LORD ELGIN.—The London Court Journal says that it is now beyond doubt that Lord Elgin will return to his post of Governor General of British North America.

It is stated on the authority of the New York Sun, that the expedition to Japan has been recalled by the U. S. Government.

COLD WEATHER.—A correspondent in the Christian Visitor, writing from Prince Edward Island under date of 7th inst., states that the weather has been extremely cold on the Island, and numbers have been frozen. The Hon. Mr. Price, Colonial Treasurer, lost his way on the preceding Thursday night, in a fearful storm, and was badly frozen; all his fingers are to be cut off. Three horned cattle and one horse were frozen stiff in a barn: they were all standing up like benches in the morning when the owner went to feed them.

A LARGE CHEQUE.—The Atlantic Insurance Company, New York, gave Captain McKay a cheque for $80,000 on account of the Great Republic. It was the largest sum ever paid for a loss by the Company.—*Boston Transcript.*

It was so intensely cold at Green Bay, Wisconsin, lately, that several cattle kept in stalls were *frozen* to death.

The total number of feet of lumber surveyed at Bangor, for the season of 1853, was 182,912,284 feet.

A New York paper says that Mr. Charles Minot, late Superintendent of the New York and Erie Rail Road will visit Europe during the coming season, and that the Emperor of Russia has offered him the post of Superintendent of the St. Petersburg and Moscow Railway.

A large rhinoceros which has for some time past been exhibited at New York, died Monday morning, about 3 o'clock. The animal had been caving nay all night, and at the above time laid down and expired in five minutes. This rhinoceros was the only one in this country, and was valued at $10,000.

The keepers of the sailor boarding houses in New York have publicly announced that after March 15, they will use all lawful means to prevent the shipment of seamen for less than $18 per month, for voyages west of the Cape of Good Hope, and East of Cape Horn.

ENGLISH STEAMERS.—We have now two large English steamers in port discharging and taking in cargoes. The Ottawa arrived on Friday of last week, in 14 days from Liverpool, with a full freight and 160 passengers. She is a fine looking craft. On Tuesday following the Clarity arrived, 36 days from Greenock. She had severe gales to contend with, and for eight days was among the ice—truly, she hath suffered long. She brought 39 1-2 passengers—that is to say, she started with 50, but they counted out 60 when she got here, one of them being a "wee thing." The Cleopatra is about due. If she should arrive before the others leave, we shall have the fine sight of three noble transatlantic steamers in port at once.—*Portland Eclectic, 25th.*

The Ottawa is 210 feet in length, and makes a fine appearance on the water. She has but three masts, which give her an appearance of uncommon length compared with the Sarah Sands, whose four masts give her rigging a crowded look. The Ottawa's measurement is 1500 tons, and she comes out fully loaded with merchandise, chiefly for Canada, with portions of her cargo for Boston and New York.—There was a much larger quantity of goods offering than she was able to take. The passengers speak in the highest terms of her sailing qualities, her admirable accommodations, and of the gentlemanly bearing of Capt. Atkins and of the other officers of the boat.—*St Ie of Maine.*

A BREEZE—*Almost.*—The "Black Warrior," an American steamer, has been seized at Havana for violation of the revenue laws. The captain and crew left her in the hands of the officers and made off in high dudgeon. The filibusters seized upon the fact to get up an excitement against the Spanish authorities, and proposed all sorts of retaliation. Even Congress bristled up, and the President was called upon to look after the matter—and nobody knows what *might have happened!*—But before the breeze amounted to a *blow*, the news reached us that an apology had been made by the Cubans and full reparation promised for their hasty proceedings. Thus the hungry dogs on the Southern border will hardly get a bite at Cuba, on this hunt. What next?—*Portland Bel.*

BREAD ENOUGH IN ILLINOIS.—The accumulation of produce in the Western storehouses continues to be so great that the merchants are unable to purchase from the farmers at their fair prices.—The Chicago Democrat says:—

"At Burlington, Iowa, Peoria, and the various other river towns below us, warehouses, storehouses and every available shelter are over-crammed with produce awaiting facilities for transportation to the eastern markets. So inadequate are the accommodations for storage, that buyers have been compelled to cease their purchases, and in consequence large quantities of grain still remain in the country awaiting a market. Farmers of the interior towns are the principal sufferers from this evil. They are obliged to sell their produce at a price which will accommodate their buyers' convenience; in other words, the want of suitable facilities for transportation and for storage operate to oppress the producing classes."

The fall of flour at New York within a day or two has been 62½ to 75 cents. At Philadelphia on Friday good shipping brands were offered at $7 25, without buyers. At New Orleans, same day, $6 50. In all the Lake ports an immense quantity of wheat is in store, and will soon come forward. There are in Milwaukee alone over 700,000 bushels of grain.—*Boston Trav.*

THE BATTLE IN THE DARK.

On the 17th of February a conflict took place by mistake between two columns of the Russian army. The Turkish positions are extended in an easterly direction as far as the village of Cuipercenti, which is about a mile distant from Kalafat. For several days a Turkish corps of about 4000 strong, under the command of Col. Mirolai, had been posted in front of this village, and in the direction of the Russian outposts.

On this corps the Russians determined to make an onslaught during the night of the 16th. For this purpose two Russian columns were brought up, from 4000 to 5000 strong, one by the road which leads to Kalafat, from about the village of Scribiza, and the other from the left side of it from about Roisua—Prince Alitosch's property—to advance unexpectedly upon the Turks, to surprise, enclose them, and cut them to pieces.

The Russian columns commenced their march at 3 o'clock in the morning, and by 4 o'clock reached a position from whence they were only half an hour's march from the Turkish pickets. The second column seems either to have missed the direction by mistaking the road, or to have come up long after its proper time. Be this as it may, the latter column, in the obscurity of a foggy night, concluded the former one to be a body of hostile Turks, and instantly opened upon them a terrific cannonade, which the others, who labored under the same mistake, returned with yet more deadly effect. Pressing toward each other, it came ere long to a close fire of small arms.

This ill-omened combat lasted for an hour and a half, until, when day dawned, the combatants saw with horror the error they had committed. The loss in killed and wounded in the course of this night's encounter is reckoned by themselves at several hundreds. The Turks were naturally alarmed at every point, and at Widdin, which is but a league and a half distant, Omar Pacha, on hearing the cannonade, took all the requisite measures for defence.

The Turkish corps at Cuipercenti stood to arms in readiness for action at any moment, but did not attack, as it was at a loss to imagine or comprehend what the Russians were about, blundering thus in the dark thus. It was not till between 7 and 8 o'clock in the morning that the Russian columns [illegible] positions, carrying their wounded along with them.

The Renowned Remedy!

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS.—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway.

Dear Sir,—Mrs Sarah Dixon, of Liquorpond-st., Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,

August 12th, 1852. (Signed) J. NOBLE.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway.

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say, the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood, similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful servant,

(Signed) ELIZABETH YEATES.

A BREADFULLY DISEASED UNCLE CURED AFTER BEING GIVEN UP BY THE FACULTY AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith of Great Yarmouth, dated January 19th, 1853.

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines: Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated uncle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his uncle became so much worse, that all hope was lost. At this period, by my advice he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL-HEALTH.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c. Lower Moss-Lane, Manchester, dated February 14th, 1853.

To Professor Holloway.

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

T. FORSTER KER.
