The newest thing under the sun in an agricultural way is grafting potatoes, which is done by cutting the eyes out of one and inserting those of another in their place.

SUFFERING IN TEXAS.—The New Orleans *Picayune* says painful accounts are received from Texas of the devastations of the flood along the valleys of Colorado, Brazos and Guadaloupe Rivers. The first has particularly suffered. Whole villages have been swept away, and the farms along its entire breadth have been ruined. The estimated damage on the Colorado alone is put at $3,000,000.

The New York *Post* says that two matters of much moment are seasonably and sensibly discussed in the New York *Methodist*. The one is "Sunday Clothes," and the bad practice of making the church a place for the display of the latest fashions. The other is the worldliness of camp meetings, and discusses the question whether they are camp meetings or picnics.

The Czar of Russia has decreed that all parents forcing their children to marry or to enter monasteries or convents shall be liable to a punishment of from four months to one year's imprisonment, besides any punishment that may be inflicted by the religious authorities.

THE DISBANDED CUBAN VOLUNTEERS.—The New York papers state that the greater number of the disbanded Cuban volunteers are still wandering over the city without employment, and are, for the most part, in a very dilapidated condition. They swear vengeance against the Junta, and express a determination to get the pay which they allege is due them. The unfortunate issue of the late "expedition" is ascribed by many to want of concerted action on the part of their leaders. The officers are endeavouring to pacify the men and induce them to settle down quietly for the present. It is stated that the wealthy Cubans in and about New York are soured by the recent failures in equipping expeditions, and that they are unwilling to make further donations for the cause.

A PROFITABLE DAY'S PLOWING.—One day last week, as Mr. Vann of the Cherokee Nation, was plowing in his field at Webster Falls, his plow struck something, stopping his mule. Supposing it to be a root, he struck the mule with his lash, and it gave a sudden pull, when up came five old Spanish dollars. Mr. Vann went to the spot where the coin appeared, and on examination found a keg full of the coin. The staves of the keg were rotten, but the dollars were as sound as when coined in the old Spanish mint. On digging up the keg, he found it contained $5000, all in old Spanish dollars of the date of about 1806, and American half dollars of old date. The keg must have been buried twenty or thirty years ago. Since the finding of this money, the whole field has been dug up in search of hidden treasure.—*Boston Journal.*

RASCALS.—Two Jews came to this city about 12 months ago, pretending to be persecuted Christians, and pleading hard to be aided with the means of starting in the peddling business. They pretended to be Presbyterians, and continued for some time every attention to the services in Chalmers Church. They then tried St. Matthews with much diligence. Their story was plausible, but they had no documents to show character. They succeeded in getting a hold of some plunder, and then suddenly decamped. This summer the rascals actually took up the trade of *Revival Preachers* and imposed on several ministers and congregations in the west of Ontario. They were powerful vociferators, and their howling had effect in some quarters. At last they were again found out and had to decamp to parts unknown. Ministers and people should be on their guard against wandering impostors. Sometimes they do irreparable mischief before they are detected.—*Halifax Presbyterian Witness.*

CHURCH OF ENGLAND.—The *Pall Mall Gazette* says that there is hardly a bishop of the Church of England fit for work. The Bishop of Winchester is eighty nine years of age, and is disabled by paralysis. The Bishop of Salisbury has broken down both in mind and body. The Bishop of Bath and Wells is also disabled. As for the Bishop of Exeter, he is now in his ninetieth year, and for at least ten or twelve years has quite withdrawn from visitations and confirmations. Yet these prelates cannot be induced to resign.

DERBY TO GLADSTONE.—Lord Derby is said to have written a very handsome letter to Mr. Gladstone regarding his new book on Homer, just published. Praise from such a critic on such a subject is indeed worth having, for it is the judgment of one who has himself traversed the ground, and tried the footing of every inch of way. Beside the acknowledgment of its intrinsic merits, the ex-Premier expresses frankly his admiration and wonder how, in the course of the last two years his indefatigable successor should have found time for its composition.

THE OCEAN BANK ROBBERY AND THE DEAD MAN IN ENGLAND.—The announcement by the Cable that a man had committed suicide at Crewe, England, by throwing himself under a locomotive, and that some of the securities stolen from the Ocean Bank at the time of the great burglary had been found upon the person of the deceased, created considerable sensation in police circles in New York. In consequence of a consultation between inspector Dilks and Mr. Martin, President of the Bank, a telegram was sent to Colonel Gregg, Head Constable of Liverpool, requesting that a photograph of the suicide be taken, and together with the papers found in his possession, be forwarded to the authorities in New York. It is believed that these documents, but more especially the photograph, may aid materially in clearing up the mystery that still serves to hide the burglars from the detective eye. The fact that the person having the bonds committed suicide, is considered of peculiar significance, and may start the officers of the law upon an entirely new tack.

