Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

AERIAL NAVIGATION,

Only a Short Time, According to Dr Alex. Graham

PROBLEM SOLVED.

Airships, Inventor Declares, Should Travel 100 or 200 Miles an Hour.

NEW YORK, April 29.—A despatch to the Times quotes Dr. Alex Graham, the inventor of the telephone, as saying last night it is only a question of a brief period when the progress of aerial navigation will make it possible to have dinner in America and breakfast the next morning in Europe, covering the distance across the Atlantic in considerably less than 20 hours.

"My expectation," said Dr. Bell "is that an airship will be perfected capable or making 100 to 200 miles an hour, I think, however, that the next stop in aerial flight will make possible the creation of aerial battleships.

"The problem of navigation of the air has already been solved by the Wright Bros. Naturally there will be development along commercial lines, one feature of which will be a great increase in speed, and the adapation of airships to the purpose of war.

"My belief is that Great Britain will be the first country to perfect aerial battleships

"I hope to be able to add much to what is known of aerial flight by experiments at Cape Breton Island this summer.

"I will endevor to propel my kite with a specially construted engine of fifteen horse power, weighing 120 pounds. I hope to perfect a machine that will support an engine and man to operate it. Last December I costructed a vehicle that supported itself and a man in a three mile breeze. I now want a machine carrying an engine at ten to fifteen miles an hour.

If I accomplish this there is hope that men who are trying to solve the problem of flight on the bird plan will be able to avoid fatal accidents long enough to learn how to fly. Even a bird has to learn to fly and, as with the bird, one of the first consideration is safety, so man must learn to go slow before he goes fast.

"I am confident that it will not be long before flying machines will be everywhere. The development of the next few months will be unprecedented, but the most interesting point is that only very few know how near America is right now to solving a question which will revolutionize warfare and commerce—I mean the construction of a practical aerial battelships.

Dr. Bell is in Lonbon to receive his degree of Doctor of Science at Oxford on May 2nd

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman — a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it "I do not believe it will help me."

Like a Thief In The Nighs

That's how pain comes. We sit near an open window, get stiff neck or sore back, perhaps cool off too quickly after exertion—rheumatism develops. Spend what you may, but money can't buy anything better than Polson's Nerviline. Its penetrating power enables it to reach deep tissues,—that's why it cures aches that all else can't touch. For outward application we gurantee five times more strength than any other liniment. Inwardly it's harmless and as sure as the hereafter to ease at once. Dont accept a substitute for Polson's Nerviline which is the one great household panacea of today.

GUARDING HIM FROM GHOULS

Toronto, April 27.—Fortified against supposed grave robbers, who for nights lingered about the little mortuary in Deseronto Cemetery, is the body of the late Dr. Oronhyatekha, Supreme Chief Ranger of the Independent Order of Foresters which now lies in Deseronto Cemetery. For two feet around the shell in which the remains were brought from Savannah is a wall of cement concrete combination being about three parts of hard cement to one of concrete. Extending over all the casket is a piece of rock six to eight inches thick, about ten feet long and six feet wide and covering the whole is a layer of cement concrete the same thickness as the walls. On this earth is spread there being nothing to distinguish the grave from any other in the little Indian burying ground.

Relief from Rheumatic Pains

"I suffered with rheumatism for over two years," says Mr. Roland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night I kept on using it for a little more than two weeks and found that it drove the the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

Election Soon.

Ottawa, April 30—Dr. Pugsley arrived here this morning and had an hour's talk with Mr. Emmerson at the railway department.

Toronto, April 30—Hon. Wm. Pugsley, premier of New Brunswick, was in the city yesterday on private business leaving last night for Ottawa on his way home. Interviewed before leaving he said he probably would resign as premier of New Brunswick at once as the bye-election in St. John for the house of commons would likely be brought on soon. He could not say who his successor would be. Mr. Pugsley disclaimed any idea of his future promotion as cabinet minister. He had accepted the nomination, he said, solely because it had seemed advisable to the people of St. John, in view of the large issues at present involved in the Dominion political field that they should have him as their representative. His entry into federal politics, Mr. Pugsley said, did not mean that Mr. Emmerson would drop out. The latter was very strong in New Brunswick and had the entire sympathy of the people with him.

