UNITED STATES.

Later from California.

NEW ORLEANS, Wednesday, June 11, 1856.

The steamship Daniel Webster has arrived at this port, with San Francisco dates to the 25th of May and San Juan dates to the 6th inst.

Great excitement existed in San Francisco in consequence of a man named Casey having shot James King, editor of *The Bulletin*, in the street. Casey was immediately arrested and confined in jail. The shooting of King occurred on the 14th ult., and on the 16th he died.

On the announcement of his death the feelings of the community became aroused to the highest pitch. The old Vigilance Committee called a meeting and placards of an inflamatory nature were posted, calling on the citizens to take the law into their own hands; and on the 18th three thousand citizens, completely organized in divisions and companies, armed with muskets, marched by three streets from the Committee Rooms and took possession of the jail.

Thence they took Casey, together with the gambler Cora, the murderer of Gen. Richardson, and carried them to the Committee Rooms, where they remained strongly guarded upon the sailing of the steamer. It was supposed that they would hang. The whole city was draped in mourning for the death of King, who was most highly esteemed. Casey was formerly an inmate of the Sing Sing Prison, and it was a statement to that effect in the *Bulletin* that caused the difficulty.

The Committee is fully organized throughout the State. It is said they have raised $75,000 to carry out their measures, and that they intend to drive out all the gamblers from the State.

The Committee were well supplied with arms and ammunition, and their proceedings were characterized by the most perfect order and propriety.

The George Law of Aspinwall to New York was nearly two millions of dollars in treasure on freight.

From Nicaragua we learn that Gen. Walker had removed his head-quarters to Leon. There was some sickness among the troops.

The United States Surveying steamer Corwin had arrived at Panama.

Cortland Cushing formerly agent of the Transit Company at Virgin Bay, had died at Punta Arenas.

All was quiet on the Isthmus.

It was rumored that a revolution had broken out at Costa Rica during Mora's absence. It is said to be headed by an influential family named Castro.

There had been no arrivals of ships from the Atlantic States at San Francisco during the fortnight.

THE STEAMBOAT EXPLOSION AT LONGUEIL.

Boston, June 12, 1856.

A dispatch from Montreal, relating to the steamboat explosion at Longueil, says that twenty-seven dead bodies had been discovered, and that the search was being continued with the expectation of finding more. Those injured, not killed outright, have since died. One of the engineers has not yet been found. It is reported that the engineer let the water get too low in the boiler of the boat. An inquest was being held on the bodies. The names of the killed were not given.

FROM VENEZUELA, ST. THOMAS AND BERMUDA.—By the steamer Tennessee, at New York from St. Thomas, we have advices from Venezuela to the 1st, and St. Thomas to the 6th inst. The Venezuelan Congress closed its sittings in May. The count y was quiet. Cases of yellow fever were still occurring at St. Thomas. There were but three American vessels in port. Papers from Bermuda state that H. M. steamer Malacca, from Jamaica, arrived there on the 5th, with thirty-five cases of yellow fever on board; she had already lost eleven men during the passage.

WORMS! WORMS!

☞ A great many learned treatises have been written, explaining the origin of, and classifying the worms generated in the human system. Scarcely any topic of medical science has elicited more acute observation and profound research; and yet physicians are very much divided in opinion on the subject. It must be admitted, however, that, after all, a mode of expelling these worms, and purifying the body from their presence, is of more value than the wised disquisitions as to the origin. The expelling agent has at length been found—Dr. M'Lane's Vermifuge is the much sought after specific, and has already superceded all other worm medicines, its efficacy being universylly acknowledged by medical practitioners.

☞ Purchasers will be careful to ask for Dr M'Lane's Celebrated Vermifuge, manufactured by Fleming Bros. of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of

Blissville, June 20.

To the Freeholders of the County of Sunbury!

GENTLEMEN,—I have been requested by a number of influential Electors of the County, to offer myself as a Candidate at the approaching Election Being extensively engaged in Agricultural and Lumbering business, I believe that these branches of Industry should be fostered and promoted in every practicable manner, by wise legislation.

