POETRY.

DEATH.

FROM THE AMERICAN MONTHLY MAGAZINE.

Pour not the voice of grief
Above the noble bier!
The weary spirit finds relief
In some more hallowed sphere,
What recks it that the lip
Has lost its thrilling hue—
Untainted was their fellowship
As blushing rose and dew.

Will, like a leech, there feed and sting.

Yet weep not for the dead,
Who early pass away,
Ere hope and joy and youth have fled,
Ere woe has wrought decay!
Better to die in youth
When life is green and bright,
Then when the heart has lost its truth,
In age and sorrow's night—
Then woes and years around us throng,
And death's chill blast is on us long.

Life is a rifled flower,
When love's pure visions fade—
A broken spell—a faded hour—
An echo—and a shade!
The poets thirst for fame,
And Syren beauty's kiss,
Ambitious height and honor's name
But yield a phantom bliss—
And man turns back from every goal,
Thirsting for some high bliss of soul.

Would I had died when young!
How many burning tears,
And wasted hopes and severed ties,
Had spared my after years!
And she on whose pale brow,
The damp and death cold lies,
Whose pure heart in its virgin glow,
Was mirror'd in dark eyes!
Would I had faded soon with her,
My boyhood's early worshipper!

Pour not the voice of woe!
Shed not the burning tear
When spirits from the cold earth go
Too bright to linger here;
Unsullied let them pass
Into oblivion's tomb—
Like snow flakes melting in the sea
When rife with vestal bloom,
Then strew fresh flowers above the grave
And let the tall grass o'er it wave!

NOTHING is much admired, and so little understood, as wit.

TRUTH TRULY BECOMES falsehood if it is presented in any other than its right relations. There is no truth but the "whole truth."

A BEAUTIFUL oriental proverb runs thus:—With time and patience the mulberry leaf becomes satin.

PLEASURE, to be relished, must be shared. Let a blind fiddler make his appearance in the street, and the first thing Bill Jones will do will not be to listen, but to run for all the other ditty boys in the neighbourhood to come and take part in the festivities.

The Subscriber having been appointed Agent to the above Company for New-Brunswick, begs to announce that he is prepared to receive Proposals for FIRE AND LIFE ASSURANCE. The large Capital of the Company, and the number and influence of its Proprietors, enable it to rank with the most eligible Offices, either in America or Europe, with respect to the advantages offered to the Public.

FIRE BRANCH.

Persons assured by this Company are not subject to any covenants or calls to make good losses which may happen to themselves or other, nor do they depend upon an uncertain fund or contribution, the Capital Stock of this Company being an unquestionable security to the Assured in case of Loss or Damage by Fire.

LIFE BRANCH.

In addition to the more customary methods of Insurance, the Company likewise Assures Live on any of the following contingencies:—

For the term of One Year, Seven Years, or any other definite period.

For the whole continuance of Life.—The Premiums to cease, after a limited number of Annual Payments.

For Two Joint Lives.—The sum assured to be paid on the death of either.

On the longest of Two or Three Lives.—The sum assured to be payable at the death of the last survivor; or,

The Survivorships.—To secure the payment of the sum assured, if a life A die before another life B.

For a sum to be payable at age 60, or at death.

Premiums on Credit.—A portion of the Premiums may remain on Credit. Assurances may be effected in various ways, not enumerated, to meet the convenience of parties.

The important advantages afforded by the Company in the Life Branch will include the following, viz:—

The Guarantee of an ample Capital, and Exemption of the Assured from liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured, amounting to Two-thirds of its net amount, which may be applied at the option of the party effecting the Assurance:—1st. By the immediate payment of the sum so apportioned.—2nd. By an equivalent reduction of the future Premiums.—Or, 3rd. By an equivalent increase of the sum assured.

Small Charge for Management.—The expenses of the Office being borne in due proportion by the two Branches.

Prompt Settlement of Claims.

Policies lapsed by non-payment of the Premium may be renewed within three months, by paying the Premium, with a fine of 10s. per cent., on the production of evidence to the satisfaction of the Directors of the good state of health of the life assured.

The Company will always be prepared to Purchase the Policies of this Office at their equitable value, or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.

Extra Premiums, suitable to special circumstances, will be accepted, to enable a party possessing a Policy on the life of another to guard against the possibility of its being vitiated by the Life departing beyond limits, or by any other cause.

Thirty Days are allowed for the Payment of Premiums after the day on which they respectively become due.

Additional Advantages offered to Lives Assured with this Company at St. John, N. B.

REVIEW OF THE WORK.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil, which covers the origin of domestic wretchedness, be raised, and its true source of every instance be disclosed, in how many could it be traced to physical disqualifications and their attendant disappointments.—Excesses are always injurious; the gift, which when used in moderation is fraught with advantage, becomes, when abused, the prolific source of mischief, and of greater or less injury to the constitution and vital powers. The particular excesses, on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame than any other to which it is subject.

