POETRY.

THE GOLDEN DREAM.

In midnight-dreams a wizard came,
And beckoned me away—
With enchanting hopes of wealth and fame,

He led me o'er a dusky heath,
And there a river swept—
Whose gay and glossy tide beneath,
Uncounted treasure, slept.—
The weeping ripples lightly dashed
Around the cherished store,
And circling eddies brightly flashed
Above the yellow ore.
I bent me o'er the deep smooth stream
And plunged the gold to get.—
But oh! it vanished with my dream—
And I got dripping wet!
O'er lonely heath and darksome hill
As shivering home I went
The mocking wizard whispered shrill,
'Thou'dst better been content.

[FOR THE CHRONICLE.]

The following is the solution of the Enigma in the *Chronicle* of the 10th inst.:

HIS SERENE MAJESTY THE EMPEROR OF THE TURKS.

Honest—is what we all should be.
Piety—is what all should have.
Emma—is a woman's name.
Euphrates—is the name of a River.
Joseph Smith—is the leader of a sect.
Smyrna—is a Town in Asia.
Turnkey—is a Jail Officer.
Jeremiah—was an ancient Seer.
Protestantism—prevails in the British Dominions.
Ket—was a demagogue.
Hooper—was an English Martyr.
Mouth—is of great use to the animal kingdom.
January—is an annual visitor.
Kit—is a musical instrument.
Jointure—is enjoyed only by a widow.
You—is what I never will be.
Sump—is an article of clothing.
Upstart—is generally very saucy.
Top-knot—is worn by women.
Tapster—is often seen in an alehouse.
Spinster—will
Marry—if a favourable opportunity occurs.

GEORGE N. SELLY.

WE HAVE AN ITEM FOR THE LADIES:—A new bonnet has made its appearance in Paris,—originated by Madame Durbay D'Golberg, a name famous in the firmament of European fashion. The material is *new* as well as the *style*. It is made of the skin of polished leather. Madame has secured a patent for her ingenuity and has conferred its exclusive sale in England, upon a dashing milliner in Regent street, London. The *Journal* adds:—"The possession of these bonnets has already become a perfect *furore* in Paris; and the really beautiful way in which the material is made subservient to every style of wearer, from the truly coquettish to the sombre or demure, fully justifies that distinction. "This new article of dress is called the *Diphera* Bonnet. We shall keep an eye out for the first appearance here of the *Diipheras*. It will be a sight to see, when our ladies all get to wearing *leather hats* That is a step that not even the desperate progressiveness of Bloomerism ever dreamed of.

PURGATORY VS. MATRIMONY.—By the way the "ghost of the departed" reminds me of Joe Kelley's ghost coming to his wife.—"Molly," says he, "I'm in purgatory at this present time."—"And what sort of a place is it?" says she.—"Faith, it's a sort of half way house between *you* and heaven," says Joe, "but I stand it mighty easy after leaving *you*."

"I wonder what makes my eyes so weak?' said one loafer to another. 'Why, they are in a weak place' replied the latter.

HOPE—A sentiment exhibited in the wag of a dog's tail, when he's waiting for a bone.

"I'm afloat! I'm afloat!" screamed out a young lady of powerful lungs and fingers to match, as she exercised both at the piano.—"You're afloat, eh!" growled an old sea dog; "I should judge you were afloat by the *squall* you raised."

Cheap Clothing, Cloths, &c., &c.

AT THE
North American Clothing STORE,
South side of King Street.

R. HUNTER,

HAS received per late arrivals from GREAT BRITAIN and the UNITED STATES, his FALL IMPORTATIONS, which, with the Stock previously on hand, comprises a most extensive, varied, and general assortment of CLOTHING, CLOTHS, &c.; and as his present object is *not to make money* but to dispose of his entire Stock of Goods during the Fall and Winter, he therefore offers them by WHOLESALE and RETAIL at a sacrifice, and most positively at a great reduction from what articles of the same description and quality can be had at any other Establishment in the Province.