If you believe that my connexion with these interests is any guarantee for the exertion of my best energies to promote them, I respectfully solicit your suffrages. I was a supporter of the Prohibitory Law when it first passed. I lent my influence to prevent its repeal. But under existing circumstances, and believing that its former advocates do not desire to retain it on the Statute Book, I would now vote for its repeal.

But, Gentlemen, this is entirely a question of a Provincial nature, and one with which in my opinion the head of the Government ought not to interfere. I am a firm and unflinching advocate of Responsible Government. I have always believed that we in this Country are entitled to the full enjoyment of British representative Institutions, as I conceived that such a system of Government alone would ensure a spirit of loyalty, patriotism and progress among the people.

I therefore feel it my duty to say that I cannot support any Executive Officer who violates the principles of Responsible Government or counteracts a Council possessing the confidence of a majority of the peoples Representatives, whether I approve of the general policy of that Council otherwise or not. I therefore need scarcely add that I disapprove of the manner in which the recent dissolution of the Assembly was effected.

Gentlemen, I am one of yourselves. I was born among you. My interests are identical with yours; you all know me: I lay no claim to merit or ability beyond others; but in common with you all I feel a lasting interest in whatever concerns the home of my youth.

Gentlemen, it has been stated that I do not intend to come before you. I now positively assure you, that no inducement which may be held out, can alter my determination of offering my services as a candidate at the approaching Election, let the result be what it may.—As the time appointed for the Election is close at hand, and a press of business may prevent me from seeing many of you personally before the day of Polling, I must ask your indulgence. But in the event of my being returned, of which from the assurances I have received, I feel confident, I shall visit every part of the County in a short time, and make myself acquainted with your wants.

I have the honor to be, Gentlemen,
Your obedient Servant,
WILLIAM E. PERLEY.

To the Independent Electors of the County of Sunbury.

GENTLEMEN—

Having been requested by a great number of influential friends, to offer myself as a Candidate for your suffrages at the approaching Election, I can only say, that the principles I enunciated at the last election remain unchanged, and should you elect me unfettered and free, to decide upon all important questions, according to my own judgment, such abilities as I possess shall be honestly exerted to promote the interests of the country and of the Province generally. My views upon certain questions will be freely expressed, upon the day of nomination, and if you think that my knowledge of the many and varied interests of the country, entitle me to your confidence and support, I am at your service,

I am gentlemen,
Your obedient servant,
June 13. DAVID TAPLEY.

To the Electors of the County of Sunbury.

GENTLEMEN:

The Lieutenant Governor of this Province has, against the advice of his late Council, dissolved the House of Assembly. His Excellency's right to do so I do not dispute; the expediency of its exercise in the present instance, few, in all probability, are prepared to acknowledge.

The consequent resignation of the Council, who were so well sustained by the late House, and by the country which that House constitutionally represents, will doubtless receive the approbation of the people in general.

Believing that the dissolution of the House at this particular season, is calculated to injure many of the important interests of the country, and involves the question of arbitrary Government, in distinction from PARLIAMENTARY and RESPONSIBLE GOVERNMENT, and convinced that such is also your opinion—I propose to offer myself as a Candidate for your suffrages at the ensuing General Election, trusting that my course, as one of your Representatives for the last two years, has met with your approval, and intending, should you again return me to Parliament, to promote to the best of my ability, the welfare of my constituents in particular, as well as that of the Province at large.

Gentlemen,
Your obedient Servant

To the Electors and Inhabitants of King's County.

GENTLEMEN,—In compliance with the above REQUISITION, and at the request of a large number of voters, I shall offer myself to you on the day of Nomination, as a Candidate to represent you in General Assembly. Being a thorough Liberal, and firm believer in Responsible Government—and believing the act of the Governor in dissolving the House of Assembly against the well understood wishes of his advisers, to be an infringement of the rights and liberties of the people, whose privileges he has assailed in an arbitrary and underhanded way.

At the day of Nomination I shall meet you at the Hastings, then and there explain my views, and if you think proper to give me a majority of your votes, I shall devote my time and study to the interests of this my native County, and the Province at large.

ELIAS S. FLAGLOR.

June 20th, 1856.

To the Free and Independent Electors of the City and County of Saint John.

