Gentlemen wanting anything in Suits, Underwear, Ties, Hats, &c., will save money by buying a Good Article at Pickard's. No second class Goods. All the best. 1i

LOCAL MATTERS.

THE WETCOCK ABOIDEAU is in a very unsafe condition and should be repaired at once, as it is dangerous to cross it at night.

BAPTISM.—Rev. R. Brecken, assisted by Rev. Dr. Stewart and Rev. B. C. Borden, baptized thirty-three persons in the Methodist Church last Sunday morning.

SPORT ON QUEEN'S BIRTHDAY.—The Sackville Rifle Club intend celebrating the 24th by having a Match on the Smith range, shooting to commence at 10 o'clock. Parties desirious of joining the club can do so on that day.

ELECTRIC LIGHT.—A portion of the plant and the lamps for the Sackville Electric Light Co. have been ordered and are expected to arrive this week. The company will commence installing the lights shortly. The system adopted will enable the company to install lights at a long distance from the central station without increasing the rates.

VALUABLE PROPERTY—The price of real estate appears to be booming at Amherst. Rev. George F. Miles sold 120 square feet of land to the Methodist congregation last week for $150, or at the rate of more than $50,000 per acre. Mr. J. Edward Bent sold a lot with seven feet frontage on Havelock St. and a depth of 120 feet, to Dr. Hewson for $100. Not far behind city prices.

TRAPPING BIRDS.—The New Brunswick S. P. C. A. have issued a notice that they will prosecute all persons known to be snaring or trapping birds (either by snares or decoy cages), or in any way disturbing or injuring birds nests, firing stones at birds and squirrels or ill-treating animals of any kind. The notice calls upon the public to assist the society by reporting all cases of cruelty to the secretary.

ARBOR DAY.—In compliance with the suggestion of Inspector Smith, to-morrow (Friday) will be observed as Arbor day in all the schools in his inspectorate. It is well to set apart one day in each year to improve and beautify school grounds by tree planting and otherwise, and it would be still better if parents would co-operate with their children in extending the work of improvement beyond the limits of the play grounds.

SHOP LIFTING.—Shortly after Mr. Edward Read closed his store last Thursday night he was informed that the door was open. On going back to the store he found Chas. Deans and Charles McEachren busily engaged in appropriating canned goods and other merchandize. McEachren was secured by Constable Harrison and Deans got away but was arrested soon after at the station by Constable Bowes. The prisoners were brought before Commissioner Cahill next morning and committed to jail to await trial.

SACKVILLE SCHOOLS.—Inspector Smith concluded the inspection of the schools in this district last Friday and reports that they are in a fairly creditable condition. Owing to complaints by some of the teachers that part of the pupils are in the habit of leaving school under the direction of their parents at three o'clock, the Inspector suggested that the noon recess be extended half an hour, thus shortening the afternoon session by the same length of time. The suggestion has been adopted and the scholars now have an hour and a half noon, which prevents any undue haste in eating their dinners, and leaves the afternoon session quite as long as is profitable. The Inspector reports that the Central School house needs cleaning and whitewashing and suggests that the work should be done on Arbor day and the following Saturday, instead of waiting till the summer vacation, as has been the usual custom.

Four Years of Suffering.

Mrs. Torrance McNish, of Smith's Falls, Ont., after four years' intense suffering with Scrofula, from which her head became bald, was cured by Burdock Blood Bitters, after the best medical aid had failed.

AROUND TOWN.

—See Port Elgin Woollen Mills Companys adv.

—Signor Besco announces three gift entertainments in Music Hall this week, commencing this evening.

—Capt. F. B. Atkinson is still "high line" in gaspereau fishing, he having "scooped in" 700 in one tide last week.

—Mr. Chipman Chappell is making good progress in finishing his new hotel at the Station. It will be a handsome building when completed.

—The notice of Methodist services in last issue was exactly in accordance with copy, consequently the Post is not responsible for the error it contained.

—Rev. W. Y. Chapman returned from the United States last Saturday. He went to Botsford yesterday to spend a few days at his home before taking charge of the Presbyterian congregation at Shediac.

