PROVINCIAL LEGISLATURE.

(*By Telegraph to the News Room.*)

FRIDAY, March 20.

Read 1st time. A Bill to incorporate the St. Martin's Mining and Manufacturing Company.

Provincial Secretary moved that the House do, on Tuesday next, go into committee on Supply.

Mr. McAdam asked a question of the Post Master General relating to his intentions respecting the carrying of mails to and from St. Stephens.

The Post Master General said, "I will answer to-morrow."

On motion, the House went into committee of whole on a Bill to repeal the act relating to the establishment of the Board of Health in St. John. Progress reported.

The Railway Bill was committed at 12 o'clock, Mr. McNaughton in the chair.

The Attorney General very briefly explained the nature of and reasons for the alterations of the Act contemplated by the Bill.

Mr. Harding followed, condemning the conduct of the Government in the matter, and opposing the Bill.

Mr. Johnson next took the floor, and had only fairly got under way at 1 o'clock, when House separated.

After dinner, Mr. Johnson resumed his speech on Railway in Opposition.

The Provincial Secretary followed, approving of the Bill.

Mr. Smith came next in Opposition.

Mr. Lewis, in a brief speach expressed his determination to vote for the Bill.

Mr. Gilbert was the next speaker, he denounced the whole Railway scheme, and should vote against the Bill.

Progress was reported.

The Provincial Secretary laid before the House, the estimates for 1857, expenditure £152,-810, revenue 152,900

On the motion of Mr. C. Perley, it was resolved that the House do, on Monday next at 12 o'clock, go into consideration of his Excellency's message in answer to the address relating to appointments to the Legislative Council.

SATURDAY, March 21.

Mr. Watters introduced Bill to amend Act to Incorporate St. John Suspension Bridge Company.

Petitions were presented by Dr. Earle for and against the removal of Shire Town of King's County.

The discussion on Railway Bill was resumed a few minutes after 11, Mr. McNaughton in chair of committee.

Mr. Fisher spoke at considerable length. He was indifferent as to the passing of the Bill. He commented at some length upon course pursued by Government, who after undertaning his arrangement with the Barings, afterwards obtained the money to carry on the works under the same arrangement.

The Speaker in a short speech approving of the Bill, urged the propriety of Railways being constructed by capitalists, and condemning the system that gave the Government the control of these jobs as likely to pubic bankruptcy and repudiation.

Mr. Gilmour moved an amendment to Bill providing that neither of the Commissioners shall be eligible to a seat in the Assembly or Legislative Council.

Amendment seconded by Mr. Smith.

The amendment gave rise to a long discussion.

The Speaker first expressed himself favorable to the amendment, but subsequently stated that if it affected the Government he would vote against it, as he believed a change of Government at the present time would be a great calamity to the Province.

Messrs. Watters, Sutton, Johnson, Smith and others, replied to the Speaker, charging him with pursuing an extraordinary course.

Debate lasted until 5 o'clock, opposition supporting the amendment, and Government and supporters opposing. The amendment was lost, 15 to 19, there being 4 members of oppositon absent, and Mr. McNaughton in the chair. Also absent Messrs. Earle and Lawrence.

Mr. Smith moved for leave to bring in a Bill to amend the Act to authorize the construction of Railways in this Province. Bill same as Mr. Gilmour's amendment. Mr. Smith moved Bill be read a second time. Mr. Witmot moved in amendment that the House adjourn, amendment lost and motion carried.

MONDAY, March 23.

Immediately after reading the Journals this morning, a motion was made by Mr. Smith that a Bill, introduced by him on Saturday, having for its object the exclusion of Railway commissioners from the Legislature, be adopted as a rider to the Government Bill.

A lengthy discussion followed, in which much warmth of feeling was exhibited. Members of the Government charged the Opposition with delaying the business of the country.

Messrs. Johnson, Gillmour, Connel, Sutton and others charged the Government with giving a factious opposition to a Bill, the principles of which they acknowledged to be correct. Several members advocates an immediate appeal to the people as the only remedy for the present state of things. the order was finally carried by a vote of 17 to 18 there being absent three members of the Opposition and two of the Government supporters, and the Speaker in the Chair. The House then resolved itself into a Committee of the whole, and passed Mr. Smith's Bill without a division.

The House next went into consideration of the Answer to the address moved by Mr. C. Perley respecting appointments to the Legislative Council.