The Stock consists of

Superfine BROAD CLOTHS, Pilot and Beaver CLOTHS, Petershams, Witney CLOTHS, with all the new materials now in use for Winter Coats; Cassimers, Doeskins, Kerseys, Tweeds, Satinetts, Moleskins, Canada Cloths, &c., &c.; VESTINGS, in a great variety of materials.

CLOTHING:

A large assortment of COATS, of various styles, such as Dress, Frock, Glenlyon, Paletot, Sack and Shooting Coats, &c., &c., in Superfine Broad Cloth, of various shades, Doeskins, Cassimeres, Satinett, Tweed, &c. Vests, in such a variety of materials renders it too tedious to enumerate. PANTS, in Black Cassimeres, Doeskin, Tweeds, Satinett, Mole skin, &c. REEFING JACKETS, in Pilot and Beaver Cloths, Goodyear's Patent India Rubber COATS, CAPES, and LEGGINS.

Furnishing Department:

Gent's White SHIRTS, Fancy Regatta do., Linen, Wool and Flannel Shirts and DRAWERS, Merino and Cotton do., White and Fancy Saint Fronts and Collars, Muffle Handkerchiefs, Silk and Satin Neck and Pocket Handkerchiefs, Satin Scarfs and Stocks, Scarlet and Shaded Wool Comforters, Snow Stockings, Braces, Gloves, Umbrellas, Carpet Bags, Felt Hats, &c., &c.

R. H. having engaged the service of Mr. J. McNichol, as Cutter in his Establishment, whose long experience in business in this City, and generally acknowledged abilities, renders it quite unnecessary to say anything further than that those who would prefer leaving their orders can depend upon having their garments made up in the most fashionable style, and by the best Workmen.

☞ No second Price. All Goods marked in plain figures.

R. HUNTER.

October 29, 1852.

HOSIERY, &c.

W. B. NICHOLSON.

A further supply daily expected from England July 29.

THE GREAT REMEDY.

Sharp's Balsam of Hoarhound and Aniseed,

An never failing cure for Coughs, Colds, Asthma, Shortness of Breath, &c.

The extraordinary celebrity which this simple, pleasing, and effectual medicine has attained, may be seen by the following proofs, or certificates, all from persons well known:—

MR. J. G. SHARP.—

Since you appointed me agent for the sale of your valuable Balsam of Hoarhound and Aniseed, I have been repeatedly informed by those who have used it, that it is without doubt one of the best medicines they have ever had, for the complaints in which it is recommended.

R. D. M'ARTHUR.

To Mr. J. G. Sharp—

SIR,—One of my children has been suffering *for years* under a severe Cough. The usual remedies were applied without effect. Having heard of Mr. J. G. Sharp's "*Balsam of Hoarhound and Aniseed*." I obtained some, and after the use of about 8 oz., or one vial of this extraordinary mixture, the cure was complete.

J. G. CAMPBELL.

April 23, 1852, City of Saint John,

Mr. J. G. Sharp.

Had, a few weeks ago, a very bad cold. Being recommended to try *Sharp's Balsam of Hoarhound and Aniseed*, I got a quarter dollar bottle, and found it not only a pleasant but a most useful and effective medicine. It is pleasing to take, and a first rate cure.

PATRICK POWER.

April, 23, 1852, City of Saint John,

For the last sixteen years I have suffered from Asthma so bad that I was often obliged to sit in bed to prevent suffocation. I tried every means, during that time, that the usual or ordinary medicines could produce, but without effect, until I obtained some of *Sharp's Balsam of Hoarhound and Aniseed*, (which was recommended to me,) and after using two bottles, I found the relief so long sought for.

M. SMITH,

Studholm, Kings County, March, 1852,

Sold in bottles at 1s. 6d and 2s. 6d, each, at the stores of JOHN G. SHARP, King street; R. D. M'ARTHUR, Medical Hall, Kings square, and JOHN CHALONER, King street.

Prospectus of Volume VIII., of the SCIENTIFIC AMERICAN.

