THE NEWS and THE PRESS.

JULY 23, 1869.

The International Convention of the Young Men's Christian Association met at Portland, Maine, on the 14th inst. About six hundred delegates were present from Canada and various States of the Union. The delegates from this city were Rev. Neil McKay, and Messrs. Geo. Berteaux and J. E. Irvine. W. E. Dodge, Esq., of New York, was elected President. A public meeting was held in the City Hall to welcome delegates to the city, and was attended by three thousand people. Among the speakers were Mayor Putnam, and Rev. Dr. Carruthers, of Portland, Me., Ex-Governor Pollock, of Pennsylvannia, Professor Wilson, of Toronto, and General Howard. Two enthusiastic open air meetings were also held. The meetings were all of an exceedingly interesting character and were calculated to enhance the interest already manifested in these associations, and tend to make them more generally popular and useful.

The meeting in the Centenary Church last evening under the auspices of the Young Men's Christian Association was largely attended, and was addressed by Mr. H. Thane Miller, Rev. N. McKay, of this city, and John S. McLean, Esq., of Halifax, gentlemen who were present at the Portland Convention, also by Rev. Mr. Grant. Mr. Welsh, President of the St. John Association, occupied the Chair. Mr. Miller, who is totally blind, delivered a stirring speech, and Mr. Grant spoke with great energy and earnestness. A number of favorite revival hymns were sung. At the opening Reverend Mr. Lathern read a portion of Scripture, and Rev. Mr. Grant invoked a blessing upon the proceedings of the meeting. Upon the platform were a number of clergymen and lay friends of Christian Associations.—*Globe.*

SABBATH SCHOOL UNION PIC-NIC.—A Pic-Nic, under the auspices of the Sabbath School Union, was held at the Pleasure Grounds, on Wednesday. All of the Schools in connection with the Baptist and Methodist churches, were represented; also the Congregationalist and Presbyterian Schools. Upwards of four thousand persons were conveyed over the Railway to the Pleasure Grounds. Refreshment tables were provided, and bountifully supplied with ice-creams, pastry, strawberries, coffee, etc., for the benefit of those who did not take baskets. The amusements consisted of music, foot ball, swinging, base-ball, archery, velocipede races, etc., and all seemed to enjoy themselves heartily. The morning opened very auspiciously, and every one was prepared for a thoroughly enjoyable time, but towards noon, the weather assumed a very threatening aspect, which kept the crowd in constant dread of rain; but with the exception of a few slight showers, nothing serious occurred to mar the pleasures of the Pic-Nicers. We have not yet learned what success the Union met with, *financially;* but suppose a handsome surplus will remain after paying necessary expenses.

TEMS.—The Horse Railway is progressing rapidly. —Strawberries are very plentiful in the Country Market, and still command good prices.—D. P. Wetmore, of Clifton, it is stated, will realize about one thousand dollars from his strawberry crop, this season. The berries raised by him, are very large and of fine flavor, and sell readily at good prices.—The contract has been made for the cutting down of Dorchester Street, so as to make it more accessible for hauling to and from Railway Station.—John Cook, of Portland, fell over-board from steamer *New York*, at Eastport, on Monday, and although rescued from drowning, died shortly afterwards from injuries received.—The Proprietor of the P. E. I. *North Star*, recently paid a visit to Boston, to solicit green-backs, to aid him in the advocacy of the annexation of that interesting little Island to the United States—so says the Boston *Advertiser*.—Mr. and Mrs. Palmer, of New York, well known in connection with revival services, are now in this city.—A wood-boat man, named Belyea, was upset from a boat in Long Reach, on Wednesday, and drowned.

FIRE.—Between the night of Monday and the morning of Tuesday last, a fire occurred on the property of Jas. Dunlop, Esq., K. C., Parish of Kingston, Midlands. The dwelling house was entirely destroyed; the insurance was only partial.—*Tel.*

A frightful accident occurred on the Erie Railroad at Mount Hope, on the 14th inst. The night express train from New York ran into a freight train which had been carelessly run out from the siding to the main track, as the express train approached. The train struck the end of the freight train, and the engine, tender, baggage car, one passenger car and a sleeping couch, were all smashed into a heap. The fire from the locomotive set fire to a quantity of oil on the freight train, and a conflagration ensued which destroyed the seven cars and six passengers, one supposed to have been burned to death. A German family going West, and Rev. B. Halleck, of New York city, were among the victims. The engineer of the freight train has been arrested and a verdict of manslaughter rendered against him by coroner's jury.

QUEBEC, July 20.—Sir Francis Hincks arrived here by the *Nestarian* and will remain in Canada two months.

The Mayor has been called upon by a citizens' vigilance committee to resign, but refuses.

It is reported from Ottawa that further negotiations on the subject of Reciprocity will be opened in Washington in September.

An accident has occurred on the Rideau Canal, by which two lives were lost and six gates carried away. The disaster will cause delay of more than a month for repairs. It was caused by some barges breaking away and owing to the great fall carrying everything before them.