This work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the work, the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens, that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, unwisely uncertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently but erroneously entertained and these complaints are beyond the reach of art alike restrict him, and prevent him seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification that he is entitled to esteem and respect in his professional pursuits the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

☞ The work may be had in Saint John, of H. Chubb & Co., price 2s. 8d. Sta.; Halifax, Messrs. Morton & Co.; Quebec, Mr. Nelson.

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF A CASE

ABANDONED BY

Guy's, the Metropolitan, King's College, and Charing Cross Hospitals.

SUMMARY OF AFFIDAVIT.

Wm. BROOKE, Mosscrop, st3, Union street South, Walk, London, makes oath and says that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April 1847, where he continued for nearly four weeks. Unable to receive a cure here, the deponent sought relief at the three following Hospitals:—Guy's, Metropolitan Hospital, in May, for five weeks; at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital, as the senior Assistant, for eleven weeks more; which deponent has, being in a far worse condition than when first admitted, returned Guy's, where Mr. BARNSLEY, HOOPER, and other medical officers of the Hospital, pronounced his case to be one of cancer, in his left leg, and that he was a DOOMED MAN! The deponent called upon Dr. Bright, chief physician of Guy's, who, on viewing deponent's condition, coolly and blandly said, "I can do nothing at a last resort for you; the sore is as a scorpion; go to St. Bartholomew's, and say I sent you to Pott, the surgeon." Pott, on viewing deponent's condition, said, "I can do nothing for you; go home and make your will, and get your affairs in order." Deponent, being in a state of despair, and in great pain, and in a perfect state of nervous debility, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed to cure him, a cure was effected in the space of six weeks. Dr. Bright was shown by the deponent the result of Dr. Holloway's cures, to which he "had been astonished and delighted, for I thought that if I ever saw you again, I should be without your arm. I can only compare this cure to a charm!!!"

Sworn at the Mansion house of the city of London, this 5th day of March, 1852. } WM. BROOKE.

Before me, John Pirie, Mayor

IN ALL DISEASES of the Skin, Bad Legs, Old Wounds, and Ulcers, Bad Breasts, Sore Nipples, Sore and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles or Fits, in all the above cases, ought to be used with the Ointment; as no bad sores can ever be healed while the Ointment has any effect upon the system. The Ointment is proved to be a certain remedy for the bites of Mosquitoes, Sand-flies, Chiggo-foot, Worms and Cock-bite.

Fistulas, Scalds, Chilblains, Chapped Hands and Lips, Sore Nipples and Soft Corns, will be infallibly cured by the use of the Ointment.

THE PILLS are the best aperient medicine ever used with the Ointment, for, as a General Purgative they are unrivalled, for all bilious complaints they are the best, for the purpose of purifying the blood they are unequalled, for Fevers, Agues, Fits, Pains and Vertigo, no equal can be found, in fact, they are equal to a CHARM!!!

SHARP'S CELEBRATED FAMILY MEDICINES.

NOTICE TO THE PUBLIC.

Sharp's Celebrated Family Medicines and Preparations.

SHARP'S COMPOUND ALKALINE INFUSION OF SARSAPARILLA.—Sarsaparilla has of late years been much used, and with great success, in cases of Chronic Rheumatism, as an alternative in Scrofulous affections, Scurvy, Obstinate, Cutaneous Eruptions, Indolent Ulcers, Diseases of the Periosteum and Bone, attended with obscure pains, wasting of the flesh, tenderness of the part, tumefaction and pain unconnected with Syphilis, and in that state of the habit known among medical men under the term of Cachexia, but which is not easy to define. In such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

This article, prepared by John G. Sharp, has performed numerous and most astonishing cures of persons who have for years been tortured with sores from head to feet, and others who have been sent up with Mercurial Rheumatism, which they had been laid up with for 2 or 3 years. Prepared and sold by John G. Sharp, Member of the Pharmaceutical Society of Great Britain. N. B.—Dose, a Wine Glass full, three times daily.

SHARP'S BALSAM OF HOARHOUND AND ANISEED, for Coughs, Colds, Shortness of Breath, Asthma, &c.

This excellent medicine has the extraordinary property of immediately relieving Coughs, Colds, Hoarseness, Difficulty of Breathing, and Huskiness of the Throat. It operates by dissolving the congealed phlegm, and causing free expectoration.

Persons who are troubled with that unpleasant tickling in the Throat which deprives them of rest night after night, by the incessant cough which it provokes, will by taking one dose find immediate relief; and one bottle in most cases will effect a cure. Sold in bottles at 1s. 6d. to 2s. 6d. each.—Prepared by John G. Sharp, member of the Pharmaceutical Society of Great Britain, Dock street, St. John, N. B.
