Redeemer? Did any of the fathers introduce a substitute, on such occasions? These are questions which the Editor of the Temperance Telegraph must be prepared to answer in a satisfactory manner before he can carry public opinion with him. He must be prepared to assign some reason for adopting the change he advocates, or his success will be very limited. He has already said enough to rouse a suspicion in the minds of the religious part of the community, that the advocacy of temperance principles is hazardous to, if not incompatible with the maintenance of the ordinances of the Sanctuary pure and complete, as they have been handed down

His appeals to Scripture with regard to unfermented and *undleoholic* wine is, to say the least of it, rather shallow. I am disposed to think that the wines in use among the Jews, like those of our own day, were alike intoxicating, if drunk too freely. A.

THE NEW APPOINTMENTS.—We understand that the Reverend J. Porter, Congregationalist Minister of Sheffield, Sunbury County, has been appointed Superintendant of Schools, under the Act of last Session, and we further learn, that the Law Commissioners, School Inspectors and other important appointments, will be determined on this day, the Executive Council being still in session.

His Excellency the Lieutenant Governor, is expected here to-morrow. On this occasion, he will be received by a guard of honour.

THE PHYSICIANS' USE.

WISTAR'S BALSAM OF WILD CHERRY.

So says the Morning Chronicle, Quebec, July 22, 1848:

It is but an act of common justice to the discoverer of this invaluable remedy, to make known the popularity it has acquired in Quebec, and its neighborhood. On inquiry of the Agent, we learn that his sales of this medicine are almost daily on the increase, and that its virtues in the cure of Coughs and Colds are known and appreciated, as extensively recommended by the most eminent medical practitioners of Quebec, in their own families as well as amongst their patients. We are aware that a large portion of the community regard with suspicion, and in many instances justly so, anything in the shape of a "puff," whether it be of patent medicines or of any other commodity; and if there be one class more than another that views with disapprobation the extolling of quack nostrums it is the faculty themselves. Indeed, the public have a right to look to them for information on the subject, on their characters of conservators of the public health. The high opinion of the profession in Quebec, as already stated, may therefore be taken by Dr. Wistar as no small compliment, and to the public it may serve as a valuable guarantee of the efficacy of the medicine.

BEWARE OF IMPOSITION.

Remember, the original and only genuine WISTAR'S BALSAM OF WILD CHERRY, always bears the writer the signiture of I BUTTS on the outside wrapper.

This genuine and original article, which has been proved so long, was originally put by WILLIAMS & CO., Philadelphia, and is now prepared and sold Wholesale and Retail, by Seth W. Fowle, Boston, Mass.; and is for sale by his Agents, throughout the United States, Canadas and British Provinces.

None genuine unless the signature of I. BUTTS on the wrapper.
