NO HURRY.

Joaquin Miller, 'The Poet of the Sierras,' recently visited a friend in Boston. This friend, whose literary tastes run largely to Emerson, Browning and Maeterlinck, found the venerable poet in the library one afternoon deeply absorbed in a book.

'What are you reading?' asked the Bostonian.

'A novel by Bret Harte,' replied the poet.

The Hubbite sniffed. 'I cannot see,' said he, 'how an immortal being can waste his time with such stuff.'

'Are you quite sure,' asked Miller, 'that I am an immortal being?'

'Why, of course you are,' was the unwary reply.

'In that case,' responded the Californian grimly, 'I don't see why I should be so very economical of my time.'—Edwin Tarrisse, *in Lippincott's for November.*

Perfect Cure for Bronchitis,

This disease can be treated only by a remedy carried to the affected parts along with the air breathed, for nature intended these organs for the passage of air alone, and sprays, atomizers and internal medicines utterly fail. But Catarrhozone doesn't fail, for it goes wherever the air breathed goes, and its healing antiseptic vapor is sure to reach every affected part. Catarrhozone is inhaled at the mouth and after passing through every air cell of the breathing organs is slowly exhaled through the nostrils. Catarrhozone protects and heals the inflamed surfaces, relieves congestion, allays inflammation and perfectly cures all bronchial affections. Price $1. Small size 25c. A Very Good Rule.

It is well known that the majority of human ills arise from constipation of the bowels and on this account many people make it a rule to see that the bowels move once every day. If you are subject to constipation you can be cured by the use of Dr Chase's Kidney-Liver Pills. These pills not only make the bowels active, but by their action on the liver ensure a regular flow of bile, nature's own cathartic and so remove the cause of serious disease.

How Are Your Nerves?

If they are weak and you feel nervous and easily "flustrated," can't sleep, and rise in the morning unrefeeshed, your blood is poor. Strong nerves depend upon rich, nourishing blood. The potato harvest in the south of Scotland is expected to be below the average on most farms. The heavy rains, and the chills recently experienced, have had a bad effect on the tubers.

In the fertile valleys of Scotland the scythe was used more for cutting hay, making roads, round fields, and cutting odd corners than as a regular implement of harvest; but in glens, pendicles and hill sides it is still in constant use.

(Liquozone was formerly known in Canada as Powley's Liquified Ozone.)

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

Liquozone—liquid oxygen—is the only product that can kill germs in the body without killing you. No man knows any other way to destroy the cause of any germ disease.

It is new to America, and millions who need it don't know of it. For that reason we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do it willingly, gladly, to convince you at once and forever that Liquozone does kill germs.

We Paid $100,000

for the rights to Liquozone for America. We tested this product for years in the most difficult germ diseases; then we bought these rights for the highest price ever paid for a scientific discovery.

We paid that price because Liquozone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison to you and it cannot be taken internally. The best physicians, the world over, employ Liquozone alone for germ troubles; and any physician who doesn't is almost helpless in any germ disease

Just Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple form into the blood that no germ could live in any membrane or tissue.

Liquozone does that. The results are so certain that we publish on every bottle an offer of $1,000 for a germ that it cannot kill. Yet oxygen is Nature's greatest tonic—the very source of your vitality. Its effects are exhilarating, purifying, vitalizing. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We spend 14 days in making each bottle of Liquozone, and the result is liquid oxygen—the best thing in the world for you, yet certain destruction to disease germs, wherever the Liquozone-laden blood goes.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Most Dreadful of Skin Diseases

A chronic case of Eczema of 30 years' standing cured by Dr. Chase's Ointment.

That Dr. Chase's Ointment is a thorough cure for the most aggravated forms of itching skin disease is proven in hundreds of cases similar to the one described in the following letter.

MR. G. H. MCCONNELL, engineer in Fleury's Foundry, Aurora, Ont., states:—"I believe that Dr. Chase's Ointment is worth its weight in gold. For about thirty years I was troubled with eczema, and could not obtain any cure. I was so unfortunate as to have blood poison, and this developed into eczema, the most dreadful of skin diseases.

"I was so bad that I would get up at night and scratch myself until flesh was raw and flaming. The torture I endured is almost beyond description, and now I cannot say anything too good for Dr. Chase's Ointment. It has cured me, and I recommend it because I know there is nothing so good for itching skin."
