THE NEWS and THE PRESS.

JANUARY 17, 1868.

☞ The Editor of the *Freeman* tells his readers, that the INTELLIGENCER introduces an article from the *Bulwark*, thus:—

"PREPARATIONS FOR BURNING BISHOPS LATIMER AND RIDLEY AT OXFORD.—The following account of the martyrdom of Latimer and Ridley should be engraved on the hearts of all Protestants, as Rome is eagerly thristing for renewal of similar tragedies."

Will he now inform his readers that we did not do any such thing, as the *whole* article was extracted from the *Bulwark*; and will he further tell his readers how it is that the church of Rome—professing infallibility—could do things in the sixteenth century that she would not do now if she had the opportunity?

A fire broke out about 9 o'clock on Wednesday evening last in the large building near the new Hay Market, in which was formerly placed the machinery used for the purpose of supplying water to the city. The lower part was used as a hay store by Mr. McGowan, the upper part as a drill room. The fire raged fiercely, and notwithstanding all the efforts of the fire brigade this building was burned to the ground. The adjoining houses, that of Mr. Wilkins' to the West, and those of Mr. McGowan and Mr. Maines' to the East, were all but destroyed.—*Fmn.*

The Editor of the St. Croix *Courier* was assaulted in the street a few days since by a man named Albert Eaton, of Houlton, on account of a particular paragraph which appeared in the *Courier* last spring. The assailant was bound over to keep the peace for life. An action was entered in the Civil Court; but on a satisfactory apology, the editor stayed proceedings.

Mr. Theriault has been returned for the seat in the representation of Victoria County in the Local Legislature of this Province, rendered vacant by the death of Mr. Hibbert, beating three opponents.—*News.*

FIRE.—The residence of Mr. Joshua Hillman, together with his farm produce—potatoes, turnips, flour, pork, etc., etc., and most of the furniture, was burned on Wednesday evening, 1st inst. There was no insurance on the property. The loss is estimated at $1,400, Mr. H.'s friends and neighbors have generously contributed towards repairing his losses.—*Fredericton paper.*

We understand that the 22nd Regt. received orders on Thursday last to hold themselves in readiness for removal as soon as the navigation opens. The *Army and Navy Gazette* says that the above Regiment will be relieved by the 74th Highlanders. This Regiment returned to England from India in June, 1864, after thirteen years foreign service.—*Farmer.*

The friends of Hon. Mr. Mitchell gave him a grand reception last week on his return to Newcastle from Ottawa.

A most miraculous escape from death occurred on the Railway on Thursday week. A man named Hamilton was carrying or handling a keg of gunpowder when it exploded, fearfully shattering him, and injuring very severely a Mr. McKay, who was near by. Strange to relate, both the injured men are now in a fair way of recovery, but the positive amount of lasting injuries cannot yet be known. Hamilton will entirely lose one of his eyes. Dr. Campbell was in attendance, promptly rendering every assistance.—*Sentinel.*

Mr. Moses Austin, a man well known in this town and neighborhood, dropped dead at Mr. James Gallagher's door on Tuesday morning. Cause, disease of the heart. A Coroner's inquest was held by Dr. Connell, and a verdict in accordance with the facts rendered.—*Ib.*

DISCOVERY OF A LEAD MINE.—We were shown yesterday, by Mr. John H. Harding specimens of ore found a short distance to the west of Quispamsis Station on the railway to Shediac. One of the samples is almost pure Lead—such as is used in the "sheet lead" with which tea chests are lined, and for an hundred other purposes; the other samples were smaller, but scarcely inferior in purity. A quantity of the ore has already been taken out. The seams—four in number—give some eight feet in thickness of the lead. It is not improbable that Silver will be found in the ore.—*Telegraph.*

GREAT FIRE AT OTTAWA.—Yesterday we received a telegram stating that a great fire occurred in Ottawa on Sunday night at the corner of Rideau and Sussex streets. Four stores and several dwellings were destroyed. The loss is very heavy.—*Ib.*

HAVE YOU A COUGH, Cold, Pain in the Chest, or Bronchitis? In fact have you the premonitory symptoms of the "insatiate archer," Consumption? Know that relief is at hand in *Wistar's Balsam of Wild Cherry.*

NOVA SCOTIA.

The Union Prayer Meetings in Halifax were well attended, and promise much good.

The Methodist Chapel at Lower Horton was destroyed by fire a few days since. Supposed to be the work of an incendiary.

SHIPWRECK AND LOSS OF LIFE.—The schr. *Susan*, McKean, Master, from Glace Bay, with a cargo of coal, was wrecked at Louisburg on the night of Saturday, 28th ult., and sad to relate, all hands—being six persons—perished. On the same night the schr. *Julian*, from Sydney, was wrecked at Liscomb, Guysboro' Co. Crew saved.

FATAL ACCIDENT.—A man named Wm. Forsyth, while excavating in a sand-bank at the Lawrencetown gold digging, was crushed to death. It appears that while filling his barrow some distance within the narrow tunnel, the arch or top suddenly gave way and precipitated about twenty tons of sand immediately upon him. Prompt assistance was on hand, but three-quarters of an hour elapsed before the body could be extricated, and life was extinct.

