I KNOW A WOMAN'S SUFFERINGS

I am a woman.

What I have suffered is a far better guide than any MAN'S experience gained second-hand.

I know your need for sympathy and health. And the treatment that gave me health and strength, new interest in life, I want to present to you, that you, too, may enjoy the priceless boon of health.

Are you unhappy, unfit for your duties? Write and tell me how you feel and I will send you ten days' FREE trial of a home treatment to meet your individual needs, together with references to women in Canada who have passed through your troubles and regained health; or you can secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head, back, or bowels, feeling of weight and dragging down sensations, falling or displacement of internal organs, bladder irritation with frequent urination, obstinate constipation or piles, pain in the sides regularly or irregularly, bloating, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid, to prove to yourself that these ailments can be easily and surely overcome at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you have been benefited, my sister, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all,—young or old.

Read My FREE Offer:

To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually dispels green-sickness (chlorosis), irregularities, headaches and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my method of home treatment a complete ten days trial, and if you wish to continue, it costs only a few cents a week to do so, and it does not interfere with one's daily work. Is health worth asking for? Write for the free treatment suited to your needs, and I will send it in plain wrapper by return mail. Cut out this offer, mark the places that tell your feelings, and return to me. Write and ask for the free treatment to-day, as you may not see this offer again. Address:

Mr Geo McLeod, Farmerston, finished up his haying, Thursday of last week, having in just 15 days, with the aid of two men, cut and housed 130 acres of grass, yielding him about 100 tons.

The meeting to consider the question of a kindergarten in Woodstock held on Friday evening of last week, was very slimly attended. Archdeacon Neales presided. A committee, composed of Mrs W W Hay and Mrs A B Connell, was appointed to secure all possible information regarding to Kindergarten, and report to a subsequent meeting.

The following is the highly complimentary official report of the inspecting officer regarding the 67th Batt, Lt Col J D Baird commanding on their annual drill this year at Sussex:—

"Drill—This is a splendid country battalion; numerically strong; composed of men physically fit and having a larger proportion of qualified officers and N C officers than any of the 36 Batts inspected by me this year.

"Interior economy—Arms accoutrements and clothing, clean—want of a uniformity of dress on the part of a few officers. Discipline very good.

Mr Arthur D Field, of San Jose, Costa Rica, who was at the Barker House yesterday with the Boston yachting party, inquired of Mr Coleman if he knew Mr Jas K Augherton, formerly a railway conductor here. Mr. Coleman replied that Mr Augherton was very well known in this city and also at Woodstock, he having for a long time been a conductor on the railway between Woodstock and St. Stephen. Mr. Field said that he was well acquainted with Mr. Augherton and had been associated with him in business. He is now located at Port Simon, Costa Rica, Central America, and is conductor on the Old Line Costa Rica R R, running from Port Simon to Fuapiles.

At Port Simon Mr Augherton has a very fine residence, which is widely known as Blue Nose Villa.—Fredericton Gleaner.

He was for 13 years the commander of the 67th Battalion and never failed to lead his men in good form at Camps or reviews during that period. His military Services are as follows: 1837-38 Ensign and Quarter-Master, station with one Company 36th Regiment, and two of Militia to guard road leading from Fort Fairfield to the Saint John River. 1848, Capt. 2nd Battalion Carleton Co. REASONABLE PRICES

(Gleaner.)

The fish merchants of this city have now got together with the local food control committee, and have agreed to sell cod and haddock at ten cents per pound, with the entrails removed. One merchant is already advertising in the Gleaner to sell these fish at nine cents per pound.

If the people show that this offer on the part of the merchants is appreciated the latter will continue the reduced price, but, in order to do so without a loss, it will be necessary for the merchants to have the orders placed as early as possible each week in order to estimate lots.

The men who handle meat say that if the people ask for flanks, stew and soup meats, and cheaper cuts, these will be sold at reasonable prices. But if they want the dearer cuts, they will have to pay for them.

There is plenty of ten-cent per pound fish on the markets in the province to-day. St. Stephen, McAdam and other places are going in for them, and the merchants and food control board are hoping that this city will fall in line.

THE FIRST LINE OF DEFENSE

Pure blood is the body's first line of defense against disease. Strong, healthy blood neutralizes the poisons of invading germs, or destroy the germs themselves. That is why many people exposed to disease do not contract it. Those whose blood is weak and watery and therefore lacking in defensive power are most liable to infection. Everyoody may observe that healthy, red-blooded people are less liable to colds and the grippe, than pale bloodless people who tire easily, who are short of breath at slight exertion, who have poor appetites, and who wake up in the morning as tired as when they went to bed. While women and girls chiefly suffer from bloodlessness the trouble also affects both boys and men. It simply affects girls and women to a greater extent because there is a greater demand upon their blood supply.

To renew and build up the blood there is no remedy can equal Dr. Williams' Pink Pills. They tone up the entire system, make the blood rich and red, feed and strengthen starving nerves, increase the appetite, put color in the cheeks, give refreshing sleep and drive away that unnatural tired feeling. Plenty of sunlight and wholesome food will do the rest.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50 from the Dr Williams' Medicine Co., Brockville, Ont.
