Poetry.

GIVE ME A FAITHFUL HEART.

I do not crave bright gems of earth,
Not gold of dazzling hue;
But ask for something of more worth—
A heart that's pure and true.

Though earth may yield her costly gems,
That look so fair to view;
I ask not for such diadems,
But for a heart true and true.

A heart that glows with noble deeds,
For this I ever will sue;
A guileless heart from envy freed—
A heart that's pure and true.

A heart like this is real worth—
If, nothing can outshine;
This all I ask for here on earth—
A heart that's pure and kind.

BE COMPREHENSIVE.—Talk in the point, and stop when you have reached it.—The faculty some possess of making one idea cover a quire of paper, is not good for much. Be comprehensive in all you say or write. To fill a volume upon nothing is a credit to nobody; though Lord Chesterfield wrote a very clever poem upon nothing.

There are men who get one idea into their heads, and but one, and they make the most of it. You may see it and almost feel it when in their presence. On all occasions it is produced till it is worn as thin as charity. They remind us of a twenty-four pounder discharged at a humming-bird. You hear a tremendous noise, see a volume of smoke, but you look in vain for the effect. The bird is scattered to atoms. Just so with the idea. It is enveloped in a cloud and lost amid the rumbling of words and flourishes. Short letters, sermons, speeches, and paragraphs, are favourites with us. Commend us to the young man who wrote to his father—"Dear Sir, I am going to be married;" and also to the good gentleman who replied: "Dear Son, go ahead."

Such are the men for action. They do more than they say. The half is not told in their cases. They are worth their weight in gold for every purpose in life. Reader, be short; and we will be short with the advice.—John Neal.

TURNIPPY BUTTER.—A writer in the Agricultural Gazette says, to prevent butter having the turnippy taste, where the cows all feed on turnips mix half a pint scalding hot water with each gallon of milk when siling (straining) it, before setting it away in the bowls, and this simple plan entirely removes all the taste of the turnips.

LOCK-JAW.—The Lancaster Gazette says, that the application of beef's gall to the wound is a certain preventive of Lock-Jaw. Besides its anti-spasmodic properties the gall draws from the wound any particles of wood, glass, iron, or any other substances that may cause irritation, when other applications may have failed to do so.

RECIPE FOR A COLD.—The Northern Farmer says, that the following is an invaluable cure for cold. The editor of that paper used it when thought to be on the brink of consumption, and was effectually recovered. Take one table spoonful of molasses, two tea spoonful of castor oil, one tea spoonful paregoric, and a tea spoonful spirits of compher, and mix them all together, and take often.

THE YANKEE BAR.—The following powerful, elegant and classic appeal was made in a court of justice, somewhere in the west by one of the learned heads of the bar:—"Gentlemen of the jury, do you think my client, who lives in a pleasant valley where the land is rich and the soil is fertile, would be guilty of stealing eleving little skeins of cotting? I think not—I reckon not—I calculate not. I guess, gentlemen of the jury, that you had better bring my client in not guilty, for if you don't, he and his son John will lick the whole of you!"

IT IS THE HIGHEST DUTY, privilege, and pleasure for the great man and the whole souled woman to earn what they possess, to work their own way through life, to be the architects of their own fortunes.

THESE EXTRACT OF ROCK ROSE.

FOR all cases of Scrofulous Diseases, Dyspepsia, Salt Rheum, Sick Headache, Canker & Nursing Sore, Mouth, General Debility, &c. &c. No Medicine has ever received such high testimonials from persons who have been afflicted with the above named diseases, as the Rock Rose. Myers Extract is an elegant preparation, perfectly save, and wonderfully efficacious remedy. The extraordinary medicinal properties of the Rock Rose plant, have become known to some of the most eminent Medical practitioners of the country; others are fast becoming acquainted with its healing virtues, and desire to have it more extensively known and used.

The following is an extract from a note on the title page of a work published by D. A. Tyler, M.D., New Haven, Conn. on the efficacy of Rock Rose. These pages were penned without any expectation "of their ever being presented to the public—since "which time the plant (Rock Rose) under consideration has been more fully tested its virtues developed, and their character more fully established. "They are published by with the consent of several "medical friends. The object of this dissertation is "to lay before the members of the profession and "the public, the virtues of a plant too much neglected which undoubtedly (as an *under* member of the profession once remarked to me) possessed far more attractive hours than the popular sarsaparilla. I ask for the plant an impartial trial."