GENTLEMEN,—Having been requested by a large and influential number of the Electors to offer myself as a CANDIDATE at the ensuing Election I have consented to come forward for your suffrages, Should you honor me with a majority of your votes, I pledge myself to use my best efforts for the general good.

June 14 JOHN HENNEBERY.

To the Electors of the County of St. John.

GENTLEMEN,—At the request of a large number of the Freeholders of the County, I intend to offer myself as a candidate at the coming Election.

I feel myself at this crisis in our Provincial affairs, bound to lay aside all private and personal considerations, which otherwise might deter me from soliciting your suffrages.

My views are I believe well known; and I can only say that if returned, nothing shall be wanting on my part to advance and protect the best Interests of the Province.

I remain your ob't servant,
June 13, 1856. JOHN W. CUDLIP.

To the Freeholders of the City and County of St. John.

GENTLEMEN,—At the request of a large number of my fellow-citizens, I have consented to allow myself to be nominated as a Candidate for the representation of the County in the General Assembly. At too present crisis of public affairs I have felt that it is the duty of all who have the interest of the Country at heart and a stake in its prosperity, to take that part they may be called on to perform, and I therefore, however unwillingly have consented to come forward on the present occasion.

If elected, I shall give my best attention and judgement to all questions brought before me, and shall only support such measures as I think will conduce to the prosperity of our common country.

I am, your obedient servant,
THOMAS VAUGHAN,

St. John, June 13, 1856.

Electors of the City of St. John.

GENTLEMEN,—His Excellency the Lieutenant Governor having dissolved the House of Assembly, and a Writ having been issued by the Clerk of the Crown in Chancery, for the election of two Representatives for the City of Saint John, I again place my services at your disposal.

I am Gentlemen, your obt. servant,
S. L. TILLEY.

St. John, N. B., June 11 1856.

To the Electors of the City of St. John.

GENTLEMEN—I shall be nominated at the forthcoming Election as a Candidate for the honor of representing you in the General Assembly of this Province.

Should you return me as one or your Representatives, unpledged and free to decide upon all important questions that may be brought forward, according to my own opinions and judgment, I shall serve you to the utmost of my ability.

I have the honor to be, Gentlemen.
Your obedient servant,
Saint John, June 13. ROBERT REED

To the Electors of the City and County of Saint John.

GENTLEMEN:

The late House of Assembly having been dissolved by the Lieutenant Governor in order that the opinion of the people may be taken on the maintenance or repeal of the Prohibitory Liquor Law, I am again a Candidate for your suffrages.

From the published Correspondence between the Lieutenant Governor and his late Executive Council, it appears they were opposed to referring this question to the People. A Dissolution of the Assembly under such circumstances is the highest prerogative of the Crown vested by the Constitution in the Lieut. Governor for the benefit of the People. The reference of a question to the constituencies for their decision is the broadest exercise of popular freedom. Upon these principles I have accepted office as Attorney-General in the new administration formed upon the resignation of the late Executive Council; and my colleagues and myself have unanimously concurred in advising His Excellency to dissolve the late House, and afford to you an immediate opportunity of expressing in a Constitutional manner your own opinion, and of deciding the policy of the Government.

I am in favor of Repealing the Law. It is for you to determine. The question is before you. The Law materially affects the social and financial interests of the Province. It ought either to be Enforced or Repealed. If affording the people the right of saying which it shall be is Tyranny, then what is freedom?

I am, your obedient servant,
June 7th J. H. GRAY.

To the Electors of the County of Saint John.

GENTLEMEN.—Having long felt, in common with many in this community, that Saint John ought to be represented, in part at least, by men practically acquainted with commercial affairs, I have thought it my duty to comply with the call made upon me by many of my friends to allow myself to be nominated as a Candidate for the representation of the County of St. John at the coming Election.

My views on the political questions of the day are generally in accordance with those of what is called the Progressive party.

I believe in an entire political equality irrespective of either class or creed.

I would wish to see every child in the Province educated, and think it the duty of the State to provide that this be accomplished.

I consider it essential to the prosperity of this Province that Railways should be immediately commenced, and constructed wherever there is a probability that the traffic will pay working expenses. I think that greater exertions should be immediately made to promote the settlement of the country by emigration, and that better means should be adopted than those hitherto used for the improvement of Agriculture.