THE Eighth Volume of the SCIENTIFIC AMERICAN commences on the 18th September, and as a great proportion of our readers usually commence their subscriptions at this point, we take occasion to extend them our gratitude for the encouraging and liberal support heretofore bestowed on our humble efforts, and to re-assure them of our determination to advance it still higher in the scale of utility, and, if possible, in their own estimation. We aim at an honorable independence in discussion upon all subjects, and, in some instances no doubt, our readers may have been surprised at our determined opposition to highly lauded discoveries in the Arts and Sciences.

Time tries all things, and it is with some degree of pride that we revert to the efforts made through the columns of the Scientific American, to establish sound views respecting several conspicuous miscalled discoveries. Since the commencement of this Volume, that peerless Exhibition of the Industry of all Nations closed its gorgeous display, affording a delightful episode in the stern page of the world's history. Above and beyond all criticism it has passed away, leaving a world-wide influence, beneficial to every branch of industry, and although not profusely represented by gewgaws and tinsetry,—the character of our country shone forth with magnificence in all the elements of substantial utility. Acting under the stimulus suggested by the success of the Great Exhibition, the enterprizing citizens of New York have determined to construct a Crystal Palace of no mean dimensions, and as this is likely to become an important feature in our history, we shall endeavor to present our readers with descriptions and illustrations of such novelties as may be deserving attention.

The present form of the Scientific American will be preserved as most suitable for binding and preservation. The paper will be of the best texture, and we shall aim to store its pages with practical knowledge in every branch of the Arts and Sciences. Invention claims important attention, as one of the fundamental agencies in the world's advancement; hitherto we hope to have satisfied our readers by our weekly summary of "New Inventions." The Weekly List of Patent Claims, officially reported for our columns, is a distinguishing feature, which must commend itself to every one interested in Patents.

We need the co-operation of our readers to enable us to publish a journal, worthy of their support at two dollars per annum. We have never appealed to them in vain, and the Premiums offered for the largest list of subscribers will, we presume encourage new efforts. All subscriptions are payable in advance. We repeat our warning against Travelling Agents, as none are accredited from this office.

Letters should be directed (post-paid) to

The Subscriber having been appointed Agent to the above Company for New-Brunswick, begs to announce that he is prepared to receive Proposals for FIRE AND LIFE ASSURANCE. The large Capital of the Company, and the number and influence of its Proprietors, enable it to rank with the most eligible Offices, either in America or Europe, with respect to the advantages offered to the Public.

FIRE BRANCH.

Persons assured by this Company are not subject to any covenants or calls to make good losses which may happen to themselves or other, nor do they depend upon an uncertain fund or contribution, the Capital Stock of this Company being an unquestionable security to the Assured in case of Loss or Damage by Fire.

LIFE BRANCH.

In addition to the more customary methods of Insurance, the Company likewise Assures Live on any of the following contingencies:—

For the term of One Year, Seven Years, or any other definite period.

For the whole continuance of Life.—The Premiums to cease, after a limited number of Annual Payments.

For Two Joint Lives.—The sum assured to be paid on the death of either.

On the longest of Two or Three Lives.—The sum assured to be payable at the death of the last survivor; or,

The Survivorships.—To secure the payment of the sum assured, if a life A die before another life B.

For a sum to be payable at age 60, or at death.

Premiums on Credit.—A portion of the Premiums may remain on Credit. Assurances may be effected in various ways, not enumerated, to meet the convenience of parties.

The important advantages afforded by the Company in the Life Branch will include the following viz:—

The Guarantee of an ample Capital, and Exemption of the Assured from liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured amounting to Two-thirds of its net amount, which may be applied at the option of the party effecting the Assurance:—1st. By the immediate payment of the sum so apportioned.—2nd. By an equivalent reduction of the future Premiums.—Or, 3rd. By an equivalent increase of the sum assured.

Small Charge for Management.—The expenses of the Office being borne in due proportion by the two Branches.

Prompt Settlement of Claims.

Policies lapsed by non-payment of the Premium may be renewed within three months, by paying the Premium, with a fine of 10s. per cent., on the production of evidence to the satisfaction of the Directors of the good state of health of the life assured.

