☞ The new ship Africa, built by Messrs. W. & R. Wright, at this City, sailed a few days ago for Liverpool. This fine vessel registers 1157 tons, with a poop which measures 70 tonnage as her register of tons (intended for cabins,) so that her actual tonnage for cargo capacity is 1086 tons. She carries some a cargo consisting of 140 tons of Pig Iron, from the Carleton Shipping Company's works, 934,476 feet superficial Deals, 10,000 pieces paving—in all equal to 2000 tons of timber. This is another proof of what New Brunswick can do, and that superior model is not against carrying qualities. Such proofs of ability to construct superior vessels will soon convince the people of England that we can, and do, build the best vessels for general use in America, and that our builders must take a place with our American neighbours for qualities and speed.—*New Brunswicker.*

PERILOUS SITUATION.—A few days ago two Frenchmen, belonging to the Madawaska settlement, while bringing down a raft of lumber for the erection of a Jail at the Grand Falls, came too near the Cataract, and were all but precipitated in the abyss below. The contractor for the Jail happened to be in waiting to take charge of the property in the cove above the Falls, and fortunately had a canoe with him. He saw the danger that the raftsmen were in, and shouted to them to make for the shore without delay, they, however, disregarded the warning, answering that they knew the river. In a minute more their perilous position became apparent to themselves, and they cried loudly for help. The contractor, whose name, we regret to say, has not been furnished as gallantly threw himself into his canoe and made for the raft. He had just time to get both on board, but was unable to return to the shore the way he came. In this condition he shot across the current, and by the exercise of great strength, as well as the possession of undaunted resolution, he escaped the chasm, and landed his passengers safely on the opposite shore. The raft went down the Falls, by which the timber is lost to the owners, and also some 100 bushels of potatoes, 3 cwt. of flour, a quantity of maple sugar, and some other supplies that the Frenchmen were bringing to the Falls.—*Head Quarters.*

INCREASE TO THE GARRISON.—On Saturday evening the 97th Regiment, occupying this Garrison, were strengthened by the arrival of some whereabout 100 men, including the non-commissioned officers. There were also, we believe, four commissioned officers with the detachment, all of whom formerly belonged to the second battalion of this gallant corps. —*Ib.*

NEW IRON FOUNDRY.—We learn that the Iron Foundry in Woodstock, erected by Mr. James Everitt, and now owned by Mr. Robert Hay, of that place, is in active operation. Fifty moulding boxes were in sand on Saturday last, and could be filled with metal during the day. This is pretty well for one day's casting, in a small town in the interior of the country.—*Ib.*

TELEGRAPH OFFICE, half past 12 o'clock.—The news this moment from Head Quarters, announces that the following gentlemen have been called to the Executive:—R. D. Wilmot, Esq., to be Surveyor General, and John H. Gray, and George Hayward, Esquires, without office. Mr. Wilmot will, it is generally supposed call upon the Constituency of this County to return him, and where he will meet with a hearty response.

☞ The Act to incorporate the European and North American Railway Company has passed Her Majesty's Council.

☞ The Steamer *Niagara* arrived at New York, yesterday, at 4 o'clock, P. M.

INFLUENZA AND CONSUMPTION.

It is indeed, a melancholy truth, that thousands fall victims to consumption every year from no other cause than neglected colds; yet we find hundreds, nay thousands, who treat such complaints with the greatest indifference, and let them run on for weeks, and even months, without thinking of the danger. At first, you have what you consider a slight cough or cold; you allow business, pleasure and convenience to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing comes, and then you find your own foolish neglect has brought on this complaint. If, then, you value your life or health, be warned in time, and don't trifle with your cough, or trust to any quack nostrum to cure you; but immediately procure a bottle or two of that famous remedy, DR. WISTARS BALSAM OF WILD CHERRY, which is well known to be the most speedy cure ever known, as thousands will testify, whose lives have been saved by it.

For influenza it is the very best medicine in the world.

Do not deceived, remember that spurious imitations and other preparations of Wild Cherry abound throughout the land, but it is Dr. Wistar's that has performed so many thousand wonderful cures, therefore buy no other but the genuine, original Balsam of Wild Cherry.

None genuine unless signed I. BUTTS on the wrapper.

JUDSON'S CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

FOR THE CURE OF

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and

CONSUMPTION.

DO NOT NEGLITECT.

CONSUMPTION

Can and has been cured in thousands of cases by this only certain remedy.

Judson's Chemical Extract of

CHERRY AND LUNGWORT,

and no remedy has ever before been discovered that will certainly CURE CONSUMPTION.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless as to have been pronounced by physicians and friendsto be past all possibility of recovery, and at times thought to be dying, has been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiar adopted to and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this after the prescriptions of the very best medical men, and the invention of kind and sorrowing friends and nurses have failed to give the smallest relief to the *Consumptive sufferer.*

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines which were said to be *infallible* cures, but which have proved only palliatives, but this medicine is not only a palliative but a *cure for ulcerated lungs.* It contains no deleterious Drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as *Spitting of blood, Coughs, pain in the side, night sweats, &c.*

About 1000 certificates of almost *miraculous* cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine but the publication of them looks too much like quackery, [will show them to any person, calling at our office.] This medicine will speak for itself, and enough in its own favour, wherever it is tried.

Caution—This medicine is put up in a large bottle, and you must find the name of Judson & Co., Proprietors, New-York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 9, John St., New York.

To Owners of and Dealers in Horses.

CARLTON'S FOUNDER OINTMENT

For the cure of Founder, Split Hoof, Hoof-bound Horses, contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c., on Horses.

CARLTON'S RING-BONE CURE,

For the cure of Ring Bone, Blood Spavin, Windgalls, and Splint:—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and season, with the change of use and feed, have a very great effect on the sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Botts, &c., all of which will be prevented by cure, when any symptoms of disease appears, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them. Remember and ask for CARLETON'S CONDITION POWDERS, and take *no others.*

CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,

and for the cure of all diseases of man or beast that require *external* application, and for *contracted cords* and *muscles*, strengthens *weak limbs*, and is also used for *sprains, bruises, sadale galls, swelled legs*, and sores of all kinds on horses.

CARLETON'S articles for Horses and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety cases out of one hundred any of the above complaints.—They have been used by Farmers, livery-men, stage proprietors and others, with the most marked and decided success.

Caution—None can be genuine unless you find the name of J. Carleton Comstock on he Wrapper of each article.

COMSTOCK'S VERMIFUGE.

This is the most extraordinary remedy for Worms ever used; it effectually eridicates Worms from both Adults and Children. It cannot harm the most delicate infant or strongest Adult, and never fails to completely root out and destroy all kinds of Worms. The cost, 25 cts, per bottle, puts it within reach of all, and all parents who are without it are wantonly exposing the lives of their children to those fell destroyers of youth, "Worms." Look for the name of Comstock & Brother, proprietors, on the Wrapper of each Bottle.