STATE OF OHIO, CITY OF TOLEDO,
LUCAS COUNTY; } ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. I C R PENSION FUND.

A circular is being issued to the employees of the Intercolonial and Prince Edward Island Railway in reference to the Provident Fund which is for the purpose of providing life allowances to be paid to such persons as are entitled thereto under the provisions of the Act. The fund, known generally as the Pension Scheme, is to be formed of contributions to be made from time to time by the employees and by the railways. The railway, under the provisions to the Act contributes annually to the fund, out of its gross earnings, an amount at least equal to the total monthly contributions of the employees, but not exceeding in any one year one hundred thousand dollars.

The Act came into operation this month, and the first monthly contribution of the employees is to be made this month. The amount which will be deducted from the salary and wages of each employe this month will be three per cent, and in succeeding months it will be one and a half per cent, this being in accordance with the provisions of the Act.

THE ADMINISTRATION BOARD

The Fund is to be administered by a Board, consisting five persons, of whom one shall be the General Manager, who shall always, when present be in the chairman of all meetings of Board, two shall be appointed from time to time by the Minister from among the chief officers of the Railway (one of whom shall always act as chairman in the absence of the General Manager) and the remaining two shall be elected annually by the employes contributing to the Fund.

These two members of the Board who will hold office for the first year, are now to be elected and any employe entitled to participate in the benefits of the Fund is eligible for office and may be nominated. The nomination papers are to be sent to the General Manager, Moncton, and must be received by him on or before Saturday May 11th, 1907.

As soon as the time for receiving nomination expires, the nominations received will be examined, a list of the persons properly nominated will be printed and posted up at the Workshops, Engine Houses and Stations for the information of employes. The election is to be by ballot and the persons entitled to vote at this election will be, every employe, whether male or female, who is entitled to participate in the benefits of the Fund.—Transcript, 26th.

OBITUARY.

The death of the late Mrs. Isaac McKenzie of Port Daniel occurred at her home Thursday evening at 6.30 p. m. April 18th after an illness of about three months, which she bore with Christian fortitude. The deceased was a daughter of Mr Jeremiah Sullivan of St. Godfrey, Que. She was born in 1869 and had been married eight years ago. A husband and two children are left to mourn the loss of a loving wife and mother. Much sympathy is felt for them in their sad bereavement. The funeral took place Saturday afternoon at 2 o'clock p. m. and was largely attended. The service was conducted by Rev. Mr. Roy and Mr Vibert.

Nervous Prostration

IT IS WORRY THAT KILLS, NOT WORK

Work without worry usually tends to prolong life. On the other hand, worry, with or without work, is fatal, because it uses up what the Doctors call the "Lecithin," a phosphorized fat which is the chief constituent of the brain and nervous system—a waste which, if not stayed in time, means complete nervous wreck. The evident moral is "don't worry"—advice easy to give, and in these days of stress and strain practically impossible to take. The alternative is: find some way of replacing the wasted Lecithin—the phosphorized fat. This absolutely essential element will be found in its most perfect, palatable and assimilable form in

FERROL

an emulsion of Cod Liver Oil and Phosphorus (phosphorized fat) together with Iron, the recognized blood builder—making FERROL the ideal nutrient it claims to be.

For the prevention or treatment of nervous prostration FERROL is absolutely unequalled—it is safe, sure and speedy.

The formula of FERROL is freely exposed, consequently

Dated this fourth day of April, A. D. 1907.

William Murray } Administrator of the Estate of John Chambers, deceased

Suffered Terrible Agony

FROM PAIN ACROSS HIS KIDNEYS.

DOAN'S KIDNEY PILLS

CURED HIM.

Read the words of praise, Mr. M. A. McInnis, Marion Bridge, N.S., has for Doan's Kidney Pills. (He writes us): "For the past three years I have suffered terrible agony from pain across my kidneys. I was so bad I could not stoop or bend. I consulted and had several doctors treat me, but could get no relief. On the advice of a friend, I procured a box of your valuable, life-giving remedy (Doan's Kidney Pills), and to my surprise and delight, I immediately got better. In my opinion Doan's Kidney Pills have no equal for any form of kidney trouble."

Doan's Kidney Pills are 50 cents per box or three boxes for $1.25. Can be procured at all dealers or will be mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

Do not accept a spurious substitute but be sure and get "Doan's."
