THE LIQUOR LAW.

At a meeting of the Common Council on Wednesday, [illegible] brought forward a resolution to the effect that no licences be granted for a longer period than the first of June [illegible] anxious that the opinion of the Board should be inserted on the Minutes.

His Worship stated that, though he had promised to consult with the members of the Board in regard to the matter, it was not his [illegible] or take a vote on the subject, as the power of granting licences rested solely with the Mayor. He did not believe that by withholding licenses the evils of intemperance would be lessened, while the loss to the City Revenue would be upwards of £1300; the costs of the recent Chancery suit was also £1300, making a total of £2600, and he would like to know how that large sum was to be made up.

Mr Hagerty regretted the matter had been brought before the Board. He would not vote for a Chief Magistrate who had not courage to exercise his own judgment where he had the sole authority. The prerogative rested with his Worship alone—not with the Board.

Mr Vanhorne thought as the law had passed both branches of the Legislature, and had received the sanction of Her Majesty, it would be acting in direct opposition to the laws to grant licenses.

His Worship was of a different opinion. The law said that all licenses granted under the old Act shall continue in force. By granting licenses he would not be acting contrary to the spirit of the law.

Mr McAvity thought the question should not have come before the Board, and he would not vote.

Mr Nowlin would ask his Worship if he had not promised a Committee of the Temperance League to abide by the decision of the Board? He would also ask if he had not made that promise, would Messrs. Demill and Fairweather have been elected?—They were returned to vote on the question. If the Mayor was prepared to abide by the decision of the Board he was prepared to vote. He could inform his Worship how the deficiency could be made up.

Mr Demill made a speech on Temperance—went into the history of the Temperance movement—and concluded by saying if His Worship would withhold licenses he would pay into the city treasury himself one-third of the deficiency (£483 6s. 8d.)

The Mayor refusing to put the motion, Mr Vanhorne said as His Worship was going to grant licenses it was no use to discuss the matter.

☞ Saturday being the anniversary of England's patron Saint, the members of Saint George's Society in this City dined together at the St. John Hotel. Among the guests present on the occasion were the Lord Bishop of Fredericton, the Hon. Dr. Gray, Rev. F. Coster, Rev. J. Armstrong, Major Gaisford, 72d Regt., Captain Ford, R. E. The dinner was served in the Messrs. Scammel's best style; and after the cloth was removed the usual loyal and patriotic toasts were proposed by the President of the Society, the Hon. J. H. Gray, and duly honoured. W. Wright, Esq., in a neat speech, proposed the health of the Lord Bishop and Clergy of the Diocese, which was responded to in a very happy manner by his Lordship. The party broke up early, apparently much delighted with the evening's entertainment.—*C. Witness.*

MILITARY.—The Royal Mail steamer *Osprey*, arrived in our harbour on Tuesday night, with the Head Quarters of the 76th Regiment on board. This regiment arrived at Halifax on Saturday last, in the Troop-ship *Simoon* from Malta.

The Head Quarters of the 72d Highlanders arrived from Fredericton, yesterday, in the steamer *Queen*, and embarked on board the *Osprey*, which steamer left this afternoon for Halifax.—*New Brunswick*, of Thursday.

WELLINGTON WARD.—The election of Municipal officers for this Ward will be held on the third Tuesday in May next.

The election of Mayor of this City for the ensuing year will be made by the Common Council on Tuesday next.

THE LIQUOR LAW.—As many of our readers have expressed a wish to see this enactment, we have transferred it to our columns of the present issue.

CANADIAN PARLIAMENT.—April 15th.—During the discussion of the Maine Liquor Law, Sir Allan MacNab moved the following amendment to an original resolution proposed in the Canadian House of Assembly:

Sir A. MacNab, to test the sincerity of Gentlemen opposite, would move an amendment, by way of instruction to the committee, which if however agreed to, he would agree to the bill going into committee. The instruction to the committee, seconded by Mr. J. A. MacDonald, was—

"That within four days from and after the passing of this act every member of the Legislative Assembly and of the Legislative Council shall be required to take the Temperance Pledge, and the right of any member to sit in either House of Parliament shall cease and determine upon his refusing to take such pledge; and in the event of any member who shall have taken such pledge breaking the same, such member after conviction thereof shall be deemed and be for ever incapable of being elected to serve again or sit in parliament, and shall forfeit and pay the sum of £50 for every day he shall sit in Parliament, recoverable by information in any Court of competent jurisdiction, one half of said penalty or penalties going to the informer, and the other half to the member for Huron or to the fund of the Temperance Society."

Dr. Wistar's Balsam of Wild Cherry.

ANOTHER PHYSICIAN'S TESTIMONY.

Mr. Fowle—Dear Sir: I could send you a dozen certificates, strong and decisive, of the really sanative effects of your valuable Balsam of Wild Cherry, within the past twelve months, under my supervisions and direction.—Indeed, I know of few persons who have used it, comparatively, but commend it in the strongest terms. A case of Asthma, the severest I ever saw, to which I was called a month ago, evinced the superiority of the Balsam. This disease lasted six weeks, and the distress and suffering was dreadful; he sat up every night. The gentleman told me to give him something to last him home (21 miles,) so that he might see his wife and child, and die in peace! I gave him one bottle of the Balsam, and four ounces of syrupe squills, directing him to take teaspoonful doses of best Bordeaux olive oil, when the difficulty of breathing was greatest.—Next day I forced his despondent will, and made him take six bottles of Wistar's Balsam of Wild Cherry home with him as a present, he having alleged that he had used so much expensive medicines to no profit. Last week Mr. A., called and expressed his gratitude to me in the warmest manner, said the medicines had saved his life, paid his bill in full, and took six bottles more, and left my door for home, rejoicing.

Very respectfully, yours,
WM. SHAW, M. D.

Drowned, at Salmon River, Grand Lake, on the 4th inst., Miss Elizabeth Drillen, aged sixteen, and Miss Elizabeth Butler aged ten years. When Mrs. Butler with her little daughter, was crossing the Salmon River, she fell through the ice. The daughter succeeded in saving the life of her mother, till Elizabeth Drillen ran to their assistance, when the ice gave way, and the two young women found a watery grave. Mrs Butler narrowly escaped, by the assistance of two young men, who Providentially happened to be near at hand. How inscrutable are the ways of the Lord!—two widows are bereaved of their daughters in a moment! The bodies of the deceased were buried on the 6th.—*Cn. Visitor.*