Mr. Perley moved the following: Resolved, that in the opinion of this Committee, the information given by the Government in reply to the address relative to appointments to the Legislative Council is not satisfactory to this House.

A long discussion followed. Progress reported.

TUESDAY, March 24.

The amendments made by the Legislative Council in the Bill relating to the office of Register of Deeds and and Wills, was agreed to by the Lower House; Bill consequently lost.

Mr. Mr. Wilmot introduced a Bill to repeal Parish School Act, stating at the time, that in case a dissolution should occur, it was necessary to make provision whereby School Teachers should receive their pay.

The Provincial Secretary charged the Opposition with a determination to obstruct the business.

Mr. Johnston retaliated, denying the charge.

The Attorney General charged the Opposition with being an oligarchy.

Mr. Harding warmly replied, calling the Government an oligarchy, and stating that the Government had not the confidence of the country. The debate was kept up with spirit until the House adjourned for dinner. The Opposition was defended by Messrs. Smith, Gilmour, John-Harding and others. The Government by Mess. Street, Allan, Gray and others. Both sides seemed to agree that a dissolution was the only remedy for the present state of things.

The Speaker declared that the whole debate was irregular.

WEDNESDAY, March 25.

On the motion of Mr. Smith, it was resolved that an humble address be presented to His Excellency praying for a detailed statement of the cost of Public Printing since 1st Jany, 1854.

Mr. Scovil presented several petitions numerously signed by inhabitants of King's County, against the removal of the Shire-town.

Mr. E. Perley asked the following questions of the Chief Commissioner of the Board of Works. Does the Chief Commissioner intend to make a report upon the exploration of the road through Douglas Valley?

Have the Government determined upon a site for the contemplated new Bridge over the Oromocto River—or is it the intention of the Government to alter the present site of the Bridge?

Reported as agreed to by the House in Committee of the whole: A Bill relating to incorporation of the City of Fredericton. A Bill relating to an Act, Incorporating the St. John Suspension Bridge Company. A Bill, Incorporating the North Shore Steamboat Company. A Bill relating to an Act, establishing the Board of Health in St. John.

A Bill relating to the lower flat of the Court House Fredericton.

After a very long and tedious discussion, progress was reported on a Bill relating to disposal of Lumber on crown lands.

Further progress was reported on a Bill relating to Highways.

The Solicitor General brought in a Bill to amend the law relating to Imprisonment for Debt.

The House adjourned at 5 45.

House of Assembly to be Dissolved Immediately!!

Despatches were received yesterday from Fredericton, announcing the certainty of the Assembly being prorogued, to be followed by another DISSOLUTION! Hence we are now on the eve of another General Election, to be accompanied by a still greater excitement, if possible, than the last. Truly the liquor traffic is being sustained at a fearful cost, in addition to its own legitimate fruits.

☞ We insert the following by special request:—

MEETING IN SUNBURY. MESSRS. PERLEY AND TAPLEY, M. P. P.'S FOR THAT COUNTY.—On Wednesday evening, a crowded meeting of Freeholders and others assembled at the Temperance Hall, Sheffield, to present an address to the above gentlemen. Mr. Tapley delivered a lecture on Agriculture, and afterwards William Burpee, Esq., having voted to the chair, the business of the evening began. If, says the Reporter, we may judge from the feeling displayed on the occasion, we shall be safe in asserting that no one but a Liberal will stand the ghost of a chance to secure the position of representative for the intelligent county of Sunbury at any future period. Whatever may be the result of the Scrutiny now going on, we believe that the political course adopted by these two gentlemen, and the stand they have taken in the Legislature, will meet with the approval of a large majority of their constituents, besides being one of but two or three Counties that have sent an unmixed Liberal representation to the House of Assembly. The address was read by Coburn Burpee, Esq., and was as follows:

To W. E. Perley and David Tapley, Esq.—Gentlemen—We, the undersigned electors of the County of Sunbury, have much pleasure in expressing our satisfaction at the straightforward course you have pursued this present Session of the Legislature. Your conduct has been such, we believe, as to gain the approbation of your constituents generally, which in case of an election, we think they would not be backward in showing. We regret exceedingly the scrutiny to which you have been subjected, not that we think it will in the end affect either of your seats, but because it savours so much of persecution; and here we would state that we consider scrutinies as very injurious, not only in retarding the business of the country, by engaging so many members of the Legislature in investigating them, but also as tending to lower the character of the House of Assembly, both politically and morally. For under the old law, which we are sorry has been again revived in many parts of the Province—which encourages scrutinies—independent and honest men, if not wealthy, will not contest elections with wealthy and unscrupulous opponents, well knowning as they must, that if successful, they will be harrassed and annoyed by vexatious and expensive scrutinies. That the whole cost of the present scrutiny should devolve upon you we do not think fair. We would, therefore, like to see a simultaneous movement made throughout the County to raise funds to assist in defraying expenses incurred. We are, gentlemen, your's &c.,

