullivan Bryn, Irishmen, entered the Park with a large crowd. Police Superintendent Howe, standing on Wellington monument, ordered them to desist, when he was hurled to the bottom of the monument and barbarously maltreated. A fearful riot ensued. The police charged upon the mob and the fight lasted half an hour, when the police being reinforced dispersed the rioters. Smyth and Sullivan and a man named Nolan were badly wounded. Over one hundred were injured. The leaders in the attempt to-day will be prosecuted.

Several places visited by the Royal party were gutted on Sunday by the mob. Sullivan, the editor of the *Nation*, is seriously injured, and his death is probable.

In the House of Commons Mr. Disraeli savagely charged Mr. Gladstone with bad leadership in the House and in his party, with wasting many weeks on subjects subsequently abandoned, with needlessly invoking exercise of royal prerogatives and postponing important and vital legislation.

Mr. Gladstone retorted that Disraeli's so called facts were but the offspring of his imagination and lingual powers, and that the lost time of which Disraeli complained, was due to resistance by Tories to electoral reform.

FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES, by its great tonic and health-renewing properties, will restore tone more quickly than any other preparation known, it being the surest remedy for all debilitating maladies.

Officers and Soldiers who served in the army, physicians, surgeons, and eminent men and women everywhere, join in recommending *Johnson's Anodyne Liniment* to be the best internal and external family medicine ever invented. That's our experience.

The question is often asked us by sufferers from pulmonary disorders "what treatment of my complaints is safest and surest." The unsolicited testimony of thousands who have used Dr. Wilson's Pulmonary Cherry Balsam point it out as the most effectual of all curative means. The ingredients of which it is compounded are in the highest degree beneficial, very strengthening, and altogether uninjurious. Many of the worst forms of Lung complaint have been stopped in their course by this invaluable remedy, and many apparently hopeless cases of Consumption have been cured by it.

No other formula combines, in so compact and concentrated a form, the active and essential properties of medicine, and is so well adapted to family use, as Dr. Wilson's Anti-Bilious and Preserving Pills. Devoid of Mineral and Vegetable Poisons, simple but efficacious in operation, they may be administered with equal safety to the infant as to the adult. No family should be without a box.

We are not in the habit of puffing patent medicines, but believe in this case we are justified in calling attention to Dr. Dow's Sturgeon Oil Liniment. This Liniment is invaluable for the complaints for which it is recommended.

If your horse is dull and languid, and shows a disinclination to eat so freely as usual, Clark's Derby Condition Powders are just the remedy required.

WILLIAMSBURG, L. I., 258 Grand St., June 11, 1866.

Messrs. B. L. JUDSON & CO.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks, and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, KING'S COUNTY, } ss.

M'KENZIE'S DEAD SHOT WORM CANDY

for sale by all Medicine dealers, at 15 cents per package.

HOW TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicians of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills.

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Biliousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c.