Belyea, the notorious robber of the Western Counties, has been re-captured. He is now, with two others who escaped at the same time from the Annapolis jail, safely lodged in that institution.

TRURO.—We learn from the *Mirror* that on Wednesday afternoon last a young lady named Crowell was killed in that town by a runaway horse. The breast of the animal struck her on the head, and hurled her with such a force against the ground that she was killed almost instantly.

There have been eleven deaths in the vicinity of Canning since Sunday, the 22nd Dec. last, a space of ten days—six were buried in the Congregational Churchyard, near Canning, within the space of six days. This is the greatest mortality known in these parts.

A HARD HEAD.—A young man named Foster was recently struck on the head with a brick falling from the roof of Quigley & Co.'s new tannery with such force as to break the brick, although he escaped alive.—*Amherst Gazette.*

QUEBEC, Jan. 14.—John L. Mesurier, the new Mayor, was inaugurated last night.

Eight seamen of the wrecked ship "Woodstock," have arrived from Mount Louis. Five were left behind, being too ill to travel.

The citizens of Halifax have resolved to solicit assistance from Quebec and Ontario for the distressed fishermen of Nova Scotia, the fisheries having completely failed, and the fishermen in a state of destitution almost incredible.

TORONTO, Jan. 14.—The value of importations at Toronto for half a year, ending on the 31st, were $4,107,463; Exports $1,448,919.

BRITISH AND FOREIGN.

Mr. Pigot, the Editor of the Dublin Irishman, is charged with eight seditious libels uttered last year. Pigot is the son of the Chief Justice of Ireland.

Messrs. Burke, Cassey, Shaw and Millavry, who were arrested in Birmingham on the charge of buying arms there for the Brotherhood, were brought up at Bow Street to day for examination. Bail was offered, but not accepted, and the prisoners were sent to Birmingham for trial for treason felony. The van containing the prisoners in its transit to and from Bow Street, was guarded by a strong escort of military and several platoons of police, all under arms and with drawn cutlasses. These extraordinary precautions were deemed necessary, as the authorities had received information of a threatened rescue. There was no disturbance however.

The authorities are very active in searching out the leaders of the Fenian movement. A man was arrested in County Cork to-day who is supposed to be the celebrated Col. Michael Doheny. The Police have been on his track for a long time, and it is known that he has been lurking in unfrequented places in disguise and under assumed names and has attempted several times to make his way to the United States.

Nearly all the London Journals have editorial comments on the subject of the Resolution recently adopted by the House of Commons on the question of citizenship, the abatement of the British claims, and the acceptance of the American view as sxpressed in President Johnson's annual message, are urged with singular unanimity.

It is stated that Dr. W. H. Russell, who has accepted the position of Paris correspondent of the London *Times* is to have a salary of $20,000 in gold, "and found" in horse, carriages, servants, and secretaries to do all the work.

On New Year's day King William of Prussia sent the Emperor Napoleon a cordial autograph note which was answered in the same conciliatory spirit. Much better feeling has prevailed since publicity was given to this intelligence, and nowhere was it better received than on the Bourse.

Most actions recently taken against the journals of Paris by the authorities for alleged violation of privilege have been abandoned.

The adjourned session of the Italian National Parliament was resumed yesterday.

Prime Minister Menebrea made a speech in which he confined himself to the subject of the Internal and Domestic affairs of the Kingdom. He exhorted the members to unite with the Government in resisting revolution, and upholding the National Credit, the Monarchy and the obligation, as well as the liberties, of the Nation. No reference whatever was made by the Minister to the Roman question, or to the relations of Italy with Foreign Powers.

The Budget which will be laid by the Ministry before the Italian Parliament calls for the adoption of the following measures to meet the liabilities and expenditures of the Government for the ensuing year; First the imposition of fresh taxes sufficient to produce the sum of 190,000 livres in addition to the present revenue; second, the authorizing of a new loan of 400,000,000 livres.

Accounts from the interior of Paraguay, received by the last steamer from Rio Janeiro, show that the conditions and prospects of the Paraguayans are better than the Brazilians are willing to admit. President Lopez, in person, was in command at Humatia and held lines of communication with his capital Asunction and with the fortress of Curiputy uninterrupted. As the force of the Allied Powers were very weak in front of Humaita the Paraguayans defied them to undertake the siege. All classes of the population were as enthusiastically devoted to Lopez as ever, and making the most energetic efforts to supply him with men and provisions; but, preparing to push on on the war with vigor. The Brazilian Government was forwarding reinforcements, and the other powers were sending supplies of men and material to Rio Paranda.

LONDON, Jan. 13.—Telegrams from Aden announce Gen. Sir Robert Napier arrived at Annesly Bay, and immediately set out for Senafe to place himself at the head of the British advance.

Warwick Jail, where the Fenian prisoners Burke, Casey, Shaw and Mullaney are awaiting trial, is occupied and surrounded by troops, which were sent there by order of the Government to guard against any attempt at rescue.