☞ In one of Doctor Ayer's Lectures he states that Chemistry confers more practical benefit on mankind than any other science, yet from no other source could more be so easily obtained. The arts and economies which chemistry would teach, if more thoroughly and generally studied, would speedily exercise a most beneficent influence. He freely confesses that he is indebted to this science for the virtues of his remedies, and advises that the practical application of chemistry to medicine, the arts, manufactures, and agriculture, be enjoined upon our colleges and schools.—[Wrightsville (Pa.) Star.

Dr. Dow's Sturgeon Oil Liniment is the best remedy ever introduced to the public. Its use extends back for the last ten years, and the experience of those who have used it, incontestably proves it to be the best and only Liniment that is all that it is represented to be.

All unnatural distension, griping or rumbling produced by accumulation of gas or wind, a frequent source of pain and uneasiness both to cattle and horses, will be relieved by a few doses of Professor Clark's Derby Condition Powders.

An Iowa paper reports that as a man and his wife were at work in a field in that State, their child, which was in a basket near them, was heard to cry, and the husband asked the wife to go and see what the trouble was. She, intent upon her work, delayed a few minutes, and then, to her horror, found her child dead, with a large snake coiled around it. The husband in the frenzy of his anger and grief, struck his wife with a hoe which he held in his hand, and killed her instantly.

THE WESTERN AND ANNAPOLIS RAILWAY.—This line, says the *Presbyterian Witness* is 83½ miles, 66 miles of which are in running order. The rails are all laid with the exception of five miles. The principal ballasting is to be done between Windsor and Wolfville. The heaviest work is the construction of the bridges across the Avon, Half Way River, and the Gaspereaux River, all likewise between Windsor and Wolfville. The Bridge across the Avon will be one of the finest as well as most substantial in the Dominion. Five of the eight piers are fully completed; the foundations of the three others are nearly laid. It will consist of eight spans of 160 feet each. The Gaspereaux bridge has two spans of 150 feet each. The Half Way River bridge, only one span of 150 feet. There will be 100 cars and 9 locomotives on the line. Six of the locomotives, constructed in Bristol, England are pronounced to be the best on the Continent. At present there are 1000 men employed; of these 140 are at work on the Avon bridge. There are 15 Stations and land provided for 20. The line will be opened for traffic from Bridgetown to to Wolfville, about 48 miles, by the middle of this month; and from Annapolis to Wolfville by the middle of August. The whole line will be in running order by the last of December.

BRITISH AND FOREIGN.

LONDON, July 19.—The British House of Lords tonight voted to postpone action on the University Tests Bill until the next Parliament.

The first meeting of the Women Franchise Society was held in London on Sunday, and was attended by many distinguished men.

The Paris press think the new Ministry a temporary one.

LONDON, July 20.—The Harvard University crew arrived at London to-day in good condition. The 31st of August has been agreed on for the rowing match.

The *Times*, in an article on the Irish Church Bill, urges that the motives which have hitherto inspired the House of Lords to secure the most for their friends in Ireland, must influence them to adopt the present Bill, rather than exchange it for terms inevitably worse.

LONDON, July 21.—The British ship "Lord Sidmouth," from Quebec for Glasgow, has been abandoned at sea, leaking. Crew saved.

In the House of Commons, the Lord Mayor of Dublin, in full robes, presented a petition of citizens of Dublin, praying the House to support the endeavors now making to secure religious equality in Ireland.

Charles Wentworth Dilke, member for Chelsea, presented a petition signed by 25,000 women of Great Britain, asking for the franchise.

Meetings in favour of the disestablishment of the Irish Church continue to be held in various parts of Great Britain.

There is great political excitement throughout Spain.

UNITED STATES.

NEW YORK, July 20.—A despatch from Ottawa says the Government has decided to release Father McMahon from confinement in the Provincial Penitentiary. No reference made to the Imperial authorities.

NEW YORK, July 21.—Sterling exchange 109; money 7 per cent.

A fact worth remembering—Five cents worth of "Sheridan's Cavalry Condition Powders," given to a horse twice a week, will save double that amount in grain, and the horse will be fatter, sleeker, and every way worth more money than though he did not have them.

Married ladies, under all circumstances, will find "Parson's Purgative Pills" safe; and, in small doses, mild cathartic. They cause no griping pains or cramp.

Fellows' Compound Syrup of Hypophosphites will speedily and certainly arrest the depressing influences of disease, upon the nerves and muscles. It restores the appetite and induces a disposition to take on healthy flesh.

It causes the formation of living blood, strengthens the action of both Heart and Lungs.

It sustains the system under trying circumstances and creates the healthy development of all the organs necessary to our existence.

Sold by Apothecaries. Price $1.50 per bottle, or six for $7.50. James I. Fellows, Chemist, Manufacturer, Saint John, N. B.

RAPIDLY INCREASING POPULARITY!

THE best Teachers everywhere are making it the Standard Instruction Book for Cabinet Organs and Melodeons.

CLARKE'S NEW METHOD FOR REED ORGANS, by Wm. H. Clarke.—This valuable work is not published in order to advertize Cabinet Organs, but to give the greatest aid to those who desire to become accomplished players upon these pleasing instruments.

Be careful and order "Clarke's New Method" published by Ditson & Co., as a much smaller work by the same author, published several years since, has just been re-issued by another house under the pretence of being new!

Price in boards, $2.50. Sent post paid on receipt of price.