—Mr. Albert Anderson, of Cole's Island, has torn down and removed his old house, preparatory to building a new residence on the same site. Mr. Thomas Cole, while helping to tear down the old frame Saturday was seriously injuredby a fall.

—The entertainment given in Music Hall, Saturday evening, by Lone Cloud and his braves from Amherst and the far west, was unique in its way. Nothing like it was ever seen here before, and probably nothing like it will ever be seen here again.

—Next Sunday being Whitsunday there will be special services at St. Paul's. Holy Communion at 7 a. m. Morning Prayer and Holy Communion at St. Ann's at 10.30. Evening Prayer at St. Paul's at 6.30. All the services standard time.

—At the adjourned annual meeting of the Sackville Lawn Tennis Club held on Thursday, 10th May, the following officers were elected for the ensuing year:

J. Wood, President.
Prof. Hunton, A. G. Smith, J. McDougall. } Managing Com.
G. A. Thompson, Sec. Treasurer.

—A straw stack belonging to Mr. Albert Palmer was burned last Thursday, the fire having been set by his own child. Mrs. Palmer was seriously burned while trying to keep the fire from reaching the barn. Mr. Palmer desires to thank the neighbors who assisted in saving his property.

—Mr. John Carter, an employe of the N. B. & P. E. Ry., had one of his feet badly jammed last Saturday afternoon while coupling cars near Sackville station. His foot got caught between a rail and a plank and one of the car wheels ran over his heel, but fortunately the thickness of his boot heel prevented the bones from being crushed.

—The trade in beef cattle has been quite brisk this week. On Monday 20 head was shipped to Robt. McLeod and George McLellan, Halifax. On Tuesday seven head were shipped to Chatham Junction—3 by J. L. Black and 4 by A. & W. W. Fawcett. Yesterday 2 head were shipped to St. John, 2 to Newcastle and 2 to Saltsprings. More are to follow shortly.

—Speaking of Miss Park, who appears here with the Boston Ideal Concert company next Thursday, the New York *Herald* says: "The talented Miss Park has attained an enviable rank in her profession, and is acknowledged by musical critics to be be the finest lady cornetist in this country. Her solos are rendered in a masterly manner, and never fail to evoke the greatest enthusiasm."

—Mr. John Smith, of Little Shemogue, accompanied by his wife and two children, started for Oregon last night. Mr. Smith says he hopes to find a land where the people do not delight in running down their own country. He says he is not leaving on account of the N. P., as there is a higher protective tariff where he is going, and he has no fault to find with the Dominion Government, but he is making the change in the hope of impreving his condition.

—The concert given by the Weber Male Quartette in Lingley Hall on Tuesday evening was an excellent performance which was highly appreciated by all who were fortunate enough to be present. All the numbers were rendered with a finish and melody which justified the high encomiums bestowed on the Quartette wherever they have appeared. Miss Hunt possesses a highly cultured voice of rare sweetness and expression, and the manner in which her selections were given was extremely pleasing, and elicited enthusiastic recalls. No better singers than the Weber Quartette and Miss Hunt have ever visited Sackville and it is to be regretted that they were not welcomed by a larger audience.

—A. Robb & Sons are the first to introduce into Canada a valuable practice, which has for some time been followed by the principal manufacturers of steam boilers in the United States, viz: The practice of insuring every boiler they turn out, against explosion for one year. This insurance is effected with a reliable company.—"The Boiler Insurance & Inspection Co. of Canada"—who in addition to insuring the boilers makes periodical inspection in order to prevent carelessness in the care and management of them. Messrs. Robb & Sons although no doubt considering it a good investment to furnish a policy with each boiler, are to be commended thus taking means to prevent boiler explosions and consequent loss of life which is the main object in this system.

DO YOU THINK you can get anything better than SIMSON'S LINIMENT for *Rheumatism, Sore Throat, Sprains, Bruises, Stiff Joints, Lumbago, &c.?* If so, we cannot THINK all people THINK as you THINK, and we still THINK that the many testimonials we are receiving from honest people who conscientiously THINK they have been benefitted by its use, and we THINK that you will THINK it too, after you have used it for any of the above diseases.