The following are said to be the subjects that will be discussed at the Œcumenical Council:—1. Pantheism, Naturalism, and absolute Rationalism. 3. Indifferentism and Tolerance. 4. Socialism, Communism, Secret Societies, Bible Societies, and Clerical Liberal Societies. 5 Errors with respect to the Church and her Rights. 6. Errors with respect to Civil Society in itself, and in its relation to the Church. 7. Errors with respect to Natural and Christian Morals. 8. With respect to Christian Marriage. 9. With respect to the Sovereignty of the Roman Pope. 10. With respect to Modern Liberalism.

Opposition to the movement is being strongly developed, especially in Germany. The *Cologne Volkszeitung* says that the following questions have been submitted to German bishops by the authorities in Rome:—"What are the relations between the Church and the State? What difficulties do the law or other circumstances place in the way of the free exercise of ecclesiastical auththority, the observance of ecclesiastical law, the progress of Catholic institutions, and the prosperity of the Catholic religion in general? What are the relations of the State to the Church with respect to the education of youth in public schools and religious seminaries, the presentation to benefices, the acquisition and possession of ecclesiastical property and monastic institutions? What evils arise from the relation of the various confessions which are tolerated or possess equal civil and political rights in the various states?" These questions are (says the *Weekly Review*) ominous, and there is no doubt that the result of the council will be to bring the Papacy and its faithful adherents among the bishops into conflict with all the Liberal Governments of Europe. There is a very strong party in the Romish Church in Germany opposed to the extreme claims of the Papacy, and it is not unlikely that if the Papal authority is hardly pressed this party may break off altogether. Archbishop Manning is said in the German papers to be one of the Pope's most determined counsellors to take the highest ground. The jurisdiction to be claimed by the Pope and the Jesuits extends to marriage, family, education, science, and legislation, and the subject is sure to stir up the fiercest conflict in all the Liberal States professedly adhering to the Church of Rome.

BRITISH AND FOREIGN.

In the House of Commons on the 30th, Mr. Bruce, Home Secretary, in reply to inquiry of Mr. Brooke, said Her Majesty's Government intended to introduce a Bill concerning Naturalization and Allegiance at the next session.

The Marquis of Hartington, Postmaster General, replied to a question of Mr. Baseley, that the subject of cheap postage between England and America would be brought under the notice of Government as soon as the public business permitted.

James G. Bennet, Jr., has been nominated a member of the Royal Yacht Club.

PARIS, July 31.—It is reported that the Emperor Napoleon will issue a general amnesty for political offences on the 15th of August.

LONDON, August 1.—The Carlist insurrection in Spain continues, and the national troops are in close pursuit of the rebels in the mountains near Toledo.

It is rumored that Don Carlos has re-entered France, and the general belief is that the outbreak will soon be suppressed.

LONDON, Aug. 2.—A company is organizing here to lay a Telegraph Cable from Scotland by way of the Orkney and Faroe Islands to Quebec. When completed the whole Line will probably be purchased by the Post Office Department.

DUBLIN, Aug. 2.—A great demonstration was made in Limerick yesterday, in behalf of the remaining Fenian prisoners. Twenty thousand persons marched in procesion with bands and banners, and an open air meeting was held which was addressed by various speakers. A letter to Mr. Gladstone was adopted, demanding the release of the Fenians now in prison. The proceedings were most enthusiastic, but the tone of the speakers was moderate and there was no disturbance of the peace.

LONDON, Aug. 2.—Mr. Gladstone, whose health is much improved, attended the sitting of the House of Commons this evening, and was greeted with great cheering.

Mr. Fortescue, Chief Secretary for Ireland, informed the House that during the recess the Government would consider the desirability of purchasing the Irish Railways.

Despatches from Bombay report that the nephew of There Ali, Ameer of Cobool, had rebelled on account of certain army regulations. He was captured with his two brothers and sent to British Territory. The Indian Government will keep them at Lahore.

DRESDEN, Aug. 3.—A dreadful accident occurred yesterday in the Coal Mines in the Mountain Districts near this city, by which 300 persons were killed outright. No particulars.

LONDON, Aug. 3.—The London *Times*, in its money article, says there are strong rumors that the preliminaries of an agreement between Spain and the United States, with respect to Cuba, have been arranged.

Three hundred and twenty-one dead have been already found at the scene of the late explosion near Dresden.

