☞ This circumstance has given so remarkable and for sometime past, that there is reason to believe that the River St. John will be wholly released from its icy letters in the course of a few days.

REDUCTION OF THE POSTAGE OF LETTERS FOR EVERY PART OF THE BRITISH DOMINIONS.—We London Times, have to announce a step which, is a greater move towards a complete unity of our independent empire, than the most splendid conquest or the largest annexation.

In reply to a deputation, Friday, the Postmaster-General stated, that as soon as the colonial assents could be obtained and the proper arrangements made, it was intended to reduce the postage of letters for every part of the British dominions abroad to the uniform rate of sixpence the half-ounce. The present average postage of colonial letters is not less than fourteen pence. What will be gained in the low rate, and the uniformity, which experience has shown to be scarcely less appreciated than cheapness.

In the House of Commons, on the 17th ult., Mr. F. Peel, in reply to Lord Stanley, said that "some time must elapse before the postage plan for the Colonies, could be carried into effect. The plan was that all letters should be charged six pence the half ounce to or from any of our Colonies, of which a penny would be allotted to the Colonies."

☞ *Dissolving Views of Australia.*—Will open at the Mechanics' Institute, on Monday evening next. See advertisement.

MURDER.—A man named Reardon, living in Coopers Alley, was arrested yesterday, charged with causing the death of his wife. It appears that on Thursday last, Reardon demanded some money which refused, whereupon he attacked her, beating her very severely; he again renewed the assault a short time afterwards by knocking her head against the bedpost. A *post mortem* examination was held and a large quantity of congealed blood found under the wound. The Coroner's Jury returned a verdict of murder against Reardon.—*M. Times.*

INQUEST.—A Coroner's Inquest was held on Monday on the body of an infant male child found at the Old Battery, Lower Cove. The body when discovered was dressed in a white linen nightgown, with lace on the cuffs. The dress the Coroner directed to be washed. There was no *post mortem* examination ordered as from the appearance of the body and the length of the time it may have lain under the snow, the Coroner believed it would but be incurring a useless expense, as there was no evidence by which any person could be implicated. Verdict—'Found Dead.'—*Freeman.*

HOUSE OF ASSEMBLY.

WEDNESDAY, April 6.

The Bill to authorise an assessment of certain Parishes for a Lock-up House in Westmoreland passed Committee; also a Bill to incorporate the Brighton Agricultural Society.

A Bill relating to the settlement of Poor was committed and progress reported.

The Election Bill was committed and occupied all day. It was introduced by Mr. Street.

Messrs. Johnston, English, and Cutler opposed.

Mr. Needham was in favour of Universal Suffrage, Ballot, &c., he did object absolutely to the appointment of Commissioners to try disputed elections.

Mr. Boyd thought the Bill not such as was required, but could be amended.

Mr. Gray spoke in support of the Bill, argued in favour of the clause regulating the Franchise, and appointment of commissioners. He argued against qualification by assessment and quoted speeches of Messrs. Johnston and Howe to show it worked badly in Nova Scotia, this would lead to Universal Suffrage, to which he was opposed—spoke of the ballot as a principle to which he has no special objection, but quoted authorities to shew difficulties in the ballot leading to fraud, &c.

Progress reported.

A Bill to authorise the Commercial and other Banks to issue small notes, passed the Council.

The Attorney General brought in a Bill to amend the Act relating to inland postage. It refers to postage of books and pamphlets.

Mr. Robinson brought in a Bill to amend the Act of the Saint Andrews Railway Company.

Several reports of Committee were brought in.

THURSDAY, April 7.

The Bill to protect the Coast Fisheries was committed in the House and discussed. Progress reported.

Mr. Taylor moved an address to His Excellency the Lieutenant Governor to discontinue the lawsuits on the bonds of Glasier and others for timber which was cut on disputed territory. The subject was discussed and the motion withdrawn.

The House then went in Committee and passed a joint address of both Houses to Her Majesty the Queen in regard to the Colonial Fisheries.

The election Bill was again recommitted, and a long discussion ensued. It has been discussed two days, and only twelve members have spoken on it—nine in opposition and three in support. Progress was again reported.—*M. Times.*

STEAM-SHIP ANTELOPE, FOR AUSTRALIA.—This fine vessel left the Mersey at eleven o'clock on Tuesday morning, with her full complement of 140 passengers, a large and valuable cargo and as good amount of specie. She passed the N. W. lightship at 11 10, was off Point Lynas at 4, p. m., and passed Holyhead at 6, p. m. This is a good result, as the vessel was fully loaded and had a strong breeze against her. She calls at Queenstown, Madeira, Cape de Verd, and Cape of Good Hope, to replenish coal and fuel; and we believe the arrangements are so complete that the delay experienced by other steamers need not be apprehended.

THE EMIGRANT SHIP MARCO POLO.—The new world-famed emigrant vessel Marco Polo, Captain Forbes, left the Salthouse dock on Tuesday, amidst the enthusiastic cheers of a great body of spectators, the brass band of the vessel at the same time enlivening the scene by the performance of appropriate airs. The Marco Polo will sail for Melbourne on Saturday, with 700 emigrants, and a large amount of specie. *The Times*, of Tuesday, says that £70,000 has been sent from London.