Linden.

—Farming operations are very backward. The ice has left the strait and the fishermen are putting down their nets, but no herring have been taken yet.

—George, the ten-year old son of Councillor Hunter had his lip bitten through by a horse, last Monday. This is a very remarkable casualty, and it is almost miraculous that the boy escaped more serious injury.

—There is an unusual amount of sickness in this vicinity this spring. Miss Clara Mills was buried on Tuesday and Mrs. Daniel Dickinson was laid to rest yesterday. Measles of a virulent type are prevalent, and ex-councillor Somers, of Shinimicas, is dangerously ill of that disease.

MR. EDITOR:—Through the medium of your paper I advertise a patent manure, called "Soluble Pacific Guano." In calling special attention thereto in this way my object is not primarily to boom the article for the profit accruing from its sale, but to afford others the knowledge I have myself from experiment in its use over three succeeding years in the growth of grain and root crops. I shall be happy to furnish intending purchasers or other peasons with the quantity applied per acre the crop from, and comparative results as against lime and manure from the stables, and these tests have been made on the same soil and kind of crop two years in succession in order to note and determine the effect on soil. From results had and observations made, I can recommend its use to my friends and patrons with great confidence as far superior to any other plant stimulant that has been on the market (and I have applied carefully the most of them), and as the cheapest manure I have yet found.

Yours obediently,
J. L. BLACK.

Sackville, N. B., May 17th, 1888.

Religious Services.

Baptist Services: Bethel, 10.30 a. m., Salem 3 p. m., Wood Point 6.30 p. m., every Sunday till further notice.

WHAT A

Prominent Physician says

RESPECTING

ESTEY'S

Cod Liver Oil Cream.

ST. JOSEPH'S, N. B., Nov. 25, 1887.

MR. E. M. ESTEY, Moncton, N. B.

DEAR SIR:—For some years past I have very often prescribed your Cod Liver Oil Cream with Lime and Soda, and have always been perfectly satisfied with the results. Its pleasant taste recommends it to patients with even the most delicate stomachs, while its facility of preservation and the ease with which it may be mixed with other tonics are sterling advantages which cannot fail to impress all who use it.

Yours truly, E. T. GAUDET, M. D.

For he cure of Consumption, Scrofula, Spinal Disease, Coughs, Colds, etc., Estey's Cod Liver Oil Cream stands without an equal.—FOR SALE BY ALL DRUGGISTS.

Price 50c. Six Bottles for $2.50.

PREPARED ONLY BY

E. M. ESTEY,

Manufacturing Pharmacist, Moncton, N. B.

NO Preparation ever produced gives such perfect satisfaction for Chapped Hands, Sore Lips, or any roughness of the skin, as

Estey's Fragrant Philoderma.

USE Nothing else until you have tried it. You will be delighted with it, and say that it is superior to anything you have ever used. It is elegantly perfumed and is not sticky or greasy. Has the largest sale of any preparation of the kind on the market. Sold by Druggists.

Everybody Says (and what Everybody Says Must be True) that

Dickson's is the Best Place in Town to Buy Dress Goods,

AS YOU NOT ONLY HAVE THE ADVANTAGE OF SEEING

THE LARGEST RANGE,

BUT YOU GET

THE LOWEST PRICES,

And these are two Points that every Buyer will consider when making their Selections.

Don't fail to Examine this Stock, as we are always pleased to show the Goods and feel confident that every intending Purchaser can find something to suit them.

H. DICKSON.

May 10th, 1888.

SPECIAL NOTICE.

WE have just received one lot **Kid Gloves** which we desire to call special attention to, as they are made by the best makers in the world and are a quality that for the price were never before arrived at in Amherst. These Gloves, made by Ferd. Rouillon, the only maker of the Josephine Glove in the world, are well known to almost every one. *We handle none other than those made by Ferd. Rouillod. Send to any address on receipt of $1.00 per pair. Try them. They are the best you ever saw at the price.*