Whilst fully aware of the evils resulting from Intemperance, and willing to give every practical suggestion for its suppression a fair hearing, I have never been able to see that with the present habits of society, a Prohibitory Law could be carried out.

I think it the right of every British subject to be governed in accordance with the well understood wishes of the people, as expressed by a majority of the Legislature, and I am not disposed to permit this—the strongest bulwark of the British Constitution, won, maintained, and transmitted to us by our forefathers—to be infringed upon while in our keeping.

I need scarcely tell you that the time I have hitherto had to spare from a busy mercantile life, has been devoted to Agriculture, to Railways, and to whatever else I thought likely to advance the industrial and social progress of the country—nor need I add that whether elected or not, I intend to continue my exertions in the same direction.

It, therefore, you think that my past career entitles me to your confidence for the future, I shall feel myself honored in being selected to watch over your interests in the Legislature. I am

Your obedient Servant.
St. John, June 11, 1856 R. JARDINE.

To the Electors of the County of Saint John.

GENTLEMEN,—A deputation, appointed at a large meeting of respectable voters, held in this City on 3d inst, have called upon me, requesting that I would allow myself to be nominated as a candidate at the coming Election, as one of the representatives for this County, in the General Assembly of this Province.

Having been brought up to earn my bread by the sweat of my brow—never having taken any part in politics—never having aspired to any public office, and knowing well my inability as a public speaker—I have very reluctantly given my consent.

I may state in few words, that my views on the public questions of the day are generally in accordance with those of the Liberal party.

I believe that the means of obtaining a sound and solid Education should not only be placed within the reach of all children of whatever class or creed, but that all should be educated; the best mode of attaining this object will be a matter for the earnest attention of the Legislature.

The subjects of public importance which will come before the representatives of the people, are too many and various to be enumerated in such an address as this, I will, therefore, only say that am an advocate for all measures that may tend to benefit the Province, develope its resources, promote and facilitate internal communication, and improve the condition of its inhabitants.

If returned as one of your representatives, such abilities as I possess shall be unreservedly devoted to promote the best interests of the Province, and especially of the County; and should you prefer some other of the candidates who will be placed before you, I shall retire from the contest perfectly contented. I am, &c., your obedient servant,

June 11, 1855 RICHARD WRIGHT.

TO THE FREE AND INDEPENDANT

Electors of the City and and County of Saint John,

And the Inhabitants of the Province in general.

FELLOW CITIZENS,—

YOU are aware that there are two Parties in this Province who, by their deceit and dishonesty, have almost ruined the Trade and Commerce of the Country: and it is also true that those two factions of political gamblers have lowered our credit at home and abroad. The one party, in delusion, is lavishing praise on His Excellency, and the other in mockery, is loud and clamorous in the Governor's condemnation: and to add to our misery and misfortune—the PROFLIGATE portion of the Press is lending its aid to consummate our downfall. This derangement of our social and political system has caused thousands of its inhabitants to leave this Province in sorrow and disgust, and others are preparing to follow.

At the front of the Court-House on the day of nomination for Candidates at the coming Election, I shall advise the people how to act; in the meantime they must take due notice of passing events and govern themselves accordingly.

In the matter of the Estate of the late CHRISTOPHER GRAHAM, of Petersville, in Queen's County, Farmer, deceased.

On Petition for License to Sell.

WHEREAS Richard Graham Senior, Administrator of the Estate of the late Christopher Graham deceased, hath this day filed with the Registrar of this Court a Petition setting forth the debts and liabilities of the said Estate, so far as has come to his knowledge, and that the assets which have come to his hands and are due to the said Estate, are insufficient to pay off the debts thereof, and praying that a Licence may be granted to him to sell the said Real Estate, or so much thereof as may be deemed necessary for the payment of the said debts.

I do therefore cite the heirs and next of kin of the said deceased, and all other persons interested in the said Estate, to appear before me at a Court of Probate, to be held at the office of the Registrar of Probates in Gagetown, within and for the said County, on Tuesday the first day of July next, at two o'clock, P.