In the Queen's Bench to-day a motion was made by the counsel for the defence that the prisoners be returned to London for trial, on the ground that the bitter religious prejudice existing against the prisoners in Warwickshire would render it impossible for them to obtain an impartial jury and a fair trial in that county. The motion was heard, and the Judges reserved their decision.

The prisoners Desmond and Allen, implicated in the Clerkenwell explosion, were again brought up to-day for examination on a charge of murder. Many witnesses were present, but the evidence given by them contains no facts of importance,

Papers have been found upon the person of the Fenian prisoner Lennon which, it is said, expose the whole plan of the Fenian leaders for future operations in Ireland.

Gen. Failly, Commander of the Expeditonary Corps, has asked the Emperor to permit the return of the French troops to Rome, as their quarters at Civita Vecchia and Viterbo are overcrowded. This ominous request creates a general feeling of uneasiness and distrust in Paris.

LONDON, Jan. 15.—Italy has appointed a Minister to Mexico; thus recognizing, in advance of all the Europea Powers, the restoration of the Mexican Republic.

GRACE'S CELEBRATED SALVE,

A SURE RELIEF FOR THE SUFFERER. This Salve is a vegetable preparation, discovered in the 17th century by Dr. WM. GRACE, Surgeon in King James' Army. Through its agency he cured thousands of the most serious wounds and sores that baffled the skill of the eminent physicians of his day, and was regarded by all as a public benefactor.

GRACE'S CELEBRATED SALVE.

From Mr. E. TUCKER, Depot master at Salisbury, Mass.

"I have been troubled for years with a bad tumor;—sometimes outwardly, and sometimes inwardly. During the past summer it manifested itself more than usual outwardly, and I used your Salve. All signs of it have since disappeared, without affecting me inwardly, indicating, I think, the eradicating nature of the Salve."

A Cure for Whooping Cough.

ST. HYACINTHE, C. E., Aug. 21, 1856.

Messrs. SETH W. FOWLE & SON.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with *Whooping Cough* in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of *Dr. Wistar's Balsam of Wild Cherry.* In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure. You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam, I shall be glad, for I have great confidence in it.

Yours, P. GUITTE,
Proprietor of the *Courrier de St. Hyacinthe.*

Farewell, conflicting hopes and fears,
Where joy and grief alternate dwell;
How bright the unchanging morn appears;
Farewell, inconstant world farewell

At Canterbury, York County, of typhoid fever, Sept. 2d, John Moore, aged 27 years; Nov. 2d, Bertha J. Moore, aged 10 years; and on the 18th Dec., Eliza Moore (mother of the above children, and wife of William Moore), aged 49 years. Thus, in the brief space of four months, has this family been bereaved of a noble young man, in the prime and vigor of manhood, a lovely little girl, and an affectionate wife and mother. Sister Moore professed religion a number of years ago, and was baptized by Elder Orser. She identified herself with the Free Baptists, with whom she maintained a connection until her death. So strong was her attachment for her children, and so necessary did her son seem to be to her happiness, that when the chill hand of the destroyer stilled the beatings of his heart, like Rachel, in the depths of her sorrow, she mourned, refusing to be comforted. The loved idol of her affection, around which clustered so many designs for the present, and anticipations for the future, lay in shattered fragments at her feet. But her cup of sorrow was not yet filled. The same fell disease fastened upon another of her loved ones, and she too, was claimed as the destroyer's victim. And now the mother, whose watchful care had anticipated the wants, and whose maternal tenderness had smoothed the pillows, and laved the fervid brow of the loved ones, was herself prostrated by the same malignant disease upon a bed of pain. In vain was the skill of physicians, the anguish of a broken-hearted husband, or the sobs of affectionate children. The faithful wife, upon whose strong arm and constant devotion an aged and infirm husband had confidently leaned; a kind and loving mother, to whom the children clung for sympathy and counsel, "commending them all to the word of God and His grace," trusting in the merits of her Redeemer, and leaning with confidence upon his arm, stepped cheerfully down into the chilling tide, and peacefully passed to the other side. She leaves an aged husband and seven children mourning their bereavement. The funerals were all attended by the writer, and the word preached to large and solemn congregations of sympathizing friends. THOMAS CONNOR.

In East Boston, on the 10th instant, Hugh W. Chisholm, only child of Capt. H. W. and Kate Chisholm, aged two years and six months.

OF DEATHS, that annually occur, are caused by Preventable Diseases, and the greater portion of those complaints would, if Radway's Ready Relief or Pills (as the case may require,) were administered when pain or uneasiness or slight sickness is experienced, be exterminated from the system in a few hours. PAIN, no matter from what cause, is almost instantly cured by the Ready Relief. In cases of Cholera, Diarrhœa, Cramps, Spasms, Bilious Cholic, in fact all Pains, Aches and Infirmities either in the Stomach, Bowels, Bladder, Kidneys, or the Joints, Muscles, Legs, Arms, Rheumatism, Neuralgia, Fever and Ague, Headache, Toothache, &c., will in a FEW MINUTES yield to the soothing influence of the Ready Relief.