The Company will always be prepared to Purchase the Policies of this Office at their equitable value or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.

Extra Premiums, suitable to special circumstances, will be accepted to enable a party possessing a Policy on the life of another to guard against the possibility of its being vitiated by the Life departing beyond limits, or by any other cause.

Thirty Days are allowed for the Payment of Premiums after the day on which they respectively

Additional Advantages offered to Lives Assured with this Company at St. John, N. B.

I.—RESIDENCE.—Persons assured for the whole term of life will have permission, without the payment of extra Premium, to reside in any part of Europe, or in any place in North America to the north of 38 degrees of North Latitude, but not to the westward of the Mississippi River.

II.—VOYAGES.—They will also, if not so-farling by profession, be allowed, without any extra charge—

To cross and recross the Atlantic Ocean, in steamers or first-class sailing-vessels;

To pass from any part of Europe to any other, or from any part of North America to another, within the limits above specified; also,

To pass to and from, but not to reside in any place which shall not be further south than 35 degrees of North Latitude, but not to the westward of the Mississippi River.

☞ *Office, corner of Prince William street and the Market-square in St. John.*

A liberal discount made to the Trade and to Country dealers.

Oct. 15. S. L. TILLEY.

Here is your Remedy!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. Wm. Gelson, of 70 St. Mary's street, Weymouth, dated May 15, 1851

To Professor HOLLOWAY.

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature.

(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Works, of Rashcliffe, near Huddersfield, dated May 31st, 1851.

To Professor HOLLOWAY.

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS,

The truth of this statement can be verified by Mr. W. P. England Chemist, 13, Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13th, 1850.

To Professor HOLLOWAY.

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist, residing at Newborough, near Hexham, dated May 15th, 1850.

To Professor HOLLOWAY.

SIR,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent surgeons here, and was an inmate of the Newcastle Infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment I determined to try them, and in less than a month I was completely cured. What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of my complaint. (Signed) JOHN FORFAR.

AN INFLLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter M. Francis Arnot, of Bleahouse, Lothian Road, Edinbro', dated April 29th, 1851.

To Professor HOLLOWAY.

SIR,—For more than twenty years my wife has been subject, from time to time, to attacks of inflamation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight she got immediate relief from their use, and after persevering for three weeks the pain in her side was completely cured, and she has enjoyed the best of health for the last four years.

(Signed) FRANCIS ARNOT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chilblains	Fistulas
Bad Breasts	Chilblains	Gout
Burns	Chapped hands	Glandular Swelling
Bunions	Corns (Soft)	Lumbago
Bite of Mad Dog	Cancers	Piles
Chiggoes and Jiggers	Contracted and Stiff Joints	Rheumatism
Sand Flies	Elephantiasis	Scalds
Coco-bay	Skin diseases	Sore Nipples
Sore-throats	Tumours	Scurvy
Sore-heads		Ulcers
		Wounds
		Yaws

Sold by the Proprietor, 244, Strand, (near Temple Bar) London, and by all respectable Vendors of Patent Medicines throughout the Civilized World. In Pots, at 1s. 1-2-1d, 2s. 9d., 4s. 6d., 11s. 22s., and 33s. each.

☞ There is a considerable saving by taking the larger sizes.

N.B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

STEAMPS Family Medicines

NOTICE TO THE PUBLIC.
OF INTEREST TO ALL.
Sharp's Celebrated Family Medicines and Preparations.

SHARP'S COMPOUND ALRATIVE INFUSION OF SARSAPARILLA.—Sarsaparilla has of late years been much used, and with great success, in cases of Chronic Rheumatism, as an alternative in Scrofulous affections, Scurvy, Obstinate, Cutaneous Eruptions, Indolent Ulcers, Diseases of the Periosteum and Bone, attended with obscure pains, wasting the flesh, tenderness of the part, tumors and nodes unconnected with Syphilis, and in that state of the body known among medical men under the term of Cachexia, but which is not easy to define. In such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

This article, prepared by John G. Sharp, has performed numerous and most astonishing cures of persons who have for years been tortured with sores from head to feet, and others who have been sent up with Mercurial Rheumatism, which they had been laid up with for 2 or 3 years. Prepared and sold by John G. Sharp, Member of the Pharmaceutical Society of Great Britain. N. B.—Dose, a Wine Glass full, three times daily.