FREDERICK THOMPSON. WM. BURPEE, J. P.
CHARLES J. BURPEE. C. L. HATHEWAY, J. P.
ASA UPTON, HENRY P. BRIDGES.
STEPHEN BURPEE.

And a large number of other Freeholders of the County of Sunbury.

Sunbury, March 18th, 1857.

REPLY:—

GENTLEMEN—We beg to return you our sincere and heartfelt thanks for your kind Address. That our course of conduct as your Representatives since the opening of the Legislature, has been such as to merit your approbation is the crowning point to which our ambition could aspire, and that approbation the best reward of our efforts to represent your interests to the best of our ability. With you we regret the scrutiny to which we have been subject, and to which one of us is being subjected still, not because we think it will affect the seat in any way, but because it savours so much of persecution. With you, we believe that scrutinies are injurious, inasmuch as they retard the public business, and reflect serious injustice upon the Counties from which they emanate. We regret the revival in some portions of the Province of the old and corrupt Election Law, which when elections occur, always enables the wealthy and unscrupulous to over-ride the honest and independent man, and to trample with impunity upon the best interests of his country. While we regret the partial revival of that law, we congratulate the County of Sunbury that it is at present relieved from its operations. While we recognize it with satisfaction, we also appreciate the principle enunciated by you, that the expense of scrutinies should not be borne by the chosen servants of the people; and we look forward with a degree of pride to the time when under the operation of a new and better Law, both the people of the County of Sunbury and their Representatives, will be relieved from any injustice of this kind. Thanking you again for this testimony of your approval of our conduct, we have the honor to remain,

Your obedient servants,
W. E. PERLEY,
DAVID TAPLEY.

Arrival of the Africa at New York.

ENGLAND.—THE GOVERNMENT DEFEAT.—On the night previous to the division Lord Palmerston invited the Liberal members of the House of Commons to meet him, at the Treasury Office, in Downing street. About 180 members attended. The *Globe* states that the Premier addressed the meeting at considerable length. In the most lucid statements, he detailed the series of insults and the equivocating conduct on the part of the Chinese authorities that led to the forcible interference of the British Admiral. Lord Palmerston was warmly applauded at the conclusion of his speech. Sir W. Clay, Sir J. Fitzgerald, Mr. Rich, Mr. Berkeley, Lord Goderich, Mr. Chinchester Fortescue, and others, addressed the meeting, and, with the exception of Lord Goderich, expressed their intention of supporting the Government. The Morning *Post* says, Lord Palmerston declared that he was disposed to expect, from the large majorities which Government hitherto had obtained on questions of vital moment, that on the present occasion the support of the House would not fail him, and that he felt assured of the confidence of the country

During the debate of Tuesday night, Lord Palmerston addressed the House at considerable length in defence of the position of the English Government in this matter. The following is the closing sentence of his speech:—

"This House has now to determine a question of vast importance to British interests that now exist, and that may hereafter accrue. Not merely the property, but I will venture to say the lives of many of your countrymen depend upon your vote. Those who are most averse to the laws which inflict upon the greatest malefactors the penalty of death may well pause before they come to a decision by which they may, it is to be feared, pass sentence of death upon many of their fellow-subjects abroad. (Hear.) I have trespassed longer than I had intended to do upon the attention of the House, but I do trust that hon. gentlemen will not allow themselves to be carried away by the eloquent flourishes which we have heard in the course of the debate. I trust they will view this subject in its true light, as bearing upon the real interests of the country; and I am satisfied that impartial men, who are not wedded to party, who are not members of any coalition that has been formed (cheers)—and there are, and I hope always will be, in this House many men who act most independently and who exercise their own judgment upon the questions brought before them—will give their votes in such a manner as to maintain the honor, the dignity, and the interests of the country. (Loud and continued cheering.)"