The *Daily Telegraph* says: "France has now entered upon a career of national development unexampled in any stage of her national existence. The Emperor now assumes the character of a constitutional sovereign, under circumstances which encourage us to hope for the success of an enterprise fraught with immense consequences not for France only but for the world."

PARIS, Aug. 4.—It is asserted to-day that the Government will shortly call out the Reserve.

It is reported that formidable uprisings of the Carlists have occurred at Tortosa and Tevel.

Official advices contradict the statement previously published, that two Carlist prisoners had been shot by the order of the Council of War.

UNITED STATES.

TRADE OF THE UNITED STATES.—The New York *Journal of Commerce* in its review of the trade of the United States, says: For the nine months given the imports exceed the exports about sixty million dollars, which would make an excess of eighty millions on the fiscal year. We did not anticipate any such volume of trade. It has only been rendered possible by the flow of our government bonds to Europe. We expected a shipment of specie and a consequent curtailment of trade. That will come as sure as the end of the world, but when we cannot say. The shipments of specie for the past week from New York, are about $3,000,000.

CUBA.—General Puello has issued a proclamation to the inhabitants of Puerte Principe, in which he declares his intention of acting according to, and enforcing Captain-General De Roda's programme of policy, summed up in the words, "Spain—justice—morality." General Letona has left Puerto Principe, and will embark on a Spanish steamer, probably for Spain. The rebels have destroyed a bridge on the Nuevitas Railroad, near Puerto Principe.

The Cubans at Washington have received news of the defeat of the Spanish troops under General Valmaseda, some forty miles from St. Jago de Cuba, by General Jordan's command, after hard fighting. They have also been informed of the defeat of the troops under General Quesada, on July 13th and 14th. On July 24th, the one hundred and twenty-three Cuban filibusters confined in Fort Lafayette were set at liberty, on their own recognizance, by District Attorney Pierrepont. They came to this city.

The Supreme Court of North Carolina has decided that inter-marriage between a member of the colored race and a member of the white race is unlawful, and therefore void, according to the laws of the State.

NEW YORK, July 31.—Advices from the interior of Cuba are generally favorable for the Revolutionists, and one Spanish officer gives it as his opinion that 100,000 more troops from Spain will be required to conquer the Island.

The cholera is making fearful havoc at Nuevitas; 200 of the troops were dying daily.

NEW YORK, August 2.—It is reported that the Cuban insurgents have won an important victory over Gen. Latone near Santiago de Cuba, and beaten Gen. Puello between Nuevitas and Puerto Principle.

NEW YORK, Aug. 3.—Twenty-five thousand emigrants arrived here last month.

NEW YORK, Aug. 4.—The Government authorities have seized eight gunboats fitting out at this port, and twenty-two others at Green Point, suspected of intending to violate our neutrality laws.

At Havelock, on the 15th of June, after a protracted illness, Lydia Holmes, in the 66th year of her age. She was a consistent member of the Free Christian Baptist Church for many years. She died in the triumph of faith, trusting alone in the merits of Christ, leaving five children, with numerous relatives and friends, to mourn their loss.

Free'd from this world of toil and strife,
They are present with the Lord;
The labors of their mortal life
End in a large reward.

He was sick but eight days, and passed away peacefully trusting in the mercy of Christ. Below we give the little hymn he had just learned to recite in Sabbath School:—

We come, we come with loud acclaim,
To sing the praise of Jesus' name,
With joyful heart and smiling face
We gather round the throne of grace.

And lowly bend to offer there
From infant lips, our humble prayer
To Him who slept on Mary's knee,
A gentle child as young as we.

We come, we come the song to swell,
To Him who loved our world so well,
That, stooping from his Father's throne,
He died to claim it as his own.

O thus may we in heaven above
Unite in praises and in love:
And still the angels fill their home
With joyful cry—"They come, they come!"

In Fredericton, on the 13th ult., Carrie Eliza, aged 8 months and 11 days, daughter of Charles and Lizzie Shepherd. "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of Heaven."

In Blissville, S. C., July 19th, Mary A., wife of Mr. Melvin Nason, and daughter of Mr. Richardson Tracy, aged 29 years. Deceased lived a Christian life for several years, and passed away strong in faith, giving glory to God. May the relatives of the deceased, and the reader of this notice, alike possess that full salvation which she enjoyed. Funeral services by the writer. F. BABCOCK.

At Peel, C. Co., on the 24th ult., after a long and painful illness of slow consumption, which she bore with much patience, Mary A., aged 36 years, daughter of Samuel S. and Charlotte Crabbe.

"Weep not, though the sweet communion
With thy chosen one is o'er,
Hope for a never-ending union
On bright Canaan's happy shore."

The occasion was improved by the writer from Prov. xxiii—24. E. B. GRAY.