SHARP'S BALSAM OF HOARHOUND AND ANISEED, for Coughs, Colds, Shortness of Breath, Asthma, &c.

This excellent medicine has the extraordinary property of immediately relieving Coughs, Colds, Hoarseness, Difficulty of Breathing, and Huskiness of the Throat. It operates by dissolving the congested phlegm, and causing free expectoration.

Persons who are troubled with that unpleasant tickling in the Throat which deprives them of rest night after night, by the incessant cough which it provokes, will by taking one dose find immediate relief; and one bottle in most cases will effect a cure. Sold in bottles at 1s. 6d. to 2s. 6d. each.—Prepared by John G. Sharp, member of the Pharmaceutical Society of Great Britain, Dock street, St. John, N. B.

Sharp's Tincture of Myrrh and Borax; prepared with Eau de Cologne.

This article is excellent for washing and refreshing the mouth, and alleviating Rheumatic Pains which are often mistaken for the Tooth-ache. It is composed of choice Turkey Myrrh, Camphor and Eau de Cologne. Prepared by John G. Sharp, Chemist, St. John, N. B. Sold in bottles at 2s. 6d each.

LOUQUA NUT OIL FOR THE HAIR.

THE EFFICACY OF ROCK ROSE.

FOR all cases of Scrofulous Diseases, Dyspepsia, Salt Rheum, Sick Headache, Canker & Nursing Sore, Mouth, General Debility, &c. &c. No Medicine has ever received such high testimonials from persons who have been afflicted with the above named diseases, as the Rock Rose. Myers' Extract

Medicinal properties of the Rock Rose Plant, have become known to some of the most eminent Medical practitioners of the country; others are fast becoming acquainted with its healing virtues, and desire to have it more extensively known and used.

The following is an extract from a note on the title page of a work published by D. A. Tyler, M. D., New Haven, Conn. on the efficacy of Rock Rose. These pages were penned without any expectation of their ever being presented to the public—since which time the plant (Rock Rose) under consideration has been more fully tested its virtues developed, and their character more fully established. They are published by with the consent of several medical friends. The object of this dissertation is to lay before the members of the profession and the public, the virtues of a plant too much neglected which undoubtedly (as an order member of the profession once remarked to me) possessed far more attractive hours than the popular sarsaparilla. I ask for the plant an impartial trial."

ITS MEDICAL HISTORY AND PROPERTIES

Are far the most important, since upon these depends its value to the community. Dr. London says, that in 1799, it was so valuable in England, that it was cultivated from seeds. Ever since 1806.

PROF. IVES, OF YALE COLLEGE,

Has habitually used it with great success in *Scrofula, and Chronic Disease*, and through him its virtues were made known until, as Dr. Tyler says, "it is now in this section [New Haven] a common article in domestic practice, for the cure of *Scrofula and cutaneous diseases*." Dr. Whitlaw, a Scotch botanist of notoriety, while traveling in America, in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, when became greatly celebrated for the cure of similar diseases.

DR. PARISH, OF PHILADELPHIA.

Remarks that it has been successfully used in bad cases of *Scrofulous Diseases*.

DR. J. H. THOMPSON, OF THE SAME PLACE,

Prescribed it in bad cases of Scrofulous patients at Wills' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable cases of White Swelling of the right hip, in February, 1844. The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted twelve ulcers. He had been under several physicians, who had given him up. I ordered a decoction of the *Rock Rose*. In two days his night sweats ceased; I then ordered a tea spoonful of the tincture of Rock Rose, three times a day. *Thirty-nine* days after he was *entirely well*.

For sale by *Druggists Generally*, where Circulars and Certificates of cases may be obtained.