D'Israeli and Mr. Cobden followed in reply, Mr. Cobden said:—

But there are great occasions upon which all parties ought to give an honest and conscientious vote. We, all of us have moments when we look back on such a vote as this with more satisfaction than any vote given in the mere scramble of parties. (Hear.) I tell you, my honorable friends near me, (on the Ministerial benches), many of whom, I fear, are giving their votes with heavy hearts, that I wish they would look at this question free from party bias, and give that vote which will be most for their own peace and happiness of mind.

The House then divided, and the numbers were—

For the motion - - - - - - - - 263
Against it - - - - - - - - - 247
Majority against the Government——16

As soon as the clerk at the table handed to Mr. Cobden the paper containing the statement of the numbers, and it was seen that the Government was defeated, there was a loud cheer, which was suspended while the numbers were announced; but after their announcement it was repeated, and continued for some minutes.

BLESSINGS upon Every Tongue seem the portion of Nahmeonitah, otherwise *Mrs. Gardner*, the inventor of that celebrated Indian medicine, the Balsam of Liverwort and Hoarhound. The following note speaks volumes; it is from a distinguished source.

Indianapolis, June 12, 1836.

Gentlemen—The medicinal preparation you have sent me has exceeded all my hopes in its operation, and become a great favorite in our Institution; and henceforth it will be continually employed as a remedial and curative agent in all Lung diseases. The celebrated Drs. Carter and Leonard who have each amassed fortunes here, have recommended its use in families, and I am sure it will prove beneficial. Send me six dozen bottles as soon as you can, and believe me, for the good I have derived from it. You are at liberty to use my name and that of the Indiana Central College at all times, in behalf of *Mrs. Gardner's* Indian Balsam of Liverwort and Hoarhound.

I am very truly, yours,
H. N. LITTLETON, A. M.,
Central College, Indianapolis.

Worms! Worms! Worms!

☞ A great many learned treatises have been written explaining the origin of, and classifying the worms generated in the human system. Scarcely any topic of medical science has elicited more acute observation and profound research; and yet physicians are very different in opinion on the subject. It must be admitted, however, that, after all, a mode of expelling them and durifying the body from their presence is of more value than the wisest disquisitions as to their origin.

Such an expelling agent has at last been found Dr. M'Lane's vermifuge proves to be the much sought after specific—its efficacy being universally acknowledged by the entire medical faculty. As further proof, read the following from a lady—one of our own citizens:

NEW YORK, October 15 1856.

This is to certify that I was troubled with worms more than a year. I was advised to use *M'Lane's Celebrated Vermifuge*, prepared by Fleming Bros. of Pittsburgh. I took one bottle, which brought away about fifty worms; I commenced improving at once, and am now perfectly well. The public can learn my name, and further particulars, by applying to Mrs. Hadlin, No. 5 Manhattan place, or to E. L. Theall, druggist, corner of Rutger and Monroe streets.

☞ Purchasers will be sure to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS, of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr M'Lane's genuine Vermifuge also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS.

Public Speakers and Singers can use Brown's Bronchial Troches freely, for giving power and flexibility to the voice: containing no deleterious drug to prevent their free use if requisite, nor do they cause any nausea, which is not always the case with like medicaments.

Holloway's Pills.—Seekers of health, those dyspeptic or suffering from weakness or debility of any kind, should take a course of these fine medicines, which will quickly restore them to health, as they never fail to cure if used according to the directions which accompany each box. Sold at the manufactories, No 80 Maiden Lane, New York, and No. 24 Strand, London; and by all druggists, at 25c., 62½c., and $1 per box. 11.

UNION HOTEL, Union Street,

Between Charlotte and Sydney Streets, (South side.)
THE Proprietor of this Establishment, thankful for favours received during the period he occupied the New Brunswick Hotel, and convinced of the necessity of more and better accommodation for the public, has erected a large and substantial Building in Union Street, capable of accommodating from 70 to 80 Boarders. This House is well ventilated, the sleeping rooms are large, and every flat is well supplied with water, and also lighted with gas. The proprietor is determined to leave no means untried to merit the patronage of the community. Travellers arriving late at night will find the house always open, and ready to receive them; while the conveniences and moderate charges will render it emphatically the home of the stranger. The tables of the house will be supplied with the best the market affords, and the Proprietor is determined to adhere strictly to the Total Abstinence principle. ☞ Two large Stables have been erected on the premises, capable of accommodating 60 or 70 horses. Good hostlers always in attendance.
