GASCONS

"BREAKING AWAY."

According to the standards of our day,
What is success? Is it to find a way
Wealth, [illegible] of all property possesses?
(While grasping at a more extended sway),
And sacrificing to our gods of clay,
Submerge the soul, at last, in worldliness?

By [illegible] stands cottage and [illegible]
The poor Dory was once emblem, and the
Thought made it as a wayside [illegible] obscured
But, frugal, dwelt high consecration here,
And gratitude still guards it as a shrine,
Hallowed by that success which time but
makes more dear!

CANADIAN READING CAMPS

An Association Formed to Encourage Laborers in Camps.

The fourth annual report of the Canadian Reading Camp Association has just been published, and contains much interesting matter concerning the illiterate conditions of the laborers in the temporary lumbering and mining settlements in construction camps.

The figures of this agency show, first, the large foreign element, and secondly the fact that this class of labor is chiefly recruited from the newer settlements.

The practicability of manual laborers in the other settlements and towns acquiring an education or improving what they have in spare moments has often been demonstrated. It is only within the last decade that the feasability of educating the men in the frontier camps, before mentioned, has been proven. Correspondence schools have established the fact that the men who have already an elementary education can improve it by studying in their spare moments.

In the last four years the Canadian Reading Camp Association has shown it to be possible to acquire even the rudiments of an education in these camps, a field which correspondence schools have not entered.

The Ontario Department of Education has assisted the Association by furnishing free libraries, and giving a small grant for the maintenance of camp libraries.

The Y. M. C. A. sends men and tents to all mining camps which only last a few weeks. The need at the camps is not so great as at the isolated mining, lumbering and railroad construction camps.

Last year in 5 buildings were opened by the Canadian Reading Camp Association, most of which were closed during the summer months. The first club house built was at Copper Cliff by the Canada Copper Co. for its employes. This club house is fitted up with baths, parlor, reading room, etc., and quite a few lumbermen have already made provisions for these camps. Last year the Association employed teachers, [illegible] of whom two were doctors. The doctors practiced medicine in the camps, and some of the others engaged in manual labor. Each man earned over one-half of his salary in the Association's service.

Treasurer for Half a Century.

It is indeed a rare occurrence when any people allow public office continuously for half a century, but such is the record that Thomas Crawford, Treasurer of Bosanquet township, has made, having recently completed fifty continuous years in that position. During all of that long period he has retained the full confidence of the township people of the township, and of other communities with whom his business brought him in contact, and there has passed through his hands without loss to him of a cent the sum of over $730,000. When he assumed the office a great majority of the present residents of the township had not yet been born. When Mr. Crawford was going on in the even tenor of his way faithfully discharging his perfectly humble position, some of the most important events in modern history were transpiring elsewhere. Governors-General, Premiers and other public men have come and gone, but the Treasurer of Bosanquet, now in his 82nd year, is to all appearances as hale and hearty as he was twenty years ago. Mr. Crawford's farm homestead, on lot 13, con 1, Bosanquet, ranks among the best of the many fine homes in the township. Mr. Crawford, who was born in the north of Ireland, came to this country when a young lad, and lived with relatives some years at Markham. When about 27 years of age he came to Bosanquet, accompanied by his mother. On July 15, 1857, he was married to Miss Elizabeth Crone, daughter of Francis Crone, now of Forest. There are seven children living, viz. Mrs. John D. Boyes of Lesmahagow, Scotland; Mrs. Jackson, in Manitoba; D. D. T. Crawford, of this parish, Alta; Frank Crawford, township Councillor, Warwick; Rev. J. Crawford, LL.D., in Michigan; and McKenzie Crawford, at home. —Free Press.

Presbyterian Statistics.

The estimates of the Presbyterian Church, western section, call for $400,000 this current year. For home missions alone $129,000 are asked, which [illegible] $152,000 [illegible] Women's Foreign Society. The other items are: Augmentation of stipends, $80,000; French evangelization (including Pointe-aux-Trembles Schools), $86,000; theological colleges, viz., Knox, $12,000; Queen's, $5,500; Montreal, $5,000; Manitoba (exclusive of amount from Synod of Manitoba and British Columbia) $2,600; Ministers' Widows and Orphans' Fund (over and above ministers' rates and interests from investments), $15,000; aged and infirm ministers' fund (over and above ministers' rates and interest from investments), $14,000; assembly fund, $7,500.

The death of the late Mrs. Angus Campbell of Black Cape occured Saturday morning Oct. 22, after a lingering illness of nine years which she bore with Christian fortitude. The deceased was a daughter of the late Thomas Montgomery of New Richmond, Que. She was born Dec 184[illegible] consequently being in her fifty seven th year. She was married thirty-six years ago, fourteen children were born to her, four of whom are now dead. A husband, eight girls and two boys are left to mourn the loss of a loving wife and mother. One daughter and one son, Maggie and [illegible] married and reside in Bl[illegible] Que. Five daughters, Annie, [illegible] die, Etta and Dora are residents of Portland, Maine and two more daughters, Jessie and Debbie and one son, Scott, remain at the homestead. Two brothers, James and George Montgomery, [illegible] the loss of an affectionate sister. Much sympathy is felt for the husband and family in their sad bereavement.

The funeral took place Tuesday morning at ten o'clock Oct. [illegible] which was largely attended. The pallbearers were Alexander Campbell, John Campbell, John Campbell and Donald Campbell. The service was conducted by Mr. Wm McAlm. Interment in the family lot at Black Cape.

A precious one from us has gone
A voice we loved is stilled
A place is vacant in our home
Which never can be filled
God in His goodness has recalled
Her to her home in Heaven
The soul is safe in Heaven
And though the body slumbers here
The soul is safe in Heaven.

Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, but there is nothing to hold out. Millions of people throughout the world are living and in good health on one thing.

From time immemorial the doctor prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They found it could be taken and tolerate it for a long time. There is nothing in the world so nourishing, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

To be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

SCOTT'S EMULSION

No Poison in Chamberlain's Cough Remedy

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New Wales, Australia, had an analysis made of all the cough medicines in the market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Compauy, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough remedy is especially recommended by its makers for coughs, croup and whooping cough. When taken in time it prevents pneumonia. Thir remedy is for sale by all druggists.