IT'S MEDICAL HISTORY AND PROPERTIES

Are far the most important, since upon these depends its value to the community. Dr. Loudon says, that in 1799, it was so valuable in England that it was cultivated from seeds. Ever since 1806

PROF. IVES, OF YALE COLLEGE,

Has habitually used it with great success in *Scrofula*, and *Chronic Disease*, and through him its virtues were made known until as Dr. Tyler says, "It is now in this section [New Haven] a common article in domestic practice, for the cure of *Scrofula* and cutaneous diseases." Dr. Whitlaw, a Scotch botanist of notoriety, while traveling in America, in 1814 learned its use in Canada. Returning to England he employed it in medicating his baths, when became greatly celebrated for the cure of similar diseases.

DR. PARISH, OF PHILADELPHIA,

Remarks that it has been successfully used in bad cases of *Scrofulous Diseases*.

DR. J. H. THOMPSON, OF THE SAME PLACE

Prescribed it in bad cases of Scrofulous patients at Wells' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable cases of White Swelling of the right hip in February, 1844. The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted twelve ulcers. He had been under several physicians, who had given him up. I ordered a decoction of the *Rock Rose*. In two days his night sweats ceased; I then added a tea spoonful of the tincture of Rock Rose three times a day. *Thirty-nine days after he was entirely well.*

For sale by *Druggists Generally*, where Circulars and Certificates of cases may be obtained.

SHARP'S Family Medicines

OF INTEREST TO ALL.

Sharp's Celebrated Family Medicines and Preparations.

SHARP'S COMPOUND ALTERATIVE EXTRACT OF SARSAPARILLA.—Sarsaparilla has of late years been much used, and with great success, in cases of Chronic Rheumatism, as an alternative in Scrofulous affections, Scurvy, Obstinate, Cutaneous Eruptions, Indolent Ulcers, Diseases of the Periosteum and Bone, attended with obscure pains, wasting the flesh, tenderness of the part, tumors and nodes unconnected with Syphilise and in that state of the habit known among medical men under the term of Cachexia, but which is not easy to define. In such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

Since you appointed me agent for the sale of your valuable Balsam of Hoarhound and Aniseed, I have been repeatedly informed by those who have used it, that it is without doubt one of the best medicines they have ever had, for the complaints in which it is recommended.

R. D. M'ARTHUR.

To Mr. J. G. Sharp—

SIR,—One of my children has been suffering *for years* under a severe Cough. The usual remedies were applied without effect. Having heard of Mr. J. G. Had, a few weeks ago, a very bad cold. Being recommended to try *Sharp's Balsam of Hoarhound and Aniseed*, I got a quarter dollar bottle, and found it not only a pleasant but a most useful and effective medicine. It is pleasing to take, and a first rate cure. PATRICK POWER.

For the last sixteen years I have suffered from Asthma so bad that I was often obliged to sit in bed to prevent suffocation. I tried every means during that time, that the usual or ordinary medicines could produce, but without effect, until I obtained some of *Sharp's Balsam of Hoarhound and Aniseed*, (which was recommended to me,) and after using two bottles, I found the relief so long sought for.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Parkes, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor HOLLOWAY.

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver and bad digestion. On the last occasion, however, the violence of the attack was so alarming, and the inflammation so severely, that doubts were entertained of her not being able to bear it; yet it fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above from the severity of the attack, and the speedy cure, I think, speaks much in favour of your astonishing Pills. (Signed)

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Welch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she commenced to do and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thiele & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2nd, 1851.

To Professor HOLLOWAY.

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach which was also accompanied by shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (Signed) HENRY COE.

AN EXTRAORDINARY CURE OF THE GRAVEL, AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. R. Heydon, Esq., Sidney, New South Wales, dated February 25, 1851.

SIR,—A Mr. Thomas Clark, a Settler at Lake George, for a considerable time seriously afflicted with a Complaint of the Liver, together with the Gravel. His medical attendants, after trying all their professional skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so, the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required. (Signed) WILLIAM JONES,

Proprietor of the Goulburn Herald,

New South Wales.
