"You Are Looking 'All In'"

"YES, and that is just how I feel."

"What seems to be the matter?"

"Why, I had tonsilitis, and my whole system seemed to be poisoned and run down. So much so that I do not seem to gain strength."

"Will you let me be your doctor and do as I tell you?"

"I will do anything to get strong and well. I have been sitting here too long already."

"Well, you send to the drug store for six boxes of Dr. Chase's Nerve Food, and take one pill after each meal and at bedtime. Believe me, it will not be long until you feel the benefit of this treatment and find yourself gaining in health and vigor."

"How do you know?"

"I know from personal experience. After I had the 'flu' I was left just like you are now—all run down; could not sleep; the little food I ate did not seem to do me any good, and I was getting pretty blue."

"Yes."

"Well, my wife had been using Dr. Chase's Nerve Food, and insisting on me giving it a trial. You know the rest, for I was soon about again, as hale and hearty as ever. I have told lots of people about this Nerve Food, and never knew it to fail yet."

"You are to be the doctor in this case, so I will follow your advice."
